**Subject:** Looking for some support for youth mariachi group

Dear Richard Elias Team,

I am a school librarian and mom to a 15 year guitarron player with Mariachi Corazon, directed by Jaime Valenzuela. The band is organizing their second annual golf tournament fundraiser at Sewailo Golf Club at Casino Del Sol on Sunday April 27th. I am supposed to be recruiting a sponsor for a foursome (\$500) and I thought I had a business committed to the sponsorship but that possibility fell through. I remember getting help to pay for an author visit at my school years ago from another county supervisor and I wonder if your district budget could be supportive. Most, if not all of the kids in the group live in your district and I live in your district as well.

They are very involved with promoting a positive connection to their culture and community and often play for other community groups, churches, and schools for free. We would be happy to include information about your district office's support in our tournament materials and at the event ceremony.

Can you discuss this request with Supervisor Elias? I would be happy to answer questions and provide the Fed. Tax I.D. Number to verify the nonprofit status of the group. The sponsorship could be offered to other golfers we identify or used by Richard Elias or his staff if any of you are golfers.

Please contact me with any questions, Lisa Martin, 271-2158, or if I can't answer I can ask Magdalena Verdugo who is organizing the tournament.

Thank you for considering our request,

Lisa Martin
