Subject: Offer of Financial support

Dear Deb: We gratefully accept Supervisor Bronson's offer of additional funds for the Western Pima County Community Council. We can certainly use any amount she is able to give us. We will put it to good use.

We are required to advertise the time and place of the monthly meetings and any other meetings we might have. Additionally, postage costs are increasing as are copying costs. It is to our advantage and helpful to the residents of Ajo to make at least annual visits to the legislature in Phoenix -- just to remind them that Ajo is still here. With the high fuel costs, these additional funds will enable us to make these trips without imposing a hardship on our council members.

Again, please convey our appreciation to Supervisor Bronson.

Sincerely,

Lil Jones, Secretary
