

YOU'RE IN CHARGE

University of Arizona Medical Center can help.

Choose a health care team that offers the full spectrum of specialty care—from routine visits and healthy lifestyle education to treatment of advanced complications, such as heart attack or stroke.

Whether you've just been diagnosed or have been living with diabetes for years, UAMC offers a patient-focused approach to caring for your diabetes. Services include:

- Comprehensive services for children with diabetes
- Medical management for adults with diabetes
- Nutrition classes taught by registered dietitians
- Diabetes education
- Insulin pump management
- Continuous glucose monitoring
- Podiatric care- evaluation and treatment by a foot specialist
- Electronic health records for easy sharing with all of your providers
- Numerous diabetes self-management support offerings through our Diabetes Prevention & Education Center (see reverse side for details)

To schedule an appointment, please call **694-8888**
or visit UAhealth.com/diabetescenter for more information.
