**RE: SW Corner of Picture Rocks Road at Tula Lane, Tucson, AZ 85743, Parcel I.D. 213-18-0320
to 213-18-0810, Comprehensive Plan Amendment. Case #P21CA00004**

T and T Engineering, LLC Job #20001-01-14

Dear Mr. Holden,

Thank you for taking the time to meet with us yesterday. The meeting was helpful and informative. Based on the feed back that we have received via email, phone calls and views expressed at last Tuesday's public meeting my client has decided to request the cancellation of the Comprehensive Plan Amendment for the above referenced project and to be removed from the Planning and Zoning Commission's agenda. We feel that a significant number of the project's neighbors were very passionate about not having an RV park in their neighborhood. We also feel that the success of any land development project is predicated by the support of the people living around it.

We would like to thank you and county staff for your efforts in bringing the project to this point. Please let me know if I should plan on attending the P&Z meeting to offer an explanation for our current position.

Sincerely,

A handwritten signature in blue ink, appearing to read 'T. E. Guido', with a large, sweeping flourish underneath.

Thomas E. Guido, P.E.
