PRE-EXISTING CONDITION LIMITATIONS: A pre-existing condition is an illness, disease, infection, disorder, condition, or injury for which, within the 12-month period before the effective date of coverage, prescription medication was taken or medical testing, medical advice, consultation, or treatment was recommended or received, or for which symptoms existed that would ordinarily cause a prudent person to seek diagnosis, care, or treatment. Care or treatment caused by a pre-existing condition, including deliveries for children conceived prior to the effective date of coverage, will not be covered unless it begins more than 12 months after the effective date of coverage.
**TERMS YOU NEED TO KNOW**

**COVERED PERSON:** any person insured under the coverage type that you applied for on the application: individual (named insured listed in the Policy Schedule), named insured/spouse only (named insured and spouse), one-parent family (named insured and dependent children), or two-parent family (named insured, spouse, and dependent children). **Spouse** is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically insured from the moment of birth. If coverage is for individual or named insured/spouse only and you desire uninterrupted coverage for a newborn child, you must notify Aflac in writing within 31 days of the child's birth, and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due. Coverage will include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapacitated prior to age 26 and while covered under the policy. **Dependent children** are your natural children, stepchildren, or legally adopted children who are under age 26.

**EFFECTIVE DATE:** the date(s) coverage begins as shown in the Policy Schedule or on any attached endorsements or riders. The effective date is not the date you signed the application for coverage.

**GUARANTEED-RENEWABLE:** the right to continue the policy by payment of the premium due on or before the renewal date. The policy is guaranteed-renewable for your lifetime, subject to Aflac’s right to change premiums by class upon any renewal date.

**HOSPITAL CONFINEMENT:** a stay of a covered person confined to a bed in a hospital for 23 or more hours for which a room charge is made. The hospital confinement must be on the advice of a physician, medically necessary, and the result of a covered sickness or injury. The term hospital confinement does not include emergency rooms.

**INJURY:** bodily injury caused directly by an accident, independent of sickness, bodily infirmity, or any other cause, occurring on or after the effective date of coverage and while coverage is in force. See the Limitations and Exclusions section for injuries not covered by the policy.

**PERIOD OF HOSPITAL CONFINEMENT:** the number of days a covered person is assigned to and incurs a charge for a bed in a hospital. Confinements must begin while coverage under the policy is in force. Covered confinements not separated by 90 days or more from a previously covered confinement are considered a continuation of the previous period of hospital confinement. Hospitalization that begins prior to the end of one calendar year and continues into the next calendar year will be considered one confinement.

**PERIOD OF HOSPITAL INTENSIVE CARE UNIT CONFINEMENT:** the number of days a covered person is assigned to and incurs a charge for a bed in a hospital intensive care unit. Confinements must begin while coverage under the policy is in force. Covered confinements not separated by 90 days or more from a previously covered confinement are considered a continuation of the previous period of hospital intensive care unit confinement. Hospitalization that begins prior to the end of one calendar year and continues into the next calendar year will be considered one confinement.

**SICKNESS:** an illness, disease, infection, or disorder, independent of injury, medically evaluated, diagnosed, or treated by a physician after the effective date of coverage and while coverage is in force.

We’ve got you under our wing.
