Re: **Appointment of Interim Information Technology Department Director**

I am pleased to announce the appointment of Information Technology Department (ITD) Deputy Director Chuck Decker to the position of Interim ITD Director. This appointment is effective today.

Mr. Decker was selected for this interim position following interviews with four internal candidates, and all of the candidates were very well qualified. Mr. Decker was selected as the best qualified candidate for this interim role.

The recruitment process for a permanent Information Technology Director is currently underway, and Mr. Decker and the other employees who interviewed for the interim position are encouraged to apply.

The first review of applications received to date begins today. Recruitment for this position will remain open until filled; however, my goal is to have a permanent ITD Director selected within the next 60 days.
