Announcement Published: The Daily Territorial, May 26, 27, 28 and 29, 2020
Introduction

The purpose of the Coronavirus Aid, Relief, and Economic Security (CARES) Act funding for the Emergency Food and Shelter Program (EFSP) is to address the impacts of the economic consequences of the COVID-19 public health emergency, by providing food, shelter, and supportive service to those in need. The intent is that the EFSP's National Board will administer the funding as is done for the program's annually appropriated funds. This will be done through the National Board's delivery structure of allocating funds to counties and cities with highest needs throughout the country and for the jurisdictions' local boards to determine awards for local social service agencies providing the needed assistance. (Authorizing legislation is Pub. L. Pub. L. No. 116-136 and Pub. L. No. 100-77)

When a public health crisis or other disaster occurs, it is often those with economic vulnerabilities who suffer the most. The EFSP supports a population that would otherwise be more adversely impacted by a disaster situation and eases the potential burdens imposed on response and recovery efforts to assist those living on the streets or that otherwise have severe economic needs.

Pima County was selected as a qualifying jurisdiction to receive funding from the EFSP National Board, which is chaired by the Federal Emergency Management Agency (FEMA). The Emergency Food and Shelter Program (EFSP), created in 1983, supplements and expands the work of local social service agencies which help people with economic emergencies. The original authorizing legislation (Pub. L. 100-77) specifically calls for:

Sensitivity to the transition from temporary shelter to permanent homes and attention to the specialized needs of homeless individuals with mental and physical disabilities and illness and to facilitate access for homeless individuals to other sources of services and benefits.

Special emphasis shall be placed on the identification of and assistance to the elderly, families with children, Native Americans, veterans, and mentally and physically disabled persons. EFSP Phase CARES funds must be used only to supplement existing rent/mortgage, utility assistance and feeding and sheltering efforts to assist those impacted by the COVID-19 public health emergency.

The FEMA EFSP National Board has announced an allocation of $675,453 for this jurisdiction under the Coronavirus Aid, Relief, and Economic Security (CARES) Act special appropriation, known as Phase CARES. Pima County's EFSP Local Board, administered by Pima County Community Development and Neighborhood Conservation Department (CDNC), has been charged with coordination of the process for distribution of funds to service providers in Pima County.

Therefore, the Local Board is requesting proposals from eligible respondents. Following the due date for proposals, the Local Board will convene, review submitted proposals/applications, and determine how available funds will be distributed.

Eligible Program Activities

The intent of this FEMA EFSP program is to address the impacts of the economic consequences of the COVID-19 public health emergency by providing food, shelter, and supportive service to those in need. The National Board has determined that the following eligible services that may be provide to clients using EFSP Phase CARES funds.

- Food, in the form of served meals or groceries
- Lodging in a mass shelter or hotel
- One month's rental or mortgage assistance to prevent evictions
- One month's utility payment to prevent service cut-offs
- Transportation costs associated with the provision of food or shelter
- Minimal repairs to mass feeding or sheltering facilities for building code violations or for handicapped accessibility
- Supplies and equipment necessary to feed or shelter people, up to a $300 limit per item
FEMA EFSP funds are intended to be used to supplement or expand existing programs and services. Funds may not be used as a substitute for other program funds, nor to start a new program. Funds may not be used for emergency assistance for victims of natural disasters.

Who Can Apply
The EFSP Phase CARES funding is open to any local organization that meets the following qualifiers.
- Is a nonprofit corporation or an agency of government
- Has a checking account (Cash payments are not allowed.)
- Has an accounting system or fiscal agent approved by the Local Board
- Is not debarred or suspended from receiving Federal funds
- Has a Federal Employer Identification Number (FEIN)
- Has a Data Universal Number System (DUNS) number
- Conducts an independent annual review if receiving $50,000 to $99,999 in funding; an independent audit if receiving $100,000 or more in EFSP funds; and meets single audit requirements at 2 CFR 200 if receiving $750,000 or more in Federal funding
- Has not received an adverse or no-opinion audit
- Provides services and uses other organization-agency resources in the area in which they are seeking funding
- Practices nondiscrimination
- Has a voluntary board if private not-for-profit
- Involves homeless individuals and families, through employment, volunteer programs, etc., in providing emergency food and shelter services

Proposal Application
Submit a complete application for each program for which your organization seeks FEMA EFSP funding. Include the organization’s name, address, and each program name for which funding is sought.

Phase CARES funding is limited to the categories provided above in Eligible Program Activities. A complete proposal will consist of the following items.
- Attachment A. Proposal Cover Sheet
- Attachment B. Proposal Application Form with Narrative and Budget
- Attachment C. Local Recipient Organization (LRO) Certification Form
- Additional documentation as required by application instructions

Each document should be saved as a PDF file, clearly named and attached to the submission email.

Proposal Formatting
Type responses in 12-point font. Avoid expanding space sizes provided. If the proposal is written by hand, print legibly and use blue ink. Proposals must be signed and dated by the Respondent’s authorized agent (the person who has the authority to bind the organization; for example, President, Chief Executive Officer).

FAILURE TO COMPLY WITH SOLICITATION REQUIREMENTS MAY CAUSE A PROPOSAL TO BE REJECTED AS NON-RESPONSIVE.

Selection Process
Community Development & Neighborhood Conservation
CDNC will convene an EFSP Local Board as required by the National Board. The Local Board is to include members of the following groups: Catholic Charities, United Jewish Communities, National Council of the Churches of Christ, The Salvation Army, American Red Cross, and United Way.

The Local Board will convene after the due date for a review session which will be open to respondents and the public. The review session details (date/time/location) will be provided to all applicants via email and will also be posted on County websites and social media pages.

The Local Board will select organizations for funding that:

- Demonstrate the ability to provide food and/or shelter assistance
- Consider needs, resources and gaps in services
- Have the staff and capacity to take on responsibility of the program
- Include homeless individuals and families in providing services
- Have the capacity to maintain records and submit records by their due dates required by the National Board
- Have a financial system appropriate to carry out duties.

Local funding award decisions are expected to be announced within 20 business days of the award notification.

Compliance

Award notification will be announced to the grant recipients and placed on the website listed above. The Respondents agree to establish, monitor, and manage an effective grant award administration process that assures compliance with all requirements of the Emergency Food and Shelter Program National Board and Local Board.

Note: FEMA funds are intended to be used to supplement or expand existing programs and services.

Describe how the organization intends to use these funds. Will the money requested in this proposal be used to support a service or program that was supported by FEMA funds in the past? If yes, describe below how services have been or will be expanded or supplemented.

These funds will be used to provide direct financial assistance to qualifying clients. Two-thirds of the funds will be used to provide direct assistance for rent and mortgage, and one-third for client utility expenses.

Map-a-Plan (MAP) is the only program in the rural area of Southern Pima County to provide homeless prevention & financial assistance to qualified recipients that apply within 3 weeks of being evicted from their housing, and has been providing assistance for over 25 years.

Yes, this program was supported by FEMA funds in the past in phases 35 and 36. The number of clients has grown more than 300% over previous years, up to March of 2020. Since the beginning of the COVID-19 Pandemic, the number of clients has increased over 1200%, compared to the previous year. We supplement FEMA funds with other funds from a local municipal grant, county funds, private foundation funds, and private donations.

IV. NARRATIVE

Please answer the following questions. Limit answers to the space provided.

1. Give a brief explanation of your organization's ability to coordinate service delivery with other human service providers. Specifically identify the networks, coalitions and collaborative arrangements that your agency maintains.

Valley Assistance and our MAP team continue to maintain strong relationships and collaborations with 14 local non-profits, 11 churches, 8 local government agencies, 4 state government agencies, 2 educational institutions, 3 financial institutions, 4 health service institutions, 3 state associations and community stakeholders. We are particularly proud of the close connections to two Veterans service organizations, the Vietnam Veterans of America and the Military Order of the Purple Heart. Our intake application asks if anyone in the household has served so that we can contact the veteran's group for a quicker turn-around to offer monetary assistance.

We collaborate with the local food banks of Green Valley, Amado, and Sahuarita; St. Vincent DePaul, United Community Health; and the local Salvation Army. The food banks offer referrals for rental/mortgage assistance to the MAP Program.

We participate in monthly meetings of a coalition made up of social service agencies, local businesses, schools, and private foundations, called "Better Together".

Our local salvation army provides assistance for household utilities. We often work together with them to provide wrap-around services for client families.

2. Describe any changes in the magnitude of the current need and/or service demand experienced since January 27, 2020 as a result of the COVID-19 pandemic and subsequent closures, (for example, number of requests or types of clients).
The MAP program has experienced a 300% increase in clients over the previous year before the COVID-19 Pandemic.

During the COVID-19 Pandemic, the number of clients in the MAP-a-Plan Program has risen by more than 1224% percent from pre-pandemic levels. We expect this number to grow in the coming weeks as people continue to be laid off and furloughed. During the initial weeks of the pandemic, many clients received CARE’S Act Stimulus checks, income tax returns, and lived off savings. Now, going into the third month affected by this situation, and with the federal moratorium on rent and mortgages ending, the number of clients seeking financial assistance will be greatly affected. Because of the uncertainty caused by the COVID-19 Pandemic, we cannot predict the level of community need, but based on the census in our program, we predict a substantial rise.

3. Give a brief explanation of how your service(s) will be addressing a gap in existing services available to community members impacted by the pandemic.

MAP-a-Plan is the only homeless-prevention program in rural-southern Pima County, serving the communities of Sahuarita, Green Valley, Arivaca, Amado, and unincorporated areas of Sahuarita, and the rural areas surrounding these communities. Additionally, as part of the the program, VAS offers financial education courses (required for every client in the program), and workforce training (job search assistance, resume/cover letter coaching, etc), and wrap-around resource management, a holistic approach which is unique in our service area. The last year, the MAP Team has seen an over 90% success rate for unemployed clients finding jobs.

4. Explain any anticipated funding cuts. Identify the funding source anticipated to be reduced and describe any alternative funding sources sought by the organization to make up for these cutbacks.

Potential Cuts due to COVID-19 Pandemic:
1. Local Benevolent Organization (Country Fair White Elephant), unable to fund because their retail store has been closed. Amount of previous year’s award: $45,000.00.
2. Local Churches: Potential annual loss of $11,700.00 due to church closure.
3. Limits/Cancellations of fundraising events

Alternative Funding Sources:
1. Extensive grant writing to COVID-19 funds
2. Direct appeals to private foundations/donors
5. Define the geographical area to be served with requested FEMA EFSP CARES funds.

Southern-rural portion of Pima County (south of Pima Mine Road to the southern county line, including the town of Sahuarita, unincorporated areas of Sahuarita, Green Valley, Amado, and Arivaca.)
6. Briefly describe the target population for each service for which you are requesting FEMA EFSP CARES funds.

For rent/mortgage assistance, the number one target population is single women with children, followed by minority families with children. Many of these families have been broken through divorce, one parent leaving, domestic violence, job cuts, health issues, and being caught in a rut in the cycle of poverty. The third largest target population is the elderly. Green Valley is a retirement community, We are seeing more and more single elderly women, who have lost their spouse and the corresponding retirement/social security income. Additionally, people are living longer than their retirement savings.

For utility assistance, the largest groups are female head-of-households, followed married couples. It is now common to see late bills in excess of $700-900.

7. Please discuss how your program collaborates with other local pandemic response efforts.

We collaborate with all of the HMIS participating agencies and network with them via meetings, workshops, teleconferences, and HMIS meetings. We refer clients to those agencies based on the needs of the client at the time of their homeless situation. We also provide the client with a copy of the “need help” guide to services in Tucson and Pima County and other resources obtained from Arizona Self-Help Website.
