Concern: Given the possibility of a disputed 2020 election, what measures will the Pima County Elections Department/Director employ to demonstrate a fair and clean election?

Potential Areas for challenges:

- 1) Pre-election day
 - i) Ballot design
 - ii) Inaccurate or false voter registration
 - iii) Early voting
 - (1) Security of mail ballots secured
 - (2) Verification of signatures
 - iv) Out of Country voting -- Military, Citizens
- 2) How vote are cast
 - i) Provisional Voting
 - ii) Election day
 - (a) Poll workers
 - (b) Inaccurate poll books
 - (c) Lines too long
 - (i) number and location of polling places
 - (d) Voting machines break down
 - (e) Accessibility limited
 - (f) Run out of ballots
 - (g) Impersonation or false registration
 - (h) Duplicate voting
 - (i) Illegal assistance at polls
- 3) Accurate Ballot counting and tabulation
 - i) Compromised voting systems
 - ii) Fraudulent ballots—mail in, conditional, or provisional
 - iii) Altering vote count
 - (1) Internal audit—logic tests, hand count verification, batch selection
 - (2) Role of external audit
- 4) Election result reporting
 - i) Publishing results
 - ii) Archiving of voting data – paper ballots, images of ballots
- 5) Election reporting
- 6) Adequate levels
 - i) Funding
 - ii) Human resources
