

Notice of Public Meeting

February 18th, 2009

City of Tucson Parks and Recreation and Pima County Cultural Resources and Historic Preservation Office will be holding a public meeting from 6 p.m. to 8 p.m. on Wednesday, February 18th at the Carol W. West Senior Addition at Morris K. Udall Regional Park for the **Fort Lowell Park Master Plan**.

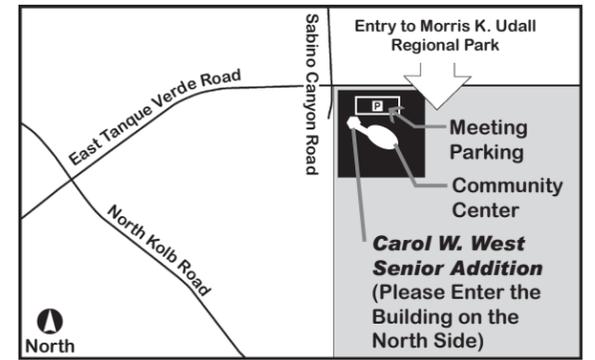

At this final public meeting, the consultant team will present a final concept for the Fort Lowell Park Master Plan. The preferred concept reflects input from various stakeholders, resource managers, and the public. This meeting will provide the public with an opportunity to comment on the Master Plan before it is further developed and ultimately presented to the Board of Supervisors and Mayor and Council.

A primary goal of the Master Plan is to integrate resources from the entire park, including those on the Adkins Parcel, located at the Southwest corner of Fort Lowell and Craycroft Roads. Existing recreational and sports fields and the natural area bordering the Pantano Wash are also included in the Master Plan.

Your input into the future of this historical park, and the appropriate balance of uses on the site, is central to the planning process. For additional information about the project and to add your comments, please visit: <http://www.pima.gov/cultural/FtLowell/index.html>
