

MEMORANDUM

Date: August 10, 2021

To: Presiding Judge, Superior Court
Elected Officials
Appointing Authorities

From: C.H. Huckelberry
County Administrator 

Re: **Reinstatement of Mask Requirement for Persons Entering County Buildings**

Today, the Board of Supervisors reinstated mask requirements for any persons entering a County building or building located on County property. This will include County staff as well as members of the public. Given the significant increase in COVID-19 infections, including the predominant Delta variant, the Board has taken this action to further protect public health and the health of our employees.

- Masks are required to enter all Pima County Buildings;
- All persons entering a Pima County building are required to wear a mask;
- Masks are also required indoors when unable to maintain at least a six-foot distance between individuals;
- Masks are required in all Pima County elevators.

Unvaccinated individuals are required to wear a mask at all times.

Previously, entrance into County public buildings was permitted without a mask, provided a person was vaccinated against COVID-19. Unfortunately, we are unable to distinguish between those vaccinated and those who are not vaccinated; therefore, masks will be required for entry, in common areas, when interacting with the public, at distances less than six feet and when in elevators.

In the interest of public health and to protect our employees, the Board of Supervisors directed mask requirements be reinstated immediately.
