

Open House

Alamo Wash Basin

Management Study UPDATE

Wednesday, April 17, 2019

5:30 – 7 p.m. – Brief Presentation at 5:45 p.m.

Alice Vail Middle School, 5350 E. 16th Street
(between Broadway Boulevard and 22nd Street, just west of Craycroft Road)

Please join the Pima County Regional Flood Control District and the City of Tucson for an Open House to discuss the Alamo Wash Basin Management Study. This project has identified flood hazard areas and drainage problems, and has developed recommendations for solutions to reduce or manage these flooding and problem areas.

This third and final Open House allows the project team to report on the status of the project and to present the recommended solutions for several of the problem areas as well as basin-wide policy recommendations for the City of Tucson.

Representatives from the project team will be available to answer questions. The meeting will start at 5:30 p.m. with an opportunity to review project displays and talk with project staff. There will be a brief presentation at 5:45 p.m.

For more information about the study, please visit www.pima.gov and enter **Alamo Wash Basin Management** in the search field.

Individuals with disabilities who require accommodations for effective participation and communication may contact Leticia at (520) 885-9009 or Leticia@kaneenpr.com by **April 12, 2019** to make the appropriate arrangements. All meeting sites are accessible.

Para información en español favor de llamar a Francisco Ramirez at 724-4600.

Previous Open Houses:

1. In March 2017, the first Open House collected additional flood and drainage problem information from property owners living within the study area.
2. In October 2017, the second Open House provided a study update on the hydrologic analysis, and collected additional flooding and drainage information. Attendees were surveyed to assess priorities for future alternatives analysis.
