Four (4) COVID-19 Cases in Pima County

TUCSON — The Pima County Health Department announced today that there are now 4 cases of COVID-19 in Pima County. The latest case reported was tested by the Arizona State Public Health Laboratory and local public health was alerted early March 16th. This individual has been receiving care at an area hospital since symptoms began and remains in care as they recover.

For updated case counts and more information about COVID-19, visit www.pima.gov/COVID19 or, for general information call (520) 626-6016 to speak with a health professional.
