

To Fellow Members of Pima County EIC:

It is with much regret I am writing to let you know I have tendered my resignation on the EIC. Due to health reasons and the medical treatment that I will be undergoing for the next 6 months, I find myself unable to do everything as I would like.

I have already told the Pima County Republican Party and expect them to submit a replacement for both the Commission and logic & accuracy board this week to the Board of Supervisors and have offered to do whatever I can to assist with the transition of my replacement.

Please know I've enjoyed getting to know each of you individually and working with you as a body, and wish you all the very best in everything.

Thank you for allowing me this opportunity to serve with you and to learn so much in the process over the past three years.

Sincerely,  
Karen Schutte
