

**Arthur Pack Regional Park** has roughly 250-acres in its southern half that serves as an open space park with trails, and is known as the Maeveen Behan Desert Sanctuary. The entire 505-acre park was acquired from the Bureau of Land Management in 1977 through the Recreation and Public Purposes Act. The southern portion of the park is intended to protect the habitat of diverse wildlife species while providing a wide range of benefits to the community, including recreational trails for hikers, equestrians, mountain bikers, trail runners, hand cycles, and other users of non-motorized trails. The 6.1-mile trail system was created with beginners in mind. These trails are a great place to learn off-road cycling, practice hand cycle skills, or just take a leisurely walk.

The creation of the Maeveen Behan Desert Sanctuary is the result of Pima County's Urban Parks Unit partnering with the Department's Planning Unit. The Maeveen Behan Trailhead is the centerpiece of the trail system. All trail users must use trail etiquette and be courteous to other users to ensure a safe and enjoyable experience for everyone.

Maeveen Behan was the leader of Pima County's Sonoran Desert Conservation plan, and she gave the plan her all, authoring more than 100 complex volumes that describes the natural setting of our community. The Maeveen Behan Desert Sanctuary is a terrific trails park that provides natural-surface trails close to where people live and work.
