

**RESPONSE TO COMMENTS TIMELINE CLARIFICATION
FOR
TUCSON ELECTRIC POWER IRVINGTON GENERATING
STATION**

MARCH 9, 2018

On Thursday, March 1, 2018, the Pima County Department of Environmental Quality (PDEQ) presided at a public hearing at the Abrams Public Health Center in Tucson, Arizona. At the hearing, Rupesh Patel, Hearing Officer, provided a timeline of two weeks for the department's response to comments. PDEQ is providing notification that this timeline is incorrect. By law, the department's response to comments cannot be issued before the end of the Public Notice Period. The Official Public Comment Period during which anyone can submit written comments to PDEQ regarding this project began on February 9, 2018 and has been extended from March 12 to March 29, 2018. PDEQ apologizes for this error.

As was mentioned, PDEQ will hold a second formal Public Hearing on March 28, 2018 from 5:30-6:30 p.m. at the Pima County Public Works Building at 201 N. Stone Ave., Basement Conference Room C. Please share this information with anyone you believe would be interested in attending the hearing.

The public may call PDEQ at (520) 724-7331 with any questions regarding the hearing process.

Thank you.

Rupesh Patel
PDEQ Air Program Manager
