## Emergency Department Visits

## Behavioral Health Pavilion

- **Partnership with Pima County**
  - 2004, 2006 bond initiative
- **Largest Level I Behavioral Health Facility in Pima County**
  - General psychiatry – 48 beds
  - Gero-psychiatry – 18 beds
  - Majority of Patients are Involuntary & diagnosed with Serious Mental Illness
- **Pima County Superior Court**
  - Title 36 Services/Court-ordered inpatient evaluation and treatment

## Importance of Behavioral Health Treatment in Pima County

- According to Arizona DHS, 60-70% of SMI patients die due to causes directly traceable to their mental illness
- These include Suicide, accidents and poisoning (especially overdose on alcohol and drugs with or without added prescription medications)
- Crisis management is critical

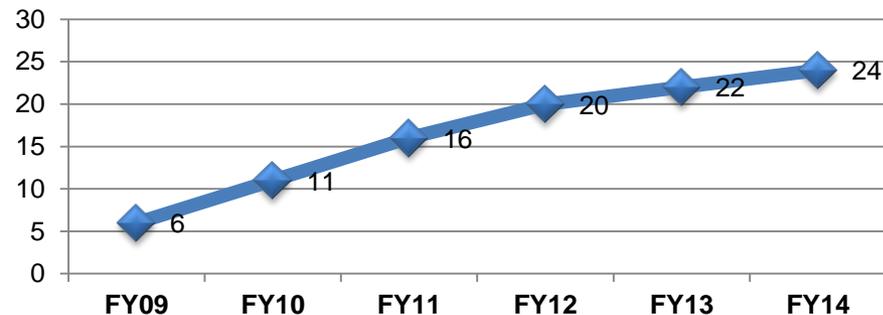

## Outpatient Services

- **Outpatient Adult & Child/Adolescent Physician Offices**

- Psychiatry residency and psychology internship training clinic
- 400% Growth since FY09

**Psychiatry Residents at South Campus**

- **Early Psychosis Intervention Center - EPICenter**

- Specialized outpatient service to identify individuals with onset or early stage psychosis, ages 12 to 28.
- Emphasis on ambulatory management, rehabilitation and re-integration
- 300% case load increase in FY15

## **UAMC-SC Participates in the delivery system of the current Regional Behavioral Health Authority (RBHA) in 3 critical areas:**

- Acute Psychiatric Inpatient Programs (66 beds)
- Crisis Response Center (CRC) located on the UAMC- South Campus
- Early Psychosis Intervention Center (EPICenter)

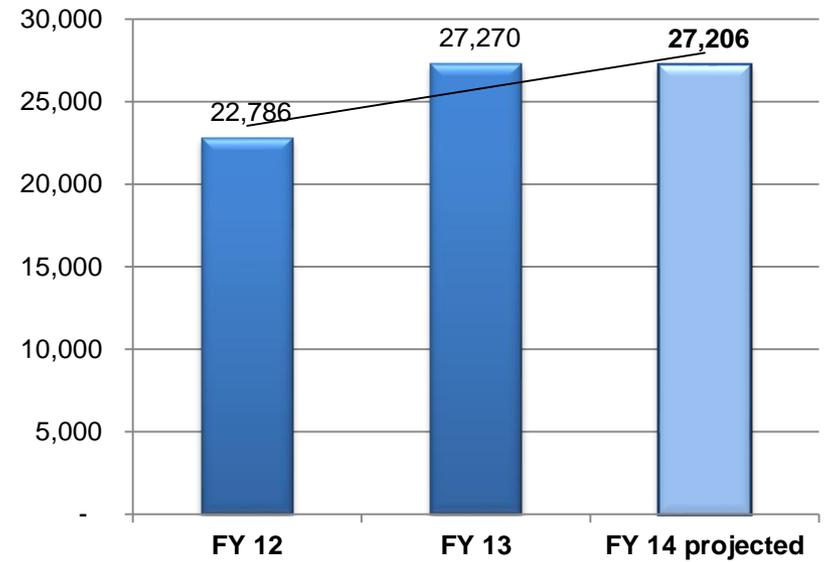

## Family & Community Medicine

- 36 Exam Rooms
- 3 Procedure Rooms
- 1 Treatment Room with 3 bays
- 3 Consultation Rooms
- 2 Resident Proctor Rooms
