12. **Utility Mapping / Subsurface Utility Engineering – Group Discussion**

- Could there be a comprehensive (regional?) policy regarding utility mapping?
- Would the benefits of digital mapping offset the costs?
- What agencies have adopted digital mapping and what are the Lessons Learned?
- What are the challenges of adopting a utility mapping policy?
- What technologies have been utilized and what are the Lessons Learned?
- What challenges are you facing with identification and mapping of utilities?
- Considerations and challenges for mapping of "critical infrastructure"?
