G3* - The Recorder's Office had to take one name away and took the total from 5116 to 5115.

I3* - The ballot count was over one ballot. We believe an affidavit envelope had two ballots.

G2* - Board G wrote on their ballot report that they had 2 dups. The count was wrong and after investigating the matter, Board G had 3 dups.

L4* - The receipt from the Recorder's Office had the wrong number for the total for L4. Receipt had 5553 and should have been 5353.

W1* - One ballot was removed by the Recorder's Office so count is down by one.

X2* - Two ballot in affidavit envelope and processors put them in a pile before they thought about it so both ballots will be counted.
