

# HOW TO VIEW A WELCOAZ WEBINAR

## Step 1

**Register** for the upcoming webinar by using the '**Register Here**' Link on the promotional flyer. To register, please include your full first and last name followed by your EIN Number (in the same box as your last name), followed by your Pima County email address and work phone number. (If you use a different email, you may not receive points). AnyMeeting is only compatible with Firefox and Chrome web browsers, so be sure to register and join in one of those. Also, pop-ups must be allowed.

## Step 2

**To view** the WELCOAZ webinar, click the link that you received in your confirmation email or the link on the flyer if you were unable to register in time. You will need to enter your full name, EIN, and Pima County email address in order to receive points for attending.

## Step 3

If you have difficulty joining the webinar or would like additional information after the webinar, please reach out to [contact@welcoaz.org](mailto:contact@welcoaz.org), and we can provide you the recorded version of the webinar along with handouts.
