RAMÓN VALADEZ
COUNTY SUPERVISOR
DISTRICT 2

August 24, 2013

Dear Neighbor:

Please join me and the Pima County Regional Flood Control District, which is the local sponsor, and the U.S. Army Corps of Engineers in a public open house for the Tucson Drainage/Arroyo Chico Project Increment 3-Upstream Channel and Culvert Improvements on **Wednesday, September 11, 2013**, from **6:00 p.m. to 7:30 p.m.** at the Miles Elementary School, 1400 E. Broadway Blvd.

The U.S. Army Corps of Engineers is preparing to start construction on this increment of the project in January 2014. This is an opportunity to meet with the local representatives and discuss the project and its impact to you. For additional information regarding the project see the Regional Flood Control District's project website at: <http://rfcd.pima.gov/projects/arroyochico/>.

Please feel free to stop by and review project displays between 6:00 p.m. and 7:30 p.m. There will be a short presentation at 6:15 p.m.

Individuals with disabilities who require accommodations for effective participation and communication in the meeting may call Carol Brichta at the Pima County Department of Transportation's Community Relations Office at (520) 724-6410 by September 7, 2013, to make arrangements. All meeting sites are accessible.

Sincerely,

Handwritten signature of Ramón Valadez in blue ink.

Ramón Valadez
County Supervisor District 2
