

Riparian Habitat Mitigation Plan As-Built and Monitoring Report Requirements

1. On the cover page of the report reference either;
 - a. The Floodplain Use Permit number and address for residential projects, or
 - b. The project name and Development Services activity number for commercial projects.
2. Provide an 11" x 17" copy of the approved Riparian Habitat Mitigation Plan (RHMP) showing the location and direction of photo monitoring points. Photo monitoring points shall be numbered.
3. Provide photographs of the mitigation area(s) taken from the photo monitoring points. Photos shall be numbered to match the photo monitoring points provided on the RHMP.
4. For as-built reports only;
 - a. Note deviations from the approved RHMP,
 - b. For residential projects provide a copy of the receipts, and
 - c. For commercial projects provide a list of plants installed, including plant species, size and quantity.
5. For monitoring reports only;
 - a. Confirm that noxious and/or invasive plant species have been controlled,
 - b. Address if the irrigation has required maintenance,
 - c. Assess the mitigation area to ensure progress toward the success criteria, when 80% of plants are actively growing without supplemental irrigation.
 - d. If the mitigation area is not progressing as anticipated, describe adaptive management actions that will be taken to correct problems, including replacement of dead trees and shrubs. Provide the following;
 - i. Provide nursery receipts,
 - ii. Provide photos and
 - iii. Note location on RHMP.
6. The report can be mailed to:

Pima County Regional Flood Control District
Attn: Floodplain Management Division - Riparian Review Staff
201 North Stone Ave., 9th floor
Tucson, AZ 85701

or submitted electronically to Patricia.gilbert@pima.gov

An explanation of each requirement listed above can be found in Section 3 of the *Regulated Riparian Habitat Mitigation Standards and Implementation Guidelines* (Onsite Guidelines) which can be viewed at: <http://rfcd.pima.gov/wrd/riparian/guidelines/pdfs/onsite-guidelines.pdf>
