MEMORANDUM

➔ To: Mr. Ray Carroll, County Supervisor (District 4)
Mr. Chuck Huckleberry, County Administrator

Subject: University Physicians Hospital, South Campus, Tucson, AZ

Back on 19 June 2012, I underwent a much needed endoscopic procedure at the subject campus.

Pleased be advised that I received excellent care during my entire visit. Everything ran on schedule, and the staff participants including Dr. Eugene Trowers, the attending surgeon, Dr. Bhavneet Singh, the surgical resident, and "Jane", my personal LPN, were first-class.

In passing, I note that I was a 93-year old patient, and had prior experience with other Tucson hospitals, including one hospital during which my 92-year old wife entered with a broken pelvis and returned home with a broken femur.

Sincerely,

Charles C. Bates, PH.D.

Dear Mr. Bates,

Thank you for your letter and comments about the University of Arizona Medical Center - South Campus. I am glad the treatment you received from the hospital was "first-class." One of my staff members met Dr. Trowers and Dr. Singh on a tour of their new G.I. lab and she also gave me positive feedback about them.

I am taking the liberty of forwarding your nice letter to the administrator of the University of Arizona Medical Center - South Campus, so that she may be aware of your wonderful experience there.

Sincerely,

Ray Carroll
