

Pima County Regional Flood Control District

PUBLIC OPEN HOUSE

**Pantano Wash Bank Protection and River Park
Craycroft Road to Tanque Verde Road**

Tuesday, August 27, 2013

6 p.m. to 7 p.m.

Presentation at 6:15 p.m.

Morris Udall Center

7200 N. Tanque Verde Road

Please join the Pima County Regional Flood Control District for a public open house for the Pantano Wash Bank Protection and River Park: Craycroft to Tanque Verde Project. This project is in the concept development stage, and we have gathered a lot of information that we would like to share with you. Your input is important to us and will help formulate the design of the project.

The proposed project is to develop a connection between the existing river park on the south bank of the Rillito at Craycroft Road with the existing river park that starts on the Pantano Wash north of Tanque Verde Road. The project concept includes development of 1.3 miles of paved river park pathway on the west bank of the Pantano Wash between Craycroft Road and Tanque Verde Road, bank protection on the west bank of the Pantano Wash between Ft. Lowell Park and Tanque Verde Road, and extending the existing bank protection on the east side by 1300 linear feet. A public staging area, equestrian parking, public art, landscaping and other river park amenities are also being considered.

Please feel free to stop by and review project displays between 6 p.m. and 7 p.m. There will be a short presentation at 6:15 pm.

Individuals with disabilities who require accommodations for effective participation and communication in the meeting may call Carol Brichta at PCDOT Community Relations at (520)724-6410 by Aug. 20, 2013, to make arrangements. All meeting sites are accessible.
