Ms. Davis, via PowerPoint presentation, described the location and direction to the center. She gave a brief history of the Robles Ranch, which was founded by Bernabe Robles, an immigrant from Sonora, Mexico, in the mid 1800's. The center offers the following programs, but not limited to, after school, “Stay & Play,” senior nutrition and socialization (through local social services groups), computer lab, library, etc. The Friends of Robles Ranch (headed by Marion Whitfield, a former NRPR employee), the 4-H Club, and others conduct meetings at the center. The center's outdoor activities include basketball and shaded playground. She invited everyone to the Robles Ranch Community Center re-dedication ceremony on Saturday, October 26, 2013.
