**RE: P18RZ00011 – AMENDED REQUEST FOR CONTINUANCE
P&Z Public Hearing -- Harbour Trust, et. al. – La Cholla Boulevard Rezoning**

Dear Terri:

This letter shall supersede our prior letter of 18 February, wherein we requested a 30-day continuance of the Planning & Zoning Commission's public hearing on the above-referenced rezoning. You will recall that request was made to allow us additional time to work with the Pima County Regional Flood Control District (RFCD) in further analyzing and resolving various drainage-related matters and details on the project.

Earlier today, I attended a working meeting with our civil engineer and our hydrologist. It has become clear that, now after having dug further into the aforementioned analyses, the amount of work still involved and the time required to properly complete it -- together with the need to allow RFCD the sufficient time to review our findings -- will require more than the initially contemplated thirty days.

As such, and in the interest of ensuring a P&Z meeting where all project issues have been properly vetted, I hereby make this revised request that our public hearing before the Planning & Zoning Commission be continued to its April meeting (24 April, 2019).

Please let me know if you have any questions regarding the above.

Best Regards,
PROJECTS INTERNATIONAL, INC.

Jim Portner, Principal
