

It's just  
a little bit of  
grease, right?

If poured down your  
**drain...**

It could clog  
your **pipes**

Force costly  
**repair  
bills**

**Instead,** just  
pour it into a  
container and  
toss it in the trash

Cause **raw  
sewage** to  
backup into  
your home

Or  
**Recycle it**  
see back for  
dates

Oh. And did I mention the  
**cockroaches?**

They happen to **love grease**

Don't pour grease down your drain

**Remember:**  
Feed your family, not the roaches

Grease can be dropped off for recycling  
year-round at the following locations:
