RESOLUTION NO. 2009- 26

A RESOLUTION OF THE BOARD OF SUPERVISORS OF PIMA COUNTY, ARIZONA ORDERING THE SALE OF NOT TO EXCEED $75,000,000 PRINCIPAL AMOUNT OF PIMA COUNTY, ARIZONA, GENERAL OBLIGATION BONDS.

BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF PIMA COUNTY, ARIZONA, AS FOLLOWS:

Section 1. Pima County, Arizona, General Obligation Bonds, in the principal amount of not to exceed $75,000,000 (the "Bonds") are hereby ordered to be sold in accordance with the Notice Inviting Bids for the Purchase of General Obligation Bonds (the "Notice Inviting Bids") in substantially the form attached hereto as Exhibit A. The Bonds are authorized pursuant to special bond elections held in and for Pima County, Arizona (the "County") on May 20, 1997, May 18, 2004 and/or May 16, 2006.

Section 2. The Bonds shall be sold only through an on-line bidding process. Unconditional bids must be submitted electronically as described in the Notice Inviting Bids. Electronic bids for the purchase of the Bonds will be received through the facilities of PARITY® at the office of the Director of Finance of the County, as described in Exhibit A, until the sale date and time specified therein, provided that the sale date and time for the Bonds will be postponed to a later date and time if, on the business day before the sale date, the Director of Finance of the County or his designee shall cause to be filed in the office of the Director of Finance his written statement that, in his opinion, the County would obtain a more favorable net interest cost for the Bonds by delaying the receipt of bids for the Bonds until a later date. The opinion of the Director of Finance of the County or his designee expressed in any such statement shall be conclusive for all purposes with respect to the receipt and opening of bids. If the receipt of electronic bids is postponed, notice of such postponement and of the rescheduled date and time for the receipt of bids shall be given in the manner determined by the Director of Finance of the County or his designee.

Electronic bids will be announced immediately after the deadline for submission of bids in the office of the Director of Finance. The Board of Supervisors will award the Bonds to the bidder whose bid results in the lowest net interest cost to the County, taking into account any premium offered to be paid for the Bonds, or will reject all bids.

Section 3. The Clerk of the Board of Supervisors is hereby authorized and directed to cause the Notice Inviting Bids to be completed, executed and transmitted to RBC Capital Markets Corporation, Financial Advisor to the County, and circulated so as to be made known to potential bidders for the Bonds.

TIME FOR RECEIPT OF BIDS: Bids will be received to and including the hour of _____ a.m., _._.T. The time maintained by PARITY shall constitute the official time.

ELECTRONIC BIDDING PROCEDURES: Bids may be submitted only through the facilities of PARITY. Bids must be submitted on the Official Bid Form that resides on the PARITY system, without alteration or interlineations. Subscription to the Thomson Financial Municipal Group's BIDCOMP Competitive Bidding System is required in order to submit a bid. The County will neither confirm any subscription nor be responsible for the failure of any prospective bidder to subscribe. The County is using PARITY as a communications media, and not as the County's agent, to conduct electronic bidding for the General Obligation Bonds.

All bids made through the facilities of PARITY shall be deemed irrevocable offers to purchase the General Obligation Bonds on the terms provided in this Notice Inviting Bids for the Purchase of General Obligation Bonds, and shall be binding upon the bidder. Neither the County nor RBC Capital Markets Corporation (the "Financial Advisor"), the County's Financial Advisor, shall be responsible for any malfunction or mistake made by, or as a result of the use of the facilities of PARITY, the use of such facilities being the sole risk of the prospective buyer.

If any provision of this Notice Inviting Bids for the Purchase of General Obligation Bonds conflicts with information provided by PARITY as the approved provider of electronic bidding services, this Notice Inviting Bids for the Purchase of General Obligation Bonds shall control. Further information about PARITY, including any fee charged, may be obtained from BIDCOMP/PARITY, 1395 Broadway, 2nd Floor, New York, New York, 10018, Attention: Customer Support (212) 849-5021.

For information purposes only, bidders are requested to state in their electronic bids the net interest cost to the Board, as described under "AWARD AND DELIVERY" herein. All electronic bids shall be deemed to incorporate the provisions of this Notice Inviting Bids for the Purchase of General Obligation Bonds.

THE GENERAL OBLIGATION BONDS: The General Obligation Bonds will be dated the date of initial delivery thereof, and will bear interest from such date to the maturity or earlier redemption of each of the General Obligation Bonds at a rate or rates, none of which may exceed twelve percent (12%) per annum, payable on _____, 20__, and semiannually thereafter on July 1 and January 1 of each year during the term of each of the General Obligation Bonds. The General Obligation Bonds are to mature on July 1 in the years and in the amounts as follows:

Due July 1	Principal Amount	Due July 1	Principal Amount

PURPOSE: The General Obligation Bonds are being issued pursuant to the Constitution and laws of the State of Arizona, including Chapter 3, Article 3 of Title 35 of the Arizona Revised Statutes, and all amendments thereto, and under the provisions of a resolution adopted by the Board of Supervisors of Pima County on _____, 2009 and a resolution to be adopted by the Board of Supervisors of Pima County on the sale date (collectively, the "Resolution"), and are being issued for the purpose of (1) providing funds for paying costs relating to certain public improvements and (2) paying costs relating to the issuance of the General Obligation Bonds.

OPTIONAL REDEMPTION: The General Obligation Bonds maturing on or before July 1, 20_____ are not subject to call for redemption prior to their respective maturity dates. The General Obligation Bonds maturing on or after July 1, 20_____ are subject to call for redemption on any date on or after July 1, 20_____ at the election of the County, in whole or in part from maturities selected by the County and within any maturity by lot, by the payment of a redemption price equal to the principal amount of each General Obligation Bond called for redemption plus accrued interest to the date fixed for redemption, without premium.

NOTICE OF REDEMPTION: Notice of redemption will be given by mail to the registered owners of the General Obligation Bonds at the address shown on the bond register maintained by the bond registrar not less than thirty (30) days nor more than sixty (60) days prior to the specified redemption date.

BOOK ENTRY ONLY SYSTEM: The General Obligation Bonds will initially be issued to and registered in the name of Cede & Co., as nominee of the Depository Trust Company ("DTC"), an automated clearinghouse for securities transactions, which will act as securities depository for the General Obligation Bonds. One fully registered General Obligation Bond, in the aggregate principal amount of each maturity, will initially be registered in the name of and held by Cede & Co., as nominee for DTC.

So long as the book entry only system is in effect, beneficial ownership interests in the General Obligation Bonds will be available in book entry form only through direct or indirect participants in DTC, in the principal amount of $5,000 or any integral multiple thereof. Beneficial owners of the General Obligation Bonds will not receive certificates representing their interests in the General Obligation Bonds and will not be deemed to be registered owners under the Resolution.

So long as the book entry only system is in operation, principal of and interest on the General Obligation Bonds will be payable by U.S. Bank National Association, as bond registrar and paying agent, to Cede & Co., as nominee of DTC which organization consequently bears sole responsibility for remitting such principal and interest to the DTC participants for subsequent credit or disbursement to the beneficial owners of the General Obligation Bonds.

In the event the County determines not to continue the DTC book entry only system or DTC determines to discontinue providing its services with respect to the General Obligation Bonds and the County does not select another qualified securities depository, the County is required to deliver to DTC for redistribution to beneficial owners of the General Obligation Bonds one or more bond certificates in such principal amount or amounts, in denominations of $5,000 and any integral multiple thereof, and registered in such name or names, as DTC shall designate.

CUSIP NUMBERS: It is anticipated that CUSIP numbers will be assigned to the General Obligation Bonds, but no failure to assign such numbers to any General Obligation Bonds, nor any error with respect thereto, shall constitute cause for failure or refusal by the purchaser thereof to accept and pay for the General Obligation Bonds in accordance with the terms of the sale. No CUSIP number shall be deemed to be a part of any General Obligation Bond or of the contract evidenced thereby. The CUSIP Service Bureau charge for the assignment of CUSIP numbers shall be paid by the purchaser of the General Obligation Bonds.

INTEREST RATES AND OFFERING PRICES: Bids for the purchase of the General Obligation Bonds must state the rate or rates of interest to be paid. All General Obligation Bonds of the same maturity must bear the same rate of interest. The difference between the highest interest rate bid for any maturity and the lowest interest rate bid for any other maturity shall not exceed one and one-half percent (1½ %) per annum. Interest will be calculated on the basis of a 360-day year of twelve 30-day months. Interest rates must be expressed in multiples of one-eighth (1/8th) or one-twentieth (1/20th) of one percent (1%). No bid will be considered for less than par on the General Obligation Bonds.

Any interest rate bid which would result in an interest payment amount having fractional cents will be deemed a waiver of the right to payment of such fractional cents. No fractional cents will be paid or accumulated for payment on any General Obligation Bond.

The purchaser, by submitting a bid for the General Obligation Bonds, will agree that it will not reoffer the General Obligation Bonds so as to produce Net Premium (as herein defined) in excess of 2% of the par value of the General Obligation Bonds ($_____). "Net Premium" means the difference between the par amount of the General Obligation Bonds ($_____) and the issue price of the General Obligation Bonds pursuant to United States Treasury Regulations. The issue price of the General Obligation Bonds is the aggregate of the issue prices of each maturity of the General Obligation Bonds. The issue price of each maturity of the General Obligation Bonds is that initial offering price to the public (excluding bond houses, brokers and similar persons or organizations acting in the capacity of underwriters or wholesalers) at which a substantial amount of General Obligation Bonds of that maturity (at least 10%) are reasonably expected to be sold as of the date of the award of the sale of the General Obligation Bonds to the purchaser. The purchaser must furnish to the County information as to such issue prices promptly after, and in any event within seven business days after, such issue prices are established.

SECURITY: Principal of and interest on the General Obligation Bonds are payable from an ad valorem tax levied against all of the taxable property in the County without limit as to rate or amount. Upon collection, said taxes will be placed in separate funds to be designated "Interest Fund" and "Redemption Fund" and the taxes therein will be applied solely for the purpose of payment of principal of and interest on the General Obligation Bonds and for no other purpose whatsoever until all of the General Obligation Bonds authorized hereunder have been fully paid, satisfied and discharged. General Obligation Bonds heretofore and hereafter issued by the County have and will have an equal claim with the General Obligation Bonds upon the proceeds of taxes levied for debt service by the County.

BOND INSURANCE: Each bidder may, in making its bid, assume, as a premise, either that the payment of principal of and interest on the General Obligation Bonds will be insured at the bidder's expense, or that the General Obligation Bonds will not be insured, and shall indicate on the bid form the premise on which its bid is based. If the accepted bid is based on an assumption that such a policy will be issued, the successful bidder shall cause the policy to be issued at the bidder's expense.

FORM OF BID AND GOOD FAITH DEPOSIT: The prescribed form of bid for the General Obligation Bonds will be available on the PARITY system and all bids must be submitted on that form. All bids must be covered by a financial surety bond from an insurance company licensed to do business in the State of Arizona and submitted to the County or the Financial Advisor prior to the opening of the bids in the amount of $_____, which is equal to two percent (2%) of the par value of the General Obligation Bonds (the "Deposit"). The financial surety bond must identify each bidder whose bid is guaranteed by such financial surety bond. The bidder to whom the General Obligation Bonds are awarded must submit its Deposit to the County, in the form of a certified check or wire transfer as instructed by the Financial Advisor, not later than _____ A.M., _._.T. on the next business day following the award. If the Deposit is not received by that time, the financial surety bond may be drawn on by the County to

satisfy the Deposit requirement. The Deposit of the successful bidder will be applied to the purchase price of the General Obligation Bonds or retained and forfeited as liquidated damages in the event such bidder does not take up and pay for the General Obligation Bonds immediately upon the County's satisfaction of all conditions necessary to their issuance and delivery. No interest will be paid on the Deposit of any bidder.

The Financial Advisor to the County has reserved the right to bid on the General Obligation Bonds.

RIGHT OF REJECTION: The County reserves the right, in its discretion, to reject any and all bids received and to waive any irregularity or informality in the bids, except that the time for receiving bids shall be of the essence.

AWARD AND DELIVERY: Unless all bids are rejected, the General Obligation Bonds will be awarded to the bidder whose bid results in the lowest net interest cost to the County. The net interest cost will be determined by computing the aggregate amount of interest payable on the General Obligation Bonds based upon the total principal amount of General Obligation Bonds offered as scheduled to mature in this Notice from their date to their respective maturities and by deducting therefrom any premium. Delivery of the General Obligation Bonds will be made to the purchaser upon payment in immediately available funds in Tucson, Arizona, or, at the purchaser's request and expense, at any other place mutually agreeable to both the County and the purchaser.

NOTICE REGARDING STATE CONTRACTS: Arizona law requires that every contract to which the State, its political subdivisions or any of the departments or agencies of the State or its political subdivisions, including the County, is a party include notice that such contract is subject to cancellation, within three (3) years after its execution, by the State, or the political subdivision, including the County, department or agency which is a party to such contract if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the State, or the political subdivision, including the County, department, or agency is, at any time while the contract is in effect, an employee of any other party to the contract or an agent or consultant of any other party to the contract with respect to the subject matter of the contract.

LEGAL OPINION: The General Obligation Bonds are sold with the understanding that the County will furnish the purchaser with the approving opinion of Squire, Sanders & Dempsey L.L.P. Said attorneys have been retained by the County as Bond Counsel and in such capacity are to render their opinion only upon the legality of the General Obligation Bonds under Arizona law and on the exclusion of the interest on the General Obligation Bonds from the gross income of the owners of the General Obligation Bonds for federal and state of Arizona income tax purposes. Fees of Bond Counsel will be paid from the General Obligation Bond proceeds.

TAX EXEMPT STATUS: The Internal Revenue Code of 1986, as amended (the "Code") prescribes a number of qualifications and conditions which apply to the General Obligation Bonds, including investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of General Obligation Bond proceeds and the facilities financed therewith and certain other matters. The County has covenanted to comply

with all requirements of the Code that must be satisfied in order for the interest on the General Obligation Bonds to be excludable from gross income. Failure to comply with certain of such covenants could cause interest on the General Obligation Bonds to become includable in gross income retroactive to the date of issuance of the General Obligation Bonds.

Subject to the condition that the County comply with the above-referenced covenants, under present law, in the opinion of Bond Counsel, the General Obligation Bonds are not "private activity bonds" under the Code, and interest on the General Obligation Bonds will not be includable in gross income of the owners thereof for federal or Arizona income tax purposes, and will not be treated as an item of tax preference in computing the alternative minimum tax for individuals and corporations. Interest on the General Obligation Bonds may be subject to certain federal taxes imposed only on certain corporations including the corporate alternative minimum tax on a portion of that interest.

Ownership of the General Obligation Bonds may result in collateral federal income tax consequences to certain taxpayers. Prospective purchasers of the General Obligation Bonds should consult their tax advisors as to applicability of any such collateral consequences. Bond Counsel will express no opinion regarding these consequences.

CERTIFICATE TO BE DELIVERED BY SUCCESSFUL BIDDER: Simultaneously with or before delivery of the General Obligation Bonds, the successful bidder shall furnish to the County a certificate acceptable to Bond Counsel to the effect that (i) all of the General Obligation Bonds have been the subject of an initial bona fide offering to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters or wholesalers) at the prices shown on such certificate plus accrued interest, if any, (ii) at the time they agreed to purchase the General Obligation Bonds, based upon their assessment of the then prevailing market conditions, they reasonably expected that all General Obligation Bonds would be initially sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of the underwriters or wholesalers) at the prices shown on such certificate, plus accrued interest, if any, and (iii) the prices shown on such certificate for each of the General Obligation Bonds were the fair market value of such General Obligation Bonds as of the sale date.

CERTIFICATES TO BE DELIVERED BY COUNTY: Representatives of the County will deliver certificates to the effect that (i) no litigation is pending affecting the issuance and sale of the General Obligation Bonds and (ii) to their best knowledge, information and belief, the information contained in the Official Statement relating to the General Obligation Bonds is true and correct in all material respects. The County will also deliver a tax compliance certificate covering its reasonable expectations concerning use of the proceeds of the General Obligation Bonds and related matters.

PRELIMINARY OFFICIAL STATEMENT DEEMED FINAL; FINAL OFFICIAL STATEMENT: The County deems the Preliminary Official Statement provided in connection with the sale of the General Obligation Bonds to be final as of its date except for the omission of offering prices, selling compensation, delivery dates, terms to be specified in the winning bidder's bid, ratings, other terms depending on such matters and the identity of the winning bidder.

The winning bidder must provide the County, within twenty-four (24) hours after the award of the General Obligation Bonds, with all necessary offering price information, selling compensation information, all other terms of the sale which are depending on such matters and any underwriter information, all as may be necessary to complete the final Official Statement.

Within seven (7) business days after the award of the General Obligation Bonds, the County will provide the winning bidder with up to two hundred (200) copies of the final Official Statement at no cost. Additional copies of the final Official Statement may be obtained from the County at the winning bidder's expense. The final Official Statement will be in substantially the same form as the Preliminary Official Statement with such additions, deletions or revisions as the County deems necessary.

CONTINUING DISCLOSURE: The County will enter into a continuing disclosure undertaking with respect to the General Obligation Bonds, which undertaking will be described in the Official Statement.

ADDITIONAL INFORMATION: Copies of the Official Statement relating to the General Obligation Bonds will be furnished to any bidder upon request made to RBC Capital Markets Corporation, 2398 East Camelback Road, Suite 700, Phoenix, Arizona 85016, Financial Advisor to the County, telephone number (602) 381-5368.

One fully registered General Obligation Bond, in the aggregate principal amount of each maturity, will initially be registered in the name of and held by Cede & Co., as nominee for DTC.

The CUSIP Service Bureau charge for the assignment of CUSIP numbers shall be paid by the winning bidder of the General Obligation Bonds.

INTEREST RATES AND OFFERING PRICES: Bids for the purchase of the General Obligation Bonds must state the rate or rates of interest to be paid. Interest will be calculated on the basis of a 360-day year of twelve 30-day months. Interest rates must be expressed in multiples of one-eighth (1/8th) or one-twentieth (1/20th) of one percent (1%). No bid will be considered for less than par on the General Obligation Bonds.

Any interest rate bid which would result in an interest payment amount having fractional cents will be deemed a waiver of the right to payment of such fractional cents. No fractional cents will be paid or accumulated for payment on any General Obligation Bond.

Any bidder, by submitting a bid for the General Obligation Bonds, will agree that it will not reoffer the General Obligation Bonds so as to produce Net Premium (as herein defined) in excess of 2% of the par value of the General Obligation Bonds ($1,500,000). "Net Premium" means the difference between the par amount of the General Obligation Bonds ($75,000,000) and the issue price of the General Obligation Bonds pursuant to United States Treasury Regulations. The issue price of the General Obligation Bonds is the aggregate of the issue prices of each maturity of the General Obligation Bonds. The issue price of each maturity of the General Obligation Bonds is that initial offering price to the public (excluding bond houses, brokers and similar persons or organizations acting in the capacity of underwriters or wholesalers) at which a substantial amount of General Obligation Bonds of that maturity (at least 10%) are reasonably expected to be sold as of the date of the award of the sale of the General Obligation Bonds to the winning bidder. The winning bidder must furnish to the County information as to such issue prices promptly after, and in any event within seven business days after, such issue prices are established.

SECURITY: Principal of and interest on the General Obligation Bonds are payable from an ad valorem tax levied against all of the taxable property in the County without limit as to rate or amount. Upon collection, said taxes will be placed in separate funds to be designated "Interest Fund" and "Redemption Fund" and the taxes therein will be applied solely for the purpose of payment of principal of and interest on the General Obligation Bonds and for no other purpose whatsoever until all of the General Obligation Bonds authorized hereunder have been fully paid, satisfied and discharged. General Obligation Bonds heretofore and hereafter issued by the County have and will have an equal claim with the General Obligation Bonds upon the proceeds of taxes levied for debt service by the County.

BOND INSURANCE: Each bidder may, in making its bid, assume, as a premise, either that the payment of principal of and interest on the General Obligation Bonds will be insured at the bidder's expense, or that the General Obligation Bonds will not be insured, and shall indicate on the bid form the premise on which its bid is based. If the accepted bid is based on an assumption that such a policy will be issued, the successful bidder shall cause the policy to be issued at the bidder's expense.

FORM OF BID AND GOOD FAITH DEPOSIT: The prescribed form of bid for the General Obligation Bonds will be available on the PARITY system and all bids must be submitted on that form. Bids shall be accompanied by a deposit in the amount of $1,500,000 (the "Deposit"), in the form of any of the following: (i) a certified or cashier's check payable to the County, or (ii) a wire transfer to the County, or (iii) a financial surety bond (a "Financial Surety Bond") which guarantees such bidder's bid, delivered to the County prior to the time bids will be opened. Each bidder shall be solely responsible for the timely delivery of their Deposit whether by check, wire transfer or Financial Surety Bond. Neither the County nor the Financial Advisor have any liability for delays in the transmission of the Deposit.

Any Deposit made by **certified or cashier's check** should be made payable to the County and delivered to Office of the Director of Finance, 6th Floor, Pima County Administration Building, 130 West Congress Avenue, Tucson, Arizona 85701

Any Deposit sent via **wire** transfer should be sent to the County according to the following instructions: Bank of America, N.A., 201 East Washington Phoenix, Arizona 85004, Routing Number: 026009593; Account number: 457014061332; Reference: Name of Bidder – PC GO Bonds 2009;

Contemporaneously with such wire transfer, the bidder shall send an e-mail to the County Treasurer's Office (email address: Cash.Management@pima.gov), the County's Finance and Risk Management Department (email addresses: Paul.Guerrero@pima.gov and Michelle.Campagne@pima.gov) and to the Financial Advisor (email address: kurt.freund@rbccm.com), including the following information; (i) indication that a wire transfer has been made, (ii) the amount of the wire transfer, (iii) the issue to which it applies, (iv) Federal reference number, if available, and (v) the return wire instructions if such bidder is not awarded the General Obligation Bonds.

Any Deposit made by the successful bidder by check or wire transfer will be retained by the County following the award of the General Obligation Bonds. Any Deposit made by check or wire transfer by an unsuccessful bidder will be returned to such bidder following County action relative to an award of the General Obligation Bonds.

If a **Financial Surety Bond** is used, it must be from an insurance company licensed to issue such a bond in the State of Arizona and pre-approved by the County. Such Financial Surety Bond must be submitted to the County prior to the opening of bids. The Financial Surety Bond must identify each bidder whose bid is guaranteed by such Financial Surety Bond. If the General Obligation Bonds are awarded to a bidder using a Financial Surety Bond, then that bidder is required to submit its Deposit to the County in the form of a certified or cashier's check or wire transfer as instructed by the Financial Advisor not later than 9:00 A.M., Pacific Daylight Time on the next business day following the award. If such Deposit is not received by that time, the Financial Surety Bond may be drawn by the County to satisfy the Deposit requirement.

The Deposit received from the winning bidder, the amount of which will be deducted at settlement, will be deposited by the County and no interest will accrue to the winning bidder. In the event the winning bidder fails to comply with the accepted bid, said amount will be retained by the County.

The Financial Advisor to the County has reserved the right to bid on the General Obligation Bonds.

RIGHT OF REJECTION: The County reserves the right, in its discretion, to reject any and all bids received and to waive any irregularity or informality in the bids, except that the time for receiving bids shall be of the essence.

AWARD AND DELIVERY: Unless all bids are rejected, the General Obligation Bonds will be awarded to the bidder whose bid results in the lowest net interest cost to the County. The net interest cost will be determined by computing the aggregate amount of interest payable on the General Obligation Bonds based upon the total principal amount of General Obligation Bonds offered as scheduled to mature in this Notice from their date to their respective maturities and by deducting therefrom any premium. Delivery of the General Obligation Bonds will be made to the winning bidder upon payment in immediately available funds in Tucson, Arizona, or, at the winning bidder's request and expense, at any other place mutually agreeable to both the County and the winning bidder.

NOTICE REGARDING STATE CONTRACTS: Arizona law requires that every contract to which the State, its political subdivisions or any of the departments or agencies of the State or its political subdivisions, including the County, is a party include notice that such contract is subject to cancellation, within three (3) years after its execution, by the State, or the political subdivision, including the County, department or agency which is a party to such contract if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the State, or the political subdivision, including the County, department, or agency is, at any time while the contract is in effect, an employee of any other party to the contract or an agent or consultant of any other party to the contract with respect to the subject matter of the contract.

LEGAL OPINION: The General Obligation Bonds are sold with the understanding that the County will furnish the winning bidder with the approving opinion of Squire, Sanders & Dempsey L.L.P. Said attorneys have been retained by the County as Bond Counsel and in such capacity are to render their opinion only upon the legality

of the General Obligation Bonds under Arizona law and on the exclusion of the interest on the General Obligation Bonds from the gross income of the owners of the General Obligation Bonds for federal and state of Arizona income tax purposes. Fees of Bond Counsel will be paid from the General Obligation Bond proceeds.

TAX EXEMPT STATUS: The Internal Revenue Code of 1986, as amended (the "Code") prescribes a number of qualifications and conditions which apply to the General Obligation Bonds, including investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of General Obligation Bond proceeds and the facilities financed therewith and certain other matters. The County has covenanted to comply with all requirements of the Code that must be satisfied in order for the interest on the General Obligation Bonds to be excludable from gross income. Failure to comply with certain of such covenants could cause interest on the General Obligation Bonds to become includable in gross income retroactive to the date of issuance of the General Obligation Bonds.

Subject to the condition that the County comply with the above-referenced covenants, under present law, in the opinion of Bond Counsel, the General Obligation Bonds are not "private activity bonds" under the Code, and interest on the General Obligation Bonds will not be includable in gross income of the owners thereof for federal or Arizona income tax purposes, and will not be treated as an item of tax preference in computing the alternative minimum tax for individuals and corporations. Although a portion of the interest on certain tax-exempt obligations earned by certain corporations may be subject to a federal corporate alternative minimum tax, interest on certain tax-exempt obligations issued in 2009 and 2010, such as the General Obligation Bonds, is excluded from that calculation of federal alternative minimum tax.

Ownership of the General Obligation Bonds may result in collateral federal income tax consequences to certain taxpayers. Prospective purchasers of the General Obligation Bonds should consult their tax advisors as to applicability of any such collateral consequences. Bond Counsel will express no opinion regarding these consequences.

CERTIFICATE TO BE DELIVERED BY SUCCESSFUL BIDDER: Simultaneously with or before delivery of the General Obligation Bonds, the successful bidder shall furnish to the County a certificate acceptable to Bond Counsel to the effect that (i) all of the General Obligation Bonds have been the subject of an initial bona fide offering to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters or wholesalers) at the prices shown on such certificate, (ii) at the time they agreed to purchase the General Obligation Bonds, based upon their assessment of the then prevailing market conditions, they reasonably expected that all General Obligation Bonds would be initially sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of the underwriters or wholesalers) at the prices shown on such certificate, and (iii) the prices shown on such certificate for each of the General Obligation Bonds were the fair market value of such General Obligation Bonds as of the sale date.

CERTIFICATES TO BE DELIVERED BY COUNTY: Representatives of the County will deliver certificates to the effect that (i) no litigation is pending affecting the issuance and sale of the General Obligation Bonds and (ii) to their best knowledge, information and belief, the information contained in the Official Statement relating to the General Obligation Bonds is true and correct in all material respects. The County will also deliver a tax compliance certificate covering its reasonable expectations concerning use of the proceeds of the General Obligation Bonds and related matters.

PRELIMINARY OFFICIAL STATEMENT DEEMED FINAL; FINAL OFFICIAL STATEMENT: The County deems the Preliminary Official Statement provided in connection with the sale of the General Obligation Bonds to be final as of its date except for the omission of offering prices, selling compensation, delivery dates, terms to be specified in the winning bidder's bid, ratings, other terms depending on such matters and the identity of the winning bidder.

The winning bidder must provide the County, within twenty-four (24) hours after the award of the General Obligation Bonds, with all necessary offering price information, selling compensation information, all other terms of the sale which are depending on such matters and any underwriter information, all as may be necessary to complete the final Official Statement.

Within seven (7) business days after the award of the General Obligation Bonds, the County will provide the winning bidder with up to two hundred (200) copies of the final Official Statement at no cost. Additional copies of the final Official Statement may be obtained from the County at the winning bidder's expense. The final Official Statement will be in substantially the same form as the Preliminary Official Statement with such additions, deletions or revisions as the County deems necessary.

CONTINUING DISCLOSURE: The County will enter into a continuing disclosure undertaking with respect to the General Obligation Bonds, which undertaking will be described in the Official Statement.

ADDITIONAL INFORMATION: Copies of the Preliminary Official Statement relating to the General Obligation Bonds will be furnished to any bidder upon request made to RBC Capital Markets Corporation, 2398 East Camelback Road, Suite 700, Phoenix, Arizona 85016, Financial Advisor to the County, telephone number (602) 381-5368.

NEW ISSUE – BOOK-ENTRY-ONLY **RATINGS: See "Ratings" Herein**

In the opinion of Squire, Sanders & Dempsey L.L.P., Bond Counsel, under existing law (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, and (ii) interest on the Bonds is exempt from Arizona state income tax. Interest on the Bonds may be subject to certain federal taxes imposed only on certain corporations. For a more complete discussion of the tax aspects, see "TAX MATTERS" herein.

This Official Statement, including the cover page and the Appendices hereto, has been prepared by Pima County, Arizona (the "County") in connection with the original issuance and sale by the County of its General Obligation Bonds, Series 2009, identified on the cover page hereof.

All financial and other information presented in this Official Statement has been provided by the County from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts from taxes and other sources, is intended to show certain historic information, and is not intended to indicate future or continuing trends in the financial position or other affairs of the County. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the County since the date hereof.

References to provisions of Arizona law, whether codified in the Arizona Revised Statutes or uncodified, or of the Arizona Constitution, are references to those current provisions. Those provisions may be amended, repealed or supplemented.

THE BONDS

Authorization and Use of Funds

The Bonds are being issued pursuant to the authority contained in Title 35, Chapter 3, Article 3, Arizona Revised Statutes, and more specifically under the provisions of a resolution ordering the sale of Bonds adopted by the Board of Supervisors of Pima County, Arizona (the "Board") on February 17, 2009 and an authorizing Resolution to be adopted by the Board on April 7, 2009* (collectively the "Bond Resolution"). The Bonds are issued for the purpose of (i) funding various capital projects in the County and (ii) paying costs relating to the issuance of the Bonds.

The Bonds offered herein represent portions of the aggregate principal amount authorized to be issued by the voters of the County at elections held on May 20, 1997, May 18, 2004 and May 16, 2006. After the issuance of the Bonds, the County will have $303,681,000 principal amount of authorized but unissued general obligation bonds.

General Description

The Bonds will be dated the date of initial delivery thereof and will be issued in the form of fully registered bonds in denominations of $5,000 or any integral multiple thereof. As described below under the heading "Book-Entry-Only System", the Bonds will be registered in the name of Cede & Co., as registered owner or "Owner" and nominee of The Depository Trust Company ("DTC"), New York, New York. So long as DTC, or its nominee, Cede & Co., is the registered Owner of all of the Bonds, all payments on the Bonds will be made directly to DTC.

*Preliminary, subject to change.

The Bonds will bear interest from their dated date, payable semiannually on January 1 and July 1 (each an "Interest Payment Date"), commencing July 1, 2009. Interest on the Bonds will be paid by the paying agent, initially U.S. Bank National Association or its successors (the "Paying Agent"), to the Owners thereof as shown on the registration books maintained by the bond registrar, initially U.S. Bank National Association or its successors (the "Bond Register"), at the close of business on the fifteenth day of the month preceding each Interest Payment Date or if such day is a Saturday, Sunday or holiday on the next preceding business day (the "Record Date"). So long as the Bonds are in DTC's book-entry-only system, and thereafter at the written request and expense of the owners of $1,000,000 or more in aggregate principal amount of Bonds delivered to the Bond Registrar prior to a Record Date, interest and principal will be paid by wire transfer to a bank account in the continental United States.

Security and Source of Payment

The Bonds are direct and general obligations of the County and are payable as to both principal and interest from ad valorem taxes to be levied on all taxable property within the County, without limitation as to rate or amount. General obligation bonds heretofore and hereafter issued by the County have and will have an equal claim with the Bonds upon the proceeds of taxes levied for debt service by the County.

Redemption

The Bonds maturing on or before July 1, 2019 are not subject to call for redemption prior to their respective maturity dates. The Bonds maturing on or after July 1, 2020 are subject to call for redemption on any date on or after July 1, 2019 at the election of the County, in whole or in part from maturities selected by the County and within any maturity by lot, by the payment of a redemption price equal to the principal amount of each Bond called for redemption plus accrued interest to the date fixed for redemption, without premium.

Notice of Redemption

Notice of redemption of any Bond will be mailed to the registered owner of the Bond or Bonds being redeemed at the address shown on the Bond Register maintained by the Bond Registrar not more than sixty (60) nor less than thirty (30) days prior to the date set for redemption. Failure to give proper notice of redemption shall not affect the redemption of any Bond for which proper notice was given.

Book-Entry-Only System

THE INFORMATION PROVIDED UNDER THIS SUBHEADING "BOOK-ENTRY-ONLY SYSTEM" HAS BEEN PROVIDED BY DTC. NO REPRESENTATION IS MADE BY THE COUNTY, BOND COUNSEL, OR THE FINANCIAL ADVISOR AS TO THE ACCURACY OR ADEQUACY OF SUCH INFORMATION PROVIDED BY DTC OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The

Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond Resolution. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Bond Registrar and Paying Agent as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption payments on the Bonds will be made by the Paying Agent to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the Paying Agent, on payable dates in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and

redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Paying Agent or the County. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

NEITHER THE COUNTY NOR THE BOND REGISTRAR WILL HAVE RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (2) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE BONDS UNDER THE BOND RESOLUTION; (3) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE BONDS; (4) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM, IF ANY, OR INTEREST DUE WITH RESPECT TO THE BONDS; (5) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF BONDS; OR (6) ANY OTHER MATTERS.

So long as Cede & Co. is the registered owner of the Bonds, as nominee for DTC, references herein to "Owner" or registered owners of the Bonds (other than under the caption "TAX MATTERS") shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of such Bonds.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference shall only relate to those permitted to act (by statute, regulation or otherwise) on behalf of such Beneficial Owners for such purposes. When notices are given, they shall be sent by the County or the Paying Agent to DTC only.

LEGAL MATTERS

Certain legal matters incident to the authorization, issuance and sale of the Bonds by the County are subject to the approving opinion of Squire, Sanders & Dempsey L.L.P., Bond Counsel to the County. Copies of such opinion will be available at the time of delivery of the Bonds. The form of opinion is included as Appendix C to this Official Statement. Fees of Bond Counsel will be paid from Bond proceeds.

TAX MATTERS

In the opinion of Squire, Sanders & Dempsey L.L.P., Bond Counsel, under existing law: (i) interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; and (ii) interest on the Bonds is exempt from Arizona State income tax. Bond Counsel expresses no opinion as to any other tax consequences regarding the Bonds.

The opinion on tax matters will be based on and will assume the accuracy of certain representations and certifications, and continuing compliance with certain covenants, of the County contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of the County's certifications and representations or the continuing compliance with the County's covenants.

The opinion of Bond Counsel is based on current legal authority and covers certain matters not directly addressed by such authority. It represents Bond Counsel's legal judgment as to exclusion of interest on the Bonds from gross income for federal income tax purposes but is not a guaranty of that conclusion. The opinion is not binding on the Internal Revenue Service ("IRS") or any court. Bond Counsel expresses no opinion about (i) the effect of future changes in the Code and the applicable regulations under the Code or (ii) the interpretation and the enforcement of the Code or those regulations by the IRS.

The Code prescribes a number of qualifications and conditions for the interest on state and local government obligations to be and to remain excluded from gross income for federal income tax purposes, some of which require future or continued compliance after issuance of the obligations. Noncompliance with these requirements by the County may cause loss of such status and result in the interest on the Bonds being included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. The County has covenanted to take the actions required of it for the interest on the Bonds to be and to remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion. After the date of issuance of the Bonds, Bond Counsel will not undertake to determine (or to so inform any person) whether any actions taken or not taken, or any events occurring or not occurring, or any other matters coming to Bond Counsel's attention, may adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds or the market prices of the Bonds.

Under the Code, the exclusion of interest from gross income for federal income tax purposes may have certain adverse federal income tax consequences on items of income, deduction or credit for certain taxpayers, including financial institutions, certain insurance companies, recipients of Social Security and Railroad Retirement benefits, those that are deemed to incur or continue indebtedness to acquire or carry tax-exempt obligations, and individuals otherwise eligible for the earned income tax credit. The applicability and extent of these and other tax consequences will depend upon the particular tax status or other tax items of the owner of the Bonds. Although a portion of the interest on certain tax-exempt obligations earned by certain corporations may be subject to a federal corporate alternative minimum tax, interest on certain tax-exempt obligations issued in 2009 and 2010, such as the Bonds, is excluded from that calculation of federal alternative minimum tax. Bond Counsel will express no opinion regarding those consequences.

Payments of interest on tax-exempt obligations, including the Bonds, are generally subject to IRS Form 1099-INT information reporting requirements. If a Bond owner is subject to backup withholding under those requirements, then payments of interest will also be subject to backup withholding. Those requirements do not affect the exclusion of such interest from gross income for federal income tax purposes.

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress, and legislation affecting the exemption of bonds or interest thereon for purposes of State of Arizona taxation may be considered by the Arizona Legislature. Court proceedings may also be filed the outcome of which could modify the tax treatment of obligations such as the Bonds. There can be no assurance that legislation enacted or proposed or clarification of the Code or of Arizona law after the date of issuance of the Bonds will not have an adverse effect on the tax status of interest on the Bonds or the market value of the Bonds.

Prospective purchasers of the Bonds should consult their own tax advisers regarding pending or proposed federal and state tax legislation and court proceedings, and prospective purchasers of the Bonds at other than their original issuance at the respective prices indicated on the cover of this Official Statement should also consult their own tax advisers regarding other tax considerations such as the consequences of market discount, as to all of which Bond Counsel expresses no opinion.

Bond Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the County or the beneficial owners regarding the tax status of interest on the Bonds in the event of an audit examination by the IRS. The IRS has a program to audit tax-exempt obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the IRS does audit the Bonds, under current IRS procedures, the IRS will treat the County as the taxpayer and the beneficial owners of the Bonds will have only limited rights, if any, to obtain and participate in judicial review of such audit. Any action of the IRS, including but not limited to selection of the Bonds for audit, or

the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the market prices for the Bonds.

Original Issue Discount and Original Issue Premium

Certain of the Bonds ("Discount Bonds") as indicated on the cover of this Official Statement were offered and sold to the public at an original issue discount ("OID"). OID is the excess of the stated redemption price at maturity (the principal amount) over the "issue price" of a Discount Bond. The issue price of a Discount Bond is the initial offering price to the public (other than to bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of the Discount Bonds of the same maturity is sold pursuant to that offering. For federal income tax purposes, OID accrues to the owner of a Discount Bond over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Bond (i) is interest excluded from the owner's gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as other interest on the Bonds, and (ii) is added to the owner's tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Bond. A purchaser of a Discount Bond in the initial public offering at the price for that Discount Bond stated on the cover of this Official Statement who holds that Discount Bond to maturity will realize no gain or loss upon the retirement of that Discount Bond.

Certain of the Bonds ("Premium Bonds") as indicated on the cover of this Official Statement were offered and sold to the public at a price in excess of their stated redemption price (the principal amount) at maturity. That excess constitutes bond premium. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually. No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner's gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Bond, the owner's tax basis in the Premium Bond is reduced by the amount of bond premium that accrues during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Bond for an amount equal to or less than the amount paid by the owner for that Premium Bond. A purchaser of a Premium Bond in the initial public offering at the price for that Premium Bond stated on the cover of this Official Statement who holds that Premium Bond to maturity (or, in the case of a callable Premium Bond, to its earlier call date that results in the lowest yield on that Premium Bond) will realize no gain or loss upon the retirement of that Premium Bond.

Owners of Discount and Premium Bonds should consult their own tax advisers as to the determination for federal income tax purposes of the amount of OID or bond premium properly accruable or amortizable in any period with respect to the Discount or Premium Bonds and as to other federal tax consequences and the treatment of OID and bond premium for purposes of state and local taxes on, or based on, income.

LITIGATION

To the knowledge of the County, no litigation or administrative action or proceeding is pending or threatened to restrain or enjoin, or seeking to restrain or enjoin: the issuance or delivery of the Bonds; the levy and/or collection of taxes to pay the principal of, and interest on, the Bonds; contesting or questioning the proceedings and authority under which the Bonds have been authorized and are to be issued, sold, executed or delivered; or the validity of the Bonds. The County will deliver a certificate to that effect at the time of the original delivery of the Bonds.

The County has been named as a defendant in several lawsuits for which the County believes either that it has adequate self-insurance or insurance coverage in the event of liability or that such liability would not otherwise materially and adversely affect the financial condition of the County.

LEGISLATION AFFECTING ISSUE PRICE

The Arizona Legislature has passed legislation with respect to the treatment of premium and debt (the "Act"). The Act places limitations on the amount and uses of "net premium" which may be received in new-money and refunding general obligation bonds applicable to cities, towns, counties, school districts and community college districts. Under the Act, net premium is defined to be equal to the difference between the par amount of the Bonds and the issue price of the Bonds as determined pursuant to United States Treasury Regulations. The County will issue the Bonds subject to the requirement that the Bonds are not reoffered to produce a net premium associated with the Bonds in excess of 2% of the par value of the Bonds. Any net premium received by the County will be applied in compliance with the limitations of the Act as evidenced by a certificate of the County delivered at the time of the original delivery on the Bonds.

RATINGS

Moody's Investors Service ("Moody's) and Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. ("S&P") have assigned the Bonds uninsured ratings of "Aa3" and "AA-", respectively. Such ratings reflect only the respective views of Moody's and S&P, and any explanation of the meaning or significance of the ratings may only be obtained from the rating agencies. The County furnished to the rating agencies certain information and materials, some of which may not have been included in this Official Statement relating to the Bonds or the County.

Generally, rating agencies base their ratings on such information and materials and on their own investigations, studies and assumptions. There can be no assurance that a rating when assigned will continue for any given period of time or that it will not be lowered or withdrawn entirely by a rating agency if in its judgment circumstances so warrant. Any lowering or withdrawal of a rating may have an adverse effect on the marketability or market price of the Bonds.

CONTINUING SECONDARY MARKET DISCLOSURE

The County has covenanted for the benefit of holders of the Bonds to provide certain financial information and operating data relating to the County by not later than February 1 in each year commencing February 1, 2010 (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events, if material (the "Notice of Material Events"). The Annual Reports, the Notices of Material Events and any other document or information required to be filed by the Continuing Disclosure Undertaking will be filed by the County with each Nationally Recognized Municipal Securities Information Repository ("NRMSIRs") prior to and on June 30, 2009, and after June 30, 2009, with the Municipal Securities Rulemaking Board (the "MSRB") through the MSRB's Electronic Municipal Market Access system, each described in the form of the Continuing Disclosure Undertaking. The specific nature of the information to be contained in the Annual Report and the Notices of Material Events is set forth in "Appendix D – Continuing Disclosure Undertaking."

These covenants have been made in order to assist the underwriters of the Bonds in complying with S.E.C. Rule 15c2-12(b)(5) (the "Rule"). Pursuant to Arizona law, the ability of the County to provide information pursuant to such covenants is subject to annual appropriation to, among other things, cover the costs of preparing and mailing the Annual Report and the Notices of Material Events to each of the NRMSIRs, prior to and on June 30, 2009, and after June 30, 2009, with the MSRB. A failure by the County to comply with these covenants must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

The County has complied with all existing continuing disclosure undertakings relating to the County in all material respects.

FINANCIAL STATEMENTS

Included as Appendix E of this Official Statement are excerpts of the County's Comprehensive Annual Financial Report for the fiscal year ended June 30, 2008. The County has not requested or obtained the consent of the Office of the Arizona Auditor General to include such excerpts in the Official Statement and the Office of the Arizona Auditor General has performed no procedures subsequent to rendering their opinion on such Comprehensive Annual Financial Report.

FINANCIAL ADVISOR

RBC Capital Markets Corporation ("Financial Advisor") serves as the Financial Advisor to the County in connection with the issuance of the Bonds. The fees for Financial Advisor are contingent upon the issuance, sale and delivery of the Bonds.

PIMA COUNTY, ARIZONA
General Economic and Demographic Information

General Information

Pima County, Arizona (the "County") is located in the southern portion of the State of Arizona ("Arizona" or the "State"), with a section of its southern boundary bordering Mexico. The boundaries of the County encompass an area of approximately 9,184 square miles. Organized in 1864 by the Arizona Territorial Legislature as one of the State's four original counties, the County is today the second most populous county in Arizona with an estimated 2008 population of 1,014,023. Approximately 54% of the County's population resides in the City of Tucson, Arizona ("Tucson"), the County seat of government and southern Arizona's largest city.

Organization

The County is governed by a five-member Board, each of whom is elected for a four-year term to represent one of the designated districts within the County. The chair is selected by the Board from among its members. The Board is responsible for establishing the policies of the various County departments and approving the annual budgets of these departments. The Board appoints a County Administrator who is responsible for the general administration and overall operations of the various departments of the County.

Mr. Charles H. Huckelberry was appointed County Administrator in December 1993. From 1987 to 1993, Mr. Huckelberry served as an Assistant County Manager with responsibility for the administration of public works. He served as the Director of Pima County's Department of Transportation and the Flood Control District (the "District") from 1979 to 1987; as Deputy Director of the Department from 1976 to 1979; and as the Department's Manager of Field Engineering from 1974 to 1976. He was self employed as a civil engineering and land surveying consultant for one year. From 1972 to 1973, Mr. Huckelberry was employed as a Research and Development Engineer for the Shell Oil Company. He holds both a Bachelor of Science Degree in Mining Engineering and a Master of Science Degree in Civil Engineering from the University of Arizona and is a registered professional engineer and land surveyor as well as a member of numerous professional organizations.

Mr. Thomas Burke was appointed Finance and Risk Management Director in January 2005 and had served as Deputy Director of Finance from May 2004. Prior to his move to Finance, Mr. Burke served as Deputy Director of Pima County's Department of Natural Resources, Parks and Recreation from 2003 to 2004. From 2000 to 2003, he was a Deputy County Attorney representing various Pima County departments including the County Assessor, County Treasurer and Public Works departments. From 1989 to 1998, Mr. Burke served as the Manager of Pima County's Real Property Services and from 1994 to 1998 also served as the County's Superintendent of Streets

overseeing special taxing districts. During 1998 to 2000, he was a partner in an Arizona law firm representing local governments. Prior to his work with Pima County, Mr. Burke was an attorney with a Tucson law firm from 1983 to 1989 and was a Certified Public Accountant with Ernst & Whinney from 1976 to 1980. Mr. Burke holds a Bachelor of Science in Business Administration with a major in Accounting and a Juris Doctor, both from the University of Arizona, and is licensed as an attorney in the State of Arizona.

Transportation

Tucson is the economic and transportation center of the County, as well as southern Arizona. Tucson is traversed by Interstates 10 and 19, as well as State Highways 77, 83, 85 and 86. Interstate 10 passes through Tucson and connects Tucson with the City of Phoenix, Arizona, to the north and Los Angeles, California, to the west and New Mexico and Texas to the east. Interstate 19 provides access to the City of Nogales, Arizona and Mexico to the south, while U.S. Highway 86 connects with a direct route to the Gulf of California vacation areas. The main line of the Union Pacific Railroad extends across Tucson to the eastern portion of the County. Tucson International Airport, located approximately 20 minutes from Tucson's downtown business area, provides local, regional, national and international air service through several airlines. The airport has an 11,000-ft. lighted, paved primary runway, a 9,100-ft. paved secondary runway and a 7,000-ft paved runway, all of which can accommodate all major types of carriers. The County is also served by Greyhound bus lines and Amtrak.

Economy

The economy of the County is based largely on a variety of service industries, trade, and government employment. Figures from the Arizona Department of Commerce indicate that 381,000 persons were employed, on average (not including the agricultural industry), in the County in 2008. The following table presents the County's average annual total employment by industry for the years indicated:

Services

From 2004 to 2008, the goods producing and service producing industries in the County expanded by 20,300 jobs or 7.2%. The average annual employment in the service-providing industry in 2008 was 248,600. It is anticipated that as the County continues to grow in population and economic activity, the service-providing industry will continue to be a significant contributor. As detailed above, Health Care and Education were a dominating force in the service-providing industry.

Government

Government employment plays an important role in the County with Federal, State and local government employees numbering approximately 80,600 in 2008. This sector expanded by 3,700 jobs from 2004 to 2008. The State of Arizona and the Davis-Monthan Air Force Base are significant contributors to government employment in the County (see "Pima County - Major Employers" listed in the above table). The Davis-Monthan Air Force Base is a major training ground for active duty members on the A-10 "Warthog" aircraft. The facility is also responsible for the education of tactical missile crews. Its storage capacity of 2,500 aircraft is the largest in the world. In the past, Davis-Monthan Air Force Base has been included reportedly on lists of installations considered for closure or realignment by the Defense Base Closure and Realignment Commission. There can be no assurances that Davis-Monthan Air Force Base will not be included on similar lists in the future. Any such closure or realignment would most likely be subject to review and approval by, among others, the Department of Defense and the President of the United States and would have a negative but unquantifiable effect on the County.

Manufacturing

The manufacturing sector continues to be dominated by the high technology industries of aerospace and electronics. Raytheon Missile Systems, the largest manufacturing company in the County, is a major supplier of advanced munitions. Civilian aviation products and services are provided by Bombardier, which has an aircraft maintenance facility in Tucson, and Universal Avionics Systems Corp., which builds and installs advanced instrumentation, communication and navigation systems for civil aircrafts. Texas Instruments manufactures electronic circuitry and data storage devices. Ventana Medical Systems provides computerized medical laboratory equipment.

Average annual employment in the manufacturing sector within the County in 2008 was 27,300, representing 7.2% of the County's total wage and salary employment base. Manufacturing employment during 2007 and 2006 averaged 27,500 and 28,100, respectively.

The following table presents the major manufacturers in the County and Tucson metropolitan area:

The County's proximity to Mexico makes twin plant "maquiladora" operations practical. Components are manufactured in Tucson and transported duty-free to Nogales, Sonora, Mexico, 65 miles south of Tucson, for assembly. Among the companies operating "twin plants" in Tucson and Nogales are General Electric, Samsonite, Motorola, Acco, Moen Faucets and Masterlock. These manufacturers contribute to the County's economy in many ways including the support of numerous suppliers and peripheral industries. The proximity of the Mexican border is more significant to manufacturing concerns given the existence of the North American Free Trade Agreement between Canada, the United States and Mexico. However, the uncertainty of the U.S. and Mexican economies may negatively impact the growth of the previously described manufacturing concerns.

Tourism

Tourism is an important economic mainstay in the County and the Tucson area. The County's climate, historical and cultural sites, location and proximity to vacation areas in California, Mexico, and other Southwest destinations attract vacationers, conventioneers and other visitors. The Metropolitan Tucson Convention and Visitors Bureau estimates that over 757 convention bookings with 264,988 convention delegates visited the Tucson area in fiscal year 2007-08. In the Tucson area, the Bureau estimates that there are approximately 189 hotels and resorts with 15,923 rooms. Points of interest, recreational sites and sight-seeing attractions include the Arizona-Sonora Desert Museum, Kitt Peak National Observatory, Pima Air and Space Museum, Titan Missile Museum, Saguaro National Monument, Mission San Xavier del Bac, Mount Lemmon, Sabino Canyon, Biosphere 2, and numerous resorts and golf courses. In addition, the Tucson metropolitan area is the home of spring training for Major League Baseball's Arizona Diamondbacks and Colorado Rockies.

According to the Arizona Hospitality Research & Resource Center, nearly $2.0 billion was spent by tourists in the County in 2007. These figures include the estimated tourist portion of amusement, bar and restaurant, hotel and motel, and retail gross sales. Shown below are tourist dollars expended in the County and State economies between 2003 and 2008.

Education

The University of Arizona (the "University") provides approximately 10,575 jobs to the area and is an important link to the economic growth of the County. Its presence as a research university has assisted in attracting new business enterprises. The academic organization of the University is comprised of ten undergraduate colleges, five graduate colleges and a number of interdisciplinary programs. Enrollment figures for the fall semester of 2008 were estimated at 38,057 undergraduate and graduate full-time students. This enrollment includes students in continuing education programs, interns and residents, post-doctoral programs and on-campus non-credit students.

Wholesale and Retail Trade

Wholesale and retail trade includes restaurants, hotels, taverns, service stations, automobile repair shops, shopping malls and wholesale dealers. The largest individual employers in the retail sector (companies with more than 1,000 employees) are Wal-Mart Stores, Bashas' Inc., Safeway Stores Inc., Fry's Food and Drug Stores, Walgreen Co., Home Depot, Albertsons-Osco and Crosstown Traders.

The retail sales figures set forth below are based on the sales tax collections within the County excluding penalties, late charges and nontaxable items. The sales tax rate levied by the State on retail sales within the County is 5.6%. In addition, cities and towns within Pima County generally levy a 2% to 4% sales tax. The Pima County Regional Transportation Authority levies a county-wide 0.5% sales tax.

The following table sets forth retail sales figures in the County for the past five full years.

Mining

According to the Arizona Mining Association, Arizona leads the nation in copper production, accounting for 65% of the total U.S. mine production. However, the cyclical nature of this industry has caused some consolidation of its resources to improve production. In the early 1980's, the Arizona copper industry's direct economic impact on the Arizona economy regularly exceeded $1.0 billion, peaking in 1981 at approximately $1.612

billion when the industry employed roughly 25,000 persons. Since that time, employment in this sector has significantly decreased, with employment in the mining industry within the County being approximately 1,900 in 2008, 1,800 in 2007 and 1,600 in 2006.

Agriculture

Agriculture plays a less significant role in the economy of the County as a whole, but a small portion of the County relies on agriculture as its leading economic source. Principal crops harvested are cotton, wheat and hay, as well as vegetables. The following table sets forth the total cash receipts for all crops and livestock products in the County for the most recent five years for which reports are available.

Building Permits

The following tables were compiled from *Arizona Construction Report*, a publication of Arizona Real Estate Center, L. William Seidman Research Institute, College of Business, Arizona State University. The Center obtains its data from county and municipal divisions which issue such permits. Construction is valued on the basis of estimated cost of a project, not on market price or the value of construction at the time the permit is issued. The date at which the permit is issued should not be construed as the date of construction.

Counties are required to adopt a Comprehensive Plan, and cities and towns a General Plan, under Arizona laws adopted in 1998 and 2000. All subsequent rezoning activity must conform to the plan. Most cities and towns and each of the larger counties, including Pima, are required to plan for growth areas and identify the means to provide necessary public services in the future. In addition to environmental and infrastructure elements, an analysis of available water is also required. Pima County's Comprehensive Plan was updated and adopted in 2001. State law requires that every 10 years the plan be redone or updated and approved by the voters. Also, as a result of these laws, counties have broader authority to adopt development impact fees and review lot splitting. Pima County has been implementing the policies of the Comprehensive Plan since its adoption.

APPENDIX B

PIMA COUNTY, ARIZONA
Financial Information

Introduction

The fiscal year for the County is from July 1 through June 30. The County's budget process is an ongoing function. Each fiscal year's process starts with the issuance in December of guidelines to all departments within which budgets must be developed. Department budget requests are submitted in February. A review process then takes place culminating with the County Administrator's submission of a proposed budget to the Board in time for budget hearings in mid-June. State statutes require that a tentative budget be adopted by the Board no later than the third Monday in July. At the time the final budget is adopted, which can be no later than the first Monday in August of each year, the Board of Supervisors holds a public hearing and meeting to determine the tax levy needed to support the budget. Taxes are then assessed and levied no later than the third Monday in August.

Expenditure Limitation

Beginning in fiscal year 1981-82, the County became subject to an annual expenditure limitation which is set by the Arizona Economic Estimates Commission. This limitation is based on the County's annual expenditures for fiscal year 1979-80, with this base adjusted to reflect interim population, cost of living and boundary changes. Certain expenditures are specifically exempt from the limit, including expenditures made from federal funds and bond sale proceeds, as well as debt service payments. The limitations can be exceeded for certain emergency expenditures or if approved by the voters. The Constitution provisions which relate to the expenditure limitation provide three processes to exceed the spending limit: a permanent base adjustment, a one-time override, and a capital project accumulation.

The County's expenditure limitation for the 2007-08 fiscal year was $464,592,697. The County's expenditures for the 2007-08 fiscal year were under the limit. The County's 2008-09 fiscal year expenditure limitation is $489,886,802.

Ad Valorem Taxes

General

Arizona (the "State" or "Arizona") property taxes are divided into two systems, primary and secondary. Secondary property taxes are those taxes imposed for payment of bonded indebtedness, for exceeding a budget, expenditure or tax limitation pursuant to voter approval and for operating and maintaining certain special districts. Primary property taxes are all ad valorem taxes other than secondary property taxes.

Under the primary system, the full cash value of locally-assessed real property (consisting primarily of residential, commercial, industrial, agricultural and unimproved property) cannot increase by more than 10% per year, except under certain circumstances. This limitation does not apply to mines, utilities and railroads which are assessed by the State. Annual tax levies under the primary system are based on the nature of the property taxed and the taxing authority. Primary taxes levied on residential property only are limited to 1% of the limited full cash value of such property. In addition, primary taxes levied on all types of property by counties, cities, towns and community college districts are limited to a maximum increase of 2% over the prior year's levy plus any amount directly attributable to new construction and annexation. The 2% limitation does not apply to primary taxes levied for local school districts. The County does not currently levy its primary tax levy to the maximum allowed under the law.

Secondary assessed valuation represents the value used in determining property tax levies for the payment of principal and interest on bonds, school district voter-approved budget overrides and special district taxes and the calculation of maximum bonded indebtedness allowed under the State's Constitutional debt limit. See "Debt Limitation" herein. Under the secondary system, there is no limitation on annual increases in full cash value of any property. In addition, annual tax levies for voter-approved bonded indebtedness, overrides and special district taxes

are, except as they are otherwise described herein under the subheading "The Bonds – Security and Source of Payment", unlimited.

Arizona law provides for a property valuation "freeze" for certain residential property owners sixty-five years of age and older. Owners of residential property may obtain such freeze against valuation increases (the "Property Valuation Protection Option") if the owner's total income from all sources does not exceed 400% (500% for two or more owners of the same property) of the "Social Security Income Benefit Rate." The Property Valuation Protection Option must be renewed every three years. If the property is sold to a person who does not qualify, the valuation reverts to its current full cash value. Any freeze on increases in full cash value will translate to the secondary assessed value of the affected property as hereinafter described.

Additionally, all property, both real and personal, is assigned a classification to determine its assessed valuation for tax purposes. Each legal classification is defined by property use and has an assessment ratio (a percentage factor) which is multiplied by the limited or full cash values of the property to obtain the assessed valuations.

Tax Procedures

The tax year in Arizona is defined as the calendar year, although tax procedures begin prior to January 1 of each tax year and continue through May of the succeeding calendar year. The first step in the tax process, for taxing entities other than certain special districts, is the determination of the full cash value of each individually-owned parcel of land within the State. Property valuations are established on most property by the individual county assessors, with the State Department of Revenue determining the valuation of centrally assessed properties such as gas, water and electrical utilities, railroads, mines and pipelines. The appropriate property classification assessment ratio is then applied to the full cash value to determine the assessed valuation for such parcel. The assessment ratios utilized over the five-year period 2004-05 through 2008-09 for each class of property are set forth below.

Property Tax Assessment Ratios
2004-05 through 2008-09

Classification (a)	2004-05	2005-06	2006-07	2007-08	2008-09
Mining, Utility, Commercial and Industrial (b)(c)	25%	25%	24.5%	24%	23%
Agriculture and Vacant Land (c)	16%	16%	16%	16%	16%
Owner Occupied Residential	10%	10%	10%	10%	10%
Leased or Rented Residential	10%	10%	10%	10%	10%
Railroad, Private Car Company and Airline Flight Property (d)	21%	21%	22%	21%	(d)

(a) Additional classes of property exist, but seldom amount to a significant portion of a governmental entity's total valuation.

(b) The first $63,242 of full cash value of commercial, industrial and agricultural personal property is exempt from tax for fiscal year 2008-09. This amount is indexed annually for inflation. Any portion of the full cash value in excess of those amounts will be assessed at 24% or 16% as applicable.

(c) Effective January 1, 2007, the assessment ratio for Mining, Utility, Commercial and Industrial property was decreased to 24%. Additionally, this rate will be decreased by one percent annually through 2010, resulting in an assessment ratio of 20% after December 31, 2010.

(d) This percentage is determined annually to be equal to the ratio of (i) the total assessed valuation of all mining, utility, commercial, industrial, and military reuse zone properties and agricultural personal property to (ii) the total full cash (market) value of such properties.

From time to time, bills have been introduced in the Arizona Legislature to reduce the property tax assessment ratios on utility, commercial and/or industrial property and such bills may be introduced in the current or future legislative sessions. The County cannot determine whether any such measures will become law or how they might affect property tax collections for the County.

Delinquent Tax Procedures

The property taxes due to the County are billed, along with State and other taxes, ordinarily in September of the calendar tax year and are due and payable in two installments on October 1 and March 1 and become delinquent on November 1 and May 1. Delinquent taxes are subject to an interest penalty of 16% per annum prorated monthly as of the first day of the month unless the full year's taxes are paid by December 31. After the close of the tax collection period, the County Treasurer prepares a delinquent property tax list and the property so listed is subject to a tax lien sale in February of the succeeding year. In the event that there is no purchaser for the tax lien at the sale, the tax lien is assigned to the State, and the tax lien is reoffered for sale from time to time until such time as the taxes, penalties and interest put on the lien is sold, subject to redemption, for an amount sufficient to cover all delinquent and current taxes.

It should be noted that in the event of bankruptcy of a taxpayer pursuant to the United States Bankruptcy Code (the "Bankruptcy Code"), the law is currently unsettled as to whether a lien can be attached against the taxpayer's property for property taxes levied during the pendency of bankruptcy. Such taxes might constitute an unsecured and possibly noninterest bearing administrative expense payable only to the extent that the secured creditors of a taxpayer are oversecured, and then possibly only on the prorated basis with other allowed administrative claims. It cannot be determined, therefore, what adverse impact bankruptcy might have on the ability to collect ad valorem taxes on a property of a taxpayer within the County. Proceeds to pay such taxes come only from the taxpayer or from a sale of the tax lien on the property.

When a debtor files or is forced into bankruptcy, any act to obtain possession of the debtor's estate, any act to create or perfect any lien against the property of the debtor or any act to collect, assess or recover a claim against the debtor that arose before the commencement of the bankruptcy would be stayed pursuant to the Bankruptcy Code. While the stay of a bankruptcy court may not prevent the sale of tax liens against the real property of a bankrupt taxpayer, the judicial or administrative foreclosure of a tax lien against the real property of a debtor would be subject to the stay of a bankruptcy court. It is reasonable to conclude that "tax sale investors" may be reluctant to purchase tax liens under such circumstances, and, therefore, the timeliness of post bankruptcy petition tax collections becomes uncertain.

It cannot be determined what impact any deterioration of the financial condition of any taxpayer, whether or not protection under the Bankruptcy Code is sought, may have on payment of or the secondary market for the Bonds. Neither the County nor their respective agents or consultants have undertaken any independent investigation of the operations and financial condition of any taxpayer, nor have they assumed responsibility for the same.

(a) Includes general obligation bonds outstanding. Does not include outstanding principal amount of various cities and towns improvement districts' bonded debt and outstanding principal amount of various County improvement districts' bonded debt, as the indebtedness of these districts is presently being paid from special assessments levied against property owners residing within the various improvement districts. Also does not include various fire districts.

Also does not include the obligation of the Central Arizona Water Conservation District ("CAWCD") to the United States of America, Department of the Interior, for repayment of certain capital costs for construction of the Central Arizona Project ("CAP"), a major reclamation project that has been substantially completed by the Department of the Interior. The obligation is evidenced by a master contract between CAWCD and the Department of the Interior. In April of 2003, the United States and CAWCD agreed to settle litigation over the amount of the construction cost repayment obligation, the amount of the respective obligations for payment of the operation, maintenance and replacement costs and the application of certain revenues and credits against such obligations and costs. Under the agreement, CAWCD's obligation for substantially all of the CAP features that have been constructed so far will be set at $1.646 billion, which amount assumes (but does not mandate) that the United States will acquire a total of 667,724 acre feet of CAP water for federal purposes. The United States will complete unfinished CAP construction work related to the water supply system and regulatory storage stages of CAP at no additional cost to CAWCD. Of the $1.646 billion repayment obligation, 73% will be interest bearing and the remaining 27% will be non-interest bearing. These percentages will be fixed for the entire 50-year repayment period, which commenced October 1, 1993. Effectiveness of the agreement is subject

to a number of conditions including settlement of certain Indian community water claims and other water claims and will require certain State legislation. Federal authorizing legislation was enacted in 2004. If the conditions are not met by May 9, 2012, and the parties do not amend the agreement, the agreement will terminate and litigation will resume. If it appears prior to May 9, 2012, that the conditions will not be met by the deadline, the parties can amend the agreement or either party may petition the U.S. District Court to terminate the agreement and resume litigation. It is not possible to predict whether the agreement will become finally effective, be amended, or terminate, or whether litigation will resume. If litigation resumes, it is not possible to predict the outcome of such litigation. CAWCD is a water conservation district having boundaries coterminous with the exterior boundaries of Maricopa, Pima and Pinal Counties. It was formed for the express purpose of paying administrative costs and expenses of the CAP and to assist in the repayment to the United States of the CAP capital costs. Repayment will be made from a combination of power revenues, subcontract revenues (i.e., agreements with municipal, industrial and agricultural water users for delivery of CAP water) and a tax levy against all taxable property within CAWCD's boundaries. At the date of this Official Statement, the tax levy is limited to fourteen cents per $100 of secondary assessed valuation, of which twelve cents is being currently levied. (See Arizona Revised Statutes, Sections 48-3715 and 48-3715.02.) There can be no assurance that such levy limit will not be increased or removed at any time during the life of the contract.

(b) The County's total tax rate shown includes the County's primary and secondary debt service tax rates, the $0.3393 tax rate of the Free Library District, the $0.1000 tax rate of the Central Arizona Project and the $0.0411 tax rate of the Fire District Assistance Tax.

(c) The boundaries of the Pima County Flood Control District are coterminous with those of Pima County; however, the Flood Control District only levies taxes on real property.

(d) The tax rate shown is a weighted average based on each jurisdiction's proportionate amount of secondary assessed valuation.

(e) The combined tax rate includes the tax rate for debt service payments, which is based on the secondary assessed valuation of the entity, and the tax rate for all other purposes such as maintenance and operation and capital outlay, which is based on the primary assessed valuation of the municipality or school district.

(f) The following table lists general obligation bonds authorized but unissued for the County and jurisdictions within the County after the issuance of the County's Bonds.

(a) In 2006, the County received a loan through the Highway Expansion and Extension Loan Program (HELP) of the Arizona Department of Transportation totaling $4.8 million. This loan from the HELP program allowed the County to accelerate by several years the completion of one project that was scheduled to be funded from Federal aid highway revenues in future years. Final payment on this loan which is currently outstanding in the aggregate principal amount of $3.7 million is due in June 2009. HELP loans are payable solely from revenues received by the County from the Arizona Highway User Revenue Fund on a basis junior and subordinate to amounts due on the bonds shown above and all parity bonds. This loan is in addition to the debt listed in this table.

Retirement Plans

A brief description of the various retirement programs in which County employees participate is located in Footnote 9 in the excerpts from the County's Comprehensive Annual Financial Report in Appendix E.

Other Post Employment Benefits

Beginning with the fiscal year that commenced on July 1, 2007, the County implemented Government Accounting Standards Board Statement Number 45, *Accounting by Employers for Post-Employment Benefits Other than Pensions* ("GASB 45"), which requires reporting the actuarially accrued cost of post-employment benefits, other than pension benefits ("OPEB"), such as health and life insurance for current and future retirees. GASB 45 requires that such benefits be recognized as current costs over the working lifetime of employees, and to the extent such costs are not pre-funded, GASB 45 will require the reporting of such costs as a financial statement liability.

The County currently offers its retired employees, their spouses and survivors continuing access to health care insurance through the County's health plan. However, participating retirees must pay 100% of applicable health care insurance premiums. Participating retirees, their spouses and survivors may also be eligible for certain retiree health care benefits under health care programs provided by the State. Employees on long-term disability and their spouses may also qualify for retiree health care benefits through the State. It is expected that substantially all the County employees that reach normal or early retirement age while working for the County will become eligible for such benefits. The County makes no payments for OPEB costs for such retirees, but there is an implicit rate subsidy incurred by the County and described in Note 10 of the Comprehensive Annual Financial Report.

Management Commentary on Financial Condition

The County's revenues for Fiscal Year 2008-09 and 2009-10 are expected to be less than the budgeted or forecasted amounts for such periods, largely due to lower revenues from residential building permits and State-shared tax revenues. In addition, the State of Arizona had anticipated a budget deficit for Fiscal Year 2008-09 of approximately $1.6 billion and an expected deficit for 2009-10 of approximately $3.0 billion because of lower than expected revenues. In January 2009, the State approved a plan designed to eliminate the State's Fiscal Year 2008-09 deficit; depending on State revenue receipts, additional measures may be enacted by the Legislature for Fiscal Year 2008-09. The Legislature is also currently addressing the projected deficit for 2009-10. Although no specific proposals have been adopted for Fiscal Year 2009-10 to address projected deficits, in past years when the State was facing budget difficulties, the State has shifted some of its costs to local jurisdictions either by charging cities, towns and counties additional mandatory payments or by reducing the share of State-shared revenues distributed to the

cities, towns and counties. The County cannot determine whether any such provisions will be enacted or how they may affect the County or its financial position. The County is required by statute to adopt a balanced budget each year and has implemented cost-cutting measures for the current fiscal year and will be incorporating similar measures in its budget for the 2009-10 fiscal year to address the anticipated reduction in State-shared revenues and any potential increased cost shifting from the State to cities, towns and counties. The County has budgeted for an ending General Fund balance for Fiscal Year 2008-09 of at least five percent of annual General Fund revenues.

In 2004, the County closed the County-operated Kino Community Hospital and leased the hospital ground and buildings to University Physicians Healthcare (UPH), a nonprofit corporation, which opened a privately owned and operated hospital on the site. The original lease agreement between the County and UPH required $127 million of fees to be paid to UPH by the County over the first 10 years of the lease, in decreasing amounts, for the transition to a new hospital. At the request of UPH, the County amended its contract with UPH in Fiscal Year 2006-07 to accelerate, but not increase, the payments required by the lease. UPH is continuing efforts to make the hospital financially self sufficient. To date, the County has paid UPH $110 million of the total $127 million pledged. UPH has requested the County to provide additional long-term funding for its operations. The County has not taken action on this matter. Any future decision by the County to alter the agreement with UPH would be made with full consideration of the impact it would have on other operations of the County and the need for the County to continue to maintain a balanced budget.

Based on actual revenues and expenditures through January 31, 2009, the County is projecting the decrease in State revenues to have a minimal impact on the General Fund this Fiscal Year. The County expects the General Fund ending fund balance to be $29.6 million, which is $5.6 million more than $24.0 million budgeted and representing 6.2% of budgeted General Fund revenues. During the current Fiscal year, Pima County has been experiencing actual decreases in State shared revenues greater than the budgeted decreases. As a result, the County implemented a hiring freeze and called for all departments to reduce expenditures by a minimum of an additional 2.5% of budget. Although General Fund revenues and transfers are expected to be $7.9 million less than budgeted, expenditures are expected to be $5.8 million less than budgeted during the current Fiscal Year. Additionally, due to cost saving measures taken by the County in the last part of Fiscal Year 2007-08, the County's actual expenditures for last year were less than anticipated, resulting in the actual beginning fund balance being $7.7 million more than anticipated at the time of the budget preparation.

APPENDIX C

FORM OF OPINION OF BOND COUNSEL

[Closing Date]

Pima County, Arizona
Tucson, Arizona

Ladies and Gentlemen:

We have examined the transcript of proceedings (the "Transcript") relating to the issuance by Pima County, Arizona (the "County") of its $75,000,000 aggregate principal amount of bonds designated the Pima County, Arizona, General Obligation Bonds, Series 2009 (the "Bonds"). The Bonds are issued pursuant to Title 35, Chapter 3, Article 3 of the Arizona Revised Statutes, and under the provisions of an authorizing resolution adopted by the Board of Supervisors of the County on April 7, 2009* (the "Bond Resolution"). The documents in the Transcript include a certified copy of the Bond Resolution. All capitalized terms not defined herein shall have the meanings set forth in the Bond Resolution. We have also examined a conformed copy of a Bond.

Based on this examination, we are of the opinion that, under existing law:

1. The Bonds constitute valid and legal general obligations of the County, and the principal of and interest on the Bonds, unless paid from other sources and subject to bankruptcy laws and other laws affecting creditors' rights and to the exercise of judicial discretion, are to be paid from the proceeds of the levy of ad valorem taxes on all property subject to ad valorem taxes levied by the County, without limitation as to rate or amount. It is required by law that there be levied, assessed and collected, in the same manner as other taxes of the County, an annual tax upon such taxable property in the County sufficient to pay the principal of and interest on the Bonds when due.

2. The interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 as amended (the "Code"), and is not treated as an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations. The interest on the Bonds is exempt from Arizona state income tax. We express no opinion as to any other tax consequences regarding the Bonds.

In giving the foregoing opinion with respect to the treatment of the interest on the Bonds under the tax laws, we have assumed and relied upon compliance with the covenants of the County and the accuracy, which we have not independently verified, of the representations and certifications of the County, contained in the Transcript. The accuracy of those representations and certifications, and the County's compliance with those covenants, may be necessary for the interest on the Bonds to be and to remain excluded from gross income for federal income tax purposes and for certain of the other tax effects stated above. Failure to comply with certain of those covenants subsequent to issuance of the Bonds could cause the interest on the Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

Under the Code, interest on the Bonds is excluded from the calculation of a corporation's adjusted current earnings for purposes of the corporate alternative minimum tax, but interest on the Bonds may be subject to a branch profits tax imposed on certain foreign corporations doing business in the United States and to a tax imposed on excess net passive income of certain S corporations.

---

*Preliminary, subject to change.

The opinions expressed in this letter are based on the law in effect on the date hereof and may be affected by actions taken or omitted or events occurring after the date hereof, and we assume no obligations to revise or supplement this opinion should such law be changed by legislative action, judicial decision, or otherwise, or to determine or to inform any person whether any such actions are taken or omitted or any such events occur.

Respectfully submitted,

We have audited the accompanying financial statements of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and aggregate remaining fund information of Pima County as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of certain departments, two major funds, and the component unit, which account for the following percentages of the assets, liabilities, revenues, and expenses or expenditures of the opinion units affected:

Opinion Unit/Department	Assets	Liabilities	Revenues	Expenses/ Expenditures

Governmental Activities:				
Stadium District	0.09%	0.04%	0.42%	0.42%
School Reserve Fund	0.15%	0.05%	0.51%	0.51%

Pima Health System & Services	100.00%	100.00%	100.00%	100.00%
Aggregate Remaining Fund Information:

Development Services	1.41%	0.98%	2.69%	4.24%
Self Insurance Trust	7.28%	21.25%	5.91%	5.25%

Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the reports of the other auditors.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and aggregate remaining fund information of Pima County as of June 30, 2008, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

As described in Note 1, the County implemented the provisions of the Governmental Accounting Standards Board (GASB) Statement Nos. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions;* 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues;* 49, *Accounting and Financial Reporting for Pollution Remediation Obligations;* and 50, *Pension Disclosures (an amendment of GASB Statements No. 25 and No. 27),* for the year ended June 30, 2008, which represent changes in accounting principles.

The Management's Discussion and Analysis on pages 13 through 29, the Budgetary Comparison Schedules on pages 79 and 80, and the Schedule of Retirement Plans' Funding Progress on pages 81 and 82 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of the other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with *Government Auditing Standards*, we will also issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis

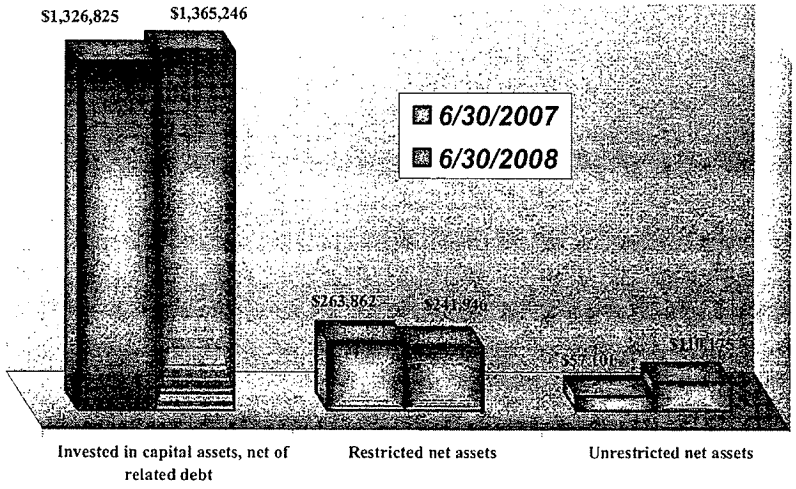
Management's Discussion & Analysis

This section of Pima County's comprehensive annual financial report presents a discussion and analysis of the County's financial performance during the year ended June 30, 2008, and should be read in conjunction with the County's basic financial statements in the following sections. All dollar amounts are expressed in thousands (000's) unless otherwise noted.

FINANCIAL HIGHLIGHTS

- At June 30, 2008, the County's combined assets exceeded combined liabilities (*net* assets) by $1,717,367, an increase of 4.2% from the prior year. Of this amount, $110,175 is available for general government expenses (*unrestricted net assets)*, $241,946 is restricted for specific purposes (*restricted net assets)*, and $1,365,246 is invested in capital assets, net of related debt and accumulated depreciation.

Comparative Composition of Pima County Net Assets



- Of the total fund balances of the County's governmental funds, total fund balance increased $86,917 to $317,577, with $295,068 of this amount available for expenditure. The amount available for expenditure is comprised of $64,974 for the General Fund, $152,643 for the Capital Projects Fund and $77,451 for the County's other governmental funds.

- The General Fund unreserved, undesignated fund balance decreased $13,233 from the previous year to $35,438. This balance represents approximately 7.7% of the County's General fund expenditures and 4.0% of total governmental funds expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: (1) Government-wide financial statements, (2) Fund financial statements, and (3) Notes to the basic financial statements. Required supplementary information is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all County assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation or sick leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, highways and streets, sanitation, health, welfare, culture and recreation, and education and economic opportunity. The business-type activities of the County include Pima Health System & Services, Regional Wastewater Reclamation Department, Development Services and the County's downtown parking garages.

A discretely presented component unit is included in the basic financial statements and consists of a legally separate entity for which the County is financially accountable. The County reports the Southwestern Fair Commission, which operates the County Fairgrounds and the annual Pima County Fair, as a discretely presented component unit.

The government-wide financial statements can be found on pages 31 - 33 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance with applicable State statutes and federal Office of Management and Budget (OMB) budgeting guidelines. All of the funds can be divided into three categories: (1) *governmental funds,* (2) *proprietary funds,* and (3) *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of expendable resources*, as well as on *balances of expendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains fifteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General and Capital Projects funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The governmental fund financial statements can be found on pages 34 - 37 of this report.

Proprietary funds are maintained in two ways. *Enterprise funds* are used to report the same functions presented as *business-type* activities in the government-wide financial statements. The County uses enterprise funds to account for certain health care services, including medical and long-term health care, sewer systems maintenance and operation, real estate-related development services, and parking garage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for risk management, automotive fleet maintenance and operations, printing services, telecommunications, wireless and IT network infrastructure. Because these services predominantly benefit governmental rather than business-type functions, the assets and liabilities of these services have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Regional Wastewater Reclamation Department and Pima Health System & Services operations are considered to be major funds of the County. Data from the other enterprise funds are combined into a single, aggregated presentation. Similarly, the County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the other enterprise and internal service funds are provided in the form of *combining statements* elsewhere in this report.

The proprietary fund financial statements can be found on pages 38 - 41 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs.

The fiduciary fund financial statements can be found on pages 42 - 43 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 44 -78 of this report.

Required Supplementary Information (RSI) is presented concerning the County's General Fund budgetary schedule and the Schedule of Retirement Plans' funding progress. Required supplementary information can be found on pages 79 - 82 of this report.

Combining Statements and Other Schedules referred to earlier provide information for non-major governmental, enterprise, internal service and fiduciary funds and are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 84 - 114 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve as a useful indicator of a government's financial position over time. County assets exceeded liabilities by $1,717,367 at June 30, 2008. The following table shows condensed information for the Schedule of Assets, Liabilities, and Net Assets:

*As restated - See Note 2 in notes to the financial statements

The largest portion of the County's net assets reflects its investment in capital assets (i.e. land, buildings, infrastructure and equipment), less any related outstanding debt used to acquire those assets. As of June 30, 2008, investment in capital assets totaled $1,365,246, comprising approximately 79.5% of total net assets. The County uses a portion of these capital assets to provide services to its citizens, with the other portion available to its citizens for use; consequently, these assets are *not* available for future spending. The $38,421 increase in capital assets, net of related debt, is primarily due to the significant amount of capital project activity that has been completed and capitalized over the past year. Although the County's investments in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net assets represent resources that are subject to external restrictions on how they may be used. As of June 30, 2008, restricted net assets totaled $241,946 and comprised approximately 14.1% of total net assets. This represents a $21,916 decrease in restricted net assets from the $263,862 balance of fiscal year 2006-07.

The remaining balance of the County's net assets represents *unrestricted net assets*, which may be used to meet the County's ongoing obligations to citizens and creditors. As of June 30, 2008, unrestricted net assets totaled $110,175 and comprised approximately 6.4% of total net assets.

Governmental activities

The change in net assets for governmental activities was $43,711, an increase of $3,907 from the prior year. The following table shows details of the changes in net assets for governmental activities:

Key elements of the change in net assets from governmental activities include:

- Revenue from capital grants and contributions increased by $33,587. $23,597 of the increase is due to a change in reporting from fiscal year 2006-07, from "Contributions", a general revenue, to "Capital grants and contributions", a program revenue. The $23,597 change was comprised of $14,708 received from developers for roadways and $8,889 in land contributions. In addition, there was a $4,701 increase in Regional Transportation Authority (RTA) funding, a $1,982 increase in outside contributions to Transportation capital improvement projects for utility infrastructure relocation and a $1,392 increase from the Pima Association of Governments (PAG) HURF funds to repay the HELP loan on a roadway project.

- Property taxes increased by $34,284 as a result of an increase in property valuations for primary and secondary taxes that was partially offset by a decrease in the primary tax rate.

- General government expenses increased by $16,132, of which $11,510 were increases in the General Fund that reflect a 45% increase in personal services, 30% increases in utilities and repair & maintenance, and a 25% increase due to the state-wide Qwest property lawsuit settlement. In addition, there was $3,013 of other postemployment benefits (OPEB) expenses not reported in the prior fiscal year.

- Public Safety expenses increased by $16,884 due to a $14,578 increase within the General Fund as a result of a $9,000 increase in personal services for the Sheriff's department and the addition of $2,047 for OPEB expenses not reported in the prior fiscal year.

- Welfare expenses increased by $9,392 due to an increase in the payments to University Physicians, Inc. from approximately $14,800 to $25,000.

Business-type activities

Business-type activities added $25,868, or 37.2%, of the County's $69,579 change in total net assets for the year ended June 30, 2008. The following table shows changes in net assets for business-type activities:

*As restated - See Note 2 in notes to financial statements

Key elements of the change in net assets from business-type activities include:

- Charges for services revenue increased by $32,945 due primarily to a $30,712 increase in capitation revenue associated with the AHCCCS/ALTCS program for Pima Health System & Services fund. Both the contractual rate and number of members increased for both programs for fiscal year 2007-08 compared to the prior year. This increase was partially offset by a decrease in revenue for Development Services due to a decline in the number of permits issued.

- Capital grants and contributions increased by $22,149 as a result of a change in reporting from the prior year. In fiscal year 2006-07, outside contributions of assets were reported as "Contributions", a general revenue. In the current fiscal year, contributions of $22,910 are reported under "Capital grants and contributions", a program revenue.

- Investment earnings increased by 22%, or $1,211, due to higher cash balances generated from capitation revenue within Pima Health System & Services. Capitation revenue is advanced prior to the payment of related expenses during the fiscal year.

- Expenses for Regional Wastewater Reclamation Department increased by $8,581 due primarily to increased costs for operations, such as employee compensation ($4,846), general and administrative ($2,707) and consultants and professional services ($2,371).

- Expenses for Pima Health System & Services increased by $33,635 due to higher expenses for medical claims that were based on increased member enrollment and rates paid to providers for both the AHCCCS and ALTCS programs.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The County's general government functions are accounted for in the General, Special Revenue, Debt Service, and Capital Project funds. Included in these funds are special districts governed by the Board of Supervisors (i.e. Flood Control, Library and Stadium Districts). The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Major Governmental Funds

General Fund
The General Fund is the chief operating fund of the County. At June 30, 2008, unreserved, undesignated fund balance of the general fund was $35,438 while total fund balance was $70,389. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved, undesignated fund balance and total fund balance to total fund expenditures. Unreserved, undesignated fund balance represents 7.7% of total General Fund expenditures, while total fund balance represents 15.3% of that same amount.

Total fund balance for the General Fund increased $12,829 compared to the prior fiscal year. Revenue increased by $11,911 and reflects the following changes:

- An increase of $16,143 for property taxes was primarily due to higher assessed property valuations that were partially offset by lower tax rates.

- Intergovernmental revenue declined by $4,113 as a result of decreases of $3,000 in State Sales Tax and $789 in Hotel/Motel Tax revenues.

- Charges for services declined by $1,297, as the prior year reported a one-time receipt of $1,235 for the RTA special election.

Expenditures increased by $39,051 as a result of the following changes:

- $11,510 for general government expenditures due to higher personal services reflecting increased rates for salaries and retirement contributions, increased utility costs based on occupation of newly-added County facilities such as the Abrams Public Health Center, higher costs for motor pool charges due to the rising cost of fuel and the settlement of the state-wide Qwest property tax lawsuit.

- $11,798 for public safety expenditures that also reflect higher costs for personal services related to salaries, medical/dental and retirement benefits costs and increased motor pool costs associated with the higher cost of fuel.

- $9,818 for welfare expenditures related to increased payments to University Physicians, Inc. and their management of the Kino Campus.

The excess of revenues over expenditures was $8,069, which is further increased by net operating transfers in of $4,760. During fiscal year 2007-08, funds to be used for the repayment of the 2008 COPs issue were transferred into the General Fund.

Budget to Actual Comparison for the General Fund

Overall, actual revenues were less than budgeted revenues by $611 and actual expenditures were less than budgeted expenditures by $28,233. No variances between the budget to actual amounts were significant enough to affect the County's ability to provide future services.

Capital Projects Fund
Total fund balance for the Capital Projects Fund increased $63,195 compared to the prior fiscal year. Revenue increased by $4,821 and reflects the following changes:

- Intergovernmental revenue increased by $5,996 due to the construction on a larger number of RTA-funded roadway projects and also because of funding from the City of Tucson for utility relocation work on several roadway projects.

- Charges for services revenue is predominately a reflection of developer fees collected for a number of benefit areas. Fiscal year 2007-08 marks the second straight year that this revenue source has declined, dropping $3,578 during the year, as home construction activity continues to be depressed, especially for the Mountain View, San Xavier and Avra Valley benefit areas.

- Miscellaneous revenue increased $2,904 due to the following changes:

    - $237 from the Tucson Unified School District for the Arroyo Chico Detention Basin project to alleviate flooding problems along the High School Wash.

    - $300 from the Continental Family Medical Center for the Continental Health Clinic project for building construction.

    - $768 from Kinder Morgan for the Thomas Jay Park Improvements project to compensate for environmental impact resulting from construction of a new oil pipeline.

    - $1,705 from several companies, such as Tucson Electric Power Co., Southwest Gas, Comcast and Cox Communications, for utility relocation work on several roadway projects.

Capital project expenditures decreased by $63,120 in fiscal year 2007-08 compared to the prior year. The following events identify significant portions of the decrease:

- Building acquisitions decreased significantly relative to the prior year, as the Bank of America building ($25,000) and new emergency communications center ($6,258) were acquired last fiscal year.

- Acquisitions under the Open Space Preservation program decreased by $8,201. In fiscal year 2006-07, significant open space acquisitions totaled $18,768, compared to the following acquisitions totaling $9,920 that occurred in the current fiscal year:

    - Brown property for $4,614
    - Cochie Canyon property for $2,929
    - Tang property for $2,377

- Spending on park improvement projects declined by $5,283 due to the completion of the Flowing Wells Community Center, Curtis Park improvements, Brandi Fenton Park improvements and Picture Rocks Pool.

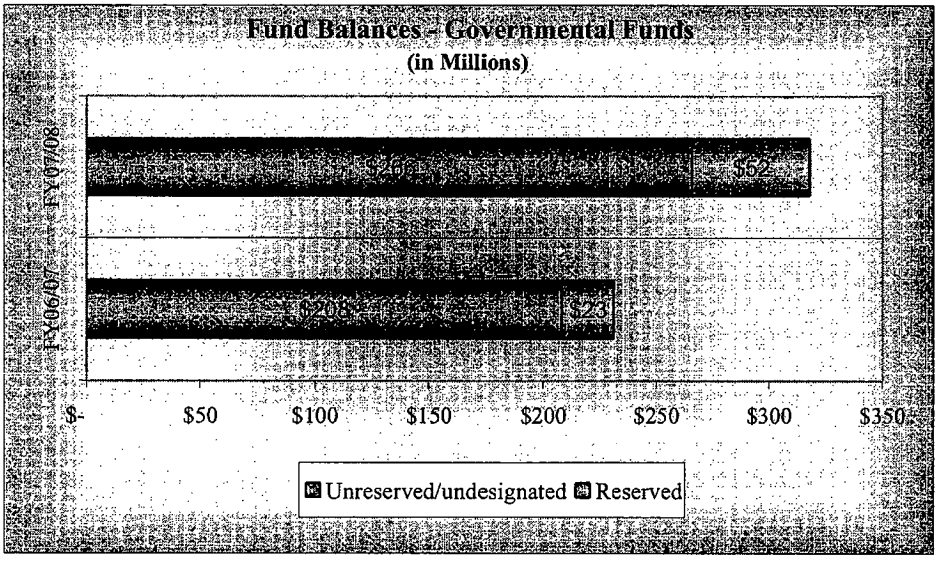
- The Sahuarita landfill expansion project was completed last fiscal year with spending of $6,356 and minimal costs in the current year.

- Spending in the Transportation program decreased by $17,614 due to the completion of several projects last fiscal year. In fiscal year 2006-07, there were 12 roadway projects that expended more than $1,000 compared to 5 in the current year.

The deficiency of revenues under expenditures was $105,698. Other financing sources during the year were the issuance of general obligation bonds of $100,000, transportation bonds of $25,000, and certificates of participation of $50,000, resulting in a net change in fund balance for the Capital Projects Fund of $63,195.

Overview of all governmental funds

At June 30, 2008, the County's governmental funds reported combined fund balances of $317,577, an increase of $86,917 from the prior year. Approximately 84% of the combined fund balances, or $265,532, constitutes unreserved and undesignated fund balance, which is available to meet the County's current and future needs.



The remainder of fund balance is reserved or designated to indicate that it is not available for new spending because it has been committed to the following:

- $29,536 for debt service specifically for the 2008 Certificates of Participation (COPs)
- $12,395 for debt service on various bond and other debt instruments
- $5,985 to reflect inventories and prepaid amounts
- $2,766 for specified programs
- $1,264 to reflect a loan receivable
- $99 for capital repairs and refurbishments

Revenues for governmental functions totaled approximately $804,102 in fiscal year 2007-08, which represents an increase of $42,767 (5.6%) from the previous year.

The following table presents the amount of revenues from various sources and increases or (decreases) from the prior year.

The following provides an explanation of revenues by source that changed significantly over the prior year:

- Taxes Revenues from property taxes increased $33,162 reflecting higher primary tax revenues of $16,143 and secondary tax revenues of $17,019. Increased property tax revenue resulted from higher property valuations that were partially offset by a decrease in the primary tax rate.
- Intergovernmental The $9,242 increase in intergovernmental revenue was due primarily to a $5,996 increase within the Capital Projects Fund previously discussed. In addition, there was a $4,804 increase in grant funding reimbursements for pass-through expenditures in Sheriff Department grants, $1,500 for the Homeland Security grant and $757 from the Arizona DPS Border Crimes grants.
- Charges for services The $4,618 decrease in charges for services revenue resulted from a drop in permits issued and no revenue from RTA for special elections, as previously discussed, for both the General and Capital Projects Funds. In addition, there was a $1,812 decrease in contributions compared to the prior year. However, the Solid Waste Fund reported an increase of $1,096 due to the re-opening of the Sahuarita landfill to commercial traffic.

The following table presents expenditures by function compared to prior year amounts:

Total expenditures in governmental funds increased during fiscal year 2007-08 by $1,815.

- General government expenditures increased by $15,206. Of this amount, 75.7% occurred within the General Fund, which has been previously discussed. Within the Recorder's office, there was an increase of $1,958 due to the conversion from a PC-based to a mainframe system for document storage and retrieval. In addition, the County Attorney's anti-racketeering program had increased costs of $424.

- Public safety expenditures increased by $16,545 primarily due to a $9,000 increase in personal services for the Sheriff's Department that was based on a $1,100 increase in step pay, range adjustments and new positions, a $2,400 pay increase for commissioned & corrections officers, an $1,800 pay increase for civilian positions and a $1,500 and $650 increase in retirement contributions and medical/dental insurance costs, respectively. In addition, there was a $2,000 increase in motor pool charges over last fiscal year.

- Welfare expenditures increased by $9,439 for payments to University Physicians, Inc., as previously discussed under the General Fund section.

- Capital outlay expenditures decreased by $63,120 as previously discussed under the Capital Projects Fund section.

- Debt service principal and interest costs increased $5,986 and $3,674, respectively. The most significant changes were as a result of the issuance of general obligation bonds with increases in both principal and interest of $4,535 and $1,832, respectively.

Proprietary funds

The County's proprietary fund functions are contained in the enterprise and internal service funds. The enterprise funds of the County are Pima Health System and Services, Regional Wastewater Reclamation Department, Development Services and Parking Garages. These business-type activities are accounted for in a similar fashion to private-sector businesses, and the costs for services provided are expected to be covered either fully or in part by current revenues generated, which include fees charged to external users.

The following table presents a comparison of this year's enterprise fund activities with the prior year:

While net operating revenues for the County's Enterprise Funds increased $37,816, operating expenses increased $42,318, resulting in an operating loss of $28,081, an operating loss increase of $4,502 from the prior year. The operating loss was due to reported losses of $25,454 by the Regional Wastewater Reclamation Department, $5,720 by Development Services and $161 by Parking Garages, offset by operating income reported by Pima Health System and Services of $3,254.

Key activity within the enterprise funds for fiscal year 2007-08 includes the following:

- Net patient services revenues increased by $34,376 from fiscal year 2006-07. This is attributable to increased membership enrollment and rates for Pima Health System and Services, which generated increases in capitation revenues.

- Employee compensation expenses increased by $7,671 from fiscal year 2006-07, due to an increase of $4,846 for Regional Wastewater Reclamation Department and $2,419 for Pima Health System & Services. Both increases were primarily due to the Board of Supervisors' approved salary and retirement rate increases, as well as the introduction of the OPEB liability not previously reported.

- Medical claims expense increased by $29,804 due to an increase in the vendor rates and member enrollment for both the AHCCCS and ALTCS programs within Pima Health System and Services during the fiscal year.

- General and administrative expenses increased $3,705, due primarily to sewer relocation projects undertaken by the City of Tucson of $1,285 and to the cost-sharing agreement with the Transportation department for various sewer relocation projects of $964.

- Intergovernmental revenue decreased $6,515, as no revenues were received in the current year from Regional Wastewater Reclamation Department projects completed last fiscal year (i.e. Federal Prison Sewer System).

- Transfers in and out reflect the movement of 2008 COPs funding into and System Development Funding (SDF) out of the Regional Wastewater Reclamation Department. In addition, there was a budgeted transfer out of the Development Services Fund for a building remodel project that was cancelled. These funds, less expenses already incurred, were transferred back into the fund.

Capital Assets and Debt Administration

Capital Assets

The County's investment in capital assets for its governmental and business-type activities as of June 30, 2008 amounted to $2,128,429 (net of accumulated depreciation), an increase of 7.5%. Of the $147,483 increase in net capital assets, $78,537 (53.3%) came from governmental activities and $68,946 (46.7%) came from business-type activities. The County's investment in capital assets consists of land, buildings, sewage conveyance systems, infrastructure, equipment and construction in progress.

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

Major capital asset events during the current fiscal year included the following:

Land increased by $27,520 due primarily to the following acquisitions for governmental activities:

- $4,614 for the Brown property,
- $2,929 for the Cochie Canyon property,
- $2,377 for the Tang property,
- $967 for the Chilton property,
- $1,758 for various other open space acquisitions,
- $3,169 for land acquisition related to flood control projects,
- $2,426 for land acquisition related to transportation road projects.

In addition, the County received contributions in the form of land as follows:

- $6,332 for land under developer-contributed roadways,
- $1,239 for preservation easements on cultural resources projects,
- $864 from the City of Tucson for the Animal Shelter & Jackson Employment Center projects,
- $450 from the Town of Marana for the Library District.

Infrastructure for governmental activities increased by $54,369 due primarily to completion of the following Transportation roadway projects:

- Craycroft Rd. - River to Sunrise for $28,902,
- Valencia Rd. - Mark to Camino de la Tierra for $17,947,
- Colossal Cave Rd. - Camino Loma Alta to Vail for $8,312,
- Sunrise Dr. - Craycroft to Kolb for $6,675,
- Country Club Rd. - 36th to Irvington for $3,337.

In addition, the County received contributions from developers in the form of roadways in the amount of $14,708. Flood Control District had several drainage improvement projects that were completed during the fiscal year in the amount of $4,100.

Sewage conveyance systems increased by $20,766 due primarily to the contribution of developer-built conveyance systems for $23,667, as opposed to any significant project completion.

Construction-in-progress for governmental activities decreased by $19,209, while construction-in-progress for business-type activities increased $36,423. Construction-in-progress for governmental activities decreased due to a decline in spending for all governmental departments, primarily with Transportation and Facilities projects. In contrast, with the sale of Sewer Revenue bonds, spending within the Regional Wastewater Reclamation

Department's program significantly increased by $55,500, which was partially reduced by capitalization of completed projects for $18,600.

The County's infrastructure assets are recorded at historical cost and estimated historical cost in the government-wide financial statements. Additional information regarding the County's capital assets can be found in Note 5 to the financial statements on pages 56-57 of this report.

Long-term Debt

Significant, comparative long-term debt entered into during the last two fiscal years is presented below:

Table 8
Long-Term Debt

	Fiscal Year	
	2007-2008	2006-2007
Bonds issued (at face value):		
General obligation	$ 100,000	$ 95,000
Street and highway revenue	25,000	21,000
Sewer revenue	75,000	50,000
COPs	50,000	30,320
Capital leases	312	
Total	$ 250,312	$ 196,320

During the fiscal year, the county received $100,000 in proceeds from the sale of general obligation bonds and $25,000 from the sale of transportation revenue bonds. As of June 30, 2008, $51,338 of proceeds from general obligation (GO) bonds and $9,914 from transportation revenue (HURF) bonds were unspent. The majority of the general obligation bonds were spent on projects for Facilities Management, Flood Control District, open space and parks and recreational facilities, while proceeds from transportation revenue bonds were allocated to various roadway projects.

In addition, during the fiscal year, the County sold $50,000 in certificates of participation (COPs) primarily to fund wastewater and transportation infrastructure as well as to fund County-wide capital equipment purchases.

Pima County maintains the following ratings for its bonds and COPs as of June 30, 2008:

	Moody's Investor Service	Standard and Poor's
Certificates of Participation	A1	A+
General Obligation	Aa3	AA-
Transportation	A1	AA
Sewer Revenue	A1	A+

State statutes limit the amount of general obligation debt a governmental entity may issue to 15% of its net assessed valuation. The current debt limitation for Pima County is $1,233,059, which is significantly in excess of Pima County's outstanding general obligation debt.

Additional information regarding the County's debt can be found in Note 7 to the financial statements on pages 60-68 of this report.

Economic Factors and Next Year's Budget

General fund

General government revenues, excluding property tax revenues, are budgeted in fiscal year 2008-09 at $158.2 million, approximately $6.2 million less than the amount budgeted for fiscal year 2007-08. The decline of several

types of projected revenues is reflective of slowing in the local and national economies and the significant shift of expenditures from the State of Arizona to local governments. Numerous factors, including a downturn in residential construction, a decline in housing prices, problems in the credit and capital markets and rising energy prices have all contributed to the current financial condition.

As of October 31, 2008, the most current projections of general government revenues for fiscal year 2008-09 indicate an additional decrease of $11 million below the fiscal year 2008-09 budgeted revenues. After the County's adoption of the fiscal year 2008-09 budget, the State legislature shifted additional State costs to Pima County for fiscal year 2008-09. The State is experiencing a deficit estimated as of November 6, 2008 to be $1.2 billion which could result in additional cost shifts to local governments before the end of fiscal year 2008-09.

The adopted budget for fiscal year 2008-09 has expenditures for the General Fund increasing by approximately $12.6 million primarily due to the following:

- $4.8 million to fund the costs of the primary and general elections held in 2008
- $2.6 million net increase in state mandated employer contributions to the various state retirement systems; and $1.1 million net increase in the County's contribution towards the cost of non-retirement benefits
- $2.4 million increase to annualize the cost of fiscal year 2007-08 salary increases awarded to corrections and peace officers
- $2.3 million of additional funding related to detention health care costs
- $1.1 million for increased cost of fuel for vehicles and equipment

As part of its budget for fiscal year 2008-09, the County set aside $7.2 million into the Budget Stabilization Fund in order to prepare for the potential negative financial impacts of cost shifts which the State may impose on the County to balance the State's budget for fiscal year 2008-09.

Transportation

By the end of October 2009, the County is projecting that the fiscal year 2008-09 HURF and VLT revenues received by the County will decrease by $5.8 million below the amount adopted in the fiscal year 2008-09 budget. In an effort to reduce expenditures to deal with the revenue shortfall, the County has initiated cost saving measures within the Transportation department. Additionally, revenues from impact fees are substantially lower than budgeted for fiscal year 2008-09.

Development Services

Consistent with the slowdown in the housing industry for the last two fiscal years, the Development Services department is projecting further decline in housing permits and associated revenues by approximately $5 million (46% of budgeted revenues) in fiscal year 2008-09. The economic situation is not expected to improve in the near future. The County has therefore initiated major cost saving measures within the Development Services department to reduce expenditures.

Regional Wastewater System

As with other activities impacted by real estate development, the number of new connections to the County's sewer system has declined during fiscal year 2008-09 as compared to prior years. The County expects an approximate $10 million reduction in connection fees. To address this, the department is reducing expenditures within the system and requesting rate increases. The County has also requested permission to extend the time limits required by the Arizona Department of Environmental Quality for infrastructure improvements to the system.

Pima Health System and Services (PHS&S)

Effective October 1, 2008, Pima County's ambulatory services contract with the Arizona Healthcare Cost Containment System (AHCCCS) was not renewed. In response to the loss of that contract, the County reduced the budget for PHS&S by $84 million, from the recommended expenditure budget of $312 million to a final adopted budget of $228 million.

PIMA COUNTY, ARIZONA
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2008
(in thousands)

Exhibit A-6

Net change in fund balances - total governmental funds		$ 86,972
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense		
Expenditures for capital assets	$ 105,819	
Less current year depreciation	(51,609)	54,210
Transfers of capital assets between governmental activities and proprietary funds or internal service funds are not reported in the governmental funds but are recognized in the statement of activities		(615)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds but increases long-term liabilities in the statement of net assets. Repayment of the principal of debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items		
Proceeds of long-term debt	(175,312)	
Debt service - principal payments	59,719	
Premium on long-term debt	(1,964)	
Deferred issuance costs	459	
Amortization expense	(138)	(117,236)
Some revenues reported in the statement of activities do not represent the collection of current financial resources and, therefore, are not reported as revenues in the governmental funds.		
Donations of capital assets	23,943	
Property tax revenues	2,313	
Changes to other revenues	(135)	26,121
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds		
Change in compensated absences	(2,215)	
Future postemployment health benefit liability	(8,779)	
Change in landfill liability	(1,089)	
Pollution remediation liability	(1,784)	
Net book value of capital asset disposals	(111)	
Change in reservation of fund balances	(55)	(14,033)
Internal service funds are used by management to charge the costs of certain activities to individual funds. A portion of the net expense of the internal service funds is reported with governmental activities		8,292
Change in net assets of governmental activities		$ 43,711

Note 1: Summary of Significant Accounting Policies

The accounting policies of Pima County (County) conform to U.S. generally accepted accounting principles (GAAP) applicable to governmental units as promulgated by the Governmental Accounting Standards Board (GASB) and the regulatory requirements of the State of Arizona. A summary of the County's significant accounting policies follows.

During the year ended June 30, 2008, Pima County implemented GASB Statements, Nos. 45, 48 and 50, and early implemented GASB Statement No. 49.

GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions,* requires systematic measurement and recognition of other postemployment benefits' (OPEB) cost over employees' years of service and provides information about actuarial accrued liabilities associated with OPEB. Although OPEB is not required to be funded, whether and to what extent progress is being made in funding the liabilities must be disclosed. As a result of the implementation of GASB 45, the County has recorded a net OPEB obligation offset by OPEB expense in the financial statements, related to the postemployment healthcare benefit participation by County retirees and their beneficiaries in Pima County's healthcare benefit plan. Further information regarding this measurement and disclosure is available in Note 10. GASB Statement No. 50, *Pensions Disclosure (an amendment of GASB Statements No. 25 and No. 27)* requires governmental employers to present certain additional pension disclosures in the notes and additional required supplementary information.

The provisions for GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity transfers of Assets and Future Revenues* require that the County disclose pledged revenue that is committed to collateralize or secure debt. Further information is available in Note 7.

The provisions for GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations* require the County to disclose current or potential detrimental effects of existing pollution. Further information is available in Note 6.

A. Reporting Entity

The County is a general-purpose local government that is governed by a separately elected board of Pima County supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations. Therefore, data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended and discretely presented component unit discussed below has a June 30 year-end.

The Pima County Stadium District, a legally separate entity, was formed to promote and establish major league baseball spring training in Pima County. The Pima County Board of Supervisors is the Board of Directors of the District. Acting in the capacity of the Board of Directors, the Pima County Board of Supervisors is able to impose its will on the District. The Board of Directors levies the car rental surcharge rates and the recreation vehicle (RV) park tax for the District. The District is reported

Note 1: Summary of Significant Accounting Policies (continued)

as a special revenue fund (blended component unit) in these financial statements. Complete financial statements for the District can be obtained from the Pima County Department of Finance and Risk Management located at 130 West Congress Street, Tucson, Arizona 85701.

The Pima County Library District was established in 1986 when legislation allowed full taxing authority and the ability to enter into agreements with other jurisdictions for the provision of library services. The Pima County Board of Supervisors is the Board of Directors of the District. The Library District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Pima County Regional Flood Control District was established in 1978. The District is responsible for floodplain management activities for the unincorporated areas of Pima County (except national forests, parks, monuments and Native American Nations), the City of South Tucson, and the Town of Sahuarita. The Pima County Board of Supervisors is the Board of Directors for the Flood Control District. The Regional Flood Control District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Southwestern Fair Commission, Inc. (SFC) is a nonprofit corporation, which manages and maintains the fairgrounds owned by the County and conducts an annual fair and other events at the fairgrounds. The Commission's members are appointed and can be removed at any time by the Pima County Board of Supervisors. Based on these factors, and because SFC does not provide services entirely, or almost entirely to the County, but rather to the general citizenry, SFC is reported as a separate component unit (discrete presentation) in these financial statements. Complete financial statements for SFC can be obtained from the Pima County Department of Finance and Risk Management located at 130 West Congress Street, Tucson, Arizona 85701.

Related Organization

The Industrial Authority of Pima County (Authority) is a legally separate entity that was created to promote economic development and the development of affordable housing. The Authority fulfills its function through the issuance of tax-exempt bonds. The County Board of Supervisors appoints the Authority's Board of Directors. The Authority's operations are completely separate from the County and the County is not financially accountable for the Authority. Therefore, the financial activities of the Authority have not been included in the accompanying financial statements.

B. Basis of Accounting

Primary government:

The government-wide, proprietary funds and fiduciary funds financial statements are presented using the economic resources measurement focus and the accrual basis of accounting with the exception of agency funds, which have no measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds in the fund-based financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method,

Note 1: Summary of Significant Accounting Policies (continued)

revenues are recognized when measurable and available. The County considers all revenues reported in the government funds to be available if the revenues are collected within 30 days after year-end. Revenues that are collected after 30 days are reported as deferred revenues. The County's major revenue sources that are susceptible to accrual are property taxes, intergovernmental and charges for services. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. The County applies grant resources to such programs before using general revenues.

The County's business-type activities and enterprise funds follow FASB Statements and Interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions; and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. The County has chosen the option not to follow FASB statements and interpretations issued after November 30, 1989.

Discretely presented component unit:

SFC's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The Commission's policy is to apply all FASB pronouncements issued after November 30, 1989.

C. Basis of Presentation

The basic financial statements include both government-wide statements and fund-based financial statements. The government-wide statements focus on the County as a whole, while the fund-based financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

Government-wide statements provide information about the primary government and its component units. The statements include a statement of net assets and a statement of activities. These statements report the financial activities of the overall government, except for fiduciary activities. They also distinguish between the governmental and business-type activities of the County and between the County and its discretely presented component unit. Governmental activities are financed primarily through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and segment of its business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions. Program revenues include:

Note 1: Summary of Significant Accounting Policies (continued)

- Charges for services (fines and forfeitures, licenses and permits, and special assessments)
- Operating grants and contributions
- Capital grants and contributions

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes, are reported as general revenues. The net effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities.

Fund-based financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary and fiduciary fund categories. The emphasis of fund-based financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Fiduciary funds are aggregated and reported by fund type.

Proprietary funds are financed mainly by fees and charges received from users of the services provided by the funds' operations. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The **Capital Projects Fund** accounts for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds.

The County reports the following major enterprise funds:

Pima Health System and Services (PHS&S) provides payment for health care services including inpatient hospital care and outpatient clinical care for medical and psychiatric problems, indigent health care under the Arizona Health Care Cost Containment System (AHCCCS), an alternative to Medicaid, home health services and long-term nursing care.

Regional Wastewater Reclamation Department (RWRD) accounts for the management and operation of wastewater treatment and water pollution control programs.

The County reports the following fund types:

Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis. These funds account for fleet maintenance and operation, insurance, graphic services and telecommunications services.

Investment Trust Funds account for assets held by the County Treasurer in an external investment pool and individual investment accounts for the benefit of outside jurisdictions.

Note 1: Summary of Significant Accounting Policies (continued)

Agency Funds account for the assets, held by the County as an agent, for individuals, private organizations or other governmental units. The agency fund is custodial in nature and does not present results of operations.

D. Cash and Investments

Primary government:

For purposes of its statements of cash flows, the County considers only those highly liquid investments, with a maturity period of 3 months or less when purchased, to be cash equivalents. All investments are stated at fair value.

If an individual fund has a deficit balance in the amount on deposit with the County Treasurer at year-end, that balance is reclassified as an amount due to other funds.

Discretely presented component unit:

SFC's cash and cash equivalents consist of short-term, highly liquid investments with original maturities of three months or less.

E. Inventories and Prepaids

The County accounts for its inventories in the Health and Animal Control Fund using the purchase method. Inventories of the Health and Animal Control Fund consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and are offset by a fund balance reserve to indicate that they do not constitute "available spendable resources." These inventories are stated at cost using the first-in, first-out method or average cost method.

During the current fiscal year, Transportation transitioned from the purchase method to the consumption method eliminating the need to report a change in inventory reserve. Purchases are recorded as inventory and expensed when used. Amounts on hand at year-end are shown on the balance sheet as an asset and are offset by a fund balance reserve to indicate that they do not constitute "available spendable resources." Inventories in Transportation are valued at lower of cost or market, cost being determined using the moving average method.

Inventories in the government-wide and proprietary funds' financial statements are recorded as assets when purchased and expensed when consumed.

Inventories of Pima Health System and Services, an enterprise fund, are valued at the lower of cost or market, cost being determined on the first-in, first-out method.

Inventories of RWRD, an enterprise fund, are valued at lower of cost or market, cost being determined using the moving average method.

Inventories of Fleet Services, an internal service fund, are valued at lower of cost or market, cost being determined using the moving average method.

Prepaid expenses/expenditures are accounted for using the consumption method, except for the School Reserve Fund reported as an Other Governmental Fund, which uses the purchase method.

Note 1: Summary of Significant Accounting Policies (continued)

F. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

G. Capital Assets

Capital assets are reported at actual cost or estimated historical cost, if historical records are not available. Donated assets are reported at estimated fair value at the time received.

Capitalization thresholds, depreciation methods and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows (excluding component unit):

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land	All	N/A	N/A
Land improvements	All	Straight Line	20 - 30 Years
Buildings and building improvements	$100	Straight Line	10 - 50 Years
Equipment	$5	Straight Line	4 - 25 Years
Fleet service vehicles	$5	Units of Production based on number of hours or miles	5 - 15 Years
Infrastructure	$100	Straight Line	10 - 50 Years

Discretely presented component unit:

SFC capital assets are reported at actual cost. Depreciation is provided by the straight-line method over the assets' estimated useful life, which range from 3 to 40 years.

H. Investment Earnings

Investment earnings are composed of interest, dividends and net changes in the fair value of applicable investments.

I. Compensated Absences

Compensated absences consist of vacation leave and a calculated amount of sick leave earned by employees based on services already rendered.

Note 1: Summary of Significant Accounting Policies (continued)

Employees may accumulate up to 240 hours of vacation depending upon years of service, but any vacation hours in excess of the maximum amount that are unused at their year-end are forfeited. Upon termination of employment, all unused and unforfeited vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements in Employee Compensation.

Employees may accumulate up to 1920 hours of sick leave. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but are forfeited upon termination of employment. Sick leave benefits do not vest with employees; however employees who are eligible to retire from County service into the Arizona State Retirement System, Public Safety Personnel Retirement System, or Corrections Officer Retirement Plan may request sick leave be converted to annual leave, on a predetermined conversion basis. An estimate of those retirement payouts is accrued as a liability in the government-wide financial statements in Employee Compensation.

Note 2: Net Asset Beginning Balances Restated

The beginning net assets for Governmental Activities were restated due to the addition of Transportation dedicated roadways and land parcels. These dedicated roadways and land parcels were not reported in prior fiscal years.

The following summarizes the restatement of net assets:

Infrastructure	57,843
Land	18,739

In addition, due to restructuring of the Regional Wastewater Reclamation Department Enterprise Fund sewer conveyance assets, beginning net asset balances were restated as follows:

Note 3: Cash and Investments

Primary Government

The County's cash and investment policies are governed by State statutes and by bond covenants. The County Treasurer is authorized to invest public monies in the State Treasurer's Investment Pool; interest bearing savings accounts, certificates of deposit and repurchase agreements in eligible depositories; bonds or other obligations issued or guaranteed by the United States government or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds; specified commercial paper, bonds, debentures and notes issued by corporations organized and doing business in the United States; and bonds of the State of Arizona or any of its counties, cities, towns, or school districts as specified by statute. In addition, the County Treasurer may invest trust funds in fixed income securities of corporations doing business in the United States or District of Columbia.

Credit risk—The State statutes have the following requirements for credit risk:

1. Commercial paper must be rated P1 by Moody's Investors Service or A1 or better by Standard and Poor's rating service.

2. Corporate bonds, debentures and notes must be rated A or better by Moody's Investors Service or Standard and Poor's rating service.

3. Fixed income securities must carry one of the two highest ratings by Moody's Investors Service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk—Statutes require collateral for demand deposits, certificates of deposit and repurchase agreements at 101 percent of all deposits not covered by federal depository insurance.

Concentration of credit risk—Statutes do not include any requirements for concentration of credit risk.

Interest rate risk—Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years and that public operating fund monies invested in securities and deposits have a maximum maturity of 3 years. Investments in repurchase agreements must have a maximum maturity of 180 days.

Foreign currency risk—Statutes do not allow foreign investments.

Deposits—At June 30, 2008, the carrying amount of the County's deposits was $16,506 and the bank balance was $36,096.

Custodial credit risk—Custodial credit risk is the risk that the County will not be able to recover its deposits if a financial institution fails. The County does not have a formal policy with respect to custodial credit risk. As of June 30, 2008, $3,775 of the County's bank balance was exposed to custodial credit risk because it was uninsured and uncollateralized.

Note 3: Cash and Investments (continued)

Investments—At June 30, 2008, the County's investments consisted of $271,549 invested in marketable securities and $639,977 invested in the State Treasurer's Investment Pool. Cash from the County and from externally legally separate governments are pooled to purchase the investments in marketable securities and the State Treasurer's Pool. The State Board of Investment provides oversight for the State Treasurer's pools. The fair value of a participant's position in the pool approximates the value of that participant's pool shares and the participant's shares are not identified with specific investments.

Credit risk—Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The County does not have a formal investment policy with respect to credit risk.

At June 30, 2008, credit risk for the County's investments was as follows:

Investment Type	Rating	Rating Agency	Amount
Commercial paper	A1/P1	S&P / Moody's	$ 39,929
Corporate bonds	A/A1	S&P / Moody's	84,024
Federal Farm Credit Bank	AAA/Aaa	S&P / Moody's	18,536

Tri-party Repurchase agreement	Unrated		1,090
State Treasurer Investment Pool	Unrated		639,977
Total			$ 868,279

Custodial credit risk—For an investment, custodial risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no formal policy with respect to custodial credit risk. Of the County's $911,526 of investments, $267,832, consisting of the commercial paper, corporate bonds, Federal Farm Credit, Federal Home Loan Bank, Fannie Mae and Freddie Mac discount notes, U.S. Treasury notes and tri-party repurchase agreement, is uninsured and held by a counterparty in the County's name in book form. An additional $3,717 in a U.S. Treasury money market fund is held by a counterparty as trustee.

Concentration of credit risk—The County has no formal policy with respect to limiting the amount the Treasurer may invest in any one issuer. The County's exposure as of June 30, 2008 is less than 5% per issuer.

Interest rate risk—Interest rate risk is the risk that changes in interest rates will adversely affect an investment's fair value. The County does not have a formal investment policy with respect to interest rate risk.

The County Treasurer has a fiduciary responsibility to administer those and the County monies under her stewardship. The County Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the County Treasurer determines the fair value of those pooled investments annually at June 30. The County Treasurer's Investment Pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The structure of the Pool does not provide for shares and the County has not provided or obtained any legally binding guarantees to support the value of the participants' investments. The County Treasurer allocates interest earnings to each of the Pool's participants.

Note 6: Claims, Judgments and Risk Management

Risk Management and Claims Liability

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; medical malpractice; environmental claims; and natural disasters. Claims against the County are accounted for in the Self Insurance Trust Fund (the Fund), an internal service fund. Annually, an actuarial evaluation is performed to determine the County's anticipated losses except for environmental, unemployment and dental losses. Environmental losses are based on reported claims and the County risk manager's knowledge and experience. Unemployment and dental losses are based on claims that have been submitted but not yet paid by the Fund. Losses accounted for include reported and paid, reported but unpaid, and incurred but not reported. All liabilities of the Fund except for environmental, unemployment and dental losses are reported at their present value using an expected future investment yield assumption of four percent.

The Fund is liable for any single general or automobile liability claim up to $2,000,000 per occurrence, any workers' compensation claim up to $750,000 per occurrence or any medical malpractice claims in aggregate up to $5,000,000 in any policy year. The County purchases commercial insurance for claims in excess of coverage provided by the Fund and for some other risks of loss. Settled claims have not exceeded insurance coverage in any of the last three fiscal years.

Payment of unemployment and dental claims is fully self-funded. Payment of environmental claims is generally self-funded, although some claims filed could result in past insurers being liable for such losses.

All of the County's departments participate in the Fund. With the exception of environmental, dental, and unemployment losses, charges are based on actuarial estimates of the amounts needed to pay prior and current-year claims. Charges for environmental losses are based on historical experience. Charges for dental and unemployment losses are based on actual claims paid.

The claims liability of $31,205 reported in the Fund at June 30, 2008, is based on estimates of the ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. The ultimate cost of claims includes incremental claim adjustment expenses that have been allocated to specific claims, as well as salvage and subrogation. No other claim adjustment expenses have been included.

	2008	2007
Claims liability - beginning	$ 32,857	$ 35,508
Current-year claims and changes in estimates	10,227	8,118
Claims payment	(11,879)	(10,769)
Claims liability - ending	$ 31,205	$ 32,857

Litigation

Pima County is a defendant in a number of court actions. In the opinion of County management, the final disposition of these actions, if unfavorable, will not have a material effect upon the County's financial statements.

Pollution Remediation - El Camino del Cerro Site

The County has estimated and reported an environmental liability of $1,784 in the government-wide financial statements for governmental activities (in noncurrent liabilities). Remediation efforts are currently underway at the El Camino del Cerro site which is approximately bordered by the Santa Cruz River on the west, Interstate 10 on the east and north of El Camino del Cerro Road. The groundwater contamination is suggested to resonate from the municipal and solid waste landfill operated on the site from 1973 to 1977.

In communication with the Arizona Department of Environmental Quality, the County has begun remediation efforts that will include a groundwater pump-and-treat system.

The estimated liability was calculated based upon the expected future outlays associated with the cost of one to three pump-and-treat systems for one to two years. The estimate of one pump-and-treat system for one year was considered to be a better estimate than any other amount.

There is potential for changes due to increased costs associated with sewage disposal costs, construction costs for extraction wells and/or changes in the estimated extent of contamination.

There are no estimated recoveries at this time.

The County maintains a revolving line of credit with Bank of America National Trust and Savings Association to meet its short-term cash needs. At June 30, 2008, the County had an outstanding balance of $0. Advances on the line of credit are payable on demand. The credit line is secured by the County's general taxing authority.

Line of credit	$0	$ 112,053	$112,053	$0

Note 9: Landfill Liabilities

SOLID WASTE LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS:

State and Federal laws and regulations require the County to place a final cover on its solid waste landfill sites when these sites stop accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after their closure. Although closure and post-closure care costs will not be paid until near or after the date the landfills stop accepting waste, the County records a portion of these closure and post-closure care costs as a long-term liability in each period, based on landfill capacity used. The $18,419 reported as landfill closure and post-closure care long-term liability within the governmental activities represents the cumulative amount reported to date, based on the percentage used of each landfill's total estimated capacity. The County will recognize the remaining estimated cost of closure and post-closure care of $5,819 as the remaining estimated capacities are used. These amounts are based on what it would cost to perform all closure and post-closure care in the fiscal year ended June 30, 2008; actual costs may change due to inflation, changes in technology, or changes in regulations.

Landfill Site	Capacity Used June 30, 2008	Estimated Remaining Service Life
Ajo *	100%	0 Year
Sahuarita **	44%	25 Years
Tangerine	88%	2 Years

*Life extending facility development options are presently being considered for the Ajo Landfill, including vertical and/or horizontal expansion.

**Sahuarita's facility has incurred a decrease in annual solid waste tipping, because of this the expected service life of the landfill has increased.

The County plans to fund the estimated closure and post-closure care costs with proceeds of general obligation bonds and with solid waste tipping fees.

Note 9: Landfill Liabilities (continued)

According to state and federal laws and regulations, the County must comply with the local government financial test requirements that assure the County can meet the costs of landfill closure, post-closure, and corrective action when needed. The County is in compliance with these requirements. The Ina Road Landfill facility is closed to municipal solid waste and only receives green waste and construction debris. It is not subject to the closure and post-closure cost requirements referred to above. Pima County estimates that it will cost approximately $9,520 when closure occurs and plans to fund the cost with proceeds of general obligation bonds and with solid waste tipping fees. At this time, there is no closure date available, and there is no known pollution.

Pension Plan Descriptions

The County contributes to the Arizona State Retirement System **(ASRS),** the Corrections Officer Retirement Plan **(CORP),** the Public Safety Personnel Retirement System **(PSPRS),** consisting of Pima County Sheriffs and Pima County - County Attorney Investigators, and the Elected Officials Retirement Plan **(EORP).** The **EORP** and the **PSPRS** - Pima County, County Attorney Investigators, are not described due to their relative insignificance to the County's financial statements. Benefits are established by state statute and generally provide retirement, death, long-term disability, survivor, and health insurance premium benefits. The retirement benefits are generally paid at a percentage, based on years of service, of the retirees' average compensation. Long-term disability benefits vary by circumstance, but generally pay a percentage of the employee's monthly compensation. Health insurance premium benefits are generally paid as a fixed dollar amount per month towards the retiree's healthcare insurance premiums, in amounts based on whether the benefit is for the retiree or for the retiree and his or her dependents.

The **ASRS** administers a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health insurance premium plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan that covers employees of the State of Arizona and employees of participating political subdivisions, including general employees of the County, and school districts. The **ASRS** is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

The **PSPRS** administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers Pima County Sheriff's public safety personnel who are regularly assigned hazardous duty as employees of the State of Arizona or one of its political subdivisions. The **PSPRS,** acting as a common investment and administrative agent, is governed by a five-member board, known as The Fund Manager, and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

The **CORP** administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers certain employees of the State of Arizona's Departments of Corrections and Juvenile Corrections, and County employees whose primary duties require direct inmate contact. The **CORP** is governed by The Fund Manager of **PSPRS** and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

Each plan issues a publicly available financial report that includes its financial statements and required supplementary information. A report may be obtained by contacting the applicable plan.

Actuarial methods and assumptions

The contribution requirements for the year ended June 30, 2008 were established by the June 30, 2006 actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plans and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on 1) the plans as understood by the County and plans' members and include the types of benefits in force at the valuation date, and 2) the pattern of sharing benefit costs between the County and plans' members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant actuarial methods and assumptions used are the same for all plans and related benefits (unless noted), and the actuarial methods and assumptions used to establish the fiscal year 2008 contribution requirements, are as follows:

	PSPRS	CORP
Actuarial valuation date	June 30, 2006	June 30, 2006

Postemployment Healthcare Plan

Retiree Insurance Program

Employees retiring from Pima County service, who receive monthly income from any of the Arizona State individual retirement plans, are eligible to continue medical and dental insurance coverage at group rates through the County (the Program). It is a single-employer plan and the benefits and premium rates are approved by the Board of Supervisors on an annual basis for active and retired members. Although Pima County does not explicitly pay a portion of the retiree's premiums, because of the inclusion of this risk class in the insured pool, there is an implicit rate subsidy or "premium rate differential" that is incurred by the County. No separate financial report is provided for the Program.

Funding Policy

The Program is currently funded on a pay-as-you-go basis.

Note 14: Subsequent Event

On May 13, 2008, PHS&S was notified that their ambulatory services contract with AHCCCS serving Pima and Santa Cruz counties would not be renewed. Effective October 1, 2008, PHS&S would be only providing care to an estimated 3,000 members that are both eligible through AHCCCS and Arizona Long Term Care System. This results in a reduction of approximately 27,000 members and $84 million in reduced revenues and expenses. As a result of this contract termination, PHS&S has implemented a plan to significantly reduce expenses, initially through a reduction in workforce of 53 employees, effective September 30, 2008.

The Bonds will be dated the date of initial delivery thereof and will bear interest, calculated on the basis of a 360-day year of twelve 30-day months, from such date to the maturity or prior redemption of each of the Bonds at the rates per annum established by the Accepted Bid, the first interest payment date to be July 1, 2009, interest payable semiannually thereafter on each January 1 and July 1 during the term of the Bonds, the Bonds to be in the denomination of $5,000 each or integral multiples thereof, in fully registered form. Interest will be paid on each interest payment date by check mailed by the Paying Agent (as hereinafter defined) to each registered owner of the Bonds at the address shown on the registration book of the Registrar (as hereinafter defined) on the Record Date (as described in Section 12 hereof), or by wire transfer to any securities depository or, upon two days' prior written request delivered to the Paying Agent specifying a wire transfer address in the continental United States, to any registered owner of at least $1,000,000 aggregate principal amount of Bonds. Principal of the Bonds, at maturity or upon redemption prior to maturity, will be payable upon presentation and surrender at the designated office of the Paying Agent. The Bonds will mature (or be subject to mandatory redemption) on July 1 in the years and in the amounts as follows:

Section 5. Prior Redemption.

A. Optional Redemption. The Bonds maturing on or before July 1, 2019 are not subject to call for redemption prior to their respective maturity dates. The Bonds maturing on or after July 1, 2020 are subject to call for redemption on any date on or after July 1, 2019 at the election of the County, in whole or in part from maturities selected by the County and within any maturity by lot, by the payment of a redemption price equal to the principal amount of each Bond called for redemption plus accrued interest to the date fixed for redemption, without premium.

B. Notice of Redemption. Notice of redemption will be given by mail to the registered owners of the Bonds at the address shown on the bond register maintained by the Registrar not less than 30 days nor more than 60 days prior to the specified redemption date. Neither failure to give such notice, nor any defect therein, with respect to any Bond shall affect the regularity of the proceedings for redemption of any other Bond.

C. Effect of Call for Redemption. On the date designated for redemption by notice given as herein provided, the Bonds so called for redemption shall become and be due and payable at the redemption price provided for redemption of such Bonds on such date, and, if

moneys for payment of the redemption price and accrued interest are held in separate accounts by the Paying Agent, interest on such Bonds or portions of Bonds so called for redemption shall cease to accrue, such Bonds shall cease to be entitled to any benefit or security hereunder and the owners of such Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof and accrued interest and such Bonds shall be deemed paid and no longer outstanding.

D. Redemption of Less Than All of a Bond. The County may redeem a portion of any Bond in $5,000 increments. In that event, the registered owner shall submit the Bond for partial redemption and the Paying Agent shall make such partial payment and the Registrar shall cause to be issued a new Bond in a principal amount which reflects the redemption so made to be authenticated and delivered to the registered owner thereof.

Section 6. Use of Bond Proceeds.

A. Any premium received for the Bonds shall be deposited in the Interest Account.

B. The balance of the proceeds from the sale of the Bonds shall be set aside and used for the following purposes (including the allocable expenses of issuance) authorized at the Bond Elections. The allocation set forth below is subject to the reserved right of the Board of Supervisors under Arizona Revised Statutes Section 35-456 to modify the determination of the voted purposes for which the Bonds were issued on or before retirement of the Bonds.

C. Pending any disbursement(s) as set forth in subsection B above, the County Treasurer is directed to invest the proceeds from the sale of the Bonds in the State Treasurer's Local Government Investment Pool (LGIP); provided, however, that the County, acting through the County Administrator or its Finance and Risk Management Director, may at any time provide other written investment instructions to the County Treasurer and the County Treasurer, to the extent that such investments are lawful, is authorized and directed to invest the monies designated in the written instructions in the investments set forth in the instructions.

Section 7. Form of Bonds.

A. The Bonds shall be in substantially the form of Exhibit B, attached hereto and incorporated by reference herein, with such necessary and appropriate omissions, insertions and variations as are permitted or required hereby or by the Notice Inviting Bids for the Purchase of General Obligation Bonds and are approved by those officers executing the Bonds and the execution thereof by such officers shall constitute conclusive evidence of such approval.

B. The Bonds may have notations, legends or endorsements required by law, securities exchange rule or usage. Each Bond shall show the date of its authentication and registration.

Section 8. Book Entry Only System.

A. The Bonds will initially be issued to and registered in the name of Cede & Co., as nominee of the Depository Trust Company ("DTC"), an automated clearinghouse for securities transactions, which will act as securities depository for the Bonds. One fully registered Bond, in the aggregate principal amount of each maturity, will initially be registered in the name of and held by Cede & Co., as nominee for DTC.

B. So long as the book entry only system is in effect, beneficial ownership interests in the Bonds will be available in book entry form only through direct or indirect participants in DTC, in the principal amount of $5,000 or any integral multiple thereof. Beneficial owners of the Bonds will not receive certificates representing their interests in the Bonds and will not be deemed to be registered owners of the Bonds.

C. So long as the book entry only system is in operation, principal of and interest on the Bonds will be payable by the Paying Agent to Cede & Co., as nominee of DTC, which organization consequently bears sole responsibility for remitting such principal and interest to its direct and indirect participants for subsequent credit or disbursement to the beneficial owners of the Bonds.

D. In the event the County determines not to continue the DTC book entry only system or DTC determines to discontinue providing its services with respect to the Bonds and the County does not select another qualified securities depository, the County shall cause the Registrar to deliver to DTC for redistribution to beneficial owners of the Bonds one or more Bonds in such principal amount or amounts, in denominations of $5,000 and any integral multiple thereof, and registered in such name or names, as DTC shall designate.

Section 9. Execution of Bonds.

A. The Bonds shall be executed for and on behalf of the County by the Chairman of the Board of Supervisors and attested by the Clerk of the Board of Supervisors by their facsimile signatures.

B. If an officer whose signature is on a Bond no longer holds that office at the time the Bond is authenticated and registered, the Bond shall nevertheless be valid.

C. A Bond shall not be valid or binding until authenticated by the manual signature of an authorized officer of the Registrar. The signature shall be conclusive evidence that the Bond has been authenticated and issued under this Resolution.

Section 10. Mutilated, Lost or Destroyed Bonds. In case any Bond becomes mutilated, destroyed or lost, the County shall cause to be executed and delivered a new Bond of like date and tenor in exchange and substitution for and upon the cancellation of such mutilated Bond or in lieu of and in substitution for such Bond destroyed or lost, upon the registered owner's paying the reasonable expenses and charges of the County in connection therewith and, in the case of a Bond destroyed or lost, upon the registered owner filing with the Clerk of the Board of Supervisors and the Registrar evidence satisfactory to the County and the Registrar that such Bond was destroyed or lost, and furnishing the County with a sufficient indemnity Bond pursuant to Section 47-8405, Arizona Revised Statutes.

Section 11. Acceptance of Bid.

A. The bid of the winning bidder attached hereto as Exhibit A for the purchase of the Bonds is hereby accepted and the Bonds are hereby ordered sold to such purchaser in accordance with the terms of such bid and the terms and conditions of the Notice Inviting Bids for the Purchase of General Obligation Bonds. The Bonds will bear interest at the rates set forth in the Accepted Bid.

B. The County Administrator or his designee is hereby authorized and directed to cause the Bonds to be delivered to the purchaser upon receipt of payment therefor and satisfaction of the other conditions for delivery thereof in accordance with the terms of the sale.

C. The County Treasurer and the Finance and Risk Management Director of the County are each authorized and directed to return security deposits received from unsuccessful bidders for the purchase of the Bonds.

Section 12. Registrar and Paying Agent.

A. The County will employ an agency where Bonds may be presented for registration of transfer (the "Registrar") and an office or agency where Bonds may be presented for payment (the "Paying Agent"). The County may appoint one or more co-Registrars or one or more additional Paying Agents. The Registrar and Paying Agent may make reasonable rules and set reasonable requirements for their respective functions with respect to the owners of the Bonds.

B. Initially, U.S. Bank National Association will act as Registrar and Paying Agent with respect to the Bonds. The County may change the Registrar or Paying Agent without notice to or consent of owners of the Bonds and the County may act in any such capacity.

C. Each Paying Agent will be required to agree in writing that the Paying Agent will hold in trust for the benefit of the owners of the Bonds all money held by the Paying Agent for the payment of principal of and interest and any premium on the Bonds.

D. The Registrar may appoint an authenticating agent acceptable to the County to authenticate Bonds. An authenticating agent may authenticate Bonds whenever the Registrar may do so. Each reference in this Resolution to authentication by the Registrar includes authentication by an authenticating agent acting on behalf and in the name of the Registrar and subject to the Registrar's direction.

E. The Registrar shall keep a register of the Bonds, the registered owners of the Bonds and of transfer of the Bonds. When Bonds are presented to the Registrar or a co-Registrar with a request to register a transfer, the Registrar will register the transfer on the registration books if its requirements for transfer are met and will authenticate and deliver one or more Bonds registered in the name of the transferee of the same principal amount, maturity and rate of interest as the surrendered Bonds. Any Bond or Bonds may be exchanged at the designated office of the Registrar for a Bond or Bonds of the same maturity date and aggregate principal amount as the surrendered Bond or Bonds. The "Record Date" for the Bonds will be the close of business of the Registrar on the 15th day of the month preceding an interest payment date. Bonds presented to the Registrar for transfer after the close of business on the Record Date and before the close of business on the next subsequent interest payment date will be registered in the name of the transferee but the interest payment will be made to the registered owners shown on the books of the Registrar as of the close of business on the Record Date.

F. The Registrar shall authenticate Bonds for original issue in up to $75,000,000 aggregate principal amount upon the written request of the County Administrator or his designee. The aggregate principal amount of Bonds outstanding at any time may not exceed that amount except for replacement Bonds as to which the requirements of the Registrar and the County are met.

Section 13. Tax Levy for Payment. For the purpose of providing for the payment of interest on the Bonds herein authorized and to create a redemption fund for the purpose of paying the Bonds at their respective maturity dates, there will be levied on all of the taxable property in the County a continuing, direct, annual, ad valorem tax sufficient to pay the principal of and interest on the Bonds as they become due, unlimited as to rate or amount. Upon collection, said taxes will be placed in separate funds to be designated "Interest Fund" and "Redemption Fund" and the taxes therein will be applied solely for the purpose of payment of principal of and interest on the Bonds and for no other purpose whatsoever until all of the Bonds authorized hereunder have been fully paid, satisfied and discharged.

Section 14. Resolution a Contract. This Resolution shall constitute a contract between the County and the registered owners of the Bonds and shall not be repealed or amended in any manner which would impair, impede or lessen the rights of the registered owners of the Bonds then outstanding.

Section 15. Tax Covenants.

A. The County recognizes that the purchasers and owners of the Bonds will have accepted them on and paid a price for them reflecting the understanding that interest thereon is excludable from gross income of the owners thereof for federal income tax purposes under laws in force at the time the Bonds are delivered. In this connection, the County covenants that it will use, and will restrict the use and investment of, the proceeds of the Bonds in such manner and to such extent as may be necessary so that (i) the Bonds will not constitute private activity bonds, arbitrage bonds or hedge bonds under Section 141, 148 or 149 of the Code, or to be treated other than as bonds to which Section 103(a) of the Code applies, and (ii) the interest on the Bonds will not be an item of tax preference under Section 57 of the Code. For purposes of this Section 15, the "Code" means, collectively, the Internal Revenue Code of 1986, as amended, the Treasury Regulations (whether temporary or final) promulgated pursuant thereto, and any amendments or successor provisions thereto, any official rulings, announcements, notices, procedures and judicial determinations regarding any of them.

B. The County further covenants that (i) it will take or cause to be taken such actions that may be required of it for the interest on the Bonds to be and remain excluded from gross income for federal income tax purposes; (ii) it will not take or authorize to be taken any actions that would adversely affect that exclusion; (iii) it, or persons acting for it, will, among other acts of compliance, (a) apply the proceeds of the Bonds to the governmental purposes of the borrowing; (b) restrict the yield on investment property acquired with the proceeds; (c) make timely and adequate payments of to the federal government as required under the Tax Compliance Certificate of the County, to be dated as of the date of issuance of the Bonds (the "Tax Compliance Certificate") relating to the Bonds; (d) maintain books and records and make calculations and reports; and (e) refrain from certain uses of those proceeds, and, as applicable, of property financed with such proceeds all in such manner and to the extent necessary to assure that exclusion of that interest under the Code.

C. The County Administrator or his designee is authorized to (i) make or effect any election, selection, designation, choice, consent, approval or waiver on behalf of the County with respect to the Bonds as the County is permitted to make or give under the federal income tax laws, including, without limitation, any of the elections provided for in Section 148(f)(4)(C) of the Code or available under Section 148 of the Code, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Bonds or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments of penalties, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments, as determined by that officer, which actions shall be in writing and signed by that officer; (ii) take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the County, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Bonds; and (iii) give one or more appropriate certificates, for inclusion in the transcript of proceedings for the Bonds, setting for the reasonable expectations of the County regarding the amount and use of all the proceeds of the Bonds, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Bonds.

D. The County authorizes the creation by the County Administrator or his designee of a fund that is hereinafter referred to as the "Rebate Fund," and any other such accounts or sub-accounts as necessary or advisable in order to comply with the foregoing covenants and the Tax Compliance Certificate. The County will comply with the rebate requirements set forth in the Tax Compliance Certificate.

E. The County Administrator or his designee is hereby authorized to execute on behalf of the County the Tax Compliance Certificate. The Tax Compliance Certificate shall constitute a certification, representation and agreement of the County and no investment shall be made of the proceeds of the Bonds herein authorized nor of the money in the accounts established hereunder in violation of the expectations and covenants prescribed by the Tax Compliance Certificate. The Tax Compliance Certificate shall constitute an agreement of the County to follow certain covenants which may require the County to take certain actions (including the payment of certain amounts to the United States Treasury) or which may prohibit certain actions (including the establishment of certain funds) under certain conditions as specified in the Tax Compliance Certificate.

F. The County further recognizes that Section 149(a) of the Code requires the Bonds to be issued and to remain in fully registered form in order for interest thereon to be excludable from gross income for purpose of federal income taxation under laws in force at the time the Bonds are delivered. In this connection, the County agrees that it will not take any action to permit the Bonds to be issued in, or converted into, bearer or coupon form if such action would cause interest on the Bonds to be included in gross income for federal income tax purposes.

Section 16. Continuing Disclosure Undertaking. The County also recognizes that the initial purchaser of the Bonds may be required to comply with Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "Rule"), in connection with purchasing or selling the Bonds as an underwriter. In order to assist the initial purchaser in complying with the Rule, the County will enter into a Continuing Disclosure Undertaking with respect to the Bonds, and a Continuing Disclosure Undertaking in substantially the form presented to the Board of Supervisors is hereby approved. The County Administrator or his designee is hereby authorized and directed to execute and deliver the Continuing Disclosure Undertaking and to do all such acts and things necessary to carry out the terms and intent of the Continuing Disclosure Undertaking.

Section 17. Official Statement. The County Administrator or his designee is hereby authorized and directed to prepare or authorize to be prepared, and to complete, a final Official Statement (the "Official Statement") relating to the original issuance of the Bonds in substantially the form of the Preliminary Official Statement (the "Preliminary Official Statement") prepared in connection with the original issuance of the Bonds, with such additions, deletions and modifications consistent with this Resolution as shall be approved by the County Administrator or his designee. If and to the extent applicable, the County Administrator or his designee shall certify or otherwise represent that the Preliminary Official Statement, in original or revised form, is a "deemed final" official statement (except for permitted omissions) of the County as of a particular date and that a completed version is a "final" official statement for purposes of the Rule. The distribution and use of the Preliminary Official Statement and the

final Official Statement by the County and the original purchaser of the Bonds is hereby authorized, ratified, confirmed and approved.

The Chairman or any member of this Board of Supervisors and the County Administrator or his designee are each further authorized to use and distribute, or authorize the use and distribution of, any supplements in connection with the original issuance of the Bonds as may be necessary or appropriate, and to sign and deliver, on behalf of the County, the Official Statement and such certificates in connection with the accuracy of the Preliminary Official Statement and the Official Statement and any amendment thereto as may be necessary or appropriate.

Section 18. Severability. If any section, paragraph, subdivision, sentence, clause or phrase of this Resolution is for any reason held to be illegal or unenforceable, such decision will not affect the validity of the remaining portions of this Resolution. The Board of Supervisors hereby declares that the County would have adopted this Resolution and each and every other section, paragraph, subdivision, sentence, clause or phrase hereof and authorized the issuance of the Bonds pursuant hereto irrespective of the fact that any one or more sections, paragraphs, subdivisions, sentences, clauses or phrases of this Resolution may be held illegal, invalid or unenforceable.

Section 19. Ratification of Actions. All actions of the officers, employees, and agents of the County which conform to the purposes and intent of this Resolution and which further the issuance and sale of the Bonds as contemplated by this Resolution whether heretofore or hereafter taken shall be and are hereby ratified, confirmed and approved. Any change made in the Notice Inviting Bids for the Purchase of General Obligation Bonds that does not conform to the prior order of this Board of Supervisors is hereby ratified. The proper officers and agents of the County are hereby authorized and directed to do all such acts and things and to execute and deliver all such documents on behalf of the County as may be necessary to carry out the terms and intent of this Resolution.

Section 20. Emergency. It is necessary to utilize an emergency clause with this Resolution to make the award of the contract for the purchase of the Bonds effective immediately, thereby committing the purchaser to the interest rates the Bonds will bear, transferring the market risk of changes in interest rate levels from the County to the purchaser and permitting delivery of and payment for the Bonds to occur as soon as is possible.

WHEREAS, the immediate operation of the provisions of this Resolution is necessary for the preservation of the public peace, health and safety of the County, an emergency is hereby declared to exist, and this Resolution is enacted as an emergency measure and will be in full force and effect from and after its passage, adoption and approval by the Board of Supervisors of the County, and it is hereby exempt from the referendum provisions of the Constitution and laws of the State of Arizona.

The principal and any premium will be paid when due to the registered owner upon surrender of this bond for payment at the designated office of the Paying Agent, which on the original issue date is the designated corporate trust office of U.S. Bank National Association.

This bond is one of an issue of bonds in the total principal amount of $75,000,000 of like tenor except as to maturity date, rate of interest and number, issued by the County to provide funds to make those certain public improvements approved by a majority vote of qualified electors voting at elections duly called and held in and for the County on May 20, 1997, May 18, 2004 and May 16, 2006, pursuant to a resolution of the Board of Supervisors of the County duly adopted prior to the issuance hereof, and pursuant to the Constitution and laws of the State of Arizona relative to the issuance and sale of such bonds.

For the punctual payment of this bond and the interest hereon and for the levy and collection of ad valorem taxes sufficient for that purpose, the full faith and credit of the County are hereby irrevocably pledged.

Upon collection, said taxes will be placed in separate funds to be designated "Interest Fund" and "Redemption Fund" and the taxes therein will be applied solely for the purpose of payment of principal of and interest on the bonds and for no other purpose whatsoever until all the bonds authorized hereunder have been fully paid, satisfied, and discharged.

This bond is issued under the provisions of Title 35, Chapter 3, Article 3 of the Arizona Revised Statutes (the "Act") and a Resolution adopted by the Board of Supervisors of the County on April 7, 2009 (the "Resolution"). Reference is hereby made to the Act and the Resolution referred to above for the provisions thereof, including the provisions with respect to the rights, obligations, duties and immunities of the County and the owners of bonds issued thereunder, to all of which the registered owner of this bond, by acceptance of this bond, assents.

The bonds maturing on or before July 1, 2019 are not subject to call for redemption prior to their respective maturity dates. The bonds maturing on or after July 1, 2020 are subject to call for redemption on any date on or after July 1, 2019 at the election of the County, in whole or in part from maturities selected by the County and within any maturity by lot, by the payment of a redemption price equal to the principal amount of each bond called for redemption plus accrued interest to the date fixed for redemption, without premium.

Notice of redemption will be given by mail to the registered owners of the bonds at the address shown on the bond register maintained by the Registrar not less than 30 days nor more than 60 days prior to the specified redemption date.

The initial Registrar and Paying Agent is U.S. Bank National Association (the "Registrar" and the "Paying Agent," as applicable). The Registrar or Paying Agent may be changed by the County without notice and the County may serve in such capacities.

This bond is transferable by the registered owner in person or by attorney duly authorized in writing at the designated office of the Registrar upon surrender and cancellation of this bond, but only in the manner and subject to the limitation and upon payment of the charges provided in the Resolution. Upon such transfer, a new bond or bonds of the same aggregate principal amount, maturity and interest rate will be issued to the transferee in exchange. The Registrar may require an owner, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Resolution. The County has chosen the 15th day of the month preceding an interest payment date as the record date for this issue of bonds. Should this bond be submitted to the Registrar for transfer during the period commencing after the close of business on the record date and continuing to and including the next subsequent interest payment date, ownership will be transferred in the normal manner but the interest payment will be made payable to and mailed to the registered owner as shown on the Registrar's books at the close of business on the record date.

The Registrar may but need not register the transfer of a bond which has been selected for redemption and need not register the transfer of any bond for a period of 15 days before a selection of bonds to be redeemed. If the transfer of any bond which has been called or selected for call for redemption in whole or in part is registered, any notice of redemption which has been given to the transferor will be binding upon the transferee and a copy of the notice of redemption will be delivered to the transferee along with the bond or bonds.

Bonds of this issue are issuable only in fully registered form in the denomination of $5,000 each or integral multiples of $5,000. This bond may be exchanged at the designated office of the Registrar for a like aggregate principal amount of bonds of the same maturity in authorized denominations upon the terms set forth in the Resolution.

The County, the Registrar and the Paying Agent may treat the registered owner of this bond as the absolute owner for the purpose of receiving principal, interest and any premium and for all other purposes and none of them shall be affected by any notice to the contrary.

It is hereby certified and recited that all conditions, acts and things required by the Constitution and laws of the State of Arizona to exist, to occur and to be performed precedent to and in the issuance of this bond exist, have occurred and have been performed and that the issue of bonds of which this is one, together with all other indebtedness of the County, is within every debt and other limit prescribed by the Constitution and laws of the State of Arizona, and that due provision has been made for the levy and collection of a direct, annual ad valorem tax upon all of the taxable property in the County for the payment of this bond and of the interest hereon as each becomes due, unlimited as to rate or amount.

The County has caused this bond to be executed by the Chairman of its Board of Supervisors and attested by the Clerk of its Board of Supervisors, which signatures may be facsimile signatures.

THE BONDS

Authorization and Use of Funds

The Bonds are being issued pursuant to the authority contained in Title 35, Chapter 3, Article 3, Arizona Revised Statutes, and more specifically under the provisions of a resolution ordering the sale of Bonds adopted by the Board of Supervisors of Pima County, Arizona (the "Board") on February 17, 2009 and an authorizing Resolution to be adopted by the Board on April 7, 2009 (collectively the "Bond Resolution"). The Bonds are issued for the purpose of (i) funding various capital projects in the County and (ii) paying costs relating to the issuance of the Bonds.

The Bonds offered herein represent portions of the aggregate principal amount authorized to be issued by the voters of the County at elections held on May 20, 1997, May 18, 2004 and May 16, 2006. After the issuance of the Bonds, the County will have $303,681,000 principal amount of authorized but unissued general obligation bonds.

General Description

The Bonds will be dated the date of initial delivery thereof and will be issued in the form of fully registered bonds in denominations of $5,000 or any integral multiple thereof. As described below under the heading "Book-Entry-Only System", the Bonds will be registered in the name of Cede & Co., as registered owner or "Owner" and nominee of The Depository Trust Company ("DTC"), New York, New York. So long as DTC, or its nominee, Cede & Co., is the registered Owner of all of the Bonds, all payments on the Bonds will be made directly to DTC.

The Bonds will bear interest from their dated date, payable semiannually on January 1 and July 1 (each an "Interest Payment Date"), commencing July 1, 2009. Interest on the Bonds will be paid by the paying agent,

initially U.S. Bank National Association or its successors (the "Paying Agent"), to the Owners thereof as shown on the registration books maintained by the bond registrar, initially U.S. Bank National Association or its successors (the "Bond Register"), at the close of business on the fifteenth day of the month preceding each Interest Payment Date or if such day is a Saturday, Sunday or holiday on the next preceding business day (the "Record Date"). So long as the Bonds are in DTC's book-entry-only system, and thereafter at the written request and expense of the owners of $1,000,000 or more in aggregate principal amount of Bonds delivered to the Bond Registrar prior to a Record Date, interest and principal will be paid by wire transfer to a bank account in the continental United States.

Security and Source of Payment

The Bonds are direct and general obligations of the County and are payable as to both principal and interest from ad valorem taxes to be levied on all taxable property within the County, without limitation as to rate or amount. General obligation bonds heretofore and hereafter issued by the County have and will have an equal claim with the Bonds upon the proceeds of taxes levied for debt service by the County.

Redemption

The Bonds maturing on or before July 1, 2019 are not subject to call for redemption prior to their respective maturity dates. The Bonds maturing on or after July 1, 2020 are subject to call for redemption on any date on or after July 1, 2019 at the election of the County, in whole or in part from maturities selected by the County and within any maturity by lot, by the payment of a redemption price equal to the principal amount of each Bond called for redemption plus accrued interest to the date fixed for redemption, without premium.

Notice of Redemption

Notice of redemption of any Bond will be mailed to the registered owner of the Bond or Bonds being redeemed at the address shown on the Bond Register maintained by the Bond Registrar not more than sixty (60) nor less than thirty (30) days prior to the date set for redemption. Failure to give proper notice of redemption shall not affect the redemption of any Bond for which proper notice was given.

Book-Entry-Only System

THE INFORMATION PROVIDED UNDER THIS SUBHEADING "BOOK-ENTRY-ONLY SYSTEM" HAS BEEN PROVIDED BY DTC. NO REPRESENTATION IS MADE BY THE COUNTY, BOND COUNSEL, OR THE FINANCIAL ADVISOR AS TO THE ACCURACY OR ADEQUACY OF SUCH INFORMATION PROVIDED BY DTC OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC

is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond Resolution. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Bond Registrar and Paying Agent as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption payments on the Bonds will be made by the Paying Agent to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the Paying Agent, on payable dates in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Paying Agent, disbursement of such payments to Direct Participants will be the

responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Paying Agent or the County. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

NEITHER THE COUNTY NOR THE BOND REGISTRAR WILL HAVE RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (2) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE BONDS UNDER THE BOND RESOLUTION; (3) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE BONDS; (4) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM, IF ANY, OR INTEREST DUE WITH RESPECT TO THE BONDS; (5) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF BONDS; OR (6) ANY OTHER MATTERS.

So long as Cede & Co. is the registered owner of the Bonds, as nominee for DTC, references herein to "Owner" or registered owners of the Bonds (other than under the caption "TAX MATTERS") shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of such Bonds.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference shall only relate to those permitted to act (by statute, regulation or otherwise) on behalf of such Beneficial Owners for such purposes. When notices are given, they shall be sent by the County or the Paying Agent to DTC only.

LEGAL MATTERS

Certain legal matters incident to the authorization, issuance and sale of the Bonds by the County are subject to the approving opinion of Squire, Sanders & Dempsey L.L.P., Bond Counsel to the County. Copies of such opinion will be available at the time of delivery of the Bonds. The form of opinion is included as Appendix C to this Official Statement. Fees of Bond Counsel will be paid from Bond proceeds.

TAX MATTERS

In the opinion of Squire, Sanders & Dempsey L.L.P., Bond Counsel, under existing law: (i) interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; and (ii) interest on the Bonds is exempt from Arizona State income tax. Bond Counsel expresses no opinion as to any other tax consequences regarding the Bonds.

The opinion on tax matters will be based on and will assume the accuracy of certain representations and certifications, and continuing compliance with certain covenants, of the County contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of the County's certifications and representations or the continuing compliance with the County's covenants.

The opinion of Bond Counsel is based on current legal authority and covers certain matters not directly addressed by such authority. It represents Bond Counsel's legal judgment as to exclusion of interest on the Bonds from gross income for federal income tax purposes but is not a guaranty of that conclusion. The opinion is not

binding on the Internal Revenue Service ("IRS") or any court. Bond Counsel expresses no opinion about (i) the effect of future changes in the Code and the applicable regulations under the Code or (ii) the interpretation and the enforcement of the Code or those regulations by the IRS.

The Code prescribes a number of qualifications and conditions for the interest on state and local government obligations to be and to remain excluded from gross income for federal income tax purposes, some of which require future or continued compliance after issuance of the obligations. Noncompliance with these requirements by the County may cause loss of such status and result in the interest on the Bonds being included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. The County has covenanted to take the actions required of it for the interest on the Bonds to be and to remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion. After the date of issuance of the Bonds, Bond Counsel will not undertake to determine (or to so inform any person) whether any actions taken or not taken, or any events occurring or not occurring, or any other matters coming to Bond Counsel's attention, may adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds or the market prices of the Bonds.

Under the Code, the exclusion of interest from gross income for federal income tax purposes may have certain adverse federal income tax consequences on items of income, deduction or credit for certain taxpayers, including financial institutions, certain insurance companies, recipients of Social Security and Railroad Retirement benefits, those that are deemed to incur or continue indebtedness to acquire or carry tax-exempt obligations, and individuals otherwise eligible for the earned income tax credit. The applicability and extent of these and other tax consequences will depend upon the particular tax status or other tax items of the owner of the Bonds. Although a portion of the interest on certain tax-exempt obligations earned by certain corporations may be subject to a federal corporate alternative minimum tax, interest on certain tax-exempt obligations issued in 2009 and 2010, such as the Bonds, is excluded from that calculation of federal alternative minimum tax. Bond Counsel will express no opinion regarding those consequences.

Payments of interest on tax-exempt obligations, including the Bonds, are generally subject to IRS Form 1099-INT information reporting requirements. If a Bond owner is subject to backup withholding under those requirements, then payments of interest will also be subject to backup withholding. Those requirements do not affect the exclusion of such interest from gross income for federal income tax purposes.

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress, and legislation affecting the exemption of bonds or interest thereon for purposes of State of Arizona taxation may be considered by the Arizona Legislature. Court proceedings may also be filed the outcome of which could modify the tax treatment of obligations such as the Bonds. There can be no assurance that legislation enacted or proposed or clarification of the Code or of Arizona law after the date of issuance of the Bonds will not have an adverse effect on the tax status of interest on the Bonds or the market value of the Bonds.

Prospective purchasers of the Bonds should consult their own tax advisers regarding pending or proposed federal and state tax legislation and court proceedings, and prospective purchasers of the Bonds at other than their original issuance at the respective prices indicated on the cover of this Official Statement should also consult their own tax advisers regarding other tax considerations such as the consequences of market discount, as to all of which Bond Counsel expresses no opinion.

Bond Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the County or the beneficial owners regarding the tax status of interest on the Bonds in the event of an audit examination by the IRS. The IRS has a program to audit tax-exempt obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the IRS does audit the Bonds, under current IRS procedures, the IRS will treat the County as the taxpayer and the beneficial owners of the Bonds will have only limited rights, if any, to obtain and participate in judicial review of such audit. Any action of the IRS, including but not limited to selection of the Bonds for audit, or the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the market prices for the Bonds.

Original Issue Discount and Original Issue Premium

Certain of the Bonds ("Discount Bonds") as indicated on the cover of this Official Statement were offered and sold to the public at an original issue discount ("OID"). OID is the excess of the stated redemption price at maturity (the principal amount) over the "issue price" of a Discount Bond. The issue price of a Discount Bond is the initial offering price to the public (other than to bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of the Discount Bonds of the same maturity is sold pursuant to that offering. For federal income tax purposes, OID accrues to the owner of a Discount Bond over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Bond (i) is interest excluded from the owner's gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as other interest on the Bonds, and (ii) is added to the owner's tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Bond. A purchaser of a Discount Bond in the initial public offering at the price for that Discount Bond stated on the cover of this Official Statement who holds that Discount Bond to maturity will realize no gain or loss upon the retirement of that Discount Bond.

Certain of the Bonds ("Premium Bonds") as indicated on the cover of this Official Statement were offered and sold to the public at a price in excess of their stated redemption price (the principal amount) at maturity. That excess constitutes bond premium. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually. No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner's gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Bond, the owner's tax basis in the Premium Bond is reduced by the amount of bond premium that accrues during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Bond for an amount equal to or less than the amount paid by the owner for that Premium Bond. A purchaser of a Premium Bond in the initial public offering at the price for that Premium Bond stated on the cover of this Official Statement who holds that Premium Bond to maturity (or, in the case of a callable Premium Bond, to its earlier call date that results in the lowest yield on that Premium Bond) will realize no gain or loss upon the retirement of that Premium Bond.

Owners of Discount and Premium Bonds should consult their own tax advisers as to the determination for federal income tax purposes of the amount of OID or bond premium properly accruable or amortizable in any period with respect to the Discount or Premium Bonds and as to other federal tax consequences and the treatment of OID and bond premium for purposes of state and local taxes on, or based on, income.

LITIGATION

To the knowledge of the County, no litigation or administrative action or proceeding is pending or threatened to restrain or enjoin, or seeking to restrain or enjoin: the issuance or delivery of the Bonds; the levy and/or collection of taxes to pay the principal of, and interest on, the Bonds; contesting or questioning the proceedings and authority under which the Bonds have been authorized and are to be issued, sold, executed or delivered; or the validity of the Bonds. The County will deliver a certificate to that effect at the time of the original delivery of the Bonds.

The County has been named as a defendant in several lawsuits for which the County believes either that it has adequate self-insurance or insurance coverage in the event of liability or that such liability would not otherwise materially and adversely affect the financial condition of the County.

LEGISLATION AFFECTING ISSUE PRICE

The Arizona Legislature has passed legislation with respect to the treatment of premium and debt (the "Act"). The Act places limitations on the amount and uses of "net premium" which may be received in new-money and refunding general obligation bonds applicable to cities, towns, counties, school districts and community college districts. Under the Act, net premium is defined to be equal to the difference between the par amount of the Bonds and the issue price of the Bonds as determined pursuant to United States Treasury Regulations. The County will issue the Bonds subject to the requirement that the Bonds are not reoffered to produce a net premium associated with the Bonds in excess of 2% of the par value of the Bonds. Any net premium received by the County will be applied in compliance with the limitations of the Act as evidenced by a certificate of the County delivered at the time of the original delivery on the Bonds.

RATINGS

Moody's Investors Service ("Moody's) and Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. ("S&P") have assigned the Bonds uninsured ratings of "Aa3" and "AA-", respectively. Such ratings reflect only the respective views of Moody's and S&P, and any explanation of the meaning or significance of the ratings may only be obtained from the rating agencies. The County furnished to the rating agencies certain information and materials, some of which may not have been included in this Official Statement relating to the Bonds or the County.

Generally, rating agencies base their ratings on such information and materials and on their own investigations, studies and assumptions. There can be no assurance that a rating when assigned will continue for any given period of time or that it will not be lowered or withdrawn entirely by a rating agency if in its judgment circumstances so warrant. Any lowering or withdrawal of a rating may have an adverse effect on the marketability or market price of the Bonds.

CONTINUING SECONDARY MARKET DISCLOSURE

The County has covenanted for the benefit of holders of the Bonds to provide certain financial information and operating data relating to the County by not later than February 1 in each year commencing February 1, 2010 (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events, if material (the "Notice of Material Events"). The Annual Reports, the Notices of Material Events and any other document or information required to be filed by the Continuing Disclosure Undertaking will be filed by the County with each Nationally Recognized Municipal Securities Information Repository ("NRMSIRs") prior to and on June 30, 2009, and after June 30, 2009, with the Municipal Securities Rulemaking Board (the "MSRB") through the MSRB's Electronic Municipal Market Access system, each described in the form of the Continuing Disclosure Undertaking. The specific nature of the information to be contained in the Annual Report and the Notices of Material Events is set forth in "Appendix D – Continuing Disclosure Undertaking."

These covenants have been made in order to assist the underwriters of the Bonds in complying with S.E.C. Rule 15c2-12(b)(5) (the "Rule"). Pursuant to Arizona law, the ability of the County to provide information pursuant to such covenants is subject to annual appropriation to, among other things, cover the costs of preparing and mailing the Annual Report and the Notices of Material Events to each of the NRMSIRs, prior to and on June 30, 2009, and after June 30, 2009, with the MSRB. A failure by the County to comply with these covenants must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

The County has complied with all existing continuing disclosure undertakings relating to the County in all material respects.

FINANCIAL STATEMENTS

Included as Appendix E of this Official Statement are excerpts of the County's Comprehensive Annual Financial Report for the fiscal year ended June 30, 2008. The County has not requested or obtained the consent of the Office of the Arizona Auditor General to include such excerpts in the Official Statement and the Office of the Arizona Auditor General has performed no procedures subsequent to rendering their opinion on such Comprehensive Annual Financial Report.

FINANCIAL ADVISOR

RBC Capital Markets Corporation ("Financial Advisor") serves as the Financial Advisor to the County in connection with the issuance of the Bonds. The fees for Financial Advisor are contingent upon the issuance, sale and delivery of the Bonds.

Services

From 2004 to 2008, the goods producing and service producing industries in the County expanded by 20,300 jobs or 7.2%. The average annual employment in the service-providing industry in 2008 was 248,600. It is anticipated that as the County continues to grow in population and economic activity, the service-providing industry will continue to be a significant contributor. As detailed above, Health Care and Education were a dominating force in the service-providing industry.

Government

Government employment plays an important role in the County with Federal, State and local government employees numbering approximately 80,600 in 2008. This sector expanded by 3,700 jobs from 2004 to 2008. The State of Arizona and the Davis-Monthan Air Force Base are significant contributors to government employment in the County (see "Pima County - Major Employers" listed in the above table). The Davis-Monthan Air Force Base is a major training ground for active duty members on the A-10 "Warthog" aircraft. The facility is also responsible for the education of tactical missile crews. Its storage capacity of 2,500 aircraft is the largest in the world. In the past, Davis-Monthan Air Force Base has been included reportedly on lists of installations considered for closure or realignment by the Defense Base Closure and Realignment Commission. There can be no assurances that Davis-Monthan Air Force Base will not be included on similar lists in the future. Any such closure or realignment would most likely be subject to review and approval by, among others, the Department of Defense and the President of the United States and would have a negative but unquantifiable effect on the County.

Manufacturing

The manufacturing sector continues to be dominated by the high technology industries of aerospace and electronics. Raytheon Missile Systems, the largest manufacturing company in the County, is a major supplier of advanced munitions. Civilian aviation products and services are provided by Bombardier, which has an aircraft maintenance facility in Tucson, and Universal Avionics Systems Corp., which builds and installs advanced instrumentation, communication and navigation systems for civil aircrafts. Texas Instruments manufactures electronic circuitry and data storage devices. Ventana Medical Systems provides computerized medical laboratory equipment.

Average annual employment in the manufacturing sector within the County in 2008 was 27,300, representing 7.2% of the County's total wage and salary employment base. Manufacturing employment during 2007 and 2006 averaged 27,500 and 28,100, respectively.

The following table presents the major manufacturers in the County and Tucson metropolitan area:

The County's proximity to Mexico makes twin plant "maquiladora" operations practical. Components are manufactured in Tucson and transported duty-free to Nogales, Sonora, Mexico, 65 miles south of Tucson, for assembly. Among the companies operating "twin plants" in Tucson and Nogales are General Electric, Samsonite, Motorola, Acco, Moen Faucets and Masterlock. These manufacturers contribute to the County's economy in many ways including the support of numerous suppliers and peripheral industries. The proximity of the Mexican border is more significant to manufacturing concerns given the existence of the North American Free Trade Agreement between Canada, the United States and Mexico. However, the uncertainty of the U.S. and Mexican economies may negatively impact the growth of the previously described manufacturing concerns.

Tourism

Tourism is an important economic mainstay in the County and the Tucson area. The County's climate, historical and cultural sites, location and proximity to vacation areas in California, Mexico, and other Southwest destinations attract vacationers, conventioneers and other visitors. The Metropolitan Tucson Convention and Visitors Bureau estimates that over 757 convention bookings with 264,988 convention delegates visited the Tucson area in fiscal year 2007-08. In the Tucson area, the Bureau estimates that there are approximately 189 hotels and resorts with 15,923 rooms. Points of interest, recreational sites and sight-seeing attractions include the Arizona-Sonora Desert Museum, Kitt Peak National Observatory, Pima Air and Space Museum, Titan Missile Museum, Saguaro National Monument, Mission San Xavier del Bac, Mount Lemmon, Sabino Canyon, Biosphere 2, and numerous resorts and golf courses. In addition, the Tucson metropolitan area is the home of spring training for Major League Baseball's Arizona Diamondbacks and Colorado Rockies.

According to the Arizona Hospitality Research & Resource Center, nearly $2.0 billion was spent by tourists in the County in 2007. These figures include the estimated tourist portion of amusement, bar and restaurant, hotel and motel, and retail gross sales. Shown below are tourist dollars expended in the County and State economies between 2003 and 2008.

Education

The University of Arizona (the "University") provides approximately 10,575 jobs to the area and is an important link to the economic growth of the County. Its presence as a research university has assisted in attracting new business enterprises. The academic organization of the University is comprised of ten undergraduate colleges, five graduate colleges and a number of interdisciplinary programs. Enrollment figures for the fall semester of 2008 were estimated at 38,057 undergraduate and graduate full-time students. This enrollment includes students in continuing education programs, interns and residents, post-doctoral programs and on-campus non-credit students.

Pima County Community College offers two-year programs in vocational and technical education. Total student enrollment for Pima County Community College for 2007-08 was estimated at 73,740 students.

Wholesale and Retail Trade

Wholesale and retail trade includes restaurants, hotels, taverns, service stations, automobile repair shops, shopping malls and wholesale dealers. The largest individual employers in the retail sector (companies with more than 1,000 employees) are Wal-Mart Stores, Bashas' Inc., Safeway Stores Inc., Fry's Food and Drug Stores, Walgreen Co., Home Depot, Albertsons-Osco and Crosstown Traders.

The retail sales figures set forth below are based on the sales tax collections within the County excluding penalties, late charges and nontaxable items. The sales tax rate levied by the State on retail sales within the County is 5.6%. In addition, cities and towns within Pima County generally levy a 2% to 4% sales tax. The Pima County Regional Transportation Authority levies a county-wide 0.5% sales tax.

The following table sets forth retail sales figures in the County for the past five full years.

Financial Institutions

The Federal Deposit Insurance Corporation (FDIC) collects deposit balances for commercial and savings banks as of June 30 of each year. The following table illustrates the summary of bank deposits of all FDIC-insured institutions within the County for the past five fiscal years. As of June 30, 2008, there were 22 institutions with 194 offices in the County, with a deposit balance of $11,215 million.

Mining

According to the Arizona Mining Association, Arizona leads the nation in copper production, accounting for 65% of the total U.S. mine production. However, the cyclical nature of this industry has caused some consolidation of its resources to improve production. In the early 1980's, the Arizona copper industry's direct economic impact on the Arizona economy regularly exceeded $1.0 billion, peaking in 1981 at approximately $1.612

billion when the industry employed roughly 25,000 persons. Since that time, employment in this sector has significantly decreased, with employment in the mining industry within the County being approximately 1,900 in 2008, 1,800 in 2007 and 1,600 in 2006.

Agriculture

Agriculture plays a less significant role in the economy of the County as a whole, but a small portion of the County relies on agriculture as its leading economic source. Principal crops harvested are cotton, wheat and hay, as well as vegetables. The following table sets forth the total cash receipts for all crops and livestock products in the County for the most recent five years for which reports are available.

Building Permits

The following tables were compiled from *Arizona Construction Report*, a publication of Arizona Real Estate Center, L. William Seidman Research Institute, College of Business, Arizona State University. The Center obtains its data from county and municipal divisions which issue such permits. Construction is valued on the basis of estimated cost of a project, not on market price or the value of construction at the time the permit is issued. The date at which the permit is issued should not be construed as the date of construction.

Counties are required to adopt a Comprehensive Plan, and cities and towns a General Plan, under Arizona laws adopted in 1998 and 2000. All subsequent rezoning activity must conform to the plan. Most cities and towns and each of the larger counties, including Pima, are required to plan for growth areas and identify the means to provide necessary public services in the future. In addition to environmental and infrastructure elements, an analysis of available water is also required. Pima County's Comprehensive Plan was updated and adopted in 2001. State law requires that every 10 years the plan be redone or updated and approved by the voters. Also, as a result of these laws, counties have broader authority to adopt development impact fees and review lot splitting. Pima County has been implementing the policies of the Comprehensive Plan since its adoption.

APPENDIX B

PIMA COUNTY, ARIZONA
Financial Information

Introduction

The fiscal year for the County is from July 1 through June 30. The County's budget process is an ongoing function. Each fiscal year's process starts with the issuance in December of guidelines to all departments within which budgets must be developed. Department budget requests are submitted in February. A review process then takes place culminating with the County Administrator's submission of a proposed budget to the Board in time for budget hearings in mid-June. State statutes require that a tentative budget be adopted by the Board no later than the third Monday in July. At the time the final budget is adopted, which can be no later than the first Monday in August of each year, the Board of Supervisors holds a public hearing and meeting to determine the tax levy needed to support the budget. Taxes are then assessed and levied no later than the third Monday in August.

Expenditure Limitation

Beginning in fiscal year 1981-82, the County became subject to an annual expenditure limitation which is set by the Arizona Economic Estimates Commission. This limitation is based on the County's annual expenditures for fiscal year 1979-80, with this base adjusted to reflect interim population, cost of living and boundary changes. Certain expenditures are specifically exempt from the limit, including expenditures made from federal funds and bond sale proceeds, as well as debt service payments. The limitations can be exceeded for certain emergency expenditures or if approved by the voters. The Constitution provisions which relate to the expenditure limitation provide three processes to exceed the spending limit: a permanent base adjustment, a one-time override, and a capital project accumulation.

The County's expenditure limitation for the 2007-08 fiscal year was $464,592,697. The County's expenditures for the 2007-08 fiscal year were under the limit. The County's 2008-09 fiscal year expenditure limitation is $489,886,802.

Ad Valorem Taxes

General

Arizona (the "State" or "Arizona") property taxes are divided into two systems, primary and secondary. Secondary property taxes are those taxes imposed for payment of bonded indebtedness, for exceeding a budget, expenditure or tax limitation pursuant to voter approval and for operating and maintaining certain special districts. Primary property taxes are all ad valorem taxes other than secondary property taxes.

Under the primary system, the full cash value of locally-assessed real property (consisting primarily of residential, commercial, industrial, agricultural and unimproved property) cannot increase by more than 10% per year, except under certain circumstances. This limitation does not apply to mines, utilities and railroads which are assessed by the State. Annual tax levies under the primary system are based on the nature of the property taxed and the taxing authority. Primary taxes levied on residential property only are limited to 1% of the limited full cash value of such property. In addition, primary taxes levied on all types of property by counties, cities, towns and community college districts are limited to a maximum increase of 2% over the prior year's levy plus any amount directly attributable to new construction and annexation. The 2% limitation does not apply to primary taxes levied for local school districts. The County does not currently levy its primary tax levy to the maximum allowed under the law.

Secondary assessed valuation represents the value used in determining property tax levies for the payment of principal and interest on bonds, school district voter-approved budget overrides and special district taxes and the calculation of maximum bonded indebtedness allowed under the State's Constitutional debt limit. See "Debt Limitation" herein. Under the secondary system, there is no limitation on annual increases in full cash value of any property. In addition, annual tax levies for voter-approved bonded indebtedness, overrides and special district taxes

are, except as they are otherwise described herein under the subheading "The Bonds – Security and Source of Payment", unlimited.

Arizona law provides for a property valuation "freeze" for certain residential property owners sixty-five years of age and older. Owners of residential property may obtain such freeze against valuation increases (the "Property Valuation Protection Option") if the owner's total income from all sources does not exceed 400% (500% for two or more owners of the same property) of the "Social Security Income Benefit Rate." The Property Valuation Protection Option must be renewed every three years. If the property is sold to a person who does not qualify, the valuation reverts to its current full cash value. Any freeze on increases in full cash value will translate to the secondary assessed value of the affected property as hereinafter described.

Additionally, all property, both real and personal, is assigned a classification to determine its assessed valuation for tax purposes. Each legal classification is defined by property use and has an assessment ratio (a percentage factor) which is multiplied by the limited or full cash values of the property to obtain the assessed valuations.

Tax Procedures

The tax year in Arizona is defined as the calendar year, although tax procedures begin prior to January 1 of each tax year and continue through May of the succeeding calendar year. The first step in the tax process, for taxing entities other than certain special districts, is the determination of the full cash value of each individually-owned parcel of land within the State. Property valuations are established on most property by the individual county assessors, with the State Department of Revenue determining the valuation of centrally assessed properties such as gas, water and electrical utilities, railroads, mines and pipelines. The appropriate property classification assessment ratio is then applied to the full cash value to determine the assessed valuation for such parcel. The assessment ratios utilized over the five-year period 2004-05 through 2008-09 for each class of property are set forth below.

Property Tax Assessment Ratios
2004-05 through 2008-09

Classification (a)	2004-05	2005-06	2006-07	2007-08	2008-09
Mining, Utility, Commercial and Industrial (b)(c)	25%	25%	24.5%	24%	23%
Agriculture and Vacant Land (c)	16%	16%	16%	16%	16%
Owner Occupied Residential	10%	10%	10%	10%	10%
Leased or Rented Residential	10%	10%	10%	10%	10%
Railroad, Private Car Company and Airline Flight Property (d)	21%	21%	22%	21%	(d)

(a) Additional classes of property exist, but seldom amount to a significant portion of a governmental entity's total valuation.

(b) The first $63,242 of full cash value of commercial, industrial and agricultural personal property is exempt from tax for fiscal year 2008-09. This amount is indexed annually for inflation. Any portion of the full cash value in excess of those amounts will be assessed at 24% or 16% as applicable.

(c) Effective January 1, 2007, the assessment ratio for Mining, Utility, Commercial and Industrial property was decreased to 24%. Additionally, this rate will be decreased by one percent annually through 2010, resulting in an assessment ratio of 20% after December 31, 2010.

(d) This percentage is determined annually to be equal to the ratio of (i) the total assessed valuation of all mining, utility, commercial, industrial, and military reuse zone properties and agricultural personal property to (ii) the total full cash (market) value of such properties.

From time to time, bills have been introduced in the Arizona Legislature to reduce the property tax assessment ratios on utility, commercial and/or industrial property and such bills may be introduced in the current or future legislative sessions. The County cannot determine whether any such measures will become law or how they might affect property tax collections for the County.

Delinquent Tax Procedures

The property taxes due to the County are billed, along with State and other taxes, ordinarily in September of the calendar tax year and are due and payable in two installments on October 1 and March 1 and become delinquent on November 1 and May 1. Delinquent taxes are subject to an interest penalty of 16% per annum prorated monthly as of the first day of the month unless the full year's taxes are paid by December 31. After the close of the tax collection period, the County Treasurer prepares a delinquent property tax list and the property so listed is subject to a tax lien sale in February of the succeeding year. In the event that there is no purchaser for the tax lien at the sale, the tax lien is assigned to the State, and the tax lien is reoffered for sale from time to time until such time as the taxes, penalties and interest put on the lien is sold, subject to redemption, for an amount sufficient to cover all delinquent and current taxes.

It should be noted that in the event of bankruptcy of a taxpayer pursuant to the United States Bankruptcy Code (the "Bankruptcy Code"), the law is currently unsettled as to whether a lien can be attached against the taxpayer's property for property taxes levied during the pendency of bankruptcy. Such taxes might constitute an unsecured and possibly noninterest bearing administrative expense payable only to the extent that the secured creditors of a taxpayer are oversecured, and then possibly only on the prorated basis with other allowed administrative claims. It cannot be determined, therefore, what adverse impact bankruptcy might have on the ability to collect ad valorem taxes on a property of a taxpayer within the County. Proceeds to pay such taxes come only from the taxpayer or from a sale of the tax lien on the property.

When a debtor files or is forced into bankruptcy, any act to obtain possession of the debtor's estate, any act to create or perfect any lien against the property of the debtor or any act to collect, assess or recover a claim against the debtor that arose before the commencement of the bankruptcy would be stayed pursuant to the Bankruptcy Code. While the stay of a bankruptcy court may not prevent the sale of tax liens against the real property of a bankrupt taxpayer, the judicial or administrative foreclosure of a tax lien against the real property of a debtor would be subject to the stay of a bankruptcy court. It is reasonable to conclude that "tax sale investors" may be reluctant to purchase tax liens under such circumstances, and, therefore, the timeliness of post bankruptcy petition tax collections becomes uncertain.

It cannot be determined what impact any deterioration of the financial condition of any taxpayer, whether or not protection under the Bankruptcy Code is sought, may have on payment of or the secondary market for the Bonds. Neither the County nor their respective agents or consultants have undertaken any independent investigation of the operations and financial condition of any taxpayer, nor have they assumed responsibility for the same.

Tax Rate Data

The tax rates provided below reflect the total property tax rate levied by the County. As such, the rates are the sum of the primary tax rate, which is levied against the primary assessed value within the County, and the secondary tax rate for debt service payments, the County Library District, the County Fire District Assistance Tax and the County Flood Control District, all of which are levied against the County's secondary assessed value (except in the case of the Flood Control District, which is levied against the District's secondary assessed value which excludes the value of personal property).

(a) Includes general obligation bonds outstanding. Does not include outstanding principal amount of various cities and towns improvement districts' bonded debt and outstanding principal amount of various County improvement districts' bonded debt, as the indebtedness of these districts is presently being paid from special assessments levied against property owners residing within the various improvement districts. Also does not include various fire districts.

Also does not include the obligation of the Central Arizona Water Conservation District ("CAWCD") to the United States of America, Department of the Interior, for repayment of certain capital costs for construction of the Central Arizona Project ("CAP"), a major reclamation project that has been substantially completed by the Department of the Interior. The obligation is evidenced by a master contract between CAWCD and the Department of the Interior. In April of 2003, the United States and CAWCD agreed to settle litigation over the amount of the construction cost repayment obligation, the amount of the respective obligations for payment of the operation, maintenance and replacement costs and the application of certain revenues and credits against such obligations and costs. Under the agreement, CAWCD's obligation for substantially all of the CAP features that have been constructed so far will be set at $1.646 billion, which amount assumes (but does not mandate) that the United States will acquire a total of 667,724 acre feet of CAP water for federal purposes. The United States will complete unfinished CAP construction work related to the water supply system and regulatory storage stages of CAP at no additional cost to CAWCD. Of the $1.646 billion repayment obligation, 73% will be interest bearing and the remaining 27% will be non-interest bearing. These percentages will be fixed for the entire 50-year repayment period, which commenced October 1, 1993. Effectiveness of the agreement is subject

to a number of conditions including settlement of certain Indian community water claims and other water claims and will require certain State legislation. Federal authorizing legislation was enacted in 2004. If the conditions are not met by May 9, 2012, and the parties do not amend the agreement, the agreement will terminate and litigation will resume. If it appears prior to May 9, 2012, that the conditions will not be met by the deadline, the parties can amend the agreement or either party may petition the U.S. District Court to terminate the agreement and resume litigation. It is not possible to predict whether the agreement will become finally effective, be amended, or terminate, or whether litigation will resume. If litigation resumes, it is not possible to predict the outcome of such litigation. CAWCD is a water conservation district having boundaries coterminous with the exterior boundaries of Maricopa, Pima and Pinal Counties. It was formed for the express purpose of paying administrative costs and expenses of the CAP and to assist in the repayment to the United States of the CAP capital costs. Repayment will be made from a combination of power revenues, subcontract revenues (i.e., agreements with municipal, industrial and agricultural water users for delivery of CAP water) and a tax levy against all taxable property within CAWCD's boundaries. At the date of this Official Statement, the tax levy is limited to fourteen cents per $100 of secondary assessed valuation, of which twelve cents is being currently levied. (See Arizona Revised Statutes, Sections 48-3715 and 48-3715.02.) There can be no assurance that such levy limit will not be increased or removed at any time during the life of the contract.

(b) The County's total tax rate shown includes the County's primary and secondary debt service tax rates, the $0.3393 tax rate of the Free Library District, the $0.1000 tax rate of the Central Arizona Project and the $0.0411 tax rate of the Fire District Assistance Tax.

(c) The boundaries of the Pima County Flood Control District are coterminous with those of Pima County; however, the Flood Control District only levies taxes on real property.

(d) The tax rate shown is a weighted average based on each jurisdiction's proportionate amount of secondary assessed valuation.

(e) The combined tax rate includes the tax rate for debt service payments, which is based on the secondary assessed valuation of the entity, and the tax rate for all other purposes such as maintenance and operation and capital outlay, which is based on the primary assessed valuation of the municipality or school district.

(f) The following table lists general obligation bonds authorized but unissued for the County and jurisdictions within the County after the issuance of the County's Bonds.

(a) In 2006, the County received a loan through the Highway Expansion and Extension Loan Program (HELP) of the Arizona Department of Transportation totaling $4.8 million. This loan from the HELP program allowed the County to accelerate by several years the completion of one project that was scheduled to be funded from Federal aid highway revenues in future years. Final payment on this loan which is currently outstanding in the aggregate principal amount of $3.7 million is due in June 2009. HELP loans are payable solely from revenues received by the County from the Arizona Highway User Revenue Fund on a basis junior and subordinate to amounts due on the bonds shown above and all parity bonds. This loan is in addition to the debt listed in this table.

Retirement Plans

A brief description of the various retirement programs in which County employees participate is located in Footnote 9 in the excerpts from the County's Comprehensive Annual Financial Report in Appendix E.

Other Post Employment Benefits

Beginning with the fiscal year that commenced on July 1, 2007, the County implemented Government Accounting Standards Board Statement Number 45, *Accounting by Employers for Post-Employment Benefits Other than Pensions* ("GASB 45"), which requires reporting the actuarially accrued cost of post-employment benefits, other than pension benefits ("OPEB"), such as health and life insurance for current and future retirees. GASB 45 requires that such benefits be recognized as current costs over the working lifetime of employees, and to the extent such costs are not pre-funded, GASB 45 will require the reporting of such costs as a financial statement liability.

The County currently offers its retired employees, their spouses and survivors continuing access to health care insurance through the County's health plan. However, participating retirees must pay 100% of applicable health care insurance premiums. Participating retirees, their spouses and survivors may also be eligible for certain retiree health care benefits under health care programs provided by the State. Employees on long-term disability and their spouses may also qualify for retiree health care benefits through the State. It is expected that substantially all the County employees that reach normal or early retirement age while working for the County will become eligible for such benefits. The County makes no payments for OPEB costs for such retirees, but there is an implicit rate subsidy incurred by the County and described in Note 10 of the Comprehensive Annual Financial Report.

Management Commentary on Financial Condition

The County's revenues for Fiscal Year 2008-09 and 2009-10 are expected to be less than the budgeted or forecasted amounts for such periods, largely due to lower revenues from residential building permits and State-shared tax revenues. In addition, the State of Arizona had anticipated a budget deficit for Fiscal Year 2008-09 of approximately $1.6 billion and an expected deficit for 2009-10 of approximately $3.0 billion because of lower than expected revenues. In January 2009, the State approved a plan designed to eliminate the State's Fiscal Year 2008-09 deficit; depending on State revenue receipts, additional measures may be enacted by the Legislature for Fiscal Year 2008-09. The Legislature is also currently addressing the projected deficit for 2009-10. Although no specific proposals have been adopted for Fiscal Year 2009-10 to address projected deficits, in past years when the State was facing budget difficulties, the State has shifted some of its costs to local jurisdictions either by charging cities, towns and counties additional mandatory payments or by reducing the share of State-shared revenues distributed to the

cities, towns and counties. The County cannot determine whether any such provisions will be enacted or how they may affect the County or its financial position. The County is required by statute to adopt a balanced budget each year and has implemented cost-cutting measures for the current fiscal year and will be incorporating similar measures in its budget for the 2009-10 fiscal year to address the anticipated reduction in State-shared revenues and any potential increased cost shifting from the State to cities, towns and counties. The County has budgeted for an ending General Fund balance for Fiscal Year 2008-09 of at least five percent of annual General Fund revenues.

In 2004, the County closed the County-operated Kino Community Hospital and leased the hospital ground and buildings to University Physicians Healthcare (UPH), a nonprofit corporation, which opened a privately owned and operated hospital on the site. The original lease agreement between the County and UPH required $127 million of fees to be paid to UPH by the County over the first 10 years of the lease, in decreasing amounts, for the transition to a new hospital. At the request of UPH, the County amended its contract with UPH in Fiscal Year 2006-07 to accelerate, but not increase, the payments required by the lease. UPH is continuing efforts to make the hospital financially self sufficient. To date, the County has paid UPH $110 million of the total $127 million pledged. UPH has requested the County to provide additional long-term funding for its operations. The County has not taken action on this matter. Any future decision by the County to alter the agreement with UPH would be made with full consideration of the impact it would have on other operations of the County and the need for the County to continue to maintain a balanced budget.

Based on actual revenues and expenditures through January 31, 2009, the County is projecting the decrease in State revenues to have a minimal impact on the General Fund this Fiscal Year. The County expects the General Fund ending fund balance to be $29.6 million, which is $5.6 million more than $24.0 million budgeted and representing 6.2% of budgeted General Fund revenues. During the current Fiscal year, Pima County has been experiencing actual decreases in State shared revenues greater than the budgeted decreases. As a result, the County implemented a hiring freeze and called for all departments to reduce expenditures by a minimum of an additional 2.5% of budget. Although General Fund revenues and transfers are expected to be $7.9 million less than budgeted, expenditures are expected to be $5.8 million less than budgeted during the current Fiscal Year. Additionally, due to cost saving measures taken by the County in the last part of Fiscal Year 2007-08, the County's actual expenditures for last year were less than anticipated, resulting in the actual beginning fund balance being $7.7 million more than anticipated at the time of the budget preparation.

APPENDIX C

FORM OF OPINION OF BOND COUNSEL

[Closing Date]

Pima County, Arizona
Tucson, Arizona

Ladies and Gentlemen:

We have examined the transcript of proceedings (the "Transcript") relating to the issuance by Pima County, Arizona (the "County") of its $75,000,000 aggregate principal amount of bonds designated the Pima County, Arizona, General Obligation Bonds, Series 2009 (the "Bonds"). The Bonds are issued pursuant to Title 35, Chapter 3, Article 3 of the Arizona Revised Statutes, and under the provisions of an authorizing resolution adopted by the Board of Supervisors of the County on April 7, 2009 (the "Bond Resolution"). The documents in the Transcript include a certified copy of the Bond Resolution. All capitalized terms not defined herein shall have the meanings set forth in the Bond Resolution. We have also examined a conformed copy of a Bond.

Based on this examination, we are of the opinion that, under existing law:

1. The Bonds constitute valid and legal general obligations of the County, and the principal of and interest on the Bonds, unless paid from other sources and subject to bankruptcy laws and other laws affecting creditors' rights and to the exercise of judicial discretion, are to be paid from the proceeds of the levy of ad valorem taxes on all property subject to ad valorem taxes levied by the County, without limitation as to rate or amount. It is required by law that there be levied, assessed and collected, in the same manner as other taxes of the County, an annual tax upon such taxable property in the County sufficient to pay the principal of and interest on the Bonds when due.

2. The interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 as amended (the "Code"), and is not treated as an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations. The interest on the Bonds is exempt from Arizona state income tax. We express no opinion as to any other tax consequences regarding the Bonds.

In giving the foregoing opinion with respect to the treatment of the interest on the Bonds under the tax laws, we have assumed and relied upon compliance with the covenants of the County and the accuracy, which we have not independently verified, of the representations and certifications of the County, contained in the Transcript. The accuracy of those representations and certifications, and the County's compliance with those covenants, may be necessary for the interest on the Bonds to be and to remain excluded from gross income for federal income tax purposes and for certain of the other tax effects stated above. Failure to comply with certain of those covenants subsequent to issuance of the Bonds could cause the interest on the Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

Under the Code, interest on the Bonds is excluded from the calculation of a corporation's adjusted current earnings for purposes of the corporate alternative minimum tax, but interest on the Bonds may be subject to a branch profits tax imposed on certain foreign corporations doing business in the United States and to a tax imposed on excess net passive income of certain S corporations.

The opinions expressed in this letter are based on the law in effect on the date hereof and may be affected by actions taken or omitted or events occurring after the date hereof, and we assume no obligations to revise or supplement this opinion should such law be changed by legislative action, judicial decision, or otherwise, or to determine or to inform any person whether any such actions are taken or omitted or any such events occur.

Respectfully submitted,

(c) The amendment does not materially impair the interests of the beneficial owners of the Bonds, as determined by an independent counsel or other entity unaffiliated with the County.

10. Non-Appropriation. The performance by the County of its obligations in this Undertaking shall be subject to the annual appropriation of any funds that may be necessary to permit such performance. In the event of a failure by the County to comply with its covenants under this Undertaking due to a failure to appropriate the necessary funds, the County covenants to provide prompt notice of such fact to each NRMSIR on or before June 30, 2009, and after June 30, 2009, to the MSRB through EMMA.

If the County chooses to include any information from any document or notice of occurrence of Material Event in addition to that which is specifically required by this Undertaking, the County shall have no obligation under this Undertaking to update such information or include it in any future disclosure or notice of occurrence of a Material Event.

14. Beneficiaries. This Undertaking has been executed in order to assist the Underwriter in complying with the Rule; however, this Undertaking shall inure solely to the benefit of the County, the Dissemination Agent, if any, and the beneficial owners of the Bonds, and shall create no rights in any other person or entity.

Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the reports of the other auditors.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and aggregate remaining fund information of Pima County as of June 30, 2008, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

As described in Note 1, the County implemented the provisions of the Governmental Accounting Standards Board (GASB) Statement Nos. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions;* 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues;* 49, *Accounting and Financial Reporting for Pollution Remediation Obligations;* and 50, *Pension Disclosures (an amendment of GASB Statements No. 25 and No. 27),* for the year ended June 30, 2008, which represent changes in accounting principles.

The Management's Discussion and Analysis on pages 13 through 29, the Budgetary Comparison Schedules on pages 79 and 80, and the Schedule of Retirement Plans' Funding Progress on pages 81 and 82 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of the other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with *Government Auditing Standards*, we will also issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis

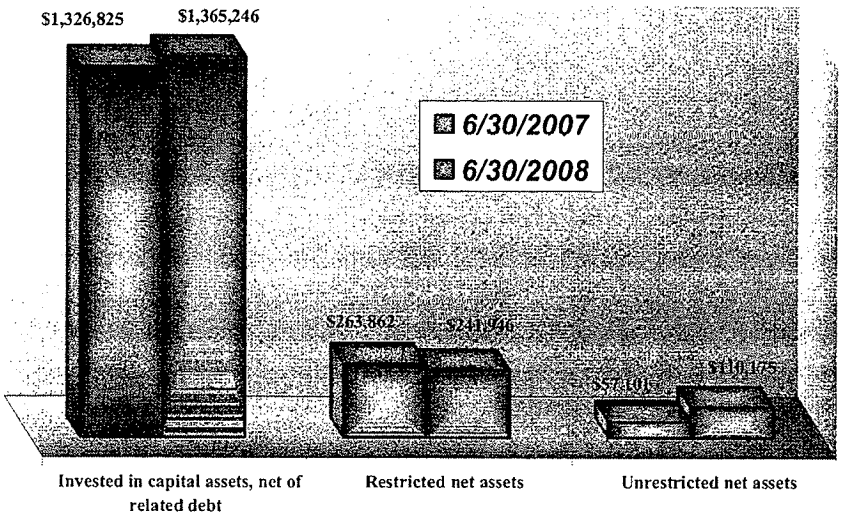
Management's Discussion & Analysis

This section of Pima County's comprehensive annual financial report presents a discussion and analysis of the County's financial performance during the year ended June 30, 2008, and should be read in conjunction with the County's basic financial statements in the following sections. All dollar amounts are expressed in thousands (000's) unless otherwise noted.

FINANCIAL HIGHLIGHTS

- At June 30, 2008, the County's combined assets exceeded combined liabilities (*net* assets) by $1,717,367, an increase of 4.2% from the prior year. Of this amount, $110,175 is available for general government expenses (*unrestricted net assets)*, $241,946 is restricted for specific purposes (*restricted net assets)*, and $1,365,246 is invested in capital assets, net of related debt and accumulated depreciation.

Comparative Composition of Pima County Net Assets



- Of the total fund balances of the County's governmental funds, total fund balance increased $86,917 to $317,577, with $295,068 of this amount available for expenditure. The amount available for expenditure is comprised of $64,974 for the General Fund, $152,643 for the Capital Projects Fund and $77,451 for the County's other governmental funds.

- The General Fund unreserved, undesignated fund balance decreased $13,233 from the previous year to $35,438. This balance represents approximately 7.7% of the County's General fund expenditures and 4.0% of total governmental funds expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: (1) Government-wide financial statements, (2) Fund financial statements, and (3) Notes to the basic financial statements. Required supplementary information is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all County assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation or sick leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, highways and streets, sanitation, health, welfare, culture and recreation, and education and economic opportunity. The business-type activities of the County include Pima Health System & Services, Regional Wastewater Reclamation Department, Development Services and the County's downtown parking garages.

A discretely presented component unit is included in the basic financial statements and consists of a legally separate entity for which the County is financially accountable. The County reports the Southwestern Fair Commission, which operates the County Fairgrounds and the annual Pima County Fair, as a discretely presented component unit.

The government-wide financial statements can be found on pages 31 - 33 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance with applicable State statutes and federal Office of Management and Budget (OMB) budgeting guidelines. All of the funds can be divided into three categories: (1) *governmental funds,* (2) *proprietary funds,* and (3) *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of expendable resources*, as well as on *balances of expendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains fifteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General and Capital Projects funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The governmental fund financial statements can be found on pages 34 - 37 of this report.

Proprietary funds are maintained in two ways. *Enterprise funds* are used to report the same functions presented as *business-type* activities in the government-wide financial statements. The County uses enterprise funds to account for certain health care services, including medical and long-term health care, sewer systems maintenance and operation, real estate-related development services, and parking garage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for risk management, automotive fleet maintenance and operations, printing services, telecommunications, wireless and IT network infrastructure. Because these services predominantly benefit governmental rather than business-type functions, the assets and liabilities of these services have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Regional Wastewater Reclamation Department and Pima Health System & Services operations are considered to be major funds of the County. Data from the other enterprise funds are combined into a single, aggregated presentation. Similarly, the County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the other enterprise and internal service funds are provided in the form of *combining statements* elsewhere in this report.

The proprietary fund financial statements can be found on pages 38 - 41 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs.

The fiduciary fund financial statements can be found on pages 42 - 43 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 44 -78 of this report.

Required Supplementary Information (RSI) is presented concerning the County's General Fund budgetary schedule and the Schedule of Retirement Plans' funding progress. Required supplementary information can be found on pages 79 - 82 of this report.

Combining Statements and Other Schedules referred to earlier provide information for non-major governmental, enterprise, internal service and fiduciary funds and are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 84 - 114 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve as a useful indicator of a government's financial position over time. County assets exceeded liabilities by $1,717,367 at June 30, 2008. The following table shows condensed information for the Schedule of Assets, Liabilities, and Net Assets:

*As restated - See Note 2 in notes to the financial statements

The largest portion of the County's net assets reflects its investment in capital assets (i.e. land, buildings, infrastructure and equipment), less any related outstanding debt used to acquire those assets. As of June 30, 2008, investment in capital assets totaled $1,365,246, comprising approximately 79.5% of total net assets. The County uses a portion of these capital assets to provide services to its citizens, with the other portion available to its citizens for use; consequently, these assets are *not* available for future spending. The $38,421 increase in capital assets, net of related debt, is primarily due to the significant amount of capital project activity that has been completed and capitalized over the past year. Although the County's investments in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net assets represent resources that are subject to external restrictions on how they may be used. As of June 30, 2008, restricted net assets totaled $241,946 and comprised approximately 14.1% of total net assets. This represents a $21,916 decrease in restricted net assets from the $263,862 balance of fiscal year 2006-07.

The remaining balance of the County's net assets represents *unrestricted net assets*, which may be used to meet the County's ongoing obligations to citizens and creditors. As of June 30, 2008, unrestricted net assets totaled $110,175 and comprised approximately 6.4% of total net assets.

Governmental activities

The change in net assets for governmental activities was $43,711, an increase of $3,907 from the prior year. The following table shows details of the changes in net assets for governmental activities:

Key elements of the change in net assets from governmental activities include:

- Revenue from capital grants and contributions increased by $33,587. $23,597 of the increase is due to a change in reporting from fiscal year 2006-07, from "Contributions", a general revenue, to "Capital grants and contributions", a program revenue. The $23,597 change was comprised of $14,708 received from developers for roadways and $8,889 in land contributions. In addition, there was a $4,701 increase in Regional Transportation Authority (RTA) funding, a $1,982 increase in outside contributions to Transportation capital improvement projects for utility infrastructure relocation and a $1,392 increase from the Pima Association of Governments (PAG) HURF funds to repay the HELP loan on a roadway project.

- Property taxes increased by $34,284 as a result of an increase in property valuations for primary and secondary taxes that was partially offset by a decrease in the primary tax rate.

- General government expenses increased by $16,132, of which $11,510 were increases in the General Fund that reflect a 45% increase in personal services, 30% increases in utilities and repair & maintenance, and a 25% increase due to the state-wide Qwest property lawsuit settlement. In addition, there was $3,013 of other postemployment benefits (OPEB) expenses not reported in the prior fiscal year.

- Public Safety expenses increased by $16,884 due to a $14,578 increase within the General Fund as a result of a $9,000 increase in personal services for the Sheriff's department and the addition of $2,047 for OPEB expenses not reported in the prior fiscal year.

- Welfare expenses increased by $9,392 due to an increase in the payments to University Physicians, Inc. from approximately $14,800 to $25,000.

Business-type activities

Business-type activities added $25,868, or 37.2%, of the County's $69,579 change in total net assets for the year ended June 30, 2008. The following table shows changes in net assets for business-type activities:

*As restated - See Note 2 in notes to financial statements

Key elements of the change in net assets from business-type activities include:

- Charges for services revenue increased by $32,945 due primarily to a $30,712 increase in capitation revenue associated with the AHCCCS/ALTCS program for Pima Health System & Services fund. Both the contractual rate and number of members increased for both programs for fiscal year 2007-08 compared to the prior year. This increase was partially offset by a decrease in revenue for Development Services due to a decline in the number of permits issued.

- Capital grants and contributions increased by $22,149 as a result of a change in reporting from the prior year. In fiscal year 2006-07, outside contributions of assets were reported as "Contributions", a general revenue. In the current fiscal year, contributions of $22,910 are reported under "Capital grants and contributions", a program revenue.

- Investment earnings increased by 22%, or $1,211, due to higher cash balances generated from capitation revenue within Pima Health System & Services. Capitation revenue is advanced prior to the payment of related expenses during the fiscal year.

- Expenses for Regional Wastewater Reclamation Department increased by $8,581 due primarily to increased costs for operations, such as employee compensation ($4,846), general and administrative ($2,707) and consultants and professional services ($2,371).

- Expenses for Pima Health System & Services increased by $33,635 due to higher expenses for medical claims that were based on increased member enrollment and rates paid to providers for both the AHCCCS and ALTCS programs.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The County's general government functions are accounted for in the General, Special Revenue, Debt Service, and Capital Project funds. Included in these funds are special districts governed by the Board of Supervisors (i.e. Flood Control, Library and Stadium Districts). The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Major Governmental Funds

General Fund
The General Fund is the chief operating fund of the County. At June 30, 2008, unreserved, undesignated fund balance of the general fund was $35,438 while total fund balance was $70,389. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved, undesignated fund balance and total fund balance to total fund expenditures. Unreserved, undesignated fund balance represents 7.7% of total General Fund expenditures, while total fund balance represents 15.3% of that same amount.

Total fund balance for the General Fund increased $12,829 compared to the prior fiscal year. Revenue increased by $11,911 and reflects the following changes:

- An increase of $16,143 for property taxes was primarily due to higher assessed property valuations that were partially offset by lower tax rates.

- Intergovernmental revenue declined by $4,113 as a result of decreases of $3,000 in State Sales Tax and $789 in Hotel/Motel Tax revenues.

- Charges for services declined by $1,297, as the prior year reported a one-time receipt of $1,235 for the RTA special election.

Expenditures increased by $39,051 as a result of the following changes:

- $11,510 for general government expenditures due to higher personal services reflecting increased rates for salaries and retirement contributions, increased utility costs based on occupation of newly-added County facilities such as the Abrams Public Health Center, higher costs for motor pool charges due to the rising cost of fuel and the settlement of the state-wide Qwest property tax lawsuit.

- $11,798 for public safety expenditures that also reflect higher costs for personal services related to salaries, medical/dental and retirement benefits costs and increased motor pool costs associated with the higher cost of fuel.

- $9,818 for welfare expenditures related to increased payments to University Physicians, Inc. and their management of the Kino Campus.

The excess of revenues over expenditures was $8,069, which is further increased by net operating transfers in of $4,760. During fiscal year 2007-08, funds to be used for the repayment of the 2008 COPs issue were transferred into the General Fund.

Budget to Actual Comparison for the General Fund

Overall, actual revenues were less than budgeted revenues by $611 and actual expenditures were less than budgeted expenditures by $28,233. No variances between the budget to actual amounts were significant enough to affect the County's ability to provide future services.

Capital Projects Fund
Total fund balance for the Capital Projects Fund increased $63,195 compared to the prior fiscal year. Revenue increased by $4,821 and reflects the following changes:

- Intergovernmental revenue increased by $5,996 due to the construction on a larger number of RTA-funded roadway projects and also because of funding from the City of Tucson for utility relocation work on several roadway projects.

- Charges for services revenue is predominately a reflection of developer fees collected for a number of benefit areas. Fiscal year 2007-08 marks the second straight year that this revenue source has declined, dropping $3,578 during the year, as home construction activity continues to be depressed, especially for the Mountain View, San Xavier and Avra Valley benefit areas.

- Miscellaneous revenue increased $2,904 due to the following changes:

    - $237 from the Tucson Unified School District for the Arroyo Chico Detention Basin project to alleviate flooding problems along the High School Wash.

    - $300 from the Continental Family Medical Center for the Continental Health Clinic project for building construction.

    - $768 from Kinder Morgan for the Thomas Jay Park Improvements project to compensate for environmental impact resulting from construction of a new oil pipeline.

    - $1,705 from several companies, such as Tucson Electric Power Co., Southwest Gas, Comcast and Cox Communications, for utility relocation work on several roadway projects.

Capital project expenditures decreased by $63,120 in fiscal year 2007-08 compared to the prior year. The following events identify significant portions of the decrease:

- Building acquisitions decreased significantly relative to the prior year, as the Bank of America building ($25,000) and new emergency communications center ($6,258) were acquired last fiscal year.

- Acquisitions under the Open Space Preservation program decreased by $8,201. In fiscal year 2006-07, significant open space acquisitions totaled $18,768, compared to the following acquisitions totaling $9,920 that occurred in the current fiscal year:

    - Brown property for $4,614
    - Cochie Canyon property for $2,929
    - Tang property for $2,377

- Spending on park improvement projects declined by $5,283 due to the completion of the Flowing Wells Community Center, Curtis Park improvements, Brandi Fenton Park improvements and Picture Rocks Pool.

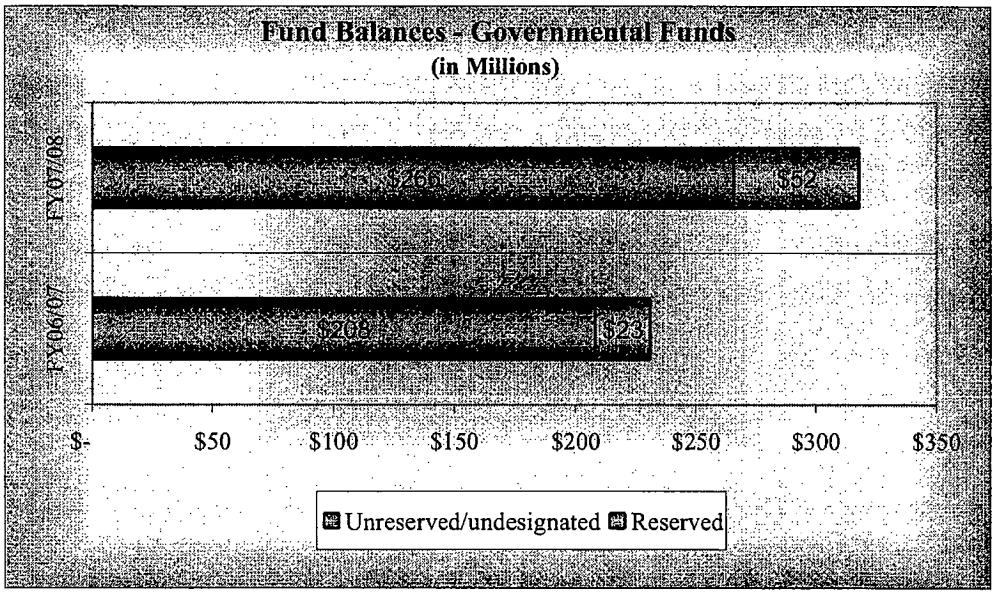
- The Sahuarita landfill expansion project was completed last fiscal year with spending of $6,356 and minimal costs in the current year.

- Spending in the Transportation program decreased by $17,614 due to the completion of several projects last fiscal year. In fiscal year 2006-07, there were 12 roadway projects that expended more than $1,000 compared to 5 in the current year.

The deficiency of revenues under expenditures was $105,698. Other financing sources during the year were the issuance of general obligation bonds of $100,000, transportation bonds of $25,000, and certificates of participation of $50,000, resulting in a net change in fund balance for the Capital Projects Fund of $63,195.

Overview of all governmental funds

At June 30, 2008, the County's governmental funds reported combined fund balances of $317,577, an increase of $86,917 from the prior year. Approximately 84% of the combined fund balances, or $265,532, constitutes unreserved and undesignated fund balance, which is available to meet the County's current and future needs.



The remainder of fund balance is reserved or designated to indicate that it is not available for new spending because it has been committed to the following:

- $29,536 for debt service specifically for the 2008 Certificates of Participation (COPs)
- $12,395 for debt service on various bond and other debt instruments
- $5,985 to reflect inventories and prepaid amounts
- $2,766 for specified programs
- $1,264 to reflect a loan receivable
- $99 for capital repairs and refurbishments

Revenues for governmental functions totaled approximately $804,102 in fiscal year 2007-08, which represents an increase of $42,767 (5.6%) from the previous year.

The following table presents the amount of revenues from various sources and increases or (decreases) from the prior year.

The following provides an explanation of revenues by source that changed significantly over the prior year:

- Taxes Revenues from property taxes increased $33,162 reflecting higher primary tax revenues of $16,143 and secondary tax revenues of $17,019. Increased property tax revenue resulted from higher property valuations that were partially offset by a decrease in the primary tax rate.
- Intergovernmental The $9,242 increase in intergovernmental revenue was due primarily to a $5,996 increase within the Capital Projects Fund previously discussed. In addition, there was a $4,804 increase in grant funding reimbursements for pass-through expenditures in Sheriff Department grants, $1,500 for the Homeland Security grant and $757 from the Arizona DPS Border Crimes grants.
- Charges for services The $4,618 decrease in charges for services revenue resulted from a drop in permits issued and no revenue from RTA for special elections, as previously discussed, for both the General and Capital Projects Funds. In addition, there was a $1,812 decrease in contributions compared to the prior year. However, the Solid Waste Fund reported an increase of $1,096 due to the re-opening of the Sahuarita landfill to commercial traffic.

The following table presents expenditures by function compared to prior year amounts:

Total expenditures in governmental funds increased during fiscal year 2007-08 by $1,815.

- General government expenditures increased by $15,206. Of this amount, 75.7% occurred within the General Fund, which has been previously discussed. Within the Recorder's office, there was an increase of $1,958 due to the conversion from a PC-based to a mainframe system for document storage and retrieval. In addition, the County Attorney's anti-racketeering program had increased costs of $424.

- Public safety expenditures increased by $16,545 primarily due to a $9,000 increase in personal services for the Sheriff's Department that was based on a $1,100 increase in step pay, range adjustments and new positions, a $2,400 pay increase for commissioned & corrections officers, an $1,800 pay increase for civilian positions and a $1,500 and $650 increase in retirement contributions and medical/dental insurance costs, respectively. In addition, there was a $2,000 increase in motor pool charges over last fiscal year.

- Welfare expenditures increased by $9,439 for payments to University Physicians, Inc., as previously discussed under the General Fund section.

- Capital outlay expenditures decreased by $63,120 as previously discussed under the Capital Projects Fund section.

- Debt service principal and interest costs increased $5,986 and $3,674, respectively. The most significant changes were as a result of the issuance of general obligation bonds with increases in both principal and interest of $4,535 and $1,832, respectively.

Proprietary funds

The County's proprietary fund functions are contained in the enterprise and internal service funds. The enterprise funds of the County are Pima Health System and Services, Regional Wastewater Reclamation Department, Development Services and Parking Garages. These business-type activities are accounted for in a similar fashion to private-sector businesses, and the costs for services provided are expected to be covered either fully or in part by current revenues generated, which include fees charged to external users.

The following table presents a comparison of this year's enterprise fund activities with the prior year:

While net operating revenues for the County's Enterprise Funds increased $37,816, operating expenses increased $42,318, resulting in an operating loss of $28,081, an operating loss increase of $4,502 from the prior year. The operating loss was due to reported losses of $25,454 by the Regional Wastewater Reclamation Department, $5,720 by Development Services and $161 by Parking Garages, offset by operating income reported by Pima Health System and Services of $3,254.

Key activity within the enterprise funds for fiscal year 2007-08 includes the following:

- Net patient services revenues increased by $34,376 from fiscal year 2006-07. This is attributable to increased membership enrollment and rates for Pima Health System and Services, which generated increases in capitation revenues.

- Employee compensation expenses increased by $7,671 from fiscal year 2006-07, due to an increase of $4,846 for Regional Wastewater Reclamation Department and $2,419 for Pima Health System & Services. Both increases were primarily due to the Board of Supervisors' approved salary and retirement rate increases, as well as the introduction of the OPEB liability not previously reported.

- Medical claims expense increased by $29,804 due to an increase in the vendor rates and member enrollment for both the AHCCCS and ALTCS programs within Pima Health System and Services during the fiscal year.

- General and administrative expenses increased $3,705, due primarily to sewer relocation projects undertaken by the City of Tucson of $1,285 and to the cost-sharing agreement with the Transportation department for various sewer relocation projects of $964.

- Intergovernmental revenue decreased $6,515, as no revenues were received in the current year from Regional Wastewater Reclamation Department projects completed last fiscal year (i.e. Federal Prison Sewer System).

- Transfers in and out reflect the movement of 2008 COPs funding into and System Development Funding (SDF) out of the Regional Wastewater Reclamation Department. In addition, there was a budgeted transfer out of the Development Services Fund for a building remodel project that was cancelled. These funds, less expenses already incurred, were transferred back into the fund.

Capital Assets and Debt Administration

Capital Assets

The County's investment in capital assets for its governmental and business-type activities as of June 30, 2008 amounted to $2,128,429 (net of accumulated depreciation), an increase of 7.5%. Of the $147,483 increase in net capital assets, $78,537 (53.3%) came from governmental activities and $68,946 (46.7%) came from business-type activities. The County's investment in capital assets consists of land, buildings, sewage conveyance systems, infrastructure, equipment and construction in progress.

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

*As restated - See Note 2 in notes to the financial statements

Major capital asset events during the current fiscal year included the following:

Land increased by $27,520 due primarily to the following acquisitions for governmental activities:

- $4,614 for the Brown property,
- $2,929 for the Cochie Canyon property,
- $2,377 for the Tang property,
- $967 for the Chilton property,
- $1,758 for various other open space acquisitions,
- $3,169 for land acquisition related to flood control projects,
- $2,426 for land acquisition related to transportation road projects.

In addition, the County received contributions in the form of land as follows:

- $6,332 for land under developer-contributed roadways,
- $1,239 for preservation easements on cultural resources projects,
- $864 from the City of Tucson for the Animal Shelter & Jackson Employment Center projects,
- $450 from the Town of Marana for the Library District.

Infrastructure for governmental activities increased by $54,369 due primarily to completion of the following Transportation roadway projects:

- Craycroft Rd. - River to Sunrise for $28,902,
- Valencia Rd. - Mark to Camino de la Tierra for $17,947,
- Colossal Cave Rd. - Camino Loma Alta to Vail for $8,312,
- Sunrise Dr. - Craycroft to Kolb for $6,675,
- Country Club Rd. - 36th to Irvington for $3,337.

In addition, the County received contributions from developers in the form of roadways in the amount of $14,708. Flood Control District had several drainage improvement projects that were completed during the fiscal year in the amount of $4,100.

Sewage conveyance systems increased by $20,766 due primarily to the contribution of developer-built conveyance systems for $23,667, as opposed to any significant project completion.

Construction-in-progress for governmental activities decreased by $19,209, while construction-in-progress for business-type activities increased $36,423. Construction-in-progress for governmental activities decreased due to a decline in spending for all governmental departments, primarily with Transportation and Facilities projects. In contrast, with the sale of Sewer Revenue bonds, spending within the Regional Wastewater Reclamation

Department's program significantly increased by $55,500, which was partially reduced by capitalization of completed projects for $18,600.

The County's infrastructure assets are recorded at historical cost and estimated historical cost in the government-wide financial statements. Additional information regarding the County's capital assets can be found in Note 5 to the financial statements on pages 56-57 of this report.

Long-term Debt

Significant, comparative long-term debt entered into during the last two fiscal years is presented below:

Table 8
Long-Term Debt

	Fiscal Year	
	2007-2008	**2006-2007**
Bonds issued (at face value):		
General obligation	$ 100,000	$ 95,000
Street and highway revenue	25,000	21,000
Sewer revenue	75,000	50,000
COPs	50,000	30,320
Capital leases	312	
Total	$ 250,312	$ 196,320

During the fiscal year, the county received $100,000 in proceeds from the sale of general obligation bonds and $25,000 from the sale of transportation revenue bonds. As of June 30, 2008, $51,338 of proceeds from general obligation (GO) bonds and $9,914 from transportation revenue (HURF) bonds were unspent. The majority of the general obligation bonds were spent on projects for Facilities Management, Flood Control District, open space and parks and recreational facilities, while proceeds from transportation revenue bonds were allocated to various roadway projects.

In addition, during the fiscal year, the County sold $50,000 in certificates of participation (COPs) primarily to fund wastewater and transportation infrastructure as well as to fund County-wide capital equipment purchases.

Pima County maintains the following ratings for its bonds and COPs as of June 30, 2008:

	Moody's Investor Service	Standard and Poor's
Certificates of Participation	A1	A+
General Obligation	Aa3	AA-
Transportation	A1	AA
Sewer Revenue	A1	A+

State statutes limit the amount of general obligation debt a governmental entity may issue to 15% of its net assessed valuation. The current debt limitation for Pima County is $1,233,059, which is significantly in excess of Pima County's outstanding general obligation debt.

Additional information regarding the County's debt can be found in Note 7 to the financial statements on pages 60-68 of this report.

Economic Factors and Next Year's Budget

General fund

General government revenues, excluding property tax revenues, are budgeted in fiscal year 2008-09 at $158.2 million, approximately $6.2 million less than the amount budgeted for fiscal year 2007-08. The decline of several

types of projected revenues is reflective of slowing in the local and national economies and the significant shift of expenditures from the State of Arizona to local governments. Numerous factors, including a downturn in residential construction, a decline in housing prices, problems in the credit and capital markets and rising energy prices have all contributed to the current financial condition.

As of October 31, 2008, the most current projections of general government revenues for fiscal year 2008-09 indicate an additional decrease of $11 million below the fiscal year 2008-09 budgeted revenues. After the County's adoption of the fiscal year 2008-09 budget, the State legislature shifted additional State costs to Pima County for fiscal year 2008-09. The State is experiencing a deficit estimated as of November 6, 2008 to be $1.2 billion which could result in additional cost shifts to local governments before the end of fiscal year 2008-09.

The adopted budget for fiscal year 2008-09 has expenditures for the General Fund increasing by approximately $12.6 million primarily due to the following:

- $4.8 million to fund the costs of the primary and general elections held in 2008
- $2.6 million net increase in state mandated employer contributions to the various state retirement systems; and $1.1 million net increase in the County's contribution towards the cost of non-retirement benefits
- $2.4 million increase to annualize the cost of fiscal year 2007-08 salary increases awarded to corrections and peace officers
- $2.3 million of additional funding related to detention health care costs
- $1.1 million for increased cost of fuel for vehicles and equipment

As part of its budget for fiscal year 2008-09, the County set aside $7.2 million into the Budget Stabilization Fund in order to prepare for the potential negative financial impacts of cost shifts which the State may impose on the County to balance the State's budget for fiscal year 2008-09.

Transportation

By the end of October 2009, the County is projecting that the fiscal year 2008-09 HURF and VLT revenues received by the County will decrease by $5.8 million below the amount adopted in the fiscal year 2008-09 budget. In an effort to reduce expenditures to deal with the revenue shortfall, the County has initiated cost saving measures within the Transportation department. Additionally, revenues from impact fees are substantially lower than budgeted for fiscal year 2008-09.

Development Services

Consistent with the slowdown in the housing industry for the last two fiscal years, the Development Services department is projecting further decline in housing permits and associated revenues by approximately $5 million (46% of budgeted revenues) in fiscal year 2008-09. The economic situation is not expected to improve in the near future. The County has therefore initiated major cost saving measures within the Development Services department to reduce expenditures.

Regional Wastewater System

As with other activities impacted by real estate development, the number of new connections to the County's sewer system has declined during fiscal year 2008-09 as compared to prior years. The County expects an approximate $10 million reduction in connection fees. To address this, the department is reducing expenditures within the system and requesting rate increases. The County has also requested permission to extend the time limits required by the Arizona Department of Environmental Quality for infrastructure improvements to the system.

Pima Health System and Services (PHS&S)

Effective October 1, 2008, Pima County's ambulatory services contract with the Arizona Healthcare Cost Containment System (AHCCCS) was not renewed. In response to the loss of that contract, the County reduced the budget for PHS&S by $84 million, from the recommended expenditure budget of $312 million to a final adopted budget of $228 million.

PIMA COUNTY, ARIZONA
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2008
(in thousands)

Exhibit A-6

Net change in fund balances - total governmental funds		$ 86,972
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense		
Expenditures for capital assets	$ 105,819	
Less current year depreciation	(51,609)	54,210
Transfers of capital assets between governmental activities and proprietary funds or internal service funds are not reported in the governmental funds but are recognized in the statement of activities		(615)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds but increases long-term liabilities in the statement of net assets. Repayment of the principal of debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items		
Proceeds of long-term debt	(175,312)	
Debt service - principal payments	59,719	
Premium on long-term debt	(1,964)	
Deferred issuance costs	459	
Amortization expense	(138)	(117,236)
Some revenues reported in the statement of activities do not represent the collection of current financial resources and, therefore, are not reported as revenues in the governmental funds.		
Donations of capital assets	23,943	
Property tax revenues	2,313	
Changes to other revenues	(135)	26,121
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds		
Change in compensated absences	(2,215)	
Future postemployment health benefit liability	(8,779)	
Change in landfill liability	(1,089)	
Pollution remediation liability	(1,784)	
Net book value of capital asset disposals	(111)	
Change in reservation of fund balances	(55)	(14,033)
Internal service funds are used by management to charge the costs of certain activities to individual funds. A portion of the net expense of the internal service funds is reported with governmental activities		8,292
Change in net assets of governmental activities		$ 43,711

Note 1: Summary of Significant Accounting Policies

The accounting policies of Pima County (County) conform to U.S. generally accepted accounting principles (GAAP) applicable to governmental units as promulgated by the Governmental Accounting Standards Board (GASB) and the regulatory requirements of the State of Arizona. A summary of the County's significant accounting policies follows.

During the year ended June 30, 2008, Pima County implemented GASB Statements, Nos. 45, 48 and 50, and early implemented GASB Statement No. 49.

GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions,* requires systematic measurement and recognition of other postemployment benefits' (OPEB) cost over employees' years of service and provides information about actuarial accrued liabilities associated with OPEB. Although OPEB is not required to be funded, whether and to what extent progress is being made in funding the liabilities must be disclosed. As a result of the implementation of GASB 45, the County has recorded a net OPEB obligation offset by OPEB expense in the financial statements, related to the postemployment healthcare benefit participation by County retirees and their beneficiaries in Pima County's healthcare benefit plan. Further information regarding this measurement and disclosure is available in Note 10. GASB Statement No. 50, *Pensions Disclosure (an amendment of GASB Statements No. 25 and No. 27)* requires governmental employers to present certain additional pension disclosures in the notes and additional required supplementary information.

The provisions for GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity transfers of Assets and Future Revenues* require that the County disclose pledged revenue that is committed to collateralize or secure debt. Further information is available in Note 7.

The provisions for GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations* require the County to disclose current or potential detrimental effects of existing pollution. Further information is available in Note 6.

A. Reporting Entity

The County is a general-purpose local government that is governed by a separately elected board of Pima County supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations. Therefore, data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended and discretely presented component unit discussed below has a June 30 year-end.

The Pima County Stadium District, a legally separate entity, was formed to promote and establish major league baseball spring training in Pima County. The Pima County Board of Supervisors is the Board of Directors of the District. Acting in the capacity of the Board of Directors, the Pima County Board of Supervisors is able to impose its will on the District. The Board of Directors levies the car rental surcharge rates and the recreation vehicle (RV) park tax for the District. The District is reported

Note 1: Summary of Significant Accounting Policies (continued)

as a special revenue fund (blended component unit) in these financial statements. Complete financial statements for the District can be obtained from the Pima County Department of Finance and Risk Management located at 130 West Congress Street, Tucson, Arizona 85701.

The Pima County Library District was established in 1986 when legislation allowed full taxing authority and the ability to enter into agreements with other jurisdictions for the provision of library services. The Pima County Board of Supervisors is the Board of Directors of the District. The Library District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Pima County Regional Flood Control District was established in 1978. The District is responsible for floodplain management activities for the unincorporated areas of Pima County (except national forests, parks, monuments and Native American Nations), the City of South Tucson, and the Town of Sahuarita. The Pima County Board of Supervisors is the Board of Directors for the Flood Control District. The Regional Flood Control District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Southwestern Fair Commission, Inc. (SFC) is a nonprofit corporation, which manages and maintains the fairgrounds owned by the County and conducts an annual fair and other events at the fairgrounds. The Commission's members are appointed and can be removed at any time by the Pima County Board of Supervisors. Based on these factors, and because SFC does not provide services entirely, or almost entirely to the County, but rather to the general citizenry, SFC is reported as a separate component unit (discrete presentation) in these financial statements. Complete financial statements for SFC can be obtained from the Pima County Department of Finance and Risk Management located at 130 West Congress Street, Tucson, Arizona 85701.

Related Organization

The Industrial Authority of Pima County (Authority) is a legally separate entity that was created to promote economic development and the development of affordable housing. The Authority fulfills its function through the issuance of tax-exempt bonds. The County Board of Supervisors appoints the Authority's Board of Directors. The Authority's operations are completely separate from the County and the County is not financially accountable for the Authority. Therefore, the financial activities of the Authority have not been included in the accompanying financial statements.

B. Basis of Accounting

Primary government:

The government-wide, proprietary funds and fiduciary funds financial statements are presented using the economic resources measurement focus and the accrual basis of accounting with the exception of agency funds, which have no measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds in the fund-based financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method,

Note 1: Summary of Significant Accounting Policies (continued)

revenues are recognized when measurable and available. The County considers all revenues reported in the government funds to be available if the revenues are collected within 30 days after year-end. Revenues that are collected after 30 days are reported as deferred revenues. The County's major revenue sources that are susceptible to accrual are property taxes, intergovernmental and charges for services. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. The County applies grant resources to such programs before using general revenues.

The County's business-type activities and enterprise funds follow FASB Statements and Interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions; and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. The County has chosen the option not to follow FASB statements and interpretations issued after November 30, 1989.

Discretely presented component unit:

SFC's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The Commission's policy is to apply all FASB pronouncements issued after November 30, 1989.

C. Basis of Presentation

The basic financial statements include both government-wide statements and fund-based financial statements. The government-wide statements focus on the County as a whole, while the fund-based financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

Government-wide statements provide information about the primary government and its component units. The statements include a statement of net assets and a statement of activities. These statements report the financial activities of the overall government, except for fiduciary activities. They also distinguish between the governmental and business-type activities of the County and between the County and its discretely presented component unit. Governmental activities are financed primarily through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and segment of its business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions. Program revenues include:

Note 1: Summary of Significant Accounting Policies (continued)

- Charges for services (fines and forfeitures, licenses and permits, and special assessments)
- Operating grants and contributions
- Capital grants and contributions

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes, are reported as general revenues. The net effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities.

Fund-based financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary and fiduciary fund categories. The emphasis of fund-based financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Fiduciary funds are aggregated and reported by fund type.

Proprietary funds are financed mainly by fees and charges received from users of the services provided by the funds' operations. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The **Capital Projects Fund** accounts for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds.

The County reports the following major enterprise funds:

Pima Health System and Services (PHS&S) provides payment for health care services including inpatient hospital care and outpatient clinical care for medical and psychiatric problems, indigent health care under the Arizona Health Care Cost Containment System (AHCCCS), an alternative to Medicaid, home health services and long-term nursing care.

Regional Wastewater Reclamation Department (RWRD) accounts for the management and operation of wastewater treatment and water pollution control programs.

The County reports the following fund types:

Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis. These funds account for fleet maintenance and operation, insurance, graphic services and telecommunications services.

Investment Trust Funds account for assets held by the County Treasurer in an external investment pool and individual investment accounts for the benefit of outside jurisdictions.

Note 1: Summary of Significant Accounting Policies (continued)

Agency Funds account for the assets, held by the County as an agent, for individuals, private organizations or other governmental units. The agency fund is custodial in nature and does not present results of operations.

D. Cash and Investments

Primary government:

For purposes of its statements of cash flows, the County considers only those highly liquid investments, with a maturity period of 3 months or less when purchased, to be cash equivalents. All investments are stated at fair value.

If an individual fund has a deficit balance in the amount on deposit with the County Treasurer at year-end, that balance is reclassified as an amount due to other funds.

Discretely presented component unit:

SFC's cash and cash equivalents consist of short-term, highly liquid investments with original maturities of three months or less.

E. Inventories and Prepaids

The County accounts for its inventories in the Health and Animal Control Fund using the purchase method. Inventories of the Health and Animal Control Fund consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and are offset by a fund balance reserve to indicate that they do not constitute "available spendable resources." These inventories are stated at cost using the first-in, first-out method or average cost method.

During the current fiscal year, Transportation transitioned from the purchase method to the consumption method eliminating the need to report a change in inventory reserve. Purchases are recorded as inventory and expensed when used. Amounts on hand at year-end are shown on the balance sheet as an asset and are offset by a fund balance reserve to indicate that they do not constitute "available spendable resources." Inventories in Transportation are valued at lower of cost or market, cost being determined using the moving average method.

Inventories in the government-wide and proprietary funds' financial statements are recorded as assets when purchased and expensed when consumed.

Inventories of Pima Health System and Services, an enterprise fund, are valued at the lower of cost or market, cost being determined on the first-in, first-out method.

Inventories of RWRD, an enterprise fund, are valued at lower of cost or market, cost being determined using the moving average method.

Inventories of Fleet Services, an internal service fund, are valued at lower of cost or market, cost being determined using the moving average method.

Prepaid expenses/expenditures are accounted for using the consumption method, except for the School Reserve Fund reported as an Other Governmental Fund, which uses the purchase method.

Note 1: Summary of Significant Accounting Policies (continued)

F. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

G. Capital Assets

Capital assets are reported at actual cost or estimated historical cost, if historical records are not available. Donated assets are reported at estimated fair value at the time received.

Capitalization thresholds, depreciation methods and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows (excluding component unit):

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land	All	N/A	N/A
Land improvements	All	Straight Line	20 - 30 Years
Buildings and building improvements	$100	Straight Line	10 - 50 Years
Equipment	$5	Straight Line	4 - 25 Years
Fleet service vehicles	$5	Units of Production based on number of hours or miles	5 - 15 Years
Infrastructure	$100	Straight Line	10 - 50 Years

Discretely presented component unit:

SFC capital assets are reported at actual cost. Depreciation is provided by the straight-line method over the assets' estimated useful life, which range from 3 to 40 years.

H. Investment Earnings

Investment earnings are composed of interest, dividends and net changes in the fair value of applicable investments.

I. Compensated Absences

Compensated absences consist of vacation leave and a calculated amount of sick leave earned by employees based on services already rendered.

Note 1: Summary of Significant Accounting Policies (continued)

Employees may accumulate up to 240 hours of vacation depending upon years of service, but any vacation hours in excess of the maximum amount that are unused at their year-end are forfeited. Upon termination of employment, all unused and unforfeited vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements in Employee Compensation.

Employees may accumulate up to 1920 hours of sick leave. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but are forfeited upon termination of employment. Sick leave benefits do not vest with employees; however employees who are eligible to retire from County service into the Arizona State Retirement System, Public Safety Personnel Retirement System, or Corrections Officer Retirement Plan may request sick leave be converted to annual leave, on a predetermined conversion basis. An estimate of those retirement payouts is accrued as a liability in the government-wide financial statements in Employee Compensation.

Note 2: Net Asset Beginning Balances Restated

The beginning net assets for Governmental Activities were restated due to the addition of Transportation dedicated roadways and land parcels. These dedicated roadways and land parcels were not reported in prior fiscal years.

The following summarizes the restatement of net assets:

	Governmental Activities

Infrastructure	57,843
Land	18,739
Net assets – July 1, 2007, as restated	$ 1,076,033

In addition, due to restructuring of the Regional Wastewater Reclamation Department Enterprise Fund sewer conveyance assets, beginning net asset balances were restated as follows:

	Business-type Activities	Regional Wastewater Reclamation Department
Net assets – June 30, 2007, as previously reported	$ 572,462	$ 543,028

Note 3: Cash and Investments

Primary Government

The County's cash and investment policies are governed by State statutes and by bond covenants. The County Treasurer is authorized to invest public monies in the State Treasurer's Investment Pool; interest bearing savings accounts, certificates of deposit and repurchase agreements in eligible depositories; bonds or other obligations issued or guaranteed by the United States government or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds; specified commercial paper, bonds, debentures and notes issued by corporations organized and doing business in the United States; and bonds of the State of Arizona or any of its counties, cities, towns, or school districts as specified by statute. In addition, the County Treasurer may invest trust funds in fixed income securities of corporations doing business in the United States or District of Columbia.

Credit risk—The State statutes have the following requirements for credit risk:

1. Commercial paper must be rated P1 by Moody's Investors Service or A1 or better by Standard and Poor's rating service.

2. Corporate bonds, debentures and notes must be rated A or better by Moody's Investors Service or Standard and Poor's rating service.

3. Fixed income securities must carry one of the two highest ratings by Moody's Investors Service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk—Statutes require collateral for demand deposits, certificates of deposit and repurchase agreements at 101 percent of all deposits not covered by federal depository insurance.

Concentration of credit risk—Statutes do not include any requirements for concentration of credit risk.

Interest rate risk—Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years and that public operating fund monies invested in securities and deposits have a maximum maturity of 3 years. Investments in repurchase agreements must have a maximum maturity of 180 days.

Foreign currency risk—Statutes do not allow foreign investments.

Deposits—At June 30, 2008, the carrying amount of the County's deposits was $16,506 and the bank balance was $36,096.

Custodial credit risk—Custodial credit risk is the risk that the County will not be able to recover its deposits if a financial institution fails. The County does not have a formal policy with respect to custodial credit risk. As of June 30, 2008, $3,775 of the County's bank balance was exposed to custodial credit risk because it was uninsured and uncollateralized.

Note 3: Cash and Investments (continued)

Investments—At June 30, 2008, the County's investments consisted of $271,549 invested in marketable securities and $639,977 invested in the State Treasurer's Investment Pool. Cash from the County and from externally legally separate governments are pooled to purchase the investments in marketable securities and the State Treasurer's Pool. The State Board of Investment provides oversight for the State Treasurer's pools. The fair value of a participant's position in the pool approximates the value of that participant's pool shares and the participant's shares are not identified with specific investments.

Credit risk—Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The County does not have a formal investment policy with respect to credit risk.

At June 30, 2008, credit risk for the County's investments was as follows:

Investment Type	Rating	Rating Agency	Amount
Commercial paper	A1/P1	S&P / Moody's	$ 39,929
Corporate bonds	A/A1	S&P / Moody's	84,024
Federal Farm Credit Bank	AAA/Aaa	S&P / Moody's	18,536
Federal Home Loan Bank	AAA/Aaa	S&P / Moody's	35,892
Fannie Mae (Federal National Mortgage Association)	AA-/Aa2	S&P / Moody's	25,498
Freddie Mac (Federal Home Loan Mortgage Corp)	AAA/Aaa	S&P / Moody's	19,616
U. S. Treasury money market Fund	AAA/Aaa	S&P / Moody's	3,717
Tri-party Repurchase agreement	Unrated		1,090
State Treasurer Investment Pool	Unrated		639,977
Total			$ 868,279

Custodial credit risk—For an investment, custodial risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no formal policy with respect to custodial credit risk. Of the County's $911,526 of investments, $267,832, consisting of the commercial paper, corporate bonds, Federal Farm Credit, Federal Home Loan Bank, Fannie Mae and Freddie Mac discount notes, U.S. Treasury notes and tri-party repurchase agreement, is uninsured and held by a counterparty in the County's name in book form. An additional $3,717 in a U.S. Treasury money market fund is held by a counterparty as trustee.

Concentration of credit risk—The County has no formal policy with respect to limiting the amount the Treasurer may invest in any one issuer. The County's exposure as of June 30, 2008 is less than 5% per issuer.

Interest rate risk—Interest rate risk is the risk that changes in interest rates will adversely affect an investment's fair value. The County does not have a formal investment policy with respect to interest rate risk.

Note 3: Cash and Investments (continued)

As of June 30, 2008, the County had the following investments:

Investment Type	Amount	Weighted Average Maturity (Years)

In addition, the County Treasurer determines the fair value of those pooled investments annually at June 30. The County Treasurer's Investment Pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. Note 6: Claims, Judgments and Risk Management

Risk Management and Claims Liability

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; medical malpractice; environmental claims; and natural disasters. Claims against the County are accounted for in the Self Insurance Trust Fund (the Fund), an internal service fund. Annually, an actuarial evaluation is performed to determine the County's anticipated losses except for environmental, unemployment and dental losses. Environmental losses are based on reported claims and the County risk manager's knowledge and experience. Unemployment and dental losses are based on claims that have been submitted but not yet paid by the Fund. Losses accounted for include reported and paid, reported but unpaid, and incurred but not reported. All liabilities of the Fund except for environmental, unemployment and dental losses are reported at their present value using an expected future investment yield assumption of four percent.

The Fund is liable for any single general or automobile liability claim up to $2,000,000 per occurrence, any workers' compensation claim up to $750,000 per occurrence or any medical malpractice claims in aggregate up to $5,000,000 in any policy year. The County purchases commercial insurance for claims in excess of coverage provided by the Fund and for some other risks of loss. Settled claims have not exceeded insurance coverage in any of the last three fiscal years.

Payment of unemployment and dental claims is fully self-funded. Payment of environmental claims is generally self-funded, although some claims filed could result in past insurers being liable for such losses.

All of the County's departments participate in the Fund. With the exception of environmental, dental, and unemployment losses, charges are based on actuarial estimates of the amounts needed to pay prior and current-year claims. Charges for environmental losses are based on historical experience. Charges for dental and unemployment losses are based on actual claims paid.

The claims liability of $31,205 reported in the Fund at June 30, 2008, is based on estimates of the ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. The ultimate cost of claims includes incremental claim adjustment expenses that have been allocated to specific claims, as well as salvage and subrogation. No other claim adjustment expenses have been included.

	2008	2007
Claims liability - beginning	$ 32,857	$ 35,508
Current-year claims and changes in estimates	10,227	8,118
Claims payment	(11,879)	(10,769)
Claims liability - ending	$ 31,205	$ 32,857

Note 6: Claims, Judgments and Risk Management (continued)

Litigation

Pima County is a defendant in a number of court actions. In the opinion of County management, the final disposition of these actions, if unfavorable, will not have a material effect upon the County's financial statements.

Pollution Remediation - El Camino del Cerro Site

The County has estimated and reported an environmental liability of $1,784 in the government-wide financial statements for governmental activities (in noncurrent liabilities). Remediation efforts are currently underway at the El Camino del Cerro site which is approximately bordered by the Santa Cruz River on the west, Interstate 10 on the east and north of El Camino del Cerro Road. The groundwater contamination is suggested to resonate from the municipal and solid waste landfill operated on the site from 1973 to 1977.

In communication with the Arizona Department of Environmental Quality, the County has begun remediation efforts that will include a groundwater pump-and-treat system.

The estimated liability was calculated based upon the expected future outlays associated with the cost of one to three pump-and-treat systems for one to two years. The estimate of one pump-and-treat system for one year was considered to be a better estimate than any other amount.

There is potential for changes due to increased costs associated with sewage disposal costs, construction costs for extraction wells and/or changes in the estimated extent of contamination.

There are no estimated recoveries at this time.

CAPITAL LEASES
Governmental Activities

On February 1, 1997, the County entered into an agreement to sell certain jail facilities and then lease them back for a 15-year term. The jail facilities were sold for $34,500, and the proceeds were used to finance the construction of the baseball stadium. The amendments extended the lease term to 2014 and 2018 respectively, increased the range of interest rates and increased the County's obligation under the lease agreement.

The County has also entered into capital leases for computer equipment. The outstanding balance as of June 30, 2008, for these leases totaled $266.

The net book value of assets acquired through capital leases consists of $18,697 of buildings and $117 equipment.

The County maintains a revolving line of credit with Bank of America National Trust and Savings Association to meet its short-term cash needs. At June 30, 2008, the County had an outstanding balance of $0. Advances on the line of credit are payable on demand. The credit line is secured by the County's general taxing authority.

Line of credit	$0	$ 112,053	$112,053	$0

Note 9: Landfill Liabilities

SOLID WASTE LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS:

State and Federal laws and regulations require the County to place a final cover on its solid waste landfill sites when these sites stop accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after their closure. Although closure and post-closure care costs will not be paid until near or after the date the landfills stop accepting waste, the County records a portion of these closure and post-closure care costs as a long-term liability in each period, based on landfill capacity used. The $18,419 reported as landfill closure and post-closure care long-term liability within the governmental activities represents the cumulative amount reported to date, based on the percentage used of each landfill's total estimated capacity. The County will recognize the remaining estimated cost of closure and post-closure care of $5,819 as the remaining estimated capacities are used. These amounts are based on what it would cost to perform all closure and post-closure care in the fiscal year ended June 30, 2008; actual costs may change due to inflation, changes in technology, or changes in regulations.

Landfill Site	Capacity Used June 30, 2008	Estimated Remaining Service Life
Ajo *	100%	0 Year
Sahuarita **	44%	25 Years
Tangerine	88%	2 Years

*Life extending facility development options are presently being considered for the Ajo Landfill, including vertical and/or horizontal expansion.

**Sahuarita's facility has incurred a decrease in annual solid waste tipping, because of this the expected service life of the landfill has increased.

The County plans to fund the estimated closure and post-closure care costs with proceeds of general obligation bonds and with solid waste tipping fees.

Note 9: Landfill Liabilities (continued)

According to state and federal laws and regulations, the County must comply with the local government financial test requirements that assure the County can meet the costs of landfill closure, post-closure, and corrective action when needed. The County is in compliance with these requirements. The Ina Road Landfill facility is closed to municipal solid waste and only receives green waste and construction debris. It is not subject to the closure and post-closure cost requirements referred to above. Pima County estimates that it will cost approximately $9,520 when closure occurs and plans to fund the cost with proceeds of general obligation bonds and with solid waste tipping fees. At this time, there is no closure date available, and there is no known pollution.

Pension Plan Descriptions

The County contributes to the Arizona State Retirement System **(ASRS),** the Corrections Officer Retirement Plan **(CORP),** the Public Safety Personnel Retirement System **(PSPRS),** consisting of Pima County Sheriffs and Pima County - County Attorney Investigators, and the Elected Officials Retirement Plan **(EORP).** The **EORP** and the **PSPRS** - Pima County, County Attorney Investigators, are not described due to their relative insignificance to the County's financial statements. Benefits are established by state statute and generally provide retirement, death, long-term disability, survivor, and health insurance premium benefits. The retirement benefits are generally paid at a percentage, based on years of service, of the retirees' average compensation. Long-term disability benefits vary by circumstance, but generally pay a percentage of the employee's monthly compensation. Health insurance premium benefits are generally paid as a fixed dollar amount per month towards the retiree's healthcare insurance premiums, in amounts based on whether the benefit is for the retiree or for the retiree and his or her dependents.

The **ASRS** administers a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health insurance premium plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan that covers employees of the State of Arizona and employees of participating political subdivisions, including general employees of the County, and school districts. The **ASRS** is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

The **PSPRS** administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers Pima County Sheriff's public safety personnel who are regularly assigned hazardous duty as employees of the State of Arizona or one of its political subdivisions. The **PSPRS,** acting as a common investment and administrative agent, is governed by a five-member board, known as The Fund Manager, and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

The **CORP** administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers certain employees of the State of Arizona's Departments of Corrections and Juvenile Corrections, and County employees whose primary duties require direct inmate contact. The **CORP** is governed by The Fund Manager of **PSPRS** and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

Each plan issues a publicly available financial report that includes its financial statements and required supplementary information. A report may be obtained by contacting the applicable plan.

Actuarial methods and assumptions

The contribution requirements for the year ended June 30, 2008 were established by the June 30, 2006 actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plans and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on 1) the plans as understood by the County and plans' members and include the types of benefits in force at the valuation date, and 2) the pattern of sharing benefit costs between the County and plans' members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant actuarial methods and assumptions used are the same for all plans and related benefits (unless noted), and the actuarial methods and assumptions used to establish the fiscal year 2008 contribution requirements, are as follows:

Postemployment Healthcare Plan

Retiree Insurance Program

Employees retiring from Pima County service, who receive monthly income from any of the Arizona State individual retirement plans, are eligible to continue medical and dental insurance coverage at group rates through the County (the Program). It is a single-employer plan and the benefits and premium rates are approved by the Board of Supervisors on an annual basis for active and retired members. Although Pima County does not explicitly pay a portion of the retiree's premiums, because of the inclusion of this risk class in the insured pool, there is an implicit rate subsidy or "premium rate differential" that is incurred by the County. No separate financial report is provided for the Program.

The Program is currently funded on a pay-as-you-go basis.

Note 14: Subsequent Event

On May 13, 2008, PHS&S was notified that their ambulatory services contract with AHCCCS serving Pima and Santa Cruz counties would not be renewed. Effective October 1, 2008, PHS&S would be only providing care to an estimated 3,000 members that are both eligible through AHCCCS and Arizona Long Term Care System. This results in a reduction of approximately 27,000 members and $84 million in reduced revenues and expenses. As a result of this contract termination, PHS&S has implemented a plan to significantly reduce expenses, initially through a reduction in workforce of 53 employees, effective September 30, 2008.

All moneys held by the Registrar as paying agent shall be held in trust for the benefit of the holders of the Bonds.

Section 8. The Bonds shall bear interest at the rates described in Exhibit A attached hereto payable on July 1, 2009, and semiannually thereafter on January 1 and July 1 each year during the term of the Bonds by check drawn on the Registrar and mailed, by first class mail, on or prior to each interest payment date, to the registered owner of the Bonds at the address shown on the registration books of the Registrar on the Record Date, or, as and subject to the conditions provided in Section 1(c) hereof, by wire transfer.

A copy of any redemption notices sent by the Registrar with respect to the Bonds shall also be provided to the Treasurer.

Section 10. In the event any check for payment of interest on a Bond is returned to the Registrar unendorsed or is not presented for payment within two (2) years from its payment date or any Bond is not presented for payment of principal at the maturity or redemption date, if funds sufficient to pay such interest or principal due upon such Bond shall have been made available to the Registrar for the benefit of the owner thereof, it shall be the duty of the Registrar to hold such funds without liability for interest thereon, for the benefit of the owner of such Bond who shall thereafter be restricted exclusively to such funds for any claim of whatever nature relating to such Bond or amounts due thereunder. The Registrar's obligation to hold such funds shall continue for two (2) years and six (6) months following the date on which such interest or principal payment became due, whether at maturity, or at the date fixed for redemption, or otherwise, at which time the Registrar shall surrender such unclaimed funds so held to the Treasurer, whereupon any claim of whatever nature by the owner of such Bond arising under such Bond shall be made upon the Treasurer and shall be subject to the provisions of applicable law.

Section 11. The Registrar shall secure or collateralize the funds on deposit at the Registrar pursuant to this Agreement in the manner provided in Arizona Revised Statutes ("A.R.S.") § 35-323.

Section 13. Fees for the Registrar's services with respect to the registration, authentication, delivery and payment of the Bonds shall be paid as set forth on Exhibit B attached hereto. Extraordinary out-of-pocket expenses shall be paid by the County as incurred by the Registrar.

Section 14. The Registrar shall make such reports relating to the issuance of the Bonds as the Department requires pursuant to A.R.S. §§ 35-501 and 35-502, or any successor statutes thereto, and shall notify the Department in the manner provided in Section 1(c)(5) hereof of the retirement of any Bonds and of all payments of interest thereon.

Section 15. The Registrar's records relating to the Bonds shall be kept in compliance with the requirements of Section 103 of the Code, and any regulations promulgated thereunder, such standards as have been or may be issued from time to time by the Securities and Exchange Commission or the Municipal Securities Rulemaking Board of the United States, and any other securities industry standard as the County may reasonably direct from time to time. In lieu of destruction and immediately prior to the date the Registrar would destroy any Bondholder or Bond payment records maintained by the Registrar pursuant to this Agreement, such records shall be provided to the Treasurer.

Section 16. The County or its duly authorized agents may examine the records relating to the Bonds at the office of the Registrar where such records are kept at reasonable times as agreed upon with the Registrar and such records shall be subject to audit from time to time at the request of the County and or the Treasurer. On request, the Registrar will furnish the County with a list of the names, addresses and other information concerning the registered owners of the Bonds.

Section 17. The Registrar shall indemnify and hold harmless the County, the Treasurer, and all boards, commissions, officials, officers and employees of the County, individually and collectively, from the Registrar's negligence or misconduct in the performance of any of its duties hereunder. Similarly, the County shall, to the extent permitted by law, indemnify and hold harmless the Registrar, its officers, directors, employees, and agents, individually and collectively, from the County's negligence or misconduct in the performance of any of its duties hereunder.

Section 18. When the Registrar deems it necessary or reasonable, it may apply to a law firm or attorney approved by the County for instructions or advice with respect to the Bonds. All fees incurred in obtaining such counsel shall be added to the fees, costs and expenses to be paid to the Registrar pursuant hereto.

Section 19. By signature of its authorized officer below, the Registrar hereby acknowledges receipt of copies of (a) the resolutions of the County authorizing the issuance of the Bonds, (b) the receipt of the Treasurer acknowledging payment of the entire principal amount of the Bonds and any interest due thereon, (c) the opinion of Squire, Sanders & Dempsey L.L.P. as Bond Counsel to the County, and (d) the debt service payment schedule relating to the Bonds.

Section 20. The County and the Registrar each reserve the right to terminate any individual service set forth in this Agreement, or all of the services set forth in this Agreement, upon sixty (60) days prior written notice to the other party hereto.

Section 21. In the event the Registrar resigns or is replaced, the County reserves the right to appoint a successor bond registrar, transfer agent and/or paying agent hereunder. In such event, the provisions of this Agreement with respect to payment for expenses hereunder by the

County shall remain in full force and effect, but the Treasurer shall then be authorized to use the funds designated for such payment to pay any fees and expenses of any bond registrar, transfer agent and/or paying agent chosen to replace the Registrar or to reimburse the County if the Treasurer acts as bond registrar, transfer agent and/or paying agent. In the event that any corporation or association (i) into which the Registrar may be converted or merged (ii), with which the Registrar may or any successor to it may be consolidated, or (iii) to which the Registrar may sell or transfer all or substantially all of its corporate trust business, or any corporation or association resulting from such conversion, merger, consolidations, sale or transfer, ipso facto, shall be and become successor Registrar without the execution or filing of any paper or any further act on the part of any of the parties hereto, and that corporation or association shall be vested further as was its predecessor.

Section 22. This Agreement shall commence on the date first written above and shall continue until the date that the last payment due under the Bonds has been made.

Section 23. This Agreement contains the entire understanding of the parties with respect to the subject matter hereof, and no waiver, alteration or modification of any of the provisions hereof, or assignment of any rights hereunder, shall be binding unless in writing and signed by a duly authorized representative of all parties hereto.

Section 24. If any provision of this Agreement is held to be illegal, invalid or unenforceable under present or future laws, this Agreement shall be construed and enforced as if such illegal, invalid or unenforceable provision had never comprised a part of this Agreement; and the remaining provisions of this Agreement shall remain in full force and effect and shall not be affected by the illegal, invalid or unenforceable provision.

Section 25. Any request, demand, authorization, direction, notice, consent, waiver, statement or other document provided or permitted to be given or furnished to the County or the Registrar shall be mailed or delivered to the County or the Registrar, respectively, at the addresses shown herein, or such other address as may have been given by one party to the other by fifteen (15) days written notice.

9. Amendments; Waiver. Notwithstanding any provision of this Undertaking, the County by certified resolutions authorizing each amendment or waiver, may amend the Undertaking, and any provision of the Undertaking may be waived, if:

(a) The amendment is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the County, or type of business conducted;

(b) This Undertaking, as amended, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the rule, as well as any change in circumstances; and

(c) The amendment does not materially impair the interests of the beneficial owners of the Bonds, as determined by an independent counsel or other entity unaffiliated with the County.

Blanket Issuer Letter of Representations

Attention: Underwriting Department — Eligibility
The Depository Trust Company

Ladies and Gentlemen:

This letter sets forth our understanding with respect to all issues (the "Securities") that Issuer shall request be made eligible for deposit by The Depository Trust Company ("DTC").

To induce DTC to accept the Securities as eligible for deposit at DTC, and to act in accordance with DTC's Rules with respect to the Securities, Issuer represents to DTC that Issuer will comply with the requirements stated in DTC's Operational Arrangements, as they may be amended from time to time.

Note:

Schedule A contains statements that DTC believes accurately describe DTC, the method of effecting book-entry transfers of securities distributed through DTC, and certain related matters.

Very truly yours,

SCHEDULE A

SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC—bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds $200 million, one certificate will be issued with respect to each $200 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of Securities with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

[6. Redemption notices shall be sent to Cede & Co. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. will consent or vote with respect to Securities. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Principal and interest payments on the Securities will be made to DTC. DTC's practice is to credit Direct Participants' accounts on payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Agent, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer or the Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

[9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to the [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to the [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with a demand for purchase or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records.]

10. DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to the Issuer or the Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

11. The Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

All statements in this Certificate are of facts or, as to events to occur in the future, reasonable expectations.

I. DEFINITIONS

1.10. Attachment A. The definitions and cross-references set forth in Attachment A apply to this Certificate and its Attachments. All capitalized terms relating to a particular issue, such as Sale Proceeds, relate to the Issue, unless indicated otherwise. (For example, "Sale Proceeds" refers to Sale Proceeds of the Issue, unless indicated otherwise.)

1.20. Special Definitions. In addition, the following definitions apply to this Certificate and its Attachments:

"Bond Fund" means the portions of the Issuer's Interest Account and Redemption Funds that are properly allocable to the Issue.

"Instructions" means the Rebate Instructions attached hereto as Attachment A-1.

"Project" means the costs incurred by the Issuer in connection with the acquisition, constructing and equipping of various capital projects pursuant to the authorization granted by the qualified electors of the Issuer voting at the bond elections held on May 20, 1997, May 18, 2004 and May 16, 2006, and includes interest on the Issue for up to three years from the Issuance Date or, if later, one year after the date the Project is placed in service, all of which are governmental purposes for purposes of the Code.

"Underwriter" means Robert W. Baird & Co., Inc.

1.30. References. Reference to a Section means a section of the Code. Reference by number only (for example, "2.10") means that numbered paragraph of this Certificate. Reference to an Attachment means an attachment to this Certificate.

II. ISSUE DATA

2.10. Issuer. The Issuer is a Governmental Unit.

2.20. Purpose of Issue. The Issue is being issued to provide funds to (A) pay costs of the Project and (B) pay Issuance Costs.

2.30. Dates. The Sale Date is April 7, 2009 and the Issuance Date is April 22, 2009. The final maturity date of the Issue is July 1, 2023.

Sale Proceeds in the amount of $182,900 will be used to pay Issuance Costs within 13 months from the Issuance Date, such period being the Temporary Period for that amount. The remainder of $74,817,100 will be used for costs of the Project and may be used to acquire or hold Higher Yielding Investments for a period ending on the third anniversary of the Issuance Date (such period being the Temporary Period for such amount) because the following three tests are reasonably expected to be satisfied:

(a) At least 85% of the Net Sale Proceeds of the Issue will be allocated to expenditures on the Project by the end of the Temporary Period for such Net Sale Proceeds;

(b) Within 6 months of the Issuance Date, the Issuer will incur substantial binding obligations to one or more third parties to expend at least 5% of the Net Sale Proceeds on the Project; and

(c) Completion of the Project and the allocation of the Net Sale Proceeds to expenditures with respect to the Project will proceed with due diligence.

Any Sale Proceeds that remain unspent on the third anniversary of the Issuance Date, which is the expiration date of the Temporary Period for such Proceeds, shall not be invested in Higher Yielding Investments with respect to the Issue after that date except as part of the Minor Portion. In

complying with the foregoing sentence, the Issuer may take into account "yield reduction payments" (within the meaning of Regulations §1.148-5(c)) timely paid to the United States.

3.20. Investment Proceeds. Any Investment Proceeds will be used to pay costs of the Project and may be invested in Higher Yielding Investments during the Temporary Period identified in 3.10(C)(1) or, if longer, during the one year period from the date of receipt, such period being the Temporary Period for such Proceeds.

3.30. Bond Fund. Amounts deposited from time to time in the Bond Fund, which is a Bona Fide Debt Service Fund, will be used to pay Debt Service within 13 months after the amounts are so deposited, such period being the Temporary Period for such amounts.

3.40. No Other Replacement Fund or Assured Available Funds. The Issuer has not established and does not expect to establish or use any sinking fund, debt service fund, redemption fund, reserve or replacement fund, or similar fund, or any other fund to pay Debt Service other than the Bond Fund. Except for money referred to in 3.30 and Proceeds of a Refunding Issue, if any, no other money or Investment Property is or will be pledged as collateral or used for the payment of Debt Service (or for the reimbursement of any others who may provide money to pay that Debt Service), or is or will be restricted, dedicated, encumbered, or set aside in any way as to afford the holders of the Issue reasonable assurance of the availability of such money or Investment Property to pay Debt Service.

3.50. No Overissuance. The Proceeds are not reasonably expected to exceed the amount needed for the governmental purposes of the Issue as set forth in 2.20.

3.60. Other Uses of Proceeds Negated. Except as stated otherwise in this Certificate, none of the Proceeds will be used:

(A) to pay principal of or interest on, refund, renew, roll over, retire, or replace any other obligations issued by or on behalf of the Issuer or any other Governmental Unit,

(B) to replace any Proceeds of another issue that were not expended on the project for which such other issue was issued,

(C) to replace any money that was or will be used directly or indirectly to acquire Higher Yielding Investments,

(D) to make a loan to any person or other Governmental Unit,

(E) to pay any Working Capital Expenditures other than expenditures identified in Regulations §1.148-6(d)(3)(ii)(A) and (B) (i.e., Issuance Costs, Qualified Administrative Costs, reasonable charges for a Qualified Guarantee or for a Qualified Hedge, interest on the Issue for a period commencing on the Issuance Date and ending on the date that is the later of three years from such Issuance Date or one year after the date on which the project financed or refinanced by the Issue is Placed in Service, payments of the Rebate Amount, and costs, other than those already described, that do not exceed 5% of the Sale Proceeds and that are directly related to Capital Expenditures financed, principal or interest on an issue paid from unexpected excess Sale Proceeds or Investment Proceeds, principal or interest on an issue paid

from investment earnings on a reserve or replacement fund that are deposited in a Bona Fide Debt Service Fund and expenditures for extraordinary, nonrecurring items that are not customarily payable from current revenues, such as casualty losses or extraordinary legal judgments in amounts in excess of reasonable insurance coverage), or

(F) to reimburse any expenditures made prior to the Issuance Date that do not satisfy the requirements for a Reimbursement Allocation.

No portion of the Issue is being issued solely for the purpose of investing Proceeds in Higher Yielding Investments.

3.70. Minor Portion. The Minor Portion of $100,000.00 may be invested in Higher Yielding Investments.

3.80. No Other Replacement Proceeds. That portion of the Issue that is to be used to finance Capital Expenditures has a weighted average maturity that does not exceed 120% of the weighted average reasonably expected economic life of the property resulting from such Capital Expenditures.

IV. REBATE MATTERS

4.10. Issuer Obligation Regarding Rebate. In accordance with its covenants contained in the Resolution, the Issuer will calculate and make, or cause to be calculated and made, payments of the Rebate Amount in the amounts and at the times and in the manner provided in Section 148(f) and the Instructions with respect to Gross Proceeds to the extent not exempted under Section 148(f)(4) and the Instructions.

4.20. No Avoidance of Rebate Amount. No amounts that are required to be paid to the United States will be used to make any payment to a party other than the United States through a transaction or a series of transactions that reduces the amount earned on any Investment Property or that results in a smaller profit or a larger loss on any Investment Property than would have resulted in an arm's length transaction in which the Yield on the Issue was not relevant to either party to the transaction.

4.30. Exceptions.

(A) Notwithstanding the foregoing, the computations and payments of amounts to the United States referred to in IV. need not be made to the extent that such failure will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Issue, based on an Opinion of Bond Counsel.

(B) The Issue is a Construction Issue. The Issuer hereby elects to apply the 2-year spending exception to the rebate requirement on the basis of actual facts instead of the Issuer's reasonable expectations.

V. OTHER TAX MATTERS

5.10. Not Private Activity Bonds or Pool Bonds. No obligation of the Issue will be a Private Activity Bond or a pooled financing bond (within the meaning of Section 149(f)), based on the following:

(A) Not more than 5% of the Proceeds, if any, directly or indirectly, will be used for a Private Business Use and not more than 5%, if any, of the Debt Service, directly or indirectly, will be derived from or secured by Private Security or Payments.

(B) Less than 5% or $5,000,000, whichever is less, of the Proceeds, if any, will be used to make or finance loans to any Private Person or Governmental Unit other than the Issuer.

(C) The lesser of the Proceeds that are being or will be used for any Private Business Use or the Proceeds with respect to which there are Private Security or Payments does not exceed $15,000,000 and none of the Proceeds will be used with respect to an "output facility" (other than a facility for the furnishing of water) within the meaning of Section 141(b)(4).

(D) The Issuer does not intend to sell or otherwise dispose of the Project or any portion thereof during the term of the Issue except for dispositions of property in the normal course at the end of such property's useful life to the Issuer. With respect to tangible personal property, if any, that is part of the Project financed by the Issue, the Issuer reasonably expects that:

(1) Dispositions of such tangible personal property, if any, will be in the ordinary course of an established governmental program;

(2) The weighted average maturity of the bonds of the Issue financing or refinancing such property (treating the bonds of the Issue properly allocable to such personal property, as a separate issue for this purpose) will not be greater than 120% of the reasonably expected actual use of such property for governmental purposes;

(3) The fair market value of such property on the date of disposition will not be greater than 25% of its cost;

(4) The property will no longer be suitable for its governmental purposes on the date of disposition; and

(5) The amounts received from any disposition of such property are required to, and will be, deposited in the Issuer's General Fund and commingled with substantial tax or other governmental revenues and will be spent on governmental programs within 6 months from the date of such deposit and commingling.

5.20. Issue Not Federally Guaranteed. The Issue is not Federally Guaranteed.

5.30. Not Hedge Bonds. At least 85% of the Spendable Proceeds of the Issue will be used to carry out the governmental purposes of the Issue within three years from the Issuance Date. Not more than 50%, if any, of the Proceeds of the Issue will be invested in Nonpurpose Investments having a substantially guaranteed Yield for four years or more, including but not limited to any investment contract or fixed Yield investment having a maturity of four years or more. The reasonable expectations stated above were not and are not based on and do not take into account (A) any expectations or assumptions as to the occurrence of changes in market interest rates or changes of federal tax law or regulations or rulings thereunder or (B) any prepayments of items other than items that are customarily prepaid.

5.40. Hedge Contracts. The Issuer has not entered into, and does not reasonably expect to enter into, any Hedge with respect to the Issue, or any portion thereof. The Issuer acknowledges that entering into a Hedge with respect to the Issue, or any portion thereof, may change the Yield and that Bond Counsel should be contacted prior to entering into any Hedge with respect to the Issue in order to determine whether payments/receipts pursuant to the Hedge are to be taken into account in computing the Yield on the Issue.

5.50. Internal Revenue Service Information Return. Within the time and on the form prescribed by the Internal Revenue Service under Section 149(e), the Issuer will file with the Internal Revenue Service an Information Return setting forth the required information relating to the Issue. The information reported on that Information Return will be true, correct and complete to the best of the knowledge and belief of the undersigned.

5.60. Responsibility of Officer.

(A) The officer signing this Certificate is one of the officers of the Issuer responsible for issuing the Issue.

(B) In making the representations in this Certificate, the Issuer relies in part on the representations of the Underwriter as set forth in the Underwriter's Certificate attached hereto as Attachment B. To the best of the knowledge, information, and belief of the undersigned, all expectations stated in this Certificate and in Attachment B are the expectations of the Issuer and are reasonable, all facts stated are true, and there are no other existing facts, estimates, or circumstances that would or could materially change the statements made in this Certificate or in Attachment B. The certifications and representations made in this Certificate and in Attachment B are intended to be relied upon as certifications described in Treasury Regulations § 1.148-2(b). The Issuer acknowledges that any change in the facts or expectations from those set forth in this Certificate or in Attachment B may result in different requirements or a change in status of the Issue or interest thereon under the Code, and that bond counsel should be contacted if such changes are to occur or have occurred.

Definitions for Tax Compliance Certificate

The following terms, as used in Attachment A and in the Tax Compliance Certificate to which it is attached and in the other Attachments to the Tax Compliance Certificate, have the following meanings unless therein otherwise defined or unless a different meaning is indicated by the context in which the term is used. Capitalized terms used within these definitions that are not defined in Attachment A have the meanings ascribed to them in the Tax Compliance Certificate to which this Attachment A is attached. The word "Issue," in lower case, refers either to the Issue or to another issue of obligations or portion thereof treated as a separate issue for the applicable purposes of Section 148, as the context requires. The word "obligation" or "obligations," in lower case, includes any obligation, whether in the form of bonds, notes, certificates, or any other obligation that is a "bond" within the meaning of Section 150(a)(1). All capitalized terms used in this Certificate include either the singular or the plural. All terms used in this Attachment A or in the Tax Compliance Certificate to which this Attachment A is attached, including terms specifically defined, shall be interpreted in a manner consistent with Sections 103 and 141-150 and the applicable Regulations thereunder except as otherwise specified. All references to Section, unless otherwise noted, refer to the Code.

INSTRUCTIONS FOR COMPLIANCE WITH REBATE REQUIREMENTS OF SECTION 148(f) OF THE CODE.

The Issuer[1] covenanted in the operative documents (i.e., Ordinance/Resolution/Trust Indenture and Tax Compliance Certificate) to comply with the arbitrage rebate requirement of Section 148(f) of the Code. These Instructions provide guidance for that compliance, including the spending exceptions that free the Issue from all or part of the rebate requirements. Capitalized terms that are not defined in these Rebate Instructions are defined in Attachment A to the Tax Compliance Certificate.

PART I: GENERAL

SECTION 1.01. REBATE GENERALLY.

The Rebate Amount with respect to the Issue must be paid (rebated) to the United States to prevent the bonds of the Issue from being arbitrage bonds, the interest on which is subject to federal income tax. In general, the Rebate Amount is the amount by which the actual earnings on Nonpurpose Investments purchased (or deemed to have been purchased) with Gross Proceeds of the Issue exceed the amount of earnings that would have been received if those Nonpurpose Investments had a Yield equal to the Yield on the Issue.[2] Stated differently, the Rebate Amount for the Issue as of any date is the excess of the Future Value, as of that date, of all Receipts on Nonpurpose Investments over the Future Value, as of that date, of all Payments on Nonpurpose Investments, computed using the Yield on the Issue as the Future Value rate.[3]

---

1 For purposes of these Instructions, the term "Issuer" includes the borrower in a conduit financing issue.

2. Amounts earned on the Bona Fide Debt Service Fund for the Issue are not taken into account in determining the Rebate Amount for any Bond Year in which the gross earnings on such Fund for such Year are less than $100,000.

3. The scope of these Instructions does not permit a detailed description of the computation of the Rebate Amount with respect to the Issue. If you need assistance in computing the Rebate Amount on the Issue or want Squire, Sanders & Dempsey L.L.P. to do the computations, please feel free to contact the Squire, Sanders & Dempsey L.L.P. attorney with whom you normally consult to discuss engaging the Firm to provide such assistance.

If the Issue is a Fixed Yield Issue, the Yield on the Issue generally is the Yield to maturity, taking into account mandatory redemptions prior to maturity. If the Issue is a Variable Yield Issue, the Yield on the Issue is computed separately for each Yield Period selected by the Issuer.

PART II: EXCEPTIONS TO REBATE

SECTION 2.01. SPENDING EXCEPTIONS.

The rebate requirements with respect to the Issue are deemed to have been satisfied if any one of three spending exceptions (the 6-Month, the 18-Month, or the 2-Year Spending Exception, collectively, the "Spending Exceptions") is satisfied. The Spending Exceptions are each independent exceptions. The Issue need not meet the requirements of any other exception in order to use any one of the three exceptions. For example, a Construction Issue may qualify for the 6-Month Spending Exception or the 18-Month Spending Exception even though the Issuer makes one or more elections under the 2-Year Exception with respect to the Issue.

The following rules apply for purposes of all of the Spending Exceptions except as otherwise noted.

Refunding Issues. The only spending exception available for a Refunding Issue[4] is the 6-Month Spending Exception.

Special Transferred Proceeds Rules. In applying the Spending Exceptions to a Refunding Issue, unspent Proceeds of the Prior Issue that become Transferred Proceeds of the Refunding Issue are ignored. If the Prior Issue satisfies one of the rebate Spending Exceptions, the Proceeds of the Prior Issue that are excepted from rebate under that exception are not subject to rebate either as Proceeds of the Prior Issue or as Transferred Proceeds of the Refunding Issue.

However, if the Prior Issue does not satisfy any of the Spending Exceptions and is not otherwise exempt from rebate, the Transferred Proceeds from the Prior Issue will be subject to rebate, even if the Refunding Issue satisfies the 6-Month Spending Exception. The Rebate Amount will be calculated on the Transferred Proceeds on the basis of the Yield of the Prior Issue up to each transfer date and on the basis of the Yield of the Refunding Issue after each transfer date.

Application of Spending Exceptions to a Multipurpose Issue. If the Issue is a Multipurpose Issue, the Refunding Portion and the New Money Portion are treated for purposes of the rebate Spending Exceptions as separate issues. Thus, the Refunding Portion is eligible to use only the 6-Month Spending Exception. The New Money Portion is eligible to use any of the three Spending Exceptions.

---

4. For purposes of these Instructions, references to "Refunding Issue" include the Refunding Portion of a Multipurpose Issue.

Expenditures for Governmental Purposes of the Issue. Each of the spending exceptions requires that expenditures of Gross Proceeds be for the governmental purposes of the Issue. These purposes include payment of interest (but not principal) on the Issue.

SECTION 2.02. 6-MONTH SPENDING EXCEPTION.

The Issue will be treated as satisfying the rebate requirements if all of the Gross Proceeds of the Issue are allocated to expenditures for the governmental purposes of the Issue within the 6-month period beginning on the Issuance Date and the Rebate Amount, if any, with respect to earnings on amounts deposited in a reasonably required reserve or replacement fund or a Bona Fide Debt Service Fund if and to the extent that such Fund is subject to rebate (see footnote 3) is timely paid to the United States. If no bond of the Issue is a Private Activity Bond (other than a Qualified 501(c)(3) Bond) or a tax or revenue anticipation bond, the 6-month period is extended for an additional 6 months if the unexpended Gross Proceeds of the Issue at the end of the 6-month period do not exceed 5% of the Proceeds of the Issue.

For purposes of the 6-Month Spending Exception, Gross Proceeds required to be spent within 6 months do not include amounts in a reasonably required reserve or replacement fund for the Issue or in a Bona Fide Debt Service Fund for the Issue.

SECTION 2.03. 18-MONTH SPENDING EXCEPTION.

The Issue (or the New Money Portion if the Issue is a Multipurpose Issue) is treated as satisfying the rebate requirement if the conditions set forth in (A), (B) and (C) are satisfied.

(A) All of the Gross Proceeds of the Issue (excluding amounts in a reasonably required reserve or replacement fund for the Issue or in a Bona Fide Debt Service Fund for the Issue) are allocated to expenditures for the governmental purposes of the Issue in accordance with the following schedule, measured from the Issuance Date:

(1) at least 15% within 6 months;

(2) at least 60% within 12 months; and

(3) 100% within 18 months, subject to the Reasonable Retainage exception described below.

(B) The Rebate Amount, if any, with respect to earnings on amounts deposited in a reasonably required reserve or replacement fund or in a Bona Fide Debt Service Fund for the Issue, to the extent such Fund is subject to rebate (see footnote 3), is timely paid to the United States.

(C) The Gross Proceeds of the Issue qualify for the initial 3-year Temporary Period.

If the only unspent Gross Proceeds at the end of the 18th month are Reasonable Retainage, the requirement that 100% of the Gross Proceeds be spent by the end of the 18th month is treated as met if the Reasonable Retainage, and all earnings thereon, are spent for the governmental purposes of the Issue within 30 months of the Issuance Date.

For purposes of determining whether the spend-down requirements have been met as of the end of each of the first two spending periods, the amount of Investment Proceeds that the Issuer reasonably expects as of the Issuance Date to earn on the Sale Proceeds and Investment Proceeds of the Issue during the 18-month period are included in Gross Proceeds of the Issue. The final spend-down requirement includes actual Investment Proceeds for the entire 18 months.

The 18-Month Spending Exception does not apply to the Issue (or the New Money Portion, as applicable) if any portion of the Issue (or New Money Portion) is treated as meeting the rebate requirement under the 2-Year Spending Exception discussed below. This rule prohibits use of the 18-Month Spending Exception for the Nonconstruction Portion of a Bifurcated Issue. The only Spending Exception available for the Nonconstruction Portion of a Bifurcated Issue is the 6-Month Spending Exception.

SECTION 2.04. 2-YEAR SPENDING EXCEPTION FOR CERTAIN CONSTRUCTION ISSUES.

(A) In general. A Construction Issue no bond of which is a Private Activity Bond (other than a Qualified 501(c)(3) Bond or a Bond that finances property to be owned by a Governmental Unit or a 501(c)(3) Organization) is treated as satisfying the rebate requirement if the Available Construction Proceeds of the Issue are allocated to expenditures for the governmental purposes of the Issue in accordance with the following schedule, measured from the Issuance Date:

(1) at least 10% within 6 months;

(2) at least 45% within 1 year;

(3) at least 75% within 18 months; and

(4) 100% within 2 years, subject to the Reasonable Retainage exception described below.

Amounts in a Bona Fide Debt Service Fund or a reasonably required reserve or replacement fund for the Issue are not treated as Gross Proceeds for purposes of the expenditure requirements. However, unless the Issuer has elected otherwise in the Tax Compliance Certificate, earnings on amounts in a reasonably required reserve or replacement fund for the Issue are treated as Available Construction Funds during the 2-year period and therefore must be allocated to expenditures for the governmental purposes of the Issue.

If the Issuer elected in the Tax Compliance Certificate to exclude from Available Construction Proceeds the Investment Proceeds or earnings on a reasonably required reserve or

replacement fund for the Issue during the 2-year spend-down period, the Rebate Amount, if any, with respect to such Investment Proceeds or earnings from the Issuance Date must be timely paid to the United States. If the election is not made, the Rebate Amount, if any, with respect to such Investment Proceeds or earnings after the earlier of the date construction is substantially completed or 2 years after the Issuance Date must be timely paid to the United States. The Rebate Amount, if any, with respect to earnings on amounts in a Bona Fide Debt Service Fund must be timely paid to the extent such Fund is subject to the rebate requirements (see footnote 3).

The Issue does not fail to satisfy the spending requirement for the fourth spend-down period (i.e., 100% within 2 years of the Issuance Date) if the only unspent Available Construction Proceeds are amounts for Reasonable Retainage if such amounts (together with all earnings on such amounts) are allocated to expenditures within 3 years of the Issuance Date.

For purposes of determining whether the spend-down requirements have been met as of the end of each of the first 3 spend-down periods, Available Construction Proceeds include the amount of Investment Proceeds or earnings that the Issuer reasonably expected as of the Issuance Date to earn during the 2-year period unless the Issuer elects, on or before the Issuance Date, to apply these spend-down requirements on the basis of actual facts rather than reasonable expectations. For purposes of satisfying the final spend-down requirement, Available Construction Proceeds include actual Investment Proceeds or earnings from the Issuance Date through the end of the 2-year period.

Available Construction Proceeds do not include Gross Proceeds used to pay Issuance Costs financed by the Issue, but do include earnings on such Proceeds. Thus, an expenditure of Gross Proceeds to pay Issuance Costs does not count toward meeting the spend-down requirements, but expenditures of earnings on such Gross Proceeds to pay Issuance Costs do count.

(B) 1½% penalty in lieu of rebate for Construction Issues. If the Issuer elected in the Tax Compliance Certificate for a Construction Issue, or for the Construction Portion of a Bifurcated Issue, to pay a 1½% penalty in lieu of the Rebate Amount on Available Construction Proceeds in the event that the Construction Issue fails to satisfy any of the spend-down requirements, the 1½% penalty is calculated separately for each spend-down period, including each semi-annual period after the end of the fourth spend-down period until all Available Construction Proceeds have been spent. The penalty is equal to 0.015 times the underexpended Proceeds as of the end of the applicable spend-down period. The fact that no arbitrage is in fact earned during such spend-down period is not relevant. The Rebate Amount with respect to Gross Proceeds other than Available Construction Proceeds (e.g., amounts in a reasonably required reserve or replacement fund or in a Bona Fide Debt Service Fund, to the extent subject to rebate (see footnote 3)) must be timely paid.

PART III: COMPUTATION AND PAYMENT

SECTION 3.01. COMPUTATION AND PAYMENT OF REBATE AMOUNT.

If none of the Spending Exceptions described above is satisfied (and if the 1-1/2% penalty election for a Construction Issue or the Construction Portion of a Bifurcated Issue has not been made), then within 45 days after each Computation Date, the Issuer shall compute, or cause to be computed, the Rebate Amount as of such Computation Date. The first Computation Date is a date selected by the Issuer, but shall be not later than 5 years after the Issuance Date. Each subsequent Computation Date shall end 5 years after the previous Computation Date except that, in a Variable Yield Issue, the Issuer may select annual Yield Periods. The final Computation Date shall be the date the last obligation of the Issue matures or is finally discharged.

Within 60 days after each Computation Date (except the final Computation Date), the Issuer shall pay to the United States not less than 90% of the Rebate Amount, if any, computed as of such Computation Date. Within 60 days after the final Computation Date, the Issuer shall pay to the United States 100% of the Rebate Amount, if any, computed as of the final Computation Date. In computing the Rebate Amount, a computation credit of $1,000 may be taken into account on the last day of each Bond Year to the Computation Date during which there are unspent Gross Proceeds that are subject to the rebate requirement, and on the final maturity date.

If the operative documents pertaining to the Issue establish a Rebate Fund and require the computation of the Rebate Amount at the end of each Bond Year, the Issuer shall calculate, or cause to be calculated, within 45 days after the end of each Bond Year the Rebate Amount, taking into account the computation credit of $1,000 for each Bond Year. Within 50 days after the end of each Bond Year, if the Rebate Amount is positive, the Issuer shall deposit in the Rebate Fund such amount as will cause the amount on deposit therein to equal the Rebate Amount, and may withdraw any amount on deposit in the Rebate Fund in excess of the Rebate Amount. Payments of the Rebate Amount to the Internal Revenue Service on a Computation Date shall be made first from amounts on deposit in the Rebate Fund and second from other amounts specified in the operative documents.

Each payment of the Rebate Amount or portion thereof shall be payable to the Internal Revenue Service and shall be made to the Internal Revenue Service Center, Ogden, UT 84201 by certified mail. Each payment shall be accompanied by Internal Revenue Service Form 8038-T and any other form or forms required to be submitted with such remittance.

SECTION 3.02. BOOKS AND RECORDS.

(A) The Issuer or Trustee, as applicable, shall keep proper books of record and accounts containing complete and correct entries of all transactions relating to the receipt, investment, disbursement, allocation and application of the Gross Proceeds of the Issue. Such records shall specify the account or fund to which each Nonpurpose Investment (or portion thereof) held by the Issuer or Trustee is to be allocated and shall set forth as to each Nonpurpose Investment (1) its purchase price, (2) identifying information, including par amount, interest rate, and payments

dates, (3) the amount received at maturity or its sales price, as the case may be, including accrued interest, (4) the amounts and dates of any payments made with respect thereto, and (5) the dates of acquisition and disposition or maturity.

The Issuer, Trustee, or Rebate Analyst, as applicable, shall retain the records of all calculations and payments of the Rebate Amount until six years after the retirement of the last obligation that is a part of the Issue.

SECTION 3.03. FAIR MARKET VALUE.

No Nonpurpose Investment shall be acquired for an amount in excess of its fair market value. No Nonpurpose Investment shall be sold or otherwise disposed of for an amount less than its fair market value.

The fair market value of any Nonpurpose Investment shall be the price at which a willing buyer would purchase the Nonpurpose Investment from a willing seller in an arms-length transaction. Fair market value generally is determined on the date on which a contract to purchase or sell the Nonpurpose Investment becomes binding (i.e., the trade date rather than the settlement date). Except as otherwise provided in this Section, a Nonpurpose Investment that is not of a type traded on an established securities market (within the meaning of Section 1273 of the Code) is rebuttably presumed to be acquired or disposed of for a price that is not equal to its fair market value.

(A) Obligations purchased directly from the Treasury. The fair market value of a United States Treasury obligation that is purchased directly from the United States Treasury is its purchase price.

(B) Safe harbor for Guaranteed Investment Contracts. The purchase price of a Guaranteed Investment Contract shall be treated as its fair market value on the purchase date if all the following conditions are met:

(1) The Issuer or broker makes a bona fide solicitation for a specified Guaranteed Investment Contract and receives at least three bona fide bids from reasonably competitive providers (of Guaranteed Investment Contracts) that have no material financial interest in the Issue.

(2) The Issuer purchases the highest-yielding Guaranteed Investment Contract for which a qualifying bid is made (determined net of broker's fees);

(3) The Yield on the Guaranteed Investment Contract (determined net of broker's fees) is not less than the Yield then available from the provider on reasonably comparable Guaranteed Investment Contracts, if any, offered to other persons from a source of funds other than Gross Proceeds of Tax-Exempt Obligations;

(4) The determination of the terms of the Guaranteed Investment Contract takes into account as a significant factor the Issuer's reasonably expected drawdown schedule for the amounts to be invested, exclusive of amounts deposited in a Bona Fide Debt Service Fund and a reasonably required reserve or replacement fund;

(5) The terms of the Guaranteed Investment Contract, including collateral security requirements, are reasonable; and

(6) The obligor on the Guaranteed Investment Contract certifies the administrative costs that it is paying (or expects to pay) to third parties in connection with the Guaranteed Investment Contract.

(C) Safe harbor for certificates of deposit. The purchase price of a certificate of deposit shall be treated as its fair market value on the purchase date if all of the following requirements are met:

(1) The certificate of deposit has a fixed interest rate, a fixed payment schedule, and a substantial penalty for early withdrawal; and

(2) The Yield on the certificate of deposit is not less than (a) the Yield on reasonably comparable direct obligations of the United States, or (b) the highest Yield that is published or posted by the provider to be currently available from the provider on reasonably comparable certificates of deposit offered to the public.

Certificates evidencing the foregoing requirements should be obtained before purchasing any Guaranteed Investment Contract or certificate of deposit.

SECTION 3.04. CONSTRUCTIVE SALE/PURCHASE.

(A) Nonpurpose Investments that are held by the Issuer or Trustee as of any Computation Date (or Bond Year if the computations are required to be done annually) shall be treated for purposes of computing the Rebate Amount as of such date as having been sold for their fair market value as of such date. Investment Property which becomes allocated to Gross Proceeds of the Issue on a date after such Investment Property has actually been purchased shall be treated for purposes of the rebate requirements as having been purchased by the Issuer on such date of allocation at its fair market value on such date.

(B) For purposes of constructive or deemed sales or purchases of Investment Property (other than Investment Property in the Escrow Fund or that is otherwise not invested for a Temporary Period or is not part of a reasonably required reserve or replacement fund for the Issue) must be valued at its fair market value on the date of constructive or deemed sale or purchase.

(C) Except as set forth in (B), fixed rate Investment Property that is (1) issued with not more than 2% of original issue discount or original issue premium, (2) issued with original issue premium that is attributable exclusively to reasonable underwriters' compensation or (3)

acquired with not more than 2% of market discount or market premium, may be treated as having a fair market value equal to its outstanding stated principal amount, plus accrued interest. Fixed rate Investment Property also may be treated as having a fair market value equal to its present value.

SECTION 3.05. ADMINISTRATIVE COSTS.

(A) Administrative costs shall not be taken into account in determining the payments for or receipts from a Nonpurpose Investment unless such administrative costs are Qualified Administrative Costs. Thus, administrative costs or expenses paid, directly or indirectly, to purchase, carry, sell, or retire Nonpurpose Investments generally do not increase the Payments for, or reduce the Receipts from, Nonpurpose Investments.

(B) Qualified Administrative Costs are taken into account in determining the Payments and Receipts on Nonpurpose Investments and thus increase the Payments for, or decrease the Receipts from, Nonpurpose Investments. In the case of a Guaranteed Investment Contract, a broker's commission or similar fee paid on behalf of either the Issuer or the provider is a Qualified Administrative Cost to the extent that (1) the amount of the fee treated as a Qualified Administrative Cost does not exceed the lesser of (a) $32,000, or such higher amount as determined and published by the Internal Revenue Service as the "cost-of-living adjustment" for the calendar year in which the Guaranteed Investment Contract is acquired and (b) 0.2% of the Computational Base or, if more, $3,000, and (2) the aggregate amount of broker's commissions or similar fees with respect to all Guaranteed Investment Contracts and Nonpurpose Investments acquired for a yield restricted defeasance escrow purchased with Gross Proceeds of the Issue treated as Qualified Administrative Costs does not exceed $85,000, less the portion of such $85,000 cap, if any, used in prior years with respect to the Issue.

PART IV: COMPLIANCE AND AMENDMENT

SECTION 4.01. COMPLIANCE.

The Issuer, Trustee or Rebate Analyst, as applicable, shall take all necessary steps to comply with the requirements of these Instructions in order to ensure that interest on the Issue is excluded from gross income for federal income tax purposes under Section 103(a) of the Code. However, compliance shall not be required in the event and to the extent stated therein the Issuer and the Trustee receive a Bond Counsel's Opinion that either (A) compliance with such requirement is not required to maintain the exclusion from gross income for federal income tax purposes of interest on the Issue, or (B) compliance with some other requirement in lieu of such requirement will comply with Section 148(f) of the Code, in which case compliance with the other requirement specified in the Bond Counsel's Opinion shall constitute compliance with such requirement.

SECTION 4.02. LIABILITY.

If for any reason any requirement of these Instructions is not complied with, the Issuer and the Trustee, if applicable, shall take all necessary and desirable steps to correct such noncompliance within a reasonable period of time after such noncompliance is discovered or should

have been discovered with the exercise of reasonable diligence. The Trustee shall have no duty or responsibility to independently verify any of the Issuer's, or the Rebate Analyst's, calculations with respect to the payments of the Rebate Amount due and owing to the United States. Under no circumstances whatsoever shall the Trustee be liable to the Issuer, any bondholder or any other person for any inclusion of the interest on the Issue in gross income for federal income tax purposes, or any claims, demands, damages, liabilities, losses, costs or expenses resulting therefrom or in any way connected therewith, so long as the Trustee acts only in accordance with these Instructions and the operative documents pertaining to the Issue.

April 22, 2009

Pima County, Arizona
Tucson, Arizona

Ladies and Gentlemen:

We have examined the transcript of proceedings (the "Transcript") relating to the issuance by Pima County, Arizona (the "County") of its $75,000,000 aggregate principal amount of bonds designated the Pima County, Arizona, General Obligation Bonds, Series 2009 (the "Bonds"). The Bonds are issued pursuant to Title 35, Chapter 3, Article 3 of the Arizona Revised Statutes, and under the provisions of an authorizing resolution adopted by the Board of Supervisors of the County on April 7, 2009 (the "Bond Resolution"). The documents in the Transcript include a certified copy of the Bond Resolution. All capitalized terms not defined herein shall have the meanings set forth in the Bond Resolution. We have also examined a conformed copy of a Bond.

Based on this examination, we are of the opinion that, under existing law:

1. The Bonds constitute valid and legal general obligations of the County, and the principal of and interest on the Bonds, unless paid from other sources and subject to bankruptcy laws and other laws affecting creditors' rights and to the exercise of judicial discretion, are to be paid from the proceeds of the levy of ad valorem taxes on all property subject to ad valorem taxes levied by the County, without limitation as to rate or amount. It is required by law that there be levied, assessed and collected, in the same manner as other taxes of the County, an annual tax upon such taxable property in the County sufficient to pay the principal of and interest on the Bonds when due.

2. The interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 as amended (the "Code"), and is not treated as an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations. The interest on the Bonds is exempt from Arizona state income tax. We express no opinion as to any other tax consequences regarding the Bonds.

In giving the foregoing opinion with respect to the treatment of the interest on the Bonds under the tax laws, we have assumed and relied upon compliance with the covenants of the County and the accuracy, which we have not independently verified, of the representations and certifications of the County, contained in the Transcript. The accuracy of those representations and certifications, and the County's compliance with those covenants, may be necessary for the

interest on the Bonds to be and to remain excluded from gross income for federal income tax purposes and for certain of the other tax effects stated above. Failure to comply with certain of those covenants subsequent to issuance of the Bonds could cause the interest on the Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

Under the Code, interest on the Bonds is excluded from the calculation of a corporation's adjusted current earnings for purposes of the corporate alternative minimum tax, but interest on the Bonds may be subject to a branch profits tax imposed on certain foreign corporations doing business in the United States and to a tax imposed on excess net passive income of certain S corporations.

The opinions expressed in this letter are based on the law in effect on the date hereof and may be affected by actions taken or omitted or events occurring after the date hereof, and we assume no obligations to revise or supplement this opinion should such law be changed by legislative action, judicial decision, or otherwise, or to determine or to inform any person whether any such actions are taken or omitted or any such events occur.

Respectfully submitted,

Squire, Sanders & Dempsey L.L.P.

The Registrar or Paying Agent may be changed by the County without notice and the County may serve in such capacities.

This bond is one of an issue of bonds in the total principal amount of $75,000,000 of like tenor except as to maturity date, rate of interest and number, issued by the County to provide funds to make those certain public improvements approved by a majority vote of qualified electors voting at elections duly called and held in and for the County on May 20, 1997, May 18, 2004 and May 16, 2006, pursuant to a resolution of the Board of Supervisors of the County duly adopted prior to the issuance hereof, and pursuant to the Constitution and laws of the State of Arizona relative to the issuance and sale of such bonds.

For the punctual payment of this bond and the interest hereon and for the levy and collection of ad valorem taxes sufficient for that purpose, the full faith and credit of the County are hereby irrevocably pledged.

Upon collection, said taxes will be placed in separate funds to be designated "Interest Fund" and "Redemption Fund" and the taxes therein will be applied solely for the purpose of payment of principal of and interest on the bonds and for no other purpose whatsoever until all the bonds authorized hereunder have been fully paid, satisfied, and discharged.

This bond is issued under the provisions of Title 35, Chapter 3, Article 3 of the Arizona Revised Statutes (the "Act") and a Resolution adopted by the Board of Supervisors of the County on April 7, 2009 (the "Resolution"). Reference is hereby made to the Act and the Resolution referred to above for the provisions thereof, including the provisions with respect to the rights, obligations, duties and immunities of the County and the owners of bonds issued thereunder, to all of which the registered owner of this bond, by acceptance of this bond, assents.

The bonds maturing on or before July 1, 2019 are not subject to call for redemption prior to their respective maturity dates. The bonds maturing on or after July 1, 2020 are subject to call for redemption on any date on or after July 1, 2019 at the election of the County, in whole or in part from maturities selected by the County and within any maturity by lot, by the payment of a redemption price equal to the principal amount of each bond called for redemption plus accrued interest to the date fixed for redemption, without premium.

Notice of redemption will be given by mail to the registered owners of the bonds at the address shown on the bond register maintained by the Registrar not less than 30 days nor more than 60 days prior to the specified redemption date.

This bond is transferable by the registered owner in person or by attorney duly authorized in writing at the designated office of the Registrar upon surrender and cancellation of this bond, but only in the manner and subject to the limitation and upon payment of the charges provided in the Resolution. Upon such transfer, a new bond or bonds of the same aggregate principal amount, maturity and interest rate will be issued to the transferee in exchange. The Registrar

CONFIDENTIAL

may require an owner, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Resolution. The County has chosen the 15th day of the month preceding an interest payment date as the record date for this issue of bonds. Should this bond be submitted to the Registrar for transfer during the period commencing after the close of business on the record date and continuing to and including the next subsequent interest payment date, ownership will be transferred in the normal manner but the interest payment will be made payable to and mailed to the registered owner as shown on the Registrar's books at the close of business on the record date.

The Registrar may but need not register the transfer of a bond which has been selected for redemption and need not register the transfer of any bond for a period of 15 days before a selection of bonds to be redeemed. If the transfer of any bond which has been called or selected for call for redemption in whole or in part is registered, any notice of redemption which has been given to the transferor will be binding upon the transferee and a copy of the notice of redemption will be delivered to the transferee along with the bond or bonds.

Bonds of this issue are issuable only in fully registered form in the denomination of $5,000 each or integral multiples of $5,000. This bond may be exchanged at the designated office of the Registrar for a like aggregate principal amount of bonds of the same maturity in authorized denominations upon the terms set forth in the Resolution.

The County, the Registrar and the Paying Agent may treat the registered owner of this bond as the absolute owner for the purpose of receiving principal, interest and any premium and for all other purposes and none of them shall be affected by any notice to the contrary.

It is hereby certified and recited that all conditions, acts and things required by the Constitution and laws of the State of Arizona to exist, to occur and to be performed precedent to and in the issuance of this bond exist, have occurred and have been performed and that the issue of bonds of which this is one, together with all other indebtedness of the County, is within every debt and other limit prescribed by the Constitution and laws of the State of Arizona, and that due provision has been made for the levy and collection of a direct, annual ad valorem tax upon all of the taxable property in the County for the payment of this bond and of the interest hereon as each becomes due, unlimited as to rate or amount.

Attention: Mr. Thomas Burke, Director of Finance

Re: ***US$75,000,000 Pima County, Arizona, General Obligation Bonds, Series 2009, dated: Date of Delivery, due: July 1, 2023***

Dear Mr. Burke:

Pursuant to your request for a Standard & Poor's rating on the above-referenced obligations, we have reviewed the information submitted to us and, subject to the enclosed *Terms and Conditions,* have assigned a rating of "AA-". Standard & Poor's views the outlook for this rating as stable. A copy of the rationale supporting the rating is enclosed.

The rating is not investment, financial, or other advice and you should not and cannot rely upon the rating as such. The rating is based on information supplied to us by you or by your agents but does not represent an audit. We undertake no duty of due diligence or independent verification of any information. The assignment of a rating does not create a fiduciary relationship between us and you or between us and other recipients of the rating. We have not consented to and will not consent to being named an "expert" under the applicable securities laws, including without limitation, Section 7 of the Securities Act of 1933. The rating is not a "market rating" nor is it a recommendation to buy, hold, or sell the obligations.

This letter constitutes Standard & Poor's permission to you to disseminate the above-assigned rating to interested parties. Standard & Poor's reserves the right to inform its own clients, subscribers, and the public of the rating.

Standard & Poor's relies on the issuer/obligor and its counsel, accountants, and other experts for the accuracy and completeness of the information submitted in connection with the rating. This rating is based on financial information and documents we received prior to the issuance of this letter. Standard & Poor's assumes that the documents you have provided to us are final. If any subsequent changes were made in the final documents, you must notify us of such changes by sending us the revised final documents with the changes clearly marked.

To maintain the rating, Standard & Poor's must receive all relevant financial information as soon as such information is available. Placing us on a distribution list for this information would facilitate the process. You must promptly notify us of all material changes in the financial

information and the documents. Standard & Poor's may change, suspend, withdraw, or place on CreditWatch the rating as a result of changes in, or unavailability of, such information. Standard & Poor's reserves the right to request additional information if necessary to maintain the rating.

Please send all information to:

STANDARD
&POOR'S

Standard & Poor's Ratings Services
Terms and Conditions
Applicable To
U.S. Public Finance Ratings

Request for a rating. Standard & Poor's issues public finance ratings for a fee upon request from an issuer, or from an underwriter, financial advisor, investor, insurance company, or other entity, provided that the obligor and issuer (if different from the obligor) each has knowledge of the request. The term "issuer/obligor" in these Terms and Conditions means the issuer and the obligor if the obligor is different from the issuer.

Agreement to Accept Terms and Conditions. Standard & Poor's assigns Public Finance ratings subject to the terms and conditions stated herein and in the rating letter. The issuer/obligor's use of a Standard & Poor's public finance rating constitutes agreement to comply in all respects with the terms and conditions contained herein and in the rating letter and acknowledges the issuer/obligor's understanding of the scope and limitations of the Standard & Poor's rating as stated herein and in the rating letter.

Fees and expenses. In consideration of our analytic review and issuance of the rating, the issuer/obligor agrees to pay Standard & Poor's a rating fee. Payment of the fee is not conditioned on Standard & Poor's issuance of any particular rating. In most cases an annual surveillance fee will be charged for so long as we maintain the rating. The issuer/obligor will reimburse Standard & Poor's for reasonable travel and legal expenses if such expenses are not included in the fee. Should the rating not be issued, the issuer/obligor agrees to compensate Standard & Poor's based on the time, effort, and charges incurred through the date upon which it is determined that the rating will not be issued.

Scope of Rating. The issuer/obligor understands and agrees that (i) an issuer rating reflects Standard & Poor's current opinion of the issuer/obligor's overall financial capacity to pay its financial obligations as they come due, (ii) an issue rating reflects Standard & Poor's current opinion of the likelihood that the issuer/obligor will make payments of principal and interest on a timely basis in accordance with the terms of the obligation, (iii) a rating is an opinion and is not a verifiable statement of fact, (iv) ratings are based on information supplied to Standard & Poor's by the issuer/obligor or by its agents and upon other information obtained by Standard & Poor's from other sources it considers reliable, (v) Standard & Poor's does not perform an audit in connection with any rating and a rating does not represent an audit by Standard & Poor's, (vi) Standard & Poor's relies on the issuer/obligor, its accountants, counsel, and other experts for the accuracy and completeness of the information submitted in connection with the rating and surveillance process, (vii) Standard & Poor's undertakes no duty of due diligence or independent verification of any information, (viii) Standard & Poor's does not and cannot guarantee the accuracy, completeness, or timeliness of the information relied on in connection with a rating or the results obtained from the use of such information, (ix) Standard & Poor's may raise, lower, suspend, place on CreditWatch, or withdraw a rating at any time, in Standard & Poor's sole discretion, and (x) a rating is not a "market" rating nor a recommendation to buy, hold, or sell any financial obligation.

Publication. Standard & Poor's reserves the right to publish, disseminate, or license others to publish or disseminate the rating and the rationale for the rating unless the issuer/obligor specifically requests that the rating be assigned and maintained on a confidential basis. If a confidential rating subsequently becomes public through disclosure by the issuer/obligor or a third party other than Standard & Poor's, Standard & Poor's reserves the right to publish it. Standard & Poor's may publish explanations of Standard & Poor's ratings criteria from time to time and nothing in this Agreement shall be construed as limiting Standard & Poor's ability to modify or refine Standard & Poor's criteria at any time as Standard & Poor's deems appropriate.

Information to be Provided by the Issuer/obligor. The issuer/obligor shall meet with Standard & Poor's for an analytic review at any reasonable time Standard & Poor's requests. The issuer/obligor also agrees to provide Standard & Poor's promptly with all information relevant to the rating and surveillance of the rating including information on material changes to information previously supplied to Standard & Poor's. The rating may be affected by Standard & Poor's opinion of the accuracy, completeness, timeliness, and reliability of information received from the issuer/obligor or its agents. Standard & Poor's undertakes no duty of due diligence or independent verification of

information provided by the issuer/obligor or its agents. Standard & Poor's reserves the right to withdraw the rating if the issuer/obligor or its agents fails to provide Standard & Poor's with accurate, complete, timely, or reliable information.

Standard & Poor's Not an Advisor, Fiduciary, or Expert. The issuer/obligor understands and agrees that Standard & Poor's is not acting as an investment, financial, or other advisor to the issuer/obligor and that the issuer/obligor should not and cannot rely upon the rating or any other information provided by Standard & Poor's as investment or financial advice. Nothing in this Agreement is intended to or should be construed as creating a fiduciary relationship between Standard & Poor's and the issuer/obligor or between Standard & Poor's and recipients of the rating. The issuer/obligor understands and agrees that Standard & Poor's has not consented to and will not consent to being named an "expert" under the applicable securities laws, including without limitation, Section 7 of the U.S. Securities Act of 1933.

Limitation on Damages. The issuer/obligor agrees that Standard & Poor's, its officers, directors, shareholders, and employees shall not be liable to the issuer/obligor or any other person for any actions, damages, claims, liabilities, costs, expenses, or losses in any way arising out of or relating to the rating or the related analytic services provided for in an aggregate amount in excess of the aggregate fees paid to Standard & Poor's for the rating, except for Standard & Poor's gross negligence or willful misconduct. In no event shall Standard & Poor's, its officers, directors, shareholders, or employees be liable for consequential, special, indirect, incidental, punitive or exemplary damages, costs, expenses, legal fees, or losses (including, without limitation, lost profits and opportunity costs). In furtherance and not in limitation of the foregoing, Standard & Poor's will not be liable in respect of any decisions made by the issuer/obligor or any other person as a result of the issuance of the rating or the related analytic services provided by Standard & Poor's hereunder or based on anything that appears to be advice or recommendations. The provisions of this paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss, whether in contract, statute, tort (including, without limitation, negligence), or otherwise. The issuer/obligor acknowledges and agrees that Standard & Poor's does not waive any protections, privileges, or defenses it may have under law, including but not limited to, the First Amendment of the Constitution of the United States of America.

Term. This Agreement shall terminate when the ratings are withdrawn. Notwithstanding the foregoing, the paragraphs above, "Standard & Poor's Not an Advisor, Fiduciary, or Expert" and "Limitation on Damages", shall survive the termination of this Agreement or any withdrawal of a rating.

Third Parties. Nothing in this Agreement, or the rating when issued, is intended or should be construed as creating any rights on behalf of any third parties, including, without limitation, any recipient of the rating. No person is intended as a third party beneficiary to this Agreement or to the rating when issued.

Binding Effect. This Agreement shall be binding on, and inure to the benefit of, the parties hereto and their successors and assigns.

Severability. In the event that any term or provision of this Agreement shall be held to be invalid, void, or unenforceable, then the remainder of this Agreement shall not be affected, impaired, or invalidated, and each such term and provision shall be valid and enforceable to the fullest extent permitted by law.

Complete Agreement. This Agreement constitutes the complete agreement between the parties with respect to its subject matter. This Agreement may not be modified except in a writing signed by authorized representatives of both parties.

Governing Law. This Agreement and the rating letter shall be governed by the internal laws of the State of New York. The parties agree that the state and federal courts of New York shall be the exclusive forums for any dispute arising out of this Agreement and the parties hereby consent to the personal jurisdiction of such courts.
