**Chapter 17.16 – Emission Limiting Standards**

The Pima County Department of Environmental Quality (PDEQ) submitted a “Notice of Expedited Rulemaking,” to the Arizona Administrative Register published on March 16, 2007. On June 9, 2006, the Arizona Department of Environmental Quality (ADEQ) published a Notice of Final Rulemaking for a state program that controls Hazardous Air Pollutants (HAPs). Pursuant to ARS § 49-480.04, Pima County must adopt a county program that is no less stringent than the state program for HAPs. Pima County is proposing to adopt a program that is substantially identical to the HAPs program adopted by ADEQ. You may view the proposed rule text and other related information at our website, <http://www.deq.pima.gov/Regulations/PublicReview.htm> or you may request a copy by contacting our department.
