

**Amended Notice of Intent
for the Air Force Reserve Command F-35A
Operational Beddown Environmental Impact
Statement (EIS)**

The U.S. Air Force (USAF) issued a Notice of Intent (NOI) for the Air Force Reserve Command (AFRC) F-35A Operational Beddown EIS (Vol. 83, No. 56 Federal Register, 12568, March 22, 2018). The NOI provided the public with instructions on how to submit scoping comments to the USAF in consideration of the four alternatives being considered, which include: Homestead Air Reserve Base, Homestead FL; Naval Air Station Fort Worth Joint Reserve Base, Fort Worth, TX; Davis-Monthan Air Force Base, Tucson, AZ; and Whiteman Air Force Base, Knob Noster, MO. The USAF has subsequently been made aware that the address provided for submittal of courier delivered public scoping comments (e.g., Federal Express or United Parcel Service) was incorrect. Consequently, the USAF is providing the correct address below and 10-working days to resubmit scoping comments from the time resubmittal instructions are published in the Federal Register. During this 10-working day period, the USAF is offering multiple ways in which comments can be resubmitted. Comments can be provided through the project website (www.AFRC-F35A-Beddown.com), via email to the email address provided below, and via regular mail or via courier to the addresses listed below. The website also provides additional information on the EIS and related materials. The USAF will consider all additional scoping comments submitted.

The 10-working day resubmittal period extends from 13 August 2018 with the publication of the amended NOI in the Federal Register and concludes 27 August 2018.
