

MEMORANDUM

Date: September 16, 2015

To: The Honorable Ally Miller, Member
Pima County Board of Supervisors

From: C.H. Huckelberry
County Administrator 

Re: **Proposition 425 – Road Repair and Pavement Preservation Program, Treatment Types and Mileage for Selected Arterial and Collector Roadways**

Attached is the spreadsheet you received on September 15, 2015, with the addition of mileage for each segment and treatment types for the unincorporated Pima County road segments.

Please note that the treatment types shown could change, as the appropriate treatment types will be reevaluated closer to the actual date of repair based on road conditions at that time. The majority of the cities and towns provided only a list of street segments and the total cost estimate for those segments.

Treatment types, if shown, were used for estimating purposes. Treatments types could change as the appropriate treatment types will be reevaluated closer to the actual date of repair based on road conditions at the time.
