

**Pima County Bond Advisory Committee
Meeting**

**Friday June 20, 2014
8:00 A.M.**

**Arizona River Park Inn
350 S. Freeway
Tucson, Arizona**

SUMMARY OF MEETING

Committee Members Present

Larry Hecker, Chair
Carolyn Campbell, Vice-Chair
Joe Boogaart
Ed Buster
Donald Chatfield
Gary Davidson (left at 11:25 a.m.)
Tom Dunn
Rene Gastelum
Kelly Gottschalk
Terri Hutts
Wade McLean (left at 11:20 a.m.)
Ted Prezelski (arrived at 8:08 a.m.)
Chris Sheafe (arrived at 8:03 a.m.)
Dan Sullivan
Tom Warne (arrived 8:05 a.m., left 11:30 a.m.)
Greg Wexler (left at 11:40 a.m.)

Committee Members Absent

Paul Diaz
Brian Flagg
Michael Lund
David Lyons
Patty Richardson
John Sundt
James Ward

MOTIONS

MOTION: Terri Hutts moved, seconded by Tom Dunn to approve the May 16, 2014 meeting summary. Motion approved 13-0.

MOTION: Terri Hutts moved, seconded by Dan Sullivan, to move the Santa Cruz River: Rillito and Canada Del Oro Confluence flood control project forward. Motion approved 15-0.

MOTION: Don Chatfield moved, seconded by Dan Sullivan, to move the Lower Santa Cruz Levee Extension, 40th Street Drainage, South 7th Avenue between West 28th and 29th Streets Drainage, East 32nd and 1/2 Street Drainage, and the Cemetery Wash Drainage Improvements forward. Motion approved 17-0.

MOTION: Vice-Chair Campbell moved, seconded by Gary Davidson, to move the Green Valley Government Center Parking and Access Improvements, Downtown Legal Services Building Asbestos Abatement and Fire Sprinklers, and the Elections Equipment projects forward. Motion approved 17-0.

MOTION: Chris Sheafe moved, seconded by Tom Dunn, to move the Pima County One Stop Career Center project forward and delete the Pima Community College Health Education Center. Motion approved 17-0.

MOTION: Dan Sullivan moved, seconded by Terri Hutts, to move the UA Medical Center South Campus Allied Health Training/Facilities Expansion project forward. Motion approved 17-0.

MOTION: Chris Sheafe moved, seconded by Tom Warne, to move the Innovation/Technology Building, UA Tech Park – Bridges forward. Motion approved 16-1.

MOTION: Chris Sheafe moved, seconded by Ed Buster, to move the Science Park Drive – Rifa Road to Pantano Road Improvements forward. Motion approved 16-1.

MOTION: Renee Gastelum moved, seconded by Don Chaffield, to move the Tucson Visual Arts Complex project forward. An amendment to continue to look at infrastructure needs for a museum district downtown generally was accepted. Motion approved 17-0.

MOTION: Dan Sullivan moved, seconded by Gary Davidson, to move the TUSD Cooper Center for Environmental Learning project forward. Motion approved 17-0.

MOTION: Gary Davidson moved, seconded by Ted Prezelski, to move the Marana Cultural and Heritage Park – Economic Development Component project forward. 17-0

MOTION: Dan Sullivan moved, seconded by Greg Wexler, to move the Sonoran Corridor Highway Improvements between I-10 and I-19 forward. Motion approved 16-1.

MOTION: Dan Sullivan moved, seconded by Tom Warne, to move the Oro Valley Business Accelerator project forward. Motion approved 15-2.

MOTION: Terri Hutts moved, seconded by Tom Dunn, to move the Southern Arizona Mining and Industrial Technology Centers proposal forward. Motion approved 16-1.

MOTION: Chris Sheafe moved, seconded by Tom Warne, to move the Downtown Community Theaters & Historic Cultural Landscape project forward. Motion approved 17-0.

MOTION: Dan Sullivan moved, seconded by Greg Wexler, to move the three City of Tucson Public Safety Training Academy projects forward. Motion approved 13-0.

MOTION: Vice-Chair Campbell moved, seconded by Tom Dunn, to move the Temple of Music and Art project forward. Motion approved 13-0.

MOTION: Vice-Chair Campbell moved, seconded by Tom Dunn, to move the Job Path project forward. Motion approved 13-0.

MEETING SUMMARY

1. Welcome

The meeting began at 8:00 a.m. with a quorum.

2. Approval of the May 16, 2014 meeting summary

MOTION: Terri Hutts moved, seconded by Tom Dunn to approve the May 16, 2014 meeting summary. Motion approved 13-0.

3. Possible 2015 Bond Election - Flood Control

A. Tentatively Approved Project

Santa Cruz River: Rillito and Canada Del Oro Confluence; scope change

MOTION: Terri Hutts moved, seconded by Dan Sullivan, to move the Santa Cruz River: Rillito and Canada Del Oro Confluence flood control project forward. Motion approved 15-0.

B. Resubmittals and New Projects

- Lower Santa Cruz Levee Extension (Marana - resubmittal)
- 40th Street Drainage (South Tucson - resubmittal)
- South 7th Avenue between West 28th and 29th Streets Drainage (South Tucson - resubmittal)
- East 32nd and ½ Street Drainage (South Tucson - new)
- Cemetery Wash Drainage Improvements (Tohono O'odham Nation/County- new)

Marana chose not to present the Lower Santa Cruz Levee Extension project.

Joel Gastelum presented South Tucson's three flood control projects.

Mark Pugh and Scott Rogers presented the Tohono O'odham flood control project. In response to questions from committee members, Mr. Rogers confirmed that Mission and San Xavier Roads flood every one to two years.

MOTION: Don Chatfield moved, seconded by Dan Sullivan, to move the Lower Santa Cruz Levee Extension, 40th Street Drainage, South 7th Avenue between West 28th and 29th Streets Drainage, East 32nd and ½ Street Drainage, and the Cemetery Wash Drainage Improvements forward. Motion approved 17-0.

4. Possible 2015 Bond Election – General Governmental Facilities

A. Tentatively Approved Projects

- Green Valley Government Center Parking and Access Improvements; no changes
- Downtown Legal Services Building Asbestos Abatement and Fire Sprinklers; no changes
- Elections Equipment; reduce funding

MOTION: Vice-Chair Campbell moved, seconded by Gary Davidson, to move the Green Valley Government Center Parking and Access Improvements, Downtown Legal Services Building Asbestos Abatement and Fire Sprinklers, and the Elections Equipment projects forward. Motion approved 17-0.

5. Possible 2015 Bond Election – Job Growth, Education and Workforce Training

Chairman Hecker noted that there are approximately \$1 billion of project requests for bond funding, compared to a target of \$600-\$700 million.

A. Tentatively Approved Projects

- Pima County One Stop Career Center; increase scope and funding
- Pima Community College Health Education Center; delete

Discussion points regarding the Pima County One Stop Career Center:

- Concern that the cost per square foot was high.
- Response that a breakdown of the costs will be provided. They may be higher than typical because they include land acquisition, audio visual training components and other IT equipment.
- County charges a fee for use of the facility for private company partners, whereas partners such as Pima Community College would not pay a fee.
- This is a good example of a public/private partnership.
- One Stop is a good program and there is a skilled labor shortage in many areas.

Public Comment:

Dave Devine spoke in support of Pima County One Stop.

MOTION: Chris Sheafe moved, seconded by Tom Dunn, to move the Pima County One Stop Career Center project forward and delete the Pima Community College Health Education Center. Motion approved 17-0.

B. New Projects

- University of Arizona Medical Center South Campus Allied Health Training/Facilities Expansion
- Innovation/Technology Building, UA Tech Park – Bridges (UA)
Science Park Drive – Rita Road to Pantano Road Improvements (UA/County)

- Tucson Visual Art Complex – Site Acquisition (UA and others)
- TUSD Cooper Center for Environmental Learning (UA/TUSD)
- Marana Cultural and Heritage Park – Economic Development (Marana)
- Sonoran Corridor Highway Improvements between I-10 and I-19 (Pima County)
- Oro Valley Business Accelerator (Oro Valley)
- Southern Arizona Mining and Industrial Technology Centers (JTED)

Karen Mlawsky and Sarah Frost, representing the UA Health Network, presented the UA Medical Center South Campus Allied Health Training/Facilities Expansion project.

Discussion points:

- Training will be for allied health workers as well as doctors.
- Garage on the campus will be funded with parking fees, not bonds.
- UA Health Network does have bonding ability, but not the capacity to afford a project like this. The University had bonding capacity, but UA Health Network does not have access to those bonds.
- Allied health training is occurring in the community already but the educational institutions providing the training are typically separate from the hospitals. This would co-locate the education aspect with the training at one location.
- The County would fund the capital improvements with bond funding and the UA Health Network would fund operations and maintenance, similar to facilities constructed with 2004 and 2006 bond funds on the campus.
- The UA Health Network pays something like \$10 a year to the County for use of the facilities since the services they are providing are in lieu of the County providing similar services.

MOTION: Dan Sullivan moved, seconded by Terri Hutts, to move the UA Medical Center South Campus Allied Health Training/Facilities Expansion project forward. Motion approved 17-0.

David Allen, representing the UA Tech Launch Arizona, presented the Innovation/Technology Building, UA Tech Park – Bridges and Science Park Drive – Rita Road to Pantano Road Improvement projects.

Discussion points:

- History of the Tech Park and Bridges facility.
- County has invested \$15 million in the Bridges facility through sewer and flood control improvements.
- The incubator project at the Bridges is similar to the County's leasing of the 4th Floor of Abrams Public Health building to Accelerate Diagnostics.
- Tech Park Science Park Drive will facilitate growth of number of employees from 7,000 currently to 14,000.
- Update of the economic impact study of the Tech Park is underway.

- County may receive market rate rent from a non-profit leasing agency to avoid constitutional gift clause issues, and then that non-profit could lease at below market rent to start-up businesses.
- Details regarding the possibility of selling taxable bonds for this and other similar incubator projects will be provided to the committee, along with a legal and financial analysis.
- Seattle has had good experiences with projects like this.
- Proposed library and YMCA at the Tech park are being coordinated with the Science Park Drive proposal.
- Parking garage will not be bond funded and the University will charge for parking like they always do.
- Concerns about funding private business incubator projects with County bond funds.
- Concerns are valid but this is a strategic point in this community.
- Need for more detailed presentations on these projects.

MOTION: Chris Sheafe moved, seconded by Tom Warne, to move the Innovation/Technology Building, UA Tech Park – Bridges forward. Motion approved 16-1.

MOTION: Chris Sheafe moved, seconded by Ed Buster, to move the Science Park Drive – Rita Road to Pantano Road Improvements forward. Motion approved 16-1.

Discussion continued:

- In this environment, in Pima County, private business would not be able to get the underwriting necessary to self-fund such projects.
- Future presentations should provide data on the types of jobs needed in the community.

Tannya Renee, Assistant VP for Community Relations for the UA, and Fletcher McCusker, Rio Nuevo Board, presented the Tucson Visual Arts Complex project on behalf of a coalition of supporters.

Discussion points:

- First phase of the project would be funded by County bond funds and would include acquisition of the privately owned La Placita complex in downtown Tucson.
- Negotiations are underway.
- Rio Nuevo District does not have the funding to do this but supports it.
- UA has expressed interest in moving the UA Art Museum and Center for Creative Photography to this location downtown.
- Concern that the County purchasing this property would take it off the tax rolls.
- Concern about who would manage the La Placita property after the County acquired it but before it was demolished/repurposed.
- Concern that this project is premature.

- Project is in early stages of development and will be more detailed by the time the Committee is asked to act.
- Concern that County bond funds should not be used for retail, residential and manufacturing uses, especially when there are so many other needs for bond funding.
- Connection to the Downtown Community Theaters and Landscape project.
- In 10 years the private market will take care of this.
- Sometimes private properties become so encumbered that the financial portion does not work out and there is a role for government to step in.
- Thoughts that the City bond committee would support this.
- Presenter stated that the City would manage the property.
- More appropriate role for County bonds is to invest in infrastructure improvements, not to buy private property.
- Project is premature, but there is definitely a need for it as the future of La Placita is key for revitalizing this area downtown.

Public Comment:

Sheldon Gutman - in support of maintaining the Pima County Sports Hall of Fame that is or was in La Placita.

MOTION: Renee Gastelum moved, seconded by Don Chatfield, to move the Tucson Visual Arts Complex project forward. An amendment to continue to look at infrastructure needs for a museum district downtown generally was accepted. Motion approved 17-0.

Request that the entire plan from the west side to the east be presented and that input from the City bond committee be solicited.

Stuart Duncan, COO for TUSD, presented the TUSD Cooper Center for Environmental Learning project. Mike Myer, Retired Director of the Cooper Center answered questions.

Discussion points:

- Camp provides education to people of all ages, but traditionally focuses on younger children.
- Willing to provide a tour, which may be better to defer until after TUSD has confirmed whether or not it is willing to deed the property to the County.
- This facility is adjacent to Tucson Mountain Park and its purpose is consistent with the mission of the County's Parks Department.
- Overnight camps by adults would occur on weekends and holidays so as to not interfere with core mission of youth education, but would have some room for dual use if expansion plans are successful.
- Confirmed that the facilities have been well maintained.

MOTION: Dan Sullivan moved, seconded by Gary Davidson, to move the TUSD Cooper Center for Environmental Learning project forward. Motion approved 17-0.

T Van Hook, Town of Marana, presented the Economic Development Component of the Marana Cultural and Heritage Park.

Discussion points:

- The economic component of this project is Marana's number 1 priority, followed by the recreation component.
- If bond funding is not approved or only partially approved, Marana will continue to fund the project, but it will take longer.
- Concern whether there would be a gift clause issue similar to the incubator projects.
- The more public the use, the less of a concern regarding violation of the gift clause.
- Marana should add under other funding the funding that Marana is contributing.
- Mr. Huckelberry is recommending 50 percent funding for these projects versus full funding of the incubator projects because investment in incubator projects will be offset by rents whereas there will be less income from this project.
- Marana has committed \$5 million already.
- New contact person for the Bond Committee is Lisa Schafer.

MOTION: Gary Davidson moved, seconded by Ted Prezelski, to move the Marana Cultural and Heritage Park – Economic Development Component project forward. 17-0

Mr. Huckelberry presented the Sonoran Corridor Highway Improvements between I-10 and I-19.

Discussion points:

- Discussions have been successful with the San Xavier District to move the interchange north into the District.
- Highway would be limited access at speed limits of 70-75 miles per hour.
- Unknown whether it would involve tolls as discussions with the State and Federal Highways are ongoing.
- Positive meeting recently with Arizona State Land Department.
- Amendment to the Major Streets and Routes plan is to get the general alignment approved so that private developers and Arizona State Land Department are on notice.
- Concern that this project would facilitate the development of Interstate 11 through Avra Valley.
- Mr. Huckelberry stated that this would be a state auxiliary highway and has nothing to do with the I-11 proposal.

Public Comment:

Albert Lannon spoke in opposition to the Sonoran Corridor project and I-11.

MOTION: Dan Sullivan moved, seconded by Greg Wexler, to move the Sonoran Corridor Highway Improvements between I-10 and I-19 forward. Motion approved 16-1.

Amanda Jacobs, Town of Oro Valley, presented the Oro Valley Business Accelerator project.

Discussion points:

- Continued questions about potential gift clause issues and charging market rate rent.
- Oro Valley Mayor and Council have not yet discussed ownership issues.
- Concern that this facility would be in competition with private facilities.
- Developer at Innovation Park is supportive, as well as UA and TREO.
- Philadelphia is a good example of this, where 3 buildings downtown involving private enterprise, the city, and the county, kicked off the revitalization of that area.

MOTION: Dan Sullivan moved, seconded by Tom Warne, to move the Oro Valley Business Accelerator project forward. Motion approved 15-2.

Aaron Ball, Joint Technical Education District (JTED), presented the Southern Arizona Mining and Industrial Technology Centers proposal.

Discussion points:

- JTED is a taxing district and could hold its own bond election, but the cost would be at least \$250,000 for the election and an overlay school district they are concerned that the election could negatively impact member school districts holding their own budget override and bond elections.
- Concern that if it is County bond funded it competes with other County bond needs, therefore those with their own capacity should do it on their own.
- Support for the concept, with or without County bond funding.
- Request to reduce bond funding request amount.
- Pima County JTED could serve Nogales if Nogales school district held a vote to join Pima County JTED.
- JTED center at the Bridges park is still a possibility.
- Focus is on mining trades as participation of the mines is important, but skills carry over to many other jobs.
- Curriculum will include the most current training with regard to building and operating better mines.

MOTION: Terri Hufts moved, seconded by Tom Dunn, to move the Southern Arizona Mining and Industrial Technology Centers proposal forward. Motion approved 16-1.

Public comment:

Sheldon Gutman – spoke about proposed Rosemont Mine and gaps in mining employment.

6. Possible 2015 Bond Election - New City of Tucson Projects and Job Path
Downtown Community Theaters & Historic Cultural Landscape (Tucson)
Public Safety Training Academy – Judgmental Firearms Training Facility (Tucson)
Public Safety Training Academy – Multi-purpose Training Facility (Tucson)
Public Safety Training Academy – Driver Training Facility (Tucson)
Temple of Music and Art (Tucson)
Job Path Facility (Job Path)

Elaine Becherer, City of Tucson, presented the Downtown Community Theaters & Historic Cultural Landscape project.

Discussion points:

- Concern that these projects were submitted to the County late, were emailed to the Committee and Committee did not get hard copies.
- No other funding is confirmed at this time although there have been minor contributions to related projects.
- Need to revitalize the Music Hall.
- City of Tucson would maintain these improvements.
- Leo Rich Theater improvements would be limited to \$500,000 for entrance and lobby improvements.
- Total request is for \$28 million.
- For Temple of Music and Art, 69% of patrons live outside of the City limits and another 5% live outside of the state, therefore these types of facilities should be considered regional projects.
- Location is near to The Loop via bike paths on streets.

Public Comments:

The following individuals spoke in support of the Downtown Community Theaters & Historic Cultural Landscape project:

Fletcher McCusker

Rep. Demion Clinco

Barbara Levy

Michael Keith

Karia Can Drunen Littooy

Helen Erickson

Jonathan Mabry

MOTION: Chris Sheafe moved, seconded by Tom Warne, to move the Downtown Community Theaters & Historic Cultural Landscape project forward. Motion approved 17-0.

Brad Olson, Assistant Chief of Operations, Training and Emergency Management for Tucson Fire Department, presented the three City of Tucson Public Safety Academy projects.

Discussion points:

- Whether or not other agencies, including the Pima County Sheriff, would be charged a facility use fee, and whether fees would be consistent as required in the County's Truth in Bonding code.
- Concern that these facilities may be duplicative of others in the community.
- Fire arm facility would be completely new to the community.
- Concern about cost of proposals at \$19 million.
- Questions about capacity issues at existing city and other community facilities.
- Pima Community College uses the facility to train students, which defrays the cost to the City and others for some of the entry level training.
- Concern that Pima County tax payers would be funding something that is used by agencies in northern Arizona.

Public comments:

The following individuals spoke in support of the City's Public Safety Multi-purpose Training Facility:

Tom Johnston
Paul Tosca
Shane Cisen
Jacki Bieriar
Claudette Gross
Charles Hangartner
Forest Hauser

MOTION: Dan Sullivan moved, seconded by Greg Wexler, to move the three City of Tucson Public Safety Training Academy projects forward. Motion approved 13-0.

Because the meeting had already run long, the Committee decided to forgo presentations on the Temple of Music and Art and Job Path facility, and permit them to present at a later date. It was noted that all of the presentations are posted online at the County's web site, www.pima.gov/bonds.

MOTION: Vice-Chair Campbell moved, seconded by Tom Dunn, to move the Temple of Music and Art project forward. Motion approved 13-0.

MOTION: Vice-Chair Campbell moved, seconded by Tom Dunn, to move the Job Path project forward. Motion approved 13-0.

7. Next Meeting

The next meeting will be held at a date to be determined in September and will include the Committee's end of fiscal year oversight of the current bond programs.

8. Meeting Adjourned

Meeting adjourned at 11:52 a.m.

Note that speaker cards for those members of the audience that selected not to speak or submitted speaker cards but did not speak are attached to this meeting summary as are petitions submitted at the meeting.

TELEPHONE NUMBER 520-404-1514

COMMENTS The Temple of Music & Art serves much more than just city patrons but

from across the county and
from a broad spectrum of
community members.

As such an important
cultural building in this region
I think its important to
maintain the beauty of this
historic building which is why
I am supporting this measure.
This money will help
maintain an elegant building
at the center of the counties
economic and cultural interests.

Page 2

but for vital building
maintenance and preventative
upkeep. This is the first
major upgrade of the
building's structure + systems
since its renovation in
1990.

County. It became the home of
Arizona Theatre Company in 1990
after literally being saved from
the wrecking ball by a group of
citizens who couldn't allow such
a building to be destroyed. Since
then, people from all over
Pima County attend performances
at the Temple - Marana, Rio
Valley, the Foothills, Green Valley,
Vail, etc. The Temple is used
by community groups at
minimal costs as well as for
weddings and graduations.
A major overhaul of the Temple
is badly needed as it has
not had one since it opened.

Page 2

ATC serves citizens in
Brew Valley, The Foothills,
Rio Valley, Sabino Canyon,
Dove Hill, Marana, a list
to name a few. We
would appreciate the
funds to make much
needed repairs to keep
this building vibrant
for us all.
