The Pima County Board of Supervisors (PC-BOS) as the governing body for the Pima County Air Quality Control District adopts rules for Pima County Code (PCC). The Pima County Air Quality Control District operates within the Pima County Department of Environmental Quality (PDEQ). PDEQ periodically proposes updates to PCC by and through the rulemaking process set forth by the PC-BOS. These updates include changes to PCC Sections 17.14.080 and 17.14.090.

Staff recommends the Board of Supervisors adopt the proposed ordinance which proposes revisions to open burn permit fees and open burn permit clarification on the terms of residential, construction, and agriculture open burn permits.
