PLANNING FOR A POSSIBLE 2015 BOND ELECTION – PARKS & RECREATION

The Committee may choose to vote in a single motion, without discussion, on the following list of 12 projects that may be considered noncontroversial. The Committee may also choose to remove one or more of the projects and place them back on the regular agenda if the project requires discussion before a vote. These parks and recreation related projects were selected for the consent agenda because they received a Tier 1 recommendation from the Parks and Recreation Subcommittee, they are recommended by the County Administrator, they received double-digit support during 2014 Committee preference survey and they are well balanced geographically across the region. The “current funding request” and “County Administrator recommended funding request” is the same for each of these projects and is listed below. If there are members of the public who oppose any of these projects, they may speak prior to the Committee vote.

Jacobs Park Recreation Center - \$4 million
Sentinel Park – A Mountain Improvement Project - \$2.5 million
Rillito Race Track Conversion - \$14 million
