Los Niños Tucson Medical Center-Vest It Up! Swim Lessons:

Note: Each child's swimming ability will be assessed on the first day of class of each session and then placed into a stage that will best benefit the child.

These are group swimming lessons for children ages 3½ and up who can participate without parental presence. In groups of six or less per instructor, children will be taught a wide variety of swimming skills depending on which stage they are assigned after the skills assessment on the first day of class. This program focuses on the fundamentals of learning to swim and safety around water.

Tucson Medical Center through their Vest It Up! Program has partnered with Pima County to offer a limited number of swimming lessons free to the community. Please keep in mind by registering for the Vest It Up! Program, and to ensure your child gets the most out of the swim lessons, we are asking the parent's commitment in ensuring the child attends all **eight (8)** swim lessons in a session. If for whatever reason your child is registered and are no longer able to attend a swim lesson session, we ask that you immediately contact 520-724-5171 so we may open the swim lesson spot to another child.

The TMC-Vest It Up! Program is intended to provide one free swim lesson (8 half hour classes per swim lesson) per child, per session. Free registration is available on a first come, first served basis. Courtesy of the Tucson Medical Center- Vest It Up! Program, a free US Coast Guard approved life jacket will be issued to the participant at the conclusion of the swim lesson session. One life jacket issued per child per summer.
