

The newspapers of **Arizona** make public notices from their printed pages available electronically in a single database for the benefit of the public. This enhances the legislative intent of public notice - keeping a free and independent public informed about activities of their government and business activities that may affect them. Importantly, Public Notices now are in one place on the web (www.PublicNoticeAds.com), not scattered among thousands of government web pages.

The Pima County Department of Environmental Quality (PDEQ) has submitted a "Notice of Proposed Rulemaking," to the Arizona Administrative Register for publication on May 12, 2017. The Pima County Board of Supervisors (BOS) as the governing body for the Pima County Air Quality Control District adopts ordinances which are codified in the Pima County Code (PCC). The Pima County Air Quality Control District operates within the Pima County Department of Environmental Quality (PDEQ). PDEQ periodically proposes updates to PCC through the BOS. The intention of this rulemaking is to organize Title 17 in a more coherent manner by separating Class I (major source) rules, Class II, Class III rules and Activity Permit rules. This proposal is in response to PDEQ's necessity to update the State Implementation Plan and Title V (part 70) program. The rule text and other related information is available at the PDEQ office, and on the PDEQ website (noted below), or you may request a copy by contacting our department.

A public hearing before the Pima County Board of Supervisors will be held on Tuesday, July 11, 2017 at, or after, 9:00 a.m. in the Board Hearing Room, located at 130 W. Congress, 1st floor, Tucson, Arizona.
