All major insurance plans accepted. Bring your photo ID and insurance card to your exam. All prior patient images will be obtained by Assured Imaging for comparison. You will be responsible for any charges that are not covered by your insurance plan.

A woman is eligible for a digital mammogram screening if she:
• is at least 40 years of age*
• has not had a previous mammogram in the past year
• has no current breast problems or complaints

Patients with breast implants are welcome

*If younger than listed age, certain qualifications may be eligible for a 100% covered exam. Contact Aetna member services to verify eligibility.

Open to all Pima County employees and spouses/domestic partners with Aetna medical insurance.

Assured Imaging is pleased to be working with Pima County and the City of Tucson to provide this important screening. Our focus is providing patients the highest quality service, a professional and experienced staff, and fellowship-trained radiologists specializing in mammography.

Preventive Mammography Screenings
Earn 50 Healthy Lifestyle Activity Points!
