

Third Cleaning Benefit

Wouldn't it be nice if you needed extra care and could have it covered by your dental plan? With Delta Dental of Arizona, you can.

Delta Dental's Evidence-Based Integrated Care Plan (EBICP) provides a third cleaning benefit for individuals with certain medical conditions that have oral health implications.¹ Research has shown that increased frequency of cleanings can greatly impact oral health and sometimes even play an important role in managing conditions, such as:

Diabetes

Pregnancy

High-risk cardiac conditions

Head and neck radiation

Renal dialysis

Suppressed immune systems
(due to chemotherapy, HIV, organ transplant,
or stem cell/bone marrow transplant)

How to Register

Eligible members must enroll in the EBICP and complete a brief health history. Follow these steps to register for this benefit:

1. Log in to the **Member Connection** at deltadentalaz.com/member.
2. Click **Enhanced Benefits** at the top of the page.
3. Complete the required information.
