20 SUMMER SAVINGS TIPS FROM SMARTDOLLAR

It's safe to say summer 2020 is already different than any other. "Make sure you stay at least 6 feet away from your friends in the pool, Timmy!" That is, if swimming pools are even open—who knows?

One thing we do know is that COVID-19 has changed what your typical summer would usually look like. The kids are already out of school, theme parks are shut down, and people aren't going to be super eager to travel any time soon.

But there's good news: This is a great time to save some money! [Check out this article from SmartDollar for 20 money-saving tips to help you pocket some extra cash this summer.](#)

Don't let the wise money decisions stop there. [Create your SmartDollar account or log back in today.](#) This comes at no cost to benefits eligible employees as a Pima County Employee benefit. What are you waiting for?

If younger than listed age, certain qualifications may be eligible for a 100% covered exam. Please contact Aetna Member Services to verify eligibility. You will be responsible for any charges that are not covered under your insurance plan.
