ILLEGAL DUMPING

It's Everyone's Problem

Pima County Department of Environmental Quality

33 N. Stone Avenue, Suite 700
Tucson, AZ 85701
(520) 724-7400 www.pima.gov/deq

ILLEGAL DUMPS....

- Are safety hazards to children;
- May be breeding grounds for disease carriers such as: flies, roaches, mosquitoes, and rats;
- Are pollution and fire hazards that endanger our air, water, and land;
- Destroy the beauty of our desert;
- Disrupt wildlife habitats;
- Lower the property values of surrounding parcels/homesites;
- Are prohibited by State laws and Local ordinance, which can lead to prosecution.

ONE PILE OF TRASH CAN GROW INTO A DUMP...

- Illegal dumpers often add their garbage to an existing pile of trash. Removing it promptly reduces additional dumping.
- There is no excuse for dumping anywhere except at an authorized landfill or transfer station.
- Who pays for the cleanup? All of us pay a high price for the dumpers' illegal behavior.

REPORT ILLEGAL DUMPING

(520) 622-5800

www.pima.gov/deq

To report an illegal dumping in progress, please call 911 first.

YOU CAN HELP STOP ILLEGAL DUMPING!

BE responsible...

ACT responsibly...

HELP make violators responsible for their actions...

- Report illegal dumps to PDEQ online at www.deq.pima.gov or by calling (520) 724-7400 Mon-Fri, 8am-5pm or 622-5800 (24 hours/day).
- Never approach an illegal dumper.
- If you see illegal dumping activity in progress, report it immediately by calling 911. Then call PDEQ with location, license plate number, vehicle description, or other identifying information.

Illegal dumps are eyesores, pose serious health and safety threats, and are costly to us all.

DON'T BE A SECOND-HAND DUMPER.

If you hire someone to clean up your yard or haul your trash:

- Hire a reputable contractor or a hauler with a permit;
- Know your hauler's name, address, and phone number;
- Pay by check and get a receipt; and
- Ask for a landfill receipt before full payment.

DO YOU KNOW...

Free, or low-cost, disposal is available for many items including household hazardous waste.

Appliances and furniture can be donated to charities and neighbors for reuse.
