TO THE
ARIZONA LEGISLATURE

Financial Audit Division

Single Audit

Pima County

Year Ended June 30, 2011

Debra K. Davenport
Auditor General

The **Auditor General** is appointed by the Joint Legislative Audit Committee, a bipartisan committee composed of five senators and five representatives. Her mission is to provide independent and impartial information and specific recommendations to improve the operations of state and local government entities. To this end, she provides financial audits and accounting services to the State and political subdivisions, investigates possible misuse of public monies, and conducts performance audits of school districts, state agencies, and the programs they administer.

Copies of the Auditor General's reports are free.

Pima County, Arizona

Compliance

We have audited Pima County's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. The County's major federal programs are identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, Pima County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133, and that are described in the accompanying Schedule of Findings and Questioned Costs as items 11-101 and 11-102.

Internal Control over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying Schedule of Findings and Questioned Costs as items 11-101 and 11-102. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, business-type activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information of Pima County as of and for the year ended June 30, 2011, and have issued our report thereon dated December 19, 2011. Our report was modified to include a reference to our reliance on other auditors. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Pima County's responses to the findings identified in our audit are presented on pages 17 through 18. We did not audit the County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the members of the Arizona State Legislature, the Board of Supervisors, management, others within the County, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

Pima County
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2011

Note 1 - Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Pima County and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Note 2 - Catalog of Federal Domestic Assistance (CFDA) Number

The program titles and CFDA numbers were obtained from the federal or pass-through grantor or the 2011 Catalog of Federal Domestic Assistance. When no CFDA number had been assigned to a program, the two-digit federal agency identifier, a period, and the federal contract number were used. When there was no federal contract number, the two-digit federal agency identifier, a period, and the word "unknown" were used.

Note 3 - Subrecipients

From the federal expenditures presented in the schedule, the County awarded the following to subrecipients:

Program or Cluster Title	CFDA Number	Amount

Financial Statement Findings

Financial statement findings were reported in the separately issued Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Basic Financial Statements Performed in Accordance with *Government Auditing Standards*.

Federal Award Findings and Questioned Costs

11-101

CFDA No.: 14.256 **ARRA—Neighborhood Stabilization Program (Recovery Act Funded)**

U.S. Department of Housing and Urban Development

Award Year: February 11, 2009 through February 11, 2013

Award Number: B-09-CN-AZ-0051

Reporting

Questioned Cost: None

Criteria: According to the grant agreement and the Notice of Fund Availability for the Neighborhood Stabilization Program 2 under the American Recovery and Reinvestment Act, the County is required to prepare and submit quarterly progress reports.

Condition and context: Auditors tested two of the required quarterly progress reports and noted that the County incorrectly included expenditures totaling \$442,985. These expenditures were for estimated future program costs, but the County reported them within total amounts expended. In addition, within the accomplishment of performance measures report section, the County included inaccurate project progress information, such as inaccurately identifying certain projects as completed. Lastly, the County failed to provide evidence indicating the reports were appropriately approved prior to submission.

Effect: The County submitted inaccurate reports to the federal awarding agency. This finding is a significant deficiency in internal control over compliance and noncompliance with reporting requirements.

Cause: The County did not have adequate policies and review-and-approval control procedures in place to ensure that it accurately entered financial data and project progress information into the required electronically submitted quarterly progress reports.

Recommendation: To help ensure that the County accurately prepares its required quarterly progress reports, it should implement policies and procedures requiring an independent review of all information included on each progress report before electronically submitting the reports.

11-102

CFDA No.: 81.128 **ARRA—Energy Efficiency and Conservation Block Grant Program**
U.S. Department of Energy

Award Year: August 17, 2009 through August 16, 2012

Award Number: DE-EE0000852/002

Allowable Costs/Cost Principles

Questioned Cost: \$9,315

Criteria: According to the County's grant agreement for the ARRA—Energy Efficiency and Conservation Block Grant Program, the budget does not allow the County to be reimbursed for fringe benefits paid to its employees working on the program.

Condition and context: The County requested and received reimbursement for \$9,315 in fringe benefits for all of the 11 county employees who worked on the program.

Effect: The County incorrectly requested and received \$9,315 that was for unallowable fringe benefit expenditures. This finding is a significant deficiency in internal control over compliance and noncompliance with the program's allowable costs/cost principles requirements.

Cause: The County was not aware that fringe benefits expenditures were not allowable.

Recommendation: The County should establish policies and procedures that help ensure employees responsible for requesting reimbursement and reviewing those reimbursement requests are aware of allowable uses of the program's monies.

Debra Davenport
Auditor General
2910 North 44th Street, Suite 410
Phoenix, Arizona 85018

Dear Ms. Davenport,

The following corrective action plan has been prepared as required by the U.S. Office of Management and Budget Circular A-133. Specifically, we are providing you with the name of the contact person responsible for corrective action, the corrective action planned, and the anticipated completion date for each audit finding included in the current year's schedule of findings and questions costs.

Very truly yours,

Thomas E. Burke, Director
Finance & Risk Management Department

PIMA COUNTY
Corrective Action Plan
Year Ended June 30, 2011

11-101

CFDA No: 14.256 ARRA—Neighborhood Stabilization Program (Recovery Act Funded)

U.S. Department of Housing and Urban Development

Award Year: February 11, 2009 through February 11, 2013

Award Number: B-09-CN-AZ-0051

Reporting

Questioned Cost: None

Contact Person: Gary Bachman, Community Development and Neighborhood Conservation

Anticipated Completion Date: Implemented April 2012

Response: Pima County agrees with the finding. Grant Management staff became aware of this situation during preparation of the Quarterly Progress Report for June 30, 2011. A procedure was implemented to have Finance staff input expenditure amounts after reconciling with the County's General Ledger. The Department will implement a procedure whereby the Department Director will review the Report before it is submitted to HUD.

11-102

CFDA No: 81.128 ARRA—Energy Efficiency and Conservation Block Grant Program

U.S. Department of Energy

Award Year: August 17, 2009, through August 16, 2012

Award Number: DE-EE0000852/002

Allowable Costs/Cost Principles

Questioned Cost \$9,315

Contact Person: Marc Lynn, Pima County Facilities Management Department

Anticipated Completion Date: Implemented March 2012

Response: Pima County agrees with the finding. A subsequent draw was completed on March 13th which included a deduction for the erroneously drawn funds. The prepared draws will, in the future, omit fringe benefits from the requests for reimbursement. The County will implement a procedure whereby reports will be reviewed for determination of allowable cost categories prior to submission.
