

Construction Update:

Cortaro Farms Road/Magee Road: Thornsdale Road to Oracle Road Improvement Project

The Pima County Department of Transportation (PCDOT), the Regional Transportation Authority (RTA), and their contractor, KE&G, continue improvements on the Cortaro Farms/Magee Road Thornsdale Road to Oracle Road Project.

PCDOT would like to inform you about the following traffic control changes that will be implemented approximately mid-May through October 2012.

Shannon Road Closure: Shannon Road will be closed at Club Drive south to Magee Road. Traffic will be detoured west on Club Drive to Cortaro Farms Road.

TEMPORARY Signal Relocation: A **TEMPORARY** traffic signal will be installed at Club Drive/Midnight Way and Cortaro Farms Road. The traffic signal at Cortaro Farms Road/Magee Road and Shannon Road will be removed temporarily.

Traffic Control Change: A **TEMPORARY** stop sign will be installed at the southeast corner of Cortaro Farms Road/Magee Road and Magee Road. Traffic may proceed east or west on Cortaro Farms/Magee Road.

These traffic control changes will allow both the utility companies and KE&G, the project contractor, to complete major construction without jeopardizing the safety of the traveling public.

Major Re-Construction:

Metro Water will be installing a major 30 inch pipeline underground on North Shannon from Cortaro Farms Road/Magee Road to just south of Club Drive.

The contractor will install a soil nail wall and re-construct Shannon Road.

We would like to thank you for your patience and understanding during this phase of construction. It is greatly appreciated.

If you have any questions or need additional information, please contact Julie C. Simon at 740-6410, or email Julie.simon@dot.pima.gov.
