

Fiscal Year 22-23 Arterial and Collector Road Repair List Introduction

Pima County has a plan to repair all currently failed and poor roads to achieve an average network Pavement Condition Index (PCI) of 80 by 2030.

Pavement Condition Index (PCI) is determined by an objective analysis that uses ASTM D6433-18 Standard Practice for Roads and Parking Lots Pavement Condition Index Surveys. PCI ranges from zero to 100 with the latter representing new pavement.

Road Selection Process

The Pima County Transportation Advisory Committee (PCTAC) in concert with Pima County staff decided that it was in the best interest of preserving the arterial and collector network to allocate resources based on modeling maximum return on investment. A full discussion on this topic, including budget allocations is available on the [PCTAC](#) web page.

Road Repair List Organization

The road repair list which follows has the arterial/collector roads listed alphabetically.

Ana M. Olivares, P.E., Director

201 N.Stone Avenue, 4th Floor, Tucson, Arizona 85701-1207 • Phone: 520-724-6410 • Fax: 520-724-6439
