Parks and Recreation: Public Comments

## Pima County Future Bond Election Comment Form

**Project Listing or Description:** PR 103 - Rillito Racetrack Conversion and PR 120 - Hill Property Acquisition

(example: Library Name, Park Name, etc.)

**Comments:**

I strongly support bond project 103 - the conversion of Rillito Regional Park to an 18 field complex with lights on all fields for two important reasons. First, the Rillito Regional Park project is underway and can be brought to completion sooner than other projects. Next, the Rillito site is the only site centralized to the youth sports population. It is well located as both a practice and tournament facility. It will also help grow the existing tournaments and allow for future tournaments which contribute millions to the Tucson economy. Tucson desperately needs additional playing fields to support both youth and adult recreation. I also support all Bond projects that provide additional playing fields for our youth.

## Pima County Future Bond Election Comment Form

**Project Listing or Description:** PR 103 Rillito Racetrack Conversion & PR 120 Hill Property Acquisition

(example: Library Name, Park Name, etc.)

**Comments:** Other SW communities (Las Vegas, Phoenix) have superb soccer facilities and we strongly support improving Tucson's facilities with these two improvements. There is a great need in our community as existing parks are already overwhelmed & there are no other facilities to serve the growing population. These new fields & facilities will be an asset to the entire Tucson/Pima County community.

Project Listing or Description: PR103 Rillito Race track + PR 120 - Hill Property

(example: Library Name, Park Name, etc.)

Comments:

A quality multi field, lighted soccer complex at Rillito Park will be a tremendous asset to the community. I support the construction of 18 soccer fields there. I also support the acquisition of the Hill Property for conversion to soccer fields.

RE: PR 103 - PILLITO RACETRACK CONVERSION / LIGHTED SOCCER FIELDS

I COULD NOT SAY IT ANY BETTER THAN THE ATTACHED FORM RESPONSE.

MY YOUNGEST OF 3 BOYS IS NOW IN HIS 4<sup>TH</sup> YEAR OF PLAYING YOUTH SOCCER IN TUCSON. THE OTHER BOYS SPENT YEARS PLAYING SOCCER IN TUCSON'S ORGANIZED YOUTH SOCCER PROGRAMS.

WE (THE ADULTS & COMMUNITY OF TUCSON) NEED TO PROVIDE HEALTHY (FOR THE MIND & BODY) ACTIVITIES FOR OUR YOUTH HERE IN THE DESERT, WAY ABOVE & BEYOND OF WHAT COMMUNITIES IN OTHER PARTS OF THE COUNTRY NEED TO DO.

DUE TO THE NATURE OF THE DESERT & THE PATTERNS WE HAVE BUILT OUR CITY IN, THERE IS A SHORTAGE OF PLACES & TIMES THAT OUR YOUTH CAN ENJOY THE OUT OF DOORS. DURING THE SUMMER ESPECIALLY, IT IS JUST TOO HOT DURING MANY DAYLIGHT HOURS & TO GIVE OUR YOUTH WHAT THE REST OF THE COUNTRY HAS, WE MUST PROVIDE LIGHTS, SO THAT YOUTH CAN SPEND TIME OUT OF DOORS GETTING THEIR DAILY EXERCISE.

I SPENT SEVERAL YEARS COACHING, AND OUR BIGGEST NEED IS PROVIDING PRACTICE TIME IN THE EVENINGS UNDER THE LIGHTS. AS THE REGION IS ALSO BOARD MEMBER WHO SCHEDULED PRACTICE

TIME I SAW FIRST HAND THE PROBLEMS WE DEAL WITH NOW, DUE TO A LACK OF LIGHTED FIELDS. I SCHEDULED APPROXIMATELY 90 TRAINS PRACTICE TIME, AND APPROXIMATELY 20-30 TRAINS EACH YEAR, EITHER DID NOT GET TO PRACTICE FOR A LONG ENOUGH TIME PERIOD (DAYLIGHT RUNS OUT IN THE WINTER) OR HAD TO SHARE FIELDS TO THE POINT THEY COULD NOT RUN A PROPER PRACTICE.

WE ALREADY A LARGE FACILITY SUCH AS RILLITO, AND WE ALREADY MADE LIGHTED FIELDS THROUGHOUT TUCSON.

THE CROWDING THAT I WITNESS AT UOALL FIELD ON THE EAST SIDE WHEN I PICK UP MY BOYS AT NIGHT FROM SOCCER PRACTICE, MAKES ME SAD AS A FORMER COACH, WHO KNOWS WHAT THEY CANNOT DO AT THEIR PRACTICES, DUE TO A LACK OF SPACE.

I WOULD LIKE TO SEE ALL THE YOUTH OF TUCSON HAVE THE SAME OPPORTUNITIES AS THE REST OF THE YOUTH IN OUR COUNTRY. WE NEED TO PROVIDE LIGHTED FIELDS TO DO THIS IN THE DESERT OF TUCSON, CURRENTLY, WE ARE NOT PROVIDING ENOUGH LIGHTED FIELDS AND OUR YOUTH SUFFERS FOR THIS LACK.

Sincerely,

**Pima County

**Sent:** Monday, December 11, 2006 5:11 PM  
**To:** bondinfo  
**Subject:** \*PROJECT LISTING OR DESCRIPTION:\* /PR 103 - Rillito Racetrack

I strongly support the conversion of Rillito Racetrack to an 18 field soccer complex with lights on all 18 fields. I also support the acquisition of the Hill property adjacent to Mehl Park. There is a great need for fields and other park facilities in this area of our community which has the densest youth sports population in Pima County. There is no other large site available to serve the recreational needs of the large and growing population in this area. Existing parks serving the area are overwhelmed. An 18 field complex at the Rillito site will be an asset for the whole community.

REMEMBER, although this is called a "soccer" complex, the conversion of Rillito will benefit ALL youth sports: softball, football, baseball, lacrosse and soccer.

Thank you.

Yvonne Tedards

**Project Listing or Description:** PR 103 - Rillito Raceback Conversion and PR 120 - Hill Property Acquisition  
(example: Library Name, Park Name, etc.)

**Comments:**

I strongly support bond project 103 - the conversion of Rillito Regional Park to an 18 field complex with lights on all fields for two important reasons. First, the Rillito Regional Park project is unique and can be brought to completion sooner than other projects. Next, the Rillito site is the only site centralized to the youth sports population. It is well located as both a practice and tournament facility. It will also help grow the existing tournaments and allow for future tournaments which contribute millions to the Tucson economy. Tucson desperately needs additional playing fields to support both youth and adult recreation. I also support all Bond projects that provide additional playing fields for our youth.

## Pima County Future Bond Election Comment Form

**Project Listing or Description:** PR 103 - Rillito Racetrack Conversion and PR 120 - Hill Property Acquisition  
(example: Library Name, Park Name, etc.)

**Comments:**

I strongly support bond project 103 - the conversion of Rillito Regional Park to an 18 field complex with lights on all fields for two important reasons. First, the Rillito Regional Park project is underway and can be brought to completion sooner than other projects. Next, the Rillito site is the only site centralized to the youth sports population. It is well located as both a practice and tournament facility. It will also help grow the existing tournaments and allow for future tournaments which contribute millions to the Tucson economy. Tucson desperately needs additional playing fields to support both youth and adult recreation. I also support all Bond projects that provide additional playing fields for our youth.

**Cc:** dimarobronze@att.net  
**Subject:** Bond Advisory Committee Meeting

Ladies & Gentlemen:

I am writing to you today on behalf of Rillito Park Racetrack regarding the upcoming bond election.

By way of introduction, my name is Patti Shirley and I am an owner, breeder and trainer of Thoroughbred racehorses. I also help in the management of Rillito Park.

I served on the Rillito Park Advisory Committee, representing the horsemen. The Initiative voted upon by the public which mandates that horse racing will continue at Rillito Park expires in 2010, and our assignment was to make suggestions to the Board of Supervisors regarding the fate of Rillito Park after that date. Other members of the Advisory Committee represented various sports, with the soccer folks being the most vociferous of the lot.

In order to avoid a total impasse, the members representing the horsemen agreed to relocate after 2010 if a suitable facility was provided. We agreed to move very reluctantly. It will cost millions of dollars to build a new facility while a much lesser sum could make Rillito Park a showcase for horse racing and preserve its heritage. We continually reminded committee members that there is only ONE horse racing facility in Pima County and there are numerous soccer fields, but we were verbally bombarded with the need for a facility which could house 18 soccer fields and host tournaments.

It has come to my attention that Pima County has acquired several hundred acres of vacant land, all of which is suitable for soccer fields, baseball diamonds, football fields, etc.

It is my fervent wish that in the upcoming bond election there is support for building a sports facility in some other location rather than Rillito Park and that some money be set aside to upgrade Rillito Park's structures and to allow it to become a multi-purpose sports facility, with one of those sports being HORSE RACING!

Rillito Park's 2007 horse racing meet opened February 10th. On February 10 and 11th approximately 10,000 people attended the races and wagered over \$205,000.00. The parking lot was overflowing and the stands were packed. With this much public support, why would we destroy such a facility?

Horsemen do not fare well in the political scene. They are too busy tending their horses to involve themselves with meetings and public speaking. As a result, they can be overlooked. I am hopeful that your committee does not overlook horses and horsemen and the impact they have had on Arizona.

Please do your part to help preserve our southwest heritage.

Sincerely,

Patti Shirley

Tucson Concrete Skatepark Alliance  
P.O. Box 442  
Tucson, AZ 85702

In regard to: Support for Skateboard Parks inclusion in 2008 Bond Package

Pima County Board of Supervisors  
130 West Congress Street  
Tucson, AZ 85701

Dear honorable members of the Pima County Board of Supervisors:

Skateboarding has held a special place in American culture for over thirty years. In the past 10 years the sport of skateboarding has had an exponential growth in popularity; it has become a main stream activity that is both accepted and respected throughout the world. Southern Arizona skateboarders are excited to see that Pima County Parks Department has requested funding for the building of skateparks in the 2008 bond package. To convey the communities support for these proposals the Tucson Concrete Skatepark Alliance has collected signatures from community members and has attached them with this letter.

Tucson Concrete Skatepark Alliance is a local group formed to provide the skateboarders of Pima County an organized voice. We recognize that well constructed skateboard parks offer a desirable alternative to the city streets and other less desirable activities. Having local skater influenced skateparks in Pima County Parks will meet the recreational needs of today's population while creating a safe and fun resource for the community.

On behalf of all skateboarders in Pima County, we applaud your support of our sport and urge your membership to fund the skateboard park request.

Sincerely,

Eric Nickerson  
President  
Tucson Concrete Skatepark Alliance  
[eric@tucsonskaters.org](mailto:eric@tucsonskaters.org)  
(520) 241-1757

Dear honorable members of the Pima County Board of Supervisors, in signing this statement I am showing my support for Pima County in developing local skateboarder influenced skateparks in our great county. Please support the park and recreation requests to fund skateparks in the upcoming 2008 bond election. Having local skater designed skateparks in Pima County Parks will meet the recreational needs of today's population while creating a safe and fun environment for the community.

Dear honorable members of the Pima County Board of Supervisors, in signing this statement I am showing my support for Pima County in developing local skateboarder influenced skateparks in our great county. Please support the park and recreation requests to fund skateparks in the upcoming 2008 bond election. Having local skater designed skateparks in Pima County Parks will meet the recreational needs of today's population while creating a safe and fun environment for the community.

Dear honorable members of the Pima County Board of Supervisors, in signing this statement I am showing my support for Pima County in developing local skateboarder influenced skateparks in our great county. Please support the park and recreation requests to fund skateparks in the upcoming 2008 bond election. Having local skater designed skateparks in Pima County Parks will meet the recreational needs of today's population while creating a safe and fun environment for the community.

**To:** bondinfo

My name is Ty Easton

I live at 2550 W. Falbrook way Tucson AZ 85741

For a long time there has been a shortage of lighted softball fields in the Tucson area. But none as bad as this year. The Tucson area is second only to California for producing quality softball players that go on to play at division 1 schools all over the country. The Pima community Aztecs are a team made up of all local Tucson girls, and they won a national title last year. It is part is part of who we are as a community. I am requesting your support for the construction of new lighted softball fields to be funded through the 2008 bond election. thank you

Ty Easton

15 February 2007

Mr. Chuck Huckelberry  
Pima County Administrator  
130 West Congress St  
10<sup>th</sup> Floor  
Tucson Arizona 85701

Dear Mr Huckelberry,

The Catalina Foothills Association Board of Directors and membership would like to thank you for being one of the guest speakers at their Annual Meeting on January 25. The upcoming 2008 Bond election is a very important issue for all of us. We felt our membership needed to learn more about what the bond issue would cover especially in the area of recreational facilities. The foothills area is well aware that they lack the necessary recreational outlets for their young people. It was most informative for the audience to learn that seventy-five percent of the bonds that are issued are fully retired within 10 years and that the county works for short-term debt so that the interest rate is as low as possible. It is very encouraging that Tucson bonds have been up-graded to a double A rating. Now that the membership is aware that there are lots of competing issues for bond monies; they will hopefully let the county know that they very much support recreational development.

Again, we appreciate your taking time from a very busy schedule to share this most important information with our membership.

Sincerely yours,

*Jim Riley (sh)*

**RILLITO PARK RACE TRACK**

Dear Supervisors:

In order to continue racing at Rillito, we hereby request that the following improvements be included in the expenditure of the \$10,900,000.00 consideration requested for Rillito Park, from the 2008 bond election:

- Reinforce clubhouse windows
- Upgrade electric
- Install elevator
- Light and pave parking lot
- Install phone/p.a. system -- 30 extensions
- Paint clubhouse, grandstand and barns
- Build permanent announcer's stand
- Install clubhouse heating/cooling

While some of the above may be cosmetic, most of the items are related to safety issues and need to be dealt with asap. During the 20 years PCHA has been at Rillito, very little has been done concerning these items. It seems appropriate to ask for these improvements while plans are being made to spend the bond money. Every other sport in the Tucson area seems to have an eye on Rillito and they are making plans to use the bond money.

In 2006, the Chairman of the Rillito Park Advisory Committee stated that, "if you vote unanimously to move to Marana in 2010 (if Marana builds a track), Pima County WILL maintain Rillito Park Race Track during the remainder of your stay; if you do not vote unanimously to move in 2010 (if a suitable facility is provided), Pima County WILL NOT maintain the track during the remainder of your stay". The vote to move was unanimous. The document allowing horse racing to continue at Rillito until 2010 (a total of 25 years) states, "Pima County will maintain the facility during this period". The Rillito Park Advisory Committee recommendations state that "no sport will cause the elimination of another sport".

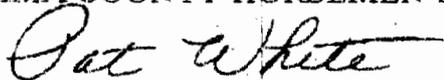

We plan to race again in January of 2008 – if the current project for the removal and construction of barns is completed. The stable area, at the west end of the track, has been reduced from 10 or 12 acres to 5 or 6 acres. The number of stalls has been cut from approximately 450 to 293. Hopefully, we can make this work. We will try! There is the possibility that another track may not be built in Pima County. In that event, we understand that we will remain at Rillito until such time that a track is built.

Our 2007 race meet recently ended with an average daily attendance of 5,600. On March 4, our last 2007 race day, 7,000 people generated a handle of \$147,000.00. Most tracks in the United States cannot boast about attendance and handle like this. It is very thrilling to see this many people turn out to attend a spectator sport. Once again, we are asking for your help to save Tucson's historical landmark and to make it safe for everyone to enjoy. Every year fans from all over the United States and foreign countries come to Tucson just to see "The Home of Quarter Horse Racing".

Since Rillito Park is in the city limits, this letter is being sent to both County and City Officials in hopes that someone can help. Thank you very much for your time. Please don't hesitate to call or write if you have questions or comments. I can be reached at 887-4386 or my cell 400-3562; my Email address is [pawhite10@yahoo.com](mailto:pawhite10@yahoo.com), and fax is 887-6726.

Sincerely,

PIMA COUNTY HORSEMEN'S ASSOCIATION, INC.

**Subject:** Lighted softball fields

I am writing in support for more lighted softball fields in Tucson. I have 2 daughters that play competitive softball all year round. We have found it extremely difficult to find lighted softball fields for practicing. Our team is based on the eastside but as it stands now, we go practice at Murrietta Park at Speedway and Silverbell. All the eastside lighted fields are usually filled up by the men's/co-ed adult leagues. It can also be quite expensive for our teams to afford fields to practice on. I have never understood why the men can't start their games a little later and the girls earlier. Let the girls practice from 5:30-7:30pm and the men can have the field after that. I know I don't have to tell you that keeping kids involved in sports is one of the top ways to keep them out of trouble. Sports for girls especially does more than just keep them out of trouble, but it raises their self esteem, raises their school grades and helps keep them physically and emotionally healthier.

I think there is a desperate need for more lighted softball fields, especially on the eastside and mid-town. But if you build these facilities, will the men get first choice on using the fields? This past season, on the eastside, we only were able to use Ft. Lowell- which is dangerous with all its gopher holes, Freedom and Palo Verde (which we share with the soccer players). It isn't fair that the girls get stuck on these kind of fields while the men get the nicer ones and then we can use them when the men don't.

I think it is time that we really invest in our kids.

Thank you for your time.

**Subject:** Future Bond Election - Silverlake Park

Silverlake Park is included in the bond election for several projects. I feel that the covered picnic pavilion and covered basketball court are badly needed and are a higher priority than lighting the soccer fields. I urge the county to set aside funds for these projects. A new KB Homes subdivision is being planned adjacent to the park at Kino and 36th and upgrades to the park will encourage home buyers in this area.

**Sent:** Tuesday, December 26, 2006 10:01 AM  
**To:** Deseret Romero  
**Subject:** Benson Highway Park

This comment is in support of priority acquisition and development of Benson Highway Park. The neighborhood surrounding the proposed park location desperately needs recreational space for the increased number of children due to new development in the area. The subdivision of 206 homes that I live in right next to the proposed park location has houses with mostly small graveled or dirt yards. The yards are poor play areas and the children are often in the street. Also nearby are several low income trailer parks without any play areas. I am on the board of my subdivision HOA. The board strongly supports creation of a park and would help the process by trying to get the homeowners to convey adjacent common area that the HOA owns to be included in the park. Thank you for considering this request.

Sincerely,

PR: 59 District 2 Freedom Pool Water Slide  
City of Jucosa Parks  
PR: 239 District 2

Walt Harry Fisher, Chair

The 29th Street Corridor Communities, since 2000 is made up of five neighborhoods. A map is attached.

Olivera Heights  
Julia Keen  
Myers Neighborhood  
Taylor  
Roberts Neighborhood Association

P.R. 19: Freedom Center Expansion: The Center is in need of space for our ever growing services. We would like more programs of activities to include a meal program and

and programs for our youth, preschool children and families.

PR 59: Freedom Book Water Slide:

In 2004 our pools slide had to be removed because of deterioration. (Not In Code)

Replacing the slide will encourage more participation by youth and families.

PR 235: Freedom Book Adult Learning Center: The Bina Community College Eastside Learning Center on Alvarado Way and E. 27th Street is part of our plan for our park.

The center works with our five neighborhoods to better our neighborhoods. Increasing adult education impacts everyone, families, communities, and when crime goes down. The American Dream made possible.

History Freedom Park: It began in 1976 with our neighbors, Davis Mallon AFB and the city of Tucson.

worked together: hard work and  
patience paid off.

The plan for our park included  
a Community Center, a basketball  
court, Adult Education Facility, and  
a tennis court.

Eight years later part of our  
plan included. Two rooms were  
deleted because of costs. A basket-  
ball court with canopy roof was  
completed and dedicated Sept 15, 2005.

The 2008 Bonds election could  
help expand on our long awaiting  
and needed programs. The staff at  
our center are great. We all work  
together to better our neighborhoods.

Neighborhood Activities: We have also  
partnered with our Mattoon Police  
Department since 2000.

Our biggest goal was when  
T.P.D. implemented Crime Free Multi-  
Housing at all 23 apartment  
complexes and added additional  
officers for 29th Street crime problems.

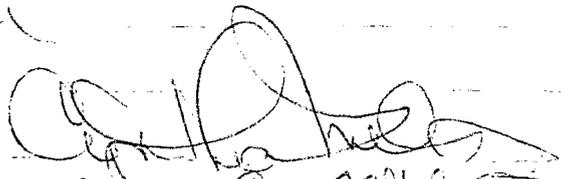

We then applied for a Weed  
and Seed Grant from the U.S. Department

of Justice, and received recognition in 2004, because of low economic level of our community, crime statistics and what will be done to improve our neighborhoods. We have community cleanups, House repairs, fixed teens to paint street numbers on all five neighborhood houses. We work with liquor licenses assisting them to prevent problems.

We have our annual celebration each October. We have over 40 exhibitors from agencies and city departments, over 1000 attended and 2006.

Please help us succeed in making our five neighborhoods a place everyone is proud of and for our future generation.

Thank you

City of Tucson Parks  
PR 235, District 2

Dear Board Advisory Committee,

The 29<sup>th</sup> Street Corridor Communities  
since 2000 has been made up of five  
neighborhoods. A map is attached:  
Olvera Heights Neighborhood  
Julia Keen Neighborhood  
Meyer Neighborhood  
Taylor Neighborhood  
Roberts Neighborhood

RR 13: Freedom Center Expansion:  
The Center is in need of space for  
our ever growing series. We would

like more programs of activities; to include a meal program, a program for our youth, preschool children and families.

PR 59: Freedom Pool Water Slide: also 2004 our pool slide had to be removed because of deterioration. (NOT IN CODE)  
Replacing the slide will encourage more participation by youth and families.

PR 235: Freedom Park Adult Learning Center  
The Sierra Community College Eastside Learning Center on S. Alvernon Way and E. 27th Street, is part of our plan for our park.

The center works with our five neighborhoods to better our area. Increasing adult education impacts everyone. Families, communities, and then crime goes down. The American Dream made possible with your support.

History of Freedom Park: it began in 1976, when neighbors, Parks Dept A.F.B., and the City of Tucson worked together. Had work and patience paid off.

The plan for our park included a Community Center, a basketball court, Adult Education Facility, and tennis courts.

Eight years later part of our plan evolved. Two rooms were deleted because of costs. A basketball court with a canopy roof was completed, and dedicated Sept 15, 2005. The 2008 Bond Election could be our long awaited of needed programs.

The staff at our center are great, we all work together to better our neighborhoods.

Neighborhood Activities: We have partnered with our Metairie Police Department since 2000.

Our biggest goal was when T.P.D. implemented Crime Free Multi Housing at all 23 apartment buildings, and added additional officers for 2nd Street Crime problems.

We then applied for a Standard Seed Grant from the U.S. Department of Justice, and received recognition in 2004, because of low economic level

of our community, crime statistics and what we've done to improve our neighborhoods. We have community clean ups, house repairs, hiring teens to paint street addresses on all five neighborhood houses. We work with the liquor licensees assisting them to prevent problems.

We have an annual celebration each October. Over 40 exhibitors from agencies and city departments. In 2006 over 1000 attended.

Please help us succeed in making our neighbor great for our future!

Thank you  
Cynthia Allen

Tucson, AZ 85711

Pima County Administration  
130 W. Congress, 10<sup>th</sup> Floor  
Tucson, Az 85701

Dear Members of the 2008 Bond Advisory Board,

Thank you for this opportunity to express our immediate needs and concerns regarding three (3) of the upcoming 2008 bond proposals that directly effect the 29<sup>th</sup> Street Corridor Community.

RR 19, District 2, Freedom Center Expansion, City of Tucson Parks  
PR 59, District 2, Freedom Pool Water Slide, City of Tucson Parks  
PR 235, District 2, Freedom Park Adult Learning Center, Pima County Parks

**PR 19: District 2, Freedom Center Expansion, City of Tucson Parks:** Because the approved Bond money from the original building of the Freedom Center was delayed by 7-8 years, the construction cost increased sharply requiring the project to eliminate two (2) classrooms from the original plans. We are requesting their construction back with Bond PR19. The rooms are needed to better serve the current and future needs of our community.

**PR 59: District 2, Freedom Park Water Slide, City of Tucson Parks:** If it were not for the state of deterioration and safety of this pool slide, the community would still be using it. Although not necessary, our consensus says, yes, replace it!

**PR 235, District 2, Freedom Park Adult Learning Center, Pima County Parks:** The Adult Learning Center was a part of our original plans for the Freedom Center. We still have the need for this facility. The current Pima County East Side Learning Center on South Alvernon Way has out grown its building and parking needs long ago. With over 500 people on a waiting list to attend, the relocation to Freedom Park is our choice. We can accommodate our populations without too much displacement.

As we continue to WEED out the problems of our community, we also need to SEED our populations to meet our growing needs now and for the future. Bond Proposal PR 19, PR59, and PR 235 will provide us with this opportunity.

Thank you,

Diane M. Campbell, President  
Alvernon Heights Neighborhood Association

✓

**CORBETT NEIGHBORHOOD ASSOCIATION, Inc.**

5971 E. 28<sup>th</sup> Street

Tucson AZ 85711-6801

February 22, 2007

**TO WHOM IT MAY CONCERN:**

I am the President of the Corbett Neighborhood Association and we are one of the original neighborhoods who asked the city to buy the land to establish the park on 29<sup>th</sup> Street, now known as Freedom Park.

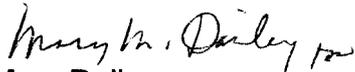

We believe the original plans for usage of the Freedom Park Center have not been met. In the original plans the building was to have been larger and many more programs were to have been made available. Because of the downsizing of the size of the building many of the programs and activities cannot take place in the current building. We ask that funding be allocated to upgrade and expand the facility or possibly another building built so more programs can be offered.

There are 500 people on a waiting list for Adult Education classes in our area. They want to attend classes to learn job skills and obtain training to improve their lives and that of their families.

Another improvement needed is the replacement of the slide at the pool. It was removed and not replaced. We want Freedom Park to be the hub of activities in this area similar to what they have available at Clements Center.

Thank you for your consideration in this matter.

Sincerely,

**Mary Dailey**

5971 East 28<sup>th</sup> Street

# MYERS NEIGHBORHOOD ASSOCIATION

"Creating A Family Neighborhood Together By Helping Each Other"

4934 E. Andrew  
Tucson AZ 85711

Larry Hecker, Chair  
2008 Bond Advisory Committee  
c/o Nicole Fyffe  
Pima County Administration  
130 W. Congress 10<sup>th</sup> Floor  
Tucson AZ 85701

Dear Mr. Hecker and Members of the 2008 Bond Advisory Committee,

Residents of Myers Neighborhood are vitally interested in the three Freedom Park projects on the bond list:

PR 19, District 2, Freedom Center Expansion, City of Tucson Parks  
PR 59, District 2, Freedom Pool Water Slide, City of Tucson Parks  
PR 235, District 2, Freedom Park Adult Learning Center, Pima County Parks

Active residents in Corbett and Myers Neighborhood brought about the creation of our park in 1976. They found out that the land owned by David Monthan Air Force Base south of 29<sup>th</sup> Street between Swan and Craycroft could not be used by the air base. The neighbors petitioned the City of Tucson to purchase the land for a park for our neighborhoods. Myers Elementary students petitioned the Mayor and Council to name the park Freedom Park because it was the United States' Bicentennial Year.

The city purchased the land from the Department of the Interior, and planned a regional park which would include ball fields, picnic areas, a swimming pool, a Community Center, tennis courts, a basketball court, and an Adult Learning Center. The ball fields, picnic areas, and pool were built in the next few years.

In 1996 we began the public planning process to design the Center. Bond moneys had been committed to it, but it took 7 years before the bonds for this project could be sold and construction begun. Because costs had risen, the building was modified. The Center was completed in 2004, and the basketball court was built a year later. In September of 2005 the Center and the basketball court were dedicated. We are very proud of them and of our park. The basketball court has been used full time since the day the concrete slab dried. The Center is well utilized, with programs like KIDCO, athletic activities, programs for all ages, and computer availability. Our 29<sup>th</sup> Street Coalition Weed & Seed grants fund preventive programs like martial arts, Jumprope Fitness, basketball tournaments, etc. at our park.

It is time for our Center building and the planned area for seniors and day care activities to be completed.

Our swimming pool slide had to be removed 3 years ago because of deterioration and no longer meeting code. When we had a slide, the pool was the highest utilized in Tucson. We need the slide for our youth.

An Adult Learning Center was in the original plan for our regional park. It is urgently needed now because the Pima Community College Eastside Learning Center, located on Alvernon Way, is in a deteriorating building. They need a new home, and a larger space, to accommodate the 500 people on their waiting list. We urgently need the Adult Learning Center in our stressed neighborhood so that our low income neighbors

can obtain GEDs, learn English as a Second Language, have Citizenship classes, gain the knowledge that will enable them to improve their financial condition by obtaining well-paying jobs. They will also be prepared to further their education in regular Pima Community College classes if they wish to.

Please support these three Freedom Park projects on the 2008 Bond Proposal. The three together are essential to continue improving our neighborhood and the lives of all our neighbors, from preschool to seniors.

Sincerely,

## 29TH STREET CORRIDOR COMMUNITIES

4162 East Sylvane Street  
Tucson AZ 85711  
February 9, 2007

Larry Hecker, Chair  
2008 Pima County Bond Advisory Committee  
c/o Nicole Fyffe, Pima County Administration  
130 W. Congress, 10<sup>th</sup> Floor  
Tucson AZ 85701

Greetings to each member of the Bond Advisory Committee, and thank you for undertaking a tremendous task.

Re: PR 19, District 2, Freedom Center Expansion, City of Tucson Parks and Recreation  
PR 59, District 2, Freedom Pool Water Slide, City of Tucson Parks and Recreation  
PR 235, District 2, Freedom Park Adult Learning Center, Pima County Community Services

1. The 29<sup>th</sup> Street Corridor Communities is made up five neighborhoods who have been working together as a grassroots organization since 2000 to better our area of Tucson.
2. Neighbors work together with our District 2 County Supervisor, Ramon Valadez, City Councilmember Steve Leal, the Tucson Police Department, and City and County departments. Many positive things have been accomplished. A list of activities is attached.
3. In 2004 we applied for a Weed & Seed grant from the U. S. Department of Justice because of our crime problems, the low educational and economic level of our residents, and our stressed community. We received recognition, and have been funded to date for 2005 and 2006. Half the funds go for additional police activities, half to fund prevention and restoration projects.
4. Our Freedom Park was created through the action of Corbett and Myers neighborhood residents, in a grassroots informal organization, who urged the city to purchase vacant land south of 29<sup>th</sup> Street for a regional park.
5. The original plans for our regional park included ball fields and picnic areas, a swimming pool, a Community Center, tennis courts, a basketball court, and an Adult Education Center.

The three 2008 Bond proposals for Freedom Park include:

6. PR19, District 2, Freedom Center Expansion. After eight years of planning and waiting, the Community Center was downsized and built in 2004. We need completion of the original plans for our regional park, programs for our seniors, preschoolers, and youth.
7. PR 59, District 2, Freedom Park Pool Slide. Replacement of our pool slide, which was removed 2 years ago because of deterioration, is very important to our youth and families.
8. PR 235, District 2, Freedom Park Adult Learning Center. This facility is part of the original plans for our park and is essential for the education and economic success of our young people and current residents, and for future generations. The Pima Community College Eastside Learning Center is currently housed in a deteriorating building on Alvernon Way, and needs space for a waiting list of 500.

Please see the following pages for more (numbered to match this) information about our need for all 3 bond proposals, a map of our area, a list of activities neighborhoods have completed, and "What Is Weed & Seed."

Sincerely,

David Robles, Chair of 29<sup>th</sup> Street Corridor Communities

Representing the people and communities of Alvernon Heights, Julia Keen, Myers, Naylor and Roberts.

## 29TH STREET CORRIDOR COMMUNITIES

4162 East Sylvane Street  
Tucson AZ 85711  
February 10, 2007

Larry Hecker, Chair  
2008 Bond Advisory Committee  
c/o Nicole Fyffe  
Pima County Administration  
130 West Congress 10<sup>th</sup> Floor  
Tucson AZ 85701

Re: PR 19, District 2, Freedom Center Expansion, City of Tucson Parks  
PR 59, District 2, Freedom Pool Water Slide, City of Tucson Parks  
PR 235, District 2, Freedom Park Adult Learning Center, Pima County Parks

Dear Mr. Hecker and Members of the Bond Advisory Committee,

Thank you for undertaking your monumental job. We wish you pleasure and success.

1. The five neighborhoods making up the 29<sup>th</sup> Street Corridor Communities are:  
Alvernon Heights Neighborhood Association  
Julia Keen Neighborhood Association  
Myers Neighborhood Association  
Naylor Neighborhood Association  
Roberts Neighborhood Association.  
A map of our 2.7 square mile area is attached.
2. Our five neighborhoods have been working together since 2000 with District 2 Supervisor Ramon Valadez, Ward 5 Councilmember Steve Leal, the Tucson Police Department, the City of Tucson, and Pima County, to improve our area. We greatly appreciate their tremendous efforts and support.

Since 2001 the Tucson Police Department has worked with our neighborhood apartment complexes and the Crime Free Multi-Housing program. Gradually all 23 complexes have joined the program. Three have achieved Crime-Free Status.

Attached is a list of positive activities over the years by neighborhoods individually and together, and in collaboration with the above resources and our neighborhood businesses. The activities have benefited the neighborhoods and residents, building a sense of community and improving our safety and quality of life. Some activities include cleaning yards and painting homes for elderly residents, having community cleanups,

Representing the people and communities of Alvernon Heights, Julia Keen, Myers, Naylor and Roberts.

repairing roofs, neighborhood meetings and newsletters, and working with liquor licensees to assist them to prevent problems and liability for them, their employees, and the neighborhoods. Stitching groups and coffee klatches have brought more neighbors into involvement in the community. We have received from, and given to neighborhood businesses, a lot of support. We obtained summer job funding through Ward 5 and City of Tucson for teens who painted house numbers on curbs in all 5 neighborhoods, and the next year created a mural for Freedom Center.

3. In 2004 we received official recognition from the U. S. Department of Justice, and applied for a Weed & Seed grant for 2005. We have received funding for 2005 and 2006. Weed & Seed recognition is only awarded to neighborhoods with very severe crime, poverty, educational, and economic problems, areas with high stress. We qualified easily!

One-half the Weed & Seed funding is for Tucson Police Department programs, from bike patrols to investigating underage liquor sales, from clearing Freedom Park of prostitutes and drug deals, to providing programs such as G.R.E.A.T., from DUI sweeps to drug house investigations and actions, from truancy to vandalism. TPD reports crime statistics to us, and adapts their forces to work on those most serious. Our Community and Law Enforcement Team meets monthly so the neighbors can bring problems to our police team, who act on the worst three problems, and the next month report back to us what was done. This committee and its results have been very beneficial to our neighborhoods and residents.

One-half the Weed & Seed funding is for prevention and restorative programs and services. It has provided M.A.R.S. martial arts with mentoring, Jump rope Fitness, basketball tournaments, and other special youth activities at Freedom Park. Also programs such as domestic violence education, mentoring programs for teens, neighborly assistance for seniors and handicapped neighbors which will enable them to stay in their homes, and Life Skills for youth and families. The Pima County Adult Probation Community Services program cleans yards for many seniors, and performs major cleanup projects in our five neighborhoods.

The Department of Justice is not funding any Weed & Seed programs for 2007. We have already applied for a grant for 2008.

The programs funded by Weed & Seed have been supplemented by grassroots programs such as our Annual Celebration/Crime Prevention Fair. Over 1,000 neighbors attended this Fifth Annual event at Freedom Park in October 2006, with free dinner, games, entertainment, crime prevention items (window locks, steering wheel locks), and 40 exhibitors with information from agencies, and city and county departments. We also have an annual Chili Challenge fundraiser. Businesses in our area have supported, contributed funds, and participated in both these grassroots 5-neighborhood activities.

4. Freedom Park came into being in 1976 through the action of neighbors from Corbett and Myers Neighborhoods who realized the 30 acre desert area south of 29<sup>th</sup> Street could not be used by Davis-Monthan Air Force Base, its owner. They petitioned the City of Tucson to purchase it for a regional park for our area of Tucson. It was purchased from

the Department of the Interior. Students from Myers Elementary School voted on a name, then petitioned the Mayor and Council to name it Freedom Park in honor of the United States Bicentennial. Several of the neighbors who initiated the park still live in our area, and have been thrilled to see the park developing.

The ball fields, swimming pool, and picnic areas were constructed over the first few years, and have been well utilized, and enjoyed.

In 1998 Tucson Parks and Recreation and Corky Poster, Architect, began public planning meetings for a Community Center for Freedom Park. We waited, patiently and sometimes impatiently, for the bonds for this project to be sold. Eight years after planning meetings started, our long-awaited Freedom Center was built (with 2 rooms deleted because of rising costs over the years). A year later our beautiful basketball court with canopy roof was completed, thanks to Steve Leal, our City Councilmember, and Ramon Valadez, our County Supervisor, who were able to gather additional funding. The basketball court has been used full time since the day the concrete dried, and 365 days a year. It is a never-ending source of pleasure and athletic activity for residents of all ages. The Dedication Ceremony for the Center and our beautiful canopied basketball court was held on September 15, 2005.

5. The master plan for our regional park included ball fields, tennis courts, a swimming pool, basketball court, a Community Center, picnic areas, and an Adult Learning Center. We are still waiting for the Adult Learning Center, and the 2008 Bond issue gives you the opportunity to secure it for us. Our two other bond projects are also urgently needed.
6. **PR19, District 2, Freedom Center Expansion:** The two deleted rooms need to be built. One is designed for crafts and pottery, and the second has a wooden floor for dance classes. We need these two programs, dance and crafts, to increase the community involvement at the Center, for toddlers to seniors, and to bring our offerings closer to the level of other Community Centers.

The staff and the programs at the Center are wonderful. They have been an incredible asset to the community, and it is wonderful to have our Center. But we have waited a very long time, and we really want a complete facility now.

There are two other needs shown on the original drawings--a future facility for seniors and child care. Both are needed. We very much want meals for seniors at our facility--we are, remember, a low income, economically stressed area. Working parents and park and adult learning center staff could all use the child care facility.

7. **PR59, District 2, Freedom Park Pool Slide:** Our pool slide was removed 2 years ago because of deterioration; it no longer met the building codes. When we had a slide, our pool had the highest use of any in the City Parks system. Not having the slide has been a great loss to our youth, and to their families. Replacing it will increase the positive opportunities for more participation of youth and families. While you are looking at the slide, our swim team needs flags, lines, and markers.
8. **PR235, District 2, Freedom Park Adult Learning Center:** Last but by no means

least, would create a new, needed home for the Pima Community College Eastside Learning Center, currently housed in a too-small, badly deteriorating building on Alvernon Way. An Adult Learning Center is part of the master plan for Freedom Park. It is important to keep this facility in our neighborhoods, because of the tremendous need for its services. It plays a pivotal role in our 29<sup>th</sup> Street area, working with our community members every day. Our neighbors include refugees housed in our neighborhoods, non-English speakers, low income, uneducated, unemployed, school dropouts, and many of them lack the skills to improve their lives. 29<sup>th</sup> Street is a Sun Tran bus route--currently at least one-third of the students walk or take the bus. Gaining a G.E.D., learning to speak English, taking citizenship classes, becoming a computer whiz, plus the benefits of dedicated students working with the enthusiastic, excellent staff who encourage all who come in contact with them, will raise the economic level, job entrance capability, and citizenship of the students. This will decrease crime, and improve the economic level of our neighborhoods. We also need Pima Community College credit classes, because the nearest campuses are 8-10 miles away. Students working together with us through committees and activities will raise the level of understanding of community. Students participate in some neighborhood activities, and neighbors are volunteers at the ESL. Eastside Learning Center carries a waiting list of 500. The majority of the students come from our area, but many bus here from near and distant parts of the city because of the quality of the staff and programs at our Eastside Learning Center.

Having the Adult Learning Center in the park would, by its presence, reduce crime because of the student traffic in and out of the facility, their use of the Community Center facilities, and their increased education and economic levels encouraging our youth by example. It will benefit the entire city and county because of the increased education level and the increased economic levels attained. These benefits will not be short-term, they will extend to future generations.

Because of the deterioration of the current leased home of Eastside Learning Center, construction of a new building to house the Eastside Learning Center is an important priority with us, to get their students into a safe, well lit, comfortable space so they can progress along the road to independence and security.

**Area education levels:** The 2000 Census shows the following education levels in the 29<sup>th</sup> Street Corridor Communities:

12% of adults with less than 9<sup>th</sup> grade education, compared to 8% of adults in Tucson.  
21% of youth ages 16-19 are not enrolled in school or high school graduates, compared to 13% of Tucson youth.

**Financial status:** The 2000 Census shows this financial status in the 29<sup>th</sup> Street Corridor Communities:

18.2% unemployment, compared to 5.9% in Tucson.  
\$11,479 per capita income compared to \$16,322 in Tucson.

**Crime:** Tucson Police Department Crime Stats for 2005 show crime in the 29<sup>th</sup> Street Corridor Communities is:

Domestic Violence crimes, per capita: (30.3 per 1000 residents), almost double the

Tucson rate.

Prostitution, per capita; (1.38 per 1000 residents) nearly 3 times the Tucson rate.

Drug and Liquor Crimes, per capita: (2.4 per 1000 residents) almost double the Tucson rate.

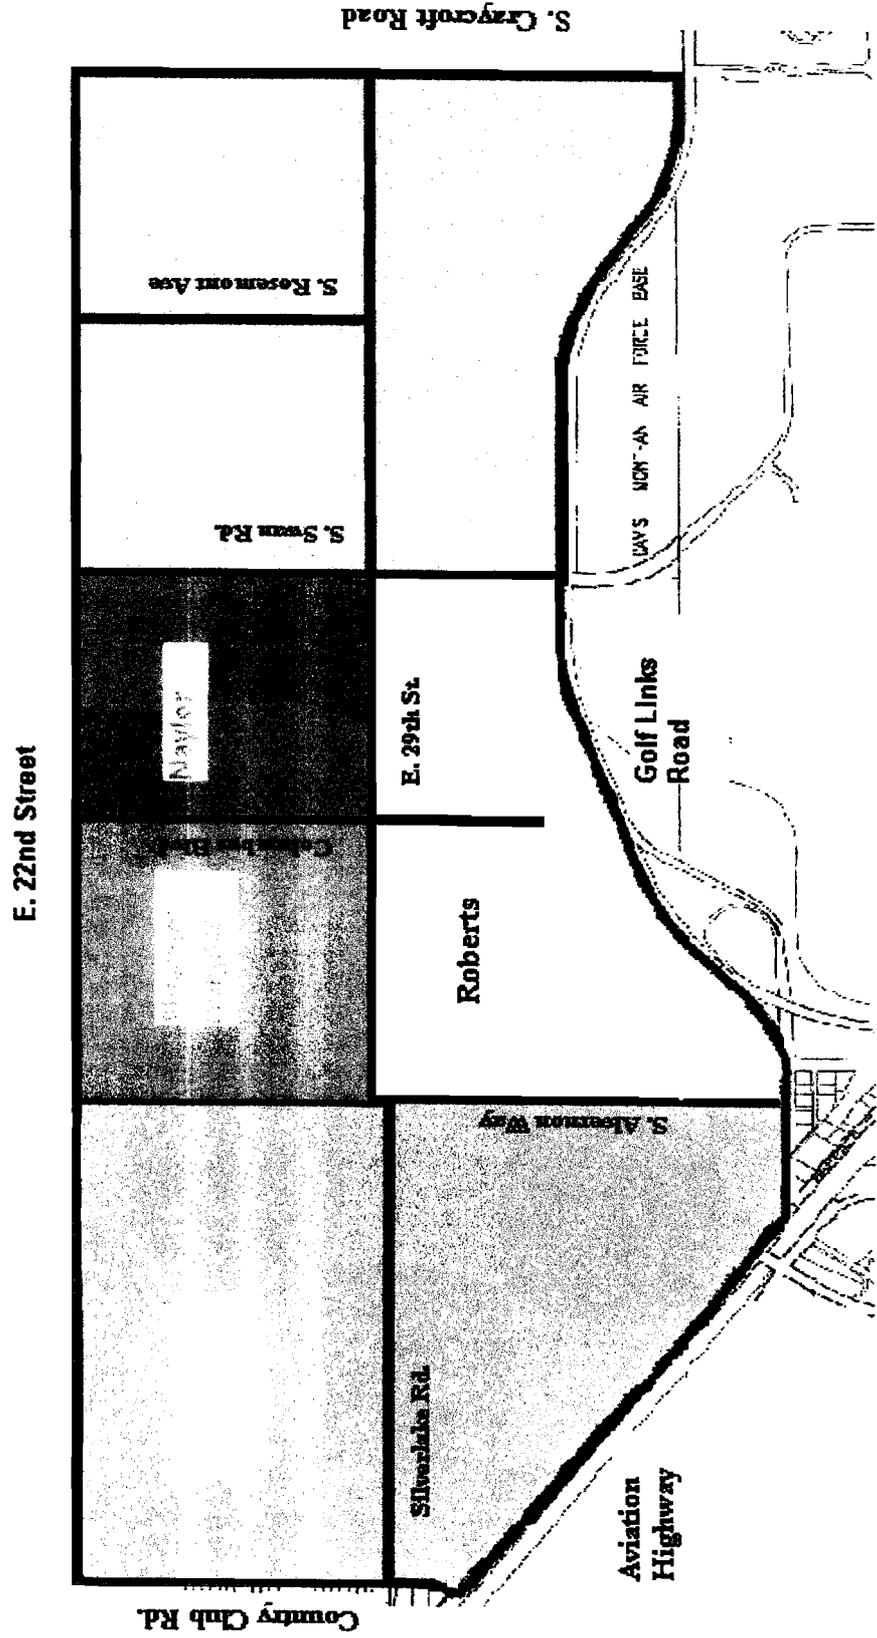

Please keep our three projects on the bond list. We hope they will be wonderful additions to our neighborhoods in the very near future.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Robles". The signature is stylized with a large, sweeping initial "D" and a long, horizontal stroke extending to the right.

David Robles, Chair of 29<sup>th</sup> Street Corridor Communities

# Map of the 29th Street Coalition Weed & Seed Area

## **What is the 29th Street Coalition Weed & Seed?**

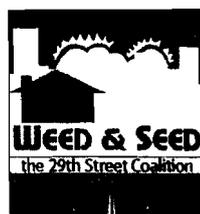

The 29th Street Coalition Weed & Seed is a group that's concerned with crime, drugs and restoring the Alvernon Heights, Julia Keen, Myers, Naylor and Roberts neighborhoods. It's a grassroots community change effort and a collaboration between government, local organizations and neighborhoods. 29th Street Coalition Weed & Seed is made up of residents, neighborhood associations, law enforcement agencies, human service providers, schools, businesses, churches, and representatives from the City and County. The group is supported by a 5-year grant from the US Department of Justice. The 29th Street Coalition Weed & Seed focuses on community change in the areas below:

**Law Enforcement:** Because of the history of drugs, domestic violence and gang activity in these neighborhoods there is a special emphasis on enforcing laws associated with drugs and gangs. In the 29th Street Coalition Weed & Seed, police and other law enforcement agencies work together with residents to rid the area of drug dealers and gangs. Getting the drug dealers out of these five neighborhoods reduces the availability of drugs and changes the norm that these neighborhoods are the place to go to buy drugs.

**Community Policing:** In the 29th Street Coalition Weed & Seed, residents, agencies, and TPD work together. Community Policing is about changing the pattern that police don't trust residents and residents don't trust police. Residents report crimes, illegal drugs and domestic violence to the police, so law enforcement can move quickly to handle problem situations. In the 29th Street Coalition Weed & Seed, police and residents share the responsibility of keeping the neighborhoods safe.

**Prevention, Intervention and Treatment:** The 29th Street Coalition Weed & Seed promotes the increase in programs that help residents stay away from drugs and violence – to prevent the young ones from going that route and for helping people with drug abuse problems get their lives back. The 29th Street Coalition Weed & Seed also makes sure that there are some highly visible places in the community (called Safe Havens) where youth and families can go for services. The two Safe Havens in the 29th Street Coalition area are Freedom Park Center and Naylor Middle School.

**Neighborhood Restoration:** The 29th Street Coalition Weed & Seed knows that neighborhoods that are run down and full of junk cars and trash dumps attract gangs, drugs and crime. The 29th Street Coalition Weed & Seed uses neighborhood restoration to restore pride and to send a message to all that a change in the community is taking place. In the 29th Street Coalition Weed & Seed residents and city agencies work together in ways that build relationships to keep the neighborhoods in good shape. Adult Probation Community Service brings in large work crews to clean up some trashed out alleys and washes. Neighbors inform police of illegal dumping sites and junk cars. Neighborhoods also talk with each other about how different community rebuilding projects (like installing streetlights, cleaning alleys) can be coordinated so that there are fewer dark, isolated areas where open drug dealing and crime can occur.

## **29<sup>th</sup> St. Activities**

### 2000

- June*            7        TPD hosted the first meeting of the 29<sup>th</sup> Street Corridor Project
- 20        TPD hosted a meeting to share concerns and seek solutions to area problems with apartment managers and neighborhoods

### 2001

- August*           30        Discussion of Weed and Seed program begun by Liz Hagan
- October*          10        TPD sponsored the 29<sup>th</sup> Street Corridor Project

### 2002

- TPD, GITEM, SWAT sweep: arrests of 45 felons in 29<sup>th</sup> Street Coalition area
- Coalition recognition by DNR, COT
- September*      18        Coalition By-Laws and Charter approved and sent to DNR
- October*           17        First Annual 29<sup>th</sup> Street Celebration at Freedom Park

### 2003

- February*                            Groundbreaking ceremony at Freedom Park
- March*                                22        Myers home repair and painting, maps for blue reflectors and potholes to City
- April*                                    9        Will need separate meetings for Coalition and Weed and Seed, for the three committees of W/S, and for each neighborhood association
- May*                                     1        Table at Naylor Middle School Fiesta with Coalition information
- July*                                                City of Tucson will fund the Freedom Park Center building
- 17        West boundary of Coalition changed to Country Club Road, discussed two organizations with separate meetings and officers
- August*                                Weed & Seed Letter of Intent to Phoenix U. S. Attorney's Office and Washington D.C.

- September*                    The 2 neighborhoods within one mile (one in the Coalition, one not a member), met with a supermarket applying for a new license; discussed the problems at that center, from panhandling to theft from stores. The applicant and his attorney promised they would only sell six packs of beer along with groceries, no other liquor, as a family market. We did not oppose the license because of their assurances. A few months later they had added and were selling all the items that appeal to vagrants and to teenagers. This was very disappointing.
- October*                    9        Hildy Sulzow and Steve Zukowski of Phoenix U.S. Attorney's Office here to help with Official Recognition
- 11        Weed and Seed Strategy sent to U. S. Attorney's Office, Phoenix, and Department of Justice Washington D.C.
- 16        Second Annual 29<sup>th</sup> Street Celebration at Freedom Park
- November*                    Junk Motor Vehicle project completed
- December*                    Holiday gift packages and food boxes to 75 families in Coalition
- We met with a new licensee near 29<sup>th</sup> and Swan, a sports bar. We discussed problems at the site – noise in the parking lot, beer bottles thrown into neighbors' yards, drug sales inside the building, litter, speeding down the alley behind homes, etc. The new licensee told us the safety and security measures already put in place, and assured us he personally cleaned the yard each morning at 7:00 a.m. We did not oppose this license. They have been excellent neighbors, and have been very generous members of our Celebration and Chili Challenge activities, and participate in the Community and Law Enforcement Team.
- 7        Roberts N/A elderly neighbor's yard cleaned, decorated
- 2004
- March*                        4        Ward V Steve Leal found funds for a covered basketball court with the help of Ramon Valadez, Shirley Scott, and Jose Ibarra
- April*                         Kachina Court Apartments first Crime Free Multi-Housing success
- Freedom Park Center open for citizens' use
- Junk Motor Vehicle project cases still in court
- 3        Cleanup of Naylor Middle School grounds

	14	Phase I Official Recognition received
	17	Myers N/A Cleanup 6 yards, repair of 1 home, assisted by Coalition volunteers
	21	Freedom Park Center walk-through
<i>May</i>	8	Coalition/Weed and Seed information and wheel game at Fiesta de Los Barrios
<i>June</i>		Keen Neighborhood "new streets" project begun
		Summer Camp TPD at Naylor Middle School
		House numbers on painted on curbs throughout the Coalition area by Liz Hagan and Youth Summer Employment 14-18 year-olds
	2	Phase II Recognition Weed and Seed Site visit by federal officials and U. S. Attorney's Office, Phoenix
<i>August</i>	3	Meeting with Capt. Villasenor, Karla Fristad, Steve Leal regarding fiscal agent and site coordinator position
	28	State Conference, Weed & Seed, in Tucson
<i>September</i>	1	Weed & Seed Grant 1 proposal sent in for 2005 funding
	19	Pat Martin and Kim Dylewski together, and Liz Hagan and Diane Campbell together, were given Dynamic Duo awards by Compass Health Care Inc. for their work on the 29 <sup>th</sup> Street Coalition and Weed & Seed
<i>October</i>	3	Grant reviewed and re-sent to U. S. Attorney Phoenix and Dept. of Justice Wash. D.C.
	14	Third Annual 29 <sup>th</sup> Street Celebration at Freedom Park
<i>November</i>		Coalition newsletter
		29 <sup>th</sup> Street Weed & Seed logo accepted
		Take Back the Streets cleanup
<i>December</i>		75 Holiday Gift packages to Coalition neighbors. One family adopted, with furniture to food to clothing to toys provided. Two families funded by COT department of Economic Development for clothing, toys, and gift certificates

Second apartment complex, Somerset Place Apartments, achieves Crime Free Multihousing status

8 Mural project underway at Freedom Park

2005

*January*

Worked with a new liquor license owner on 29<sup>th</sup> Street to make it safer for customers and neighborhood and prevent liability to licensee

Encouraged the owner of a drive-through liquor store to convert to a different use. It is an ice cream and cappuccino store now.

Continued to monitor and oppose billboard violations of city and county codes.

Coalition members work along with Naylor Neighborhood residents and Chapman Automotive personnel and attorneys to ensure their expansion process will take care of neighborhood concerns for the past – speeding cars being test-driven on neighborhood streets, trucks delivering vehicles unloading on residential streets. Also addressed were lighting issues, noise issues and compliance with zoning ordinances impacting the neighborhoods. Agreements were reached amicable and both parties were pleased.

15 Opposed new liquor license at Swan and 29<sup>th</sup> Street; application withdrawn

*February*

Coalition newsletter

Donation of school supplies to neighborhood schools

The Weed & Seed Policies and Procedures Committee wrote the guidelines for Weed & Seed

15 Julia Keen Neighborhood had 2 days of cleanup along one well-traveled street. People from other neighborhoods came to help, as well as Adult Probation Community Service. Neighbors cleaned yards.

*March*

Policies and Procedures approved at Weed & Seed Meeting

Roberts Neighborhood applied for speed tables at the school and nearby streets to cut speeding and improve safety, and received them

Public meetings were held to write the 2006 grant proposal

3 Reception held by 3 Weed & Seed sites for Nelson Hernandez, Director of Community Capacity Development Office, Office of Weed & Seed, and Carol Neylan, Project Manager for Arizona

15 Myers Neighborhood put all potholes on a large map for City Street Maintenance, which enabled them to systematically make repairs

*April*

Public meetings were held to write the 2006 grant proposal

Liz Hagan and our neighborhoods' Youth Summer Employment group created a mural for Freedom Park

A Coalition newsletter was mailed to all 5 neighborhoods every quarter

Our representative participated in the Military Community committee working on issues raised by the expansion of DMAFB flight area

The Site Coordinator position was advertised

Officers for Weed & Seed were nominated

We were notified we would be funded for 2005 by Weed & Seed

17 The first Chili Challenge was held at Freedom Park by the 29<sup>th</sup> Street Coalition as a fundraiser, approximately \$300 was raised. The mural was on display.

19 Myers Neighborhood coated 2 roofs and painted fascia for one of them, and cleaned 5 yards for seniors and low income neighbors. Participants came from all our Weed & Seed neighborhoods to help.

*May*

Roberts Neighborhood repaired and coated a roof and cleaned the yard in their neighborhood, also installed a concrete ramp, for this handicapped neighbor with the help of a church organization.

17 The 29<sup>th</sup> Street Coalition met to review and update the By-Laws

*June*

Adult Probation conducted major cleanups in our neighborhoods

Officers for Weed & Seed were elected

29<sup>th</sup> Street Coalition discussed and voted how to use the \$120,000 proceeds from the Nextel Tower lease at Freedom Park. We voted for installation of a state-of-the-art lighting system for Ball Field #2.

- July*            16    Several members of Weed & Seed attended the SNAPP liquor training workshop
- October*            National Guard DEFY camp for youth in the three Weed & Seed sites
- 1    Reception to meet our Weed & Seed Site Coordinator, Pat Richter
- 13    Fourth Annual Celebration, 700 neighbors attended
- 15    Dedication of Freedom Center and the basketball court at Freedom Park
- November*        12    Dedication of the Palo Verde Veterans Overpass. Awards were given all five neighborhoods and to Weed & Seed for our service and contribution during the construction.
- December*            Holiday gift bags were given to seniors and handicapped neighbors by each neighborhood
- Election of officers; because it had not been a full year, the same officers were nominated and elected.

2006

- January*            31    29<sup>th</sup> Street Coalition voted to change their name to 29<sup>th</sup> Street Corridor Communities in order to end the confusion in names of the two organizations

February 23, 2007

4122 E. Sylvane Dr.  
Tucson, AZ 85711

Rafael Payan  
Director, Pima Co. Parks & Rec.  
3500 W. River Road  
Tucson, AZ 85704

Dear Rafael Payan,

Thank you for this opportunity to express our immediate needs and concerns regarding three (3) of the upcoming 2008 bond proposals that directly effect the 29<sup>th</sup> Street Corridor Community.

RR 19, District 2, Freedom Center Expansion, City of Tucson Parks  
PR 59, District 2, Freedom Pool Water Slide, City of Tucson Parks  
PR 235, District 2, Freedom Park Adult Learning Center, Pima County Parks

**PR 19: District 2, Freedom Center Expansion, City of Tucson Parks:** Because the approved Bond money from the original building of the Freedom Center was delayed by 7-8 years, the construction cost increased sharply requiring the project to eliminate two (2) classrooms from the original plans. We are requesting their construction back with Bond PR19. The rooms are needed to better serve the current and future needs of our community.

**PR 59: District 2, Freedom Park Water Slide, City of Tucson Parks:** If it were not for the state of deterioration and safety of this pool slide, the community would still be using it. Although not necessary, our consensus says, yes, replace it!

**PR 235, District 2, Freedom Park Adult Learning Center, Pima County Parks:** The Adult Learning Center was a part of our original plans for the Freedom Center. We still have the need for this facility. The current Pima County East Side Learning Center on South Alvernon Way has out grown its building and parking needs long ago. With over 500 people on a waiting list to attend, the relocation to Freedom Park is our choice. We can accommodate our populations without too much displacement.

As we continue to WEED out the problems of our community, we also need to SEED our populations to meet our growing needs now and for the future. Bond Proposal PR 19, PR59, and PR 235 will provide us with this opportunity.

Thank you,

Diane M. Campbell, President  
Alvernon Heights Neighborhood Association

**NAYLOR NEIGHBORHOOD ASSOCIATION**

Tucson AZ 85711

March 2, 2007

Rafael Payan, Director  
Pima County Parks and Recreation  
3500 West River Road  
Tucson AZ 85704

Dear Mr. Payan,

Re: 2008 Pima County Bonds, Freedom Park

Naylor Neighborhood is one of the five members of the unique 29<sup>th</sup> Street Corridor Communities, five neighborhoods acting as one to improve our neighborhoods. We have been involved since 2000 with the Tucson Police Department, our Ward 5 Councilmember Steve Leal, District 2 Supervisor Ramon Valadez, and City and County departments in making our neighborhoods safer and better. We really appreciate all the assistance we have had.

Youth employment funds paid youth to paint house numbers on the curbs for all the residences in five neighborhoods and create a mural for the Freedom Park Center. We have an Annual Chili Challenge fundraiser. We support our neighborhood businesses by shopping there, and dining there, and in return they support our events with donations of food and prizes. Over 1,000 neighbors attended our free Fifth Annual Celebration/Crime Prevention Fair at Freedom Park last October with food, crime prevention equipment, games, entertainment, and 41 exhibitors with all kinds of information.

In 2004 we applied for Weed and Seed recognition from the U. S. Department of Justice. We easily qualified because of our high crime rate, poor economic status of residents, and stressed neighborhoods. The work we had been doing together was also an important reason we were approved for funding. The Tucson Police Department's first step was to enlist the apartment complexes in the Crime Free Multi-Housing project; all 23 complexes now are members. Three have qualified for crime-free status. The others are working on gaining crime-free status.

Last year the Community and Law Enforcement Team began meeting monthly to work on specific problems the neighborhoods reported. TPD investigated, corrected, and reported back the next month. It has been very rewarding, and an excellent relationship has developed.

We work with our businesses to improve our neighborhoods. For instance, Chapman Automotive and the 29<sup>th</sup> Street Corridor Communities negotiated zoning issues and neighborhood concerns regarding the huge expansion planned for their facility. Some long-term problems, such as test-driving on our neighborhood streets, will no longer occur. Chapman is constructing their new facilities and modifying the existing portion to be neighborhood-friendly, from wall types to lighting, and have assisted with funding for neighborhood projects. We work with new liquor store license applicants to reduce their liability and ours with good lighting, property maintenance, and discussion of preventing problems—being neighborhood-friendly.

Many years ago we heard plans were afoot to build a Community Center at Freedom Park. We

attended all the planning meetings and helped design the facility and programs it could house. Finally the Center was constructed in 2004, and we were delighted that the beautiful canopied basketball court was completed in 2005. Both are well utilized. Our grandchildren have enjoyed the pool, and will be even happier when they see it again has a water slide. It makes the pool exciting for them; and we are pleased with the fitness and fun they gain at the pool. **Please support the restoration of the missing water slide.**

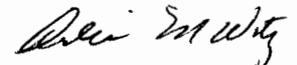

**Please support the completion of our Community Center.** We do not yet have the two rooms that had to be deleted because of rising costs. All ages will be thrilled to have a dance room with wooden floor and the arts/crafts/ceramics room. We also need space for more senior activities, a meals program for our low income elderly, and programs for pre-schoolers, tots, and day care, as shown on the original master plans for our regional park.

**Please support the construction of an Adult Education Center in Freedom Park.** Because of the low economic and educational status of our residents, an Adult Education Center is essential to this area of the city. It was included in the master plan for our park, and the time to build it is now. The Eastside Learning Center on Alvernon Way is overcrowded with a waiting list of 500, and is housed in a deteriorating rented building. A new large facility could combine adult education with other services needed by our residents, such as a One-Stop center assisting residents to qualify for and find employment. The combination of facilities would raise the economic level and educational status of our residents, and automatically crime and other problems would decrease. The students would be excellent role models for our youth, and could use the Freedom Center facilities. Our youth would see the opportunity to progress positively with their lives after public school, even into Pima Community College regular classes.

Naylor Neighborhood and the entire 29<sup>th</sup> Street Corridor Communities area look forward to your support with our three projects in Freedom Park. Thank you.

Sincerely,

  
Bob Crane, Co-President

  
Arlis Witz, Co-President

Dear honorable members of the Pima County Board of Supervisors, in signing this statement I am showing my support for Pima County in developing local skateboarder influenced skateparks in our great county. Please support the park and recreation requests to fund skateparks in the upcoming 2008 bond election. Having local skater designed skateparks in Pima County Parks will meet the recreational needs of today's population while creating a safe and fun environment for the community.

Dear honorable members of the Pima County Board of Supervisors, in signing this statement I am showing my support for Pima County in developing local skateboarder influenced skateparks in our great county. Please support the park and recreation requests to fund skateparks in the upcoming 2008 bond election. Having local skater designed skateparks in Pima County Parks will meet the recreational needs of today's population while creating a safe and fun environment for the community.

**From:** STEPHANIE SLADE [sslade5@msn.com] \*  
**Sent:** Thursday, November 16, 2006 10:33 PM  
**To:** Nicole Fyffe  
**Subject:** Questions

Exactly how much is this going to effect our tax rate? Why do we need a community swimming pool? This is a rural community and I'm not sure we really need all this. we're not that far from these ammenities in town. If my tax rate is going to increase so that we can have a community swimming pool that I for one will never use, I'm OUT! I would support a police sub-station but the rest seems a bit much for our community at this time. Convince me somehow that weneed all these things and what your reasoning is.

**Subject:** upcoming bond election

Dear Board of Supervisors,  
I understand you are in the process of compiling a list of items to be funded by a proposed 2008 County Bond Election. I would like to express my great interest in funding of 2 items in particular:

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

Thank you for taking this into consideration when you make your decisions.

Nancy Baker

**Subject:** Bond Election

As a resident of Vail, AZ and as a mother of 4, I would like to express my desire to have a Vail-area community center with playing fields and recreational facilities, including a park and community swimming pool. I have been very disappointed in the lack of parks and recreational areas here in Vail. I would also support a Vail-area government complex, including a library and law enforcement substation. It would be so nice to have a local library that I can easily take my children to without having to make a trip into Tucson.

I hope to see these areas funded through the next county's bond election.

Thank you for your time.

Michelle Burton

**Subject:** Funds for much needed projects in the fast growing Vail area!!!!!!!!!!

Please include the following in the bond project that will be coming up next. Our area is the fastest growing area in Pima County and the Tucson area. We are in desperate need of public facilities. These are way over due in this area that pays some of the highest taxes in Pima County but has no benefits to show beyond our schools which we work to make great. Our roads are a in constant disrepair and we have nothing but a post office which is Federal.

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

Thank you,  
Russell & Greg Kistler

**Subject:** Vail area items

Dear Board,

I am in strong support of the following two items to be considered in the 2008 bond election;

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

Vail has grown tremendously over the past few years, but lacks a basic recreational venue or public library. Given the potential growth and already planned future development in the area, I believe your support of these items is essential to the realization of a viable community.

Thank you,

**Subject:** My oppinion on 2008 bond election

To Whom It May Concern:

I am a member of the Vail community area as well as a Vail District employee and I have received an email from our district letting me know about some important bond information coming up in 2008. I would like to let my opinion be know.

**I completely support the need for a Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields. Also a Vail-area government complex, including a library and law enforcement substation.**

I use the word need instead of want because our small community is no longer a small community. My family and I have only been here for three short years and have seen how this area has grown. Not only has it grown with people and families it has grown with crime. In my area in Mesquite Ranch we have experienced lots of vandalism. Our HOA seems to believe it is teenagers.

It makes you wonder why teens would get off by vandalizing but they do I guess. What I am getting at is with all this growth with houses and stores there has been no growth for the children except for schools (which we are need of lots more). Children need and deserve to have a place to go and there is really nowhere out her but Purple Heart Park and that park is very small. Definitely doesn't meet the size needed for a growing community such as ours.

Not to mention their pool can not accommodate the growth out here especially since the local High schools don't have pools on campus. I was on the swim team all through High school and I can't imagine not being able to swim because we didn't have a pool

We have a local fire department which is great but we also need a local police station. With the growing size of this area it is a no brainer!

As far as a library it is also much need. I know as a mother and a student I would enjoy having a library closer to home.

Thank you for taking the time to read my opinion for the 2008 Bond election and where I think moneys should go.

To the Pima County Board of Supervisors,

I understand that you are compiling a list of items to be funded by a proposed 2008 County Bond Election. My family lives in the Vail area, and we are lacking recreational facilities like a park, playing fields and a swimming pool. For my children to learn to swim last summer, we had to drive all the way to Clements Center in Tucson.

Another thing that we are sorely missing is a Sheriff's substation, and a library.

Our children need places where they can gather to participate in enriching activities. Please consider these ideas as you pick projects to enhance Pima County.

Thanks so much,  
~~Monique Davis~~

**Subject:** Support of two Vail area projects.....

Hello!

My name is Jennifer Hoesch and I wanted to write to send our support for two Vail area projects that would be funded by a 2008 bond Election.

These two projects:

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

are crucial for the Vail area. As fast as Vail is growing there is a desperate need for a park, community swimming pool and sports fields. This area will triple in size within the next few years and these things are a vital part of a growing community. This will highly benefit the thousands of kids that live in Vail.

Thank you

Sincerely,

Jennifer Hoesch and Family

Subject: projects potentially funded through the County's 2008 Bond election

County's 2008 bond election:

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

Dear Board of Supervisors:

We would like to share our thoughts on how the county's 2008 bond election funds should be spent in the best interest of our Vail Community. It is crucial for our community to have both a recreation and gathering place, as well as, a government complex that would include a library and law enforcement substation. It is important for Vail to have a community identity that includes places for us within our own neighborhood that we can enjoy with our families. We are so proud to be part of the Vail Community and we want to have places close to home to enjoy our family-friendly environment.

Along with creating a community environment that is conducive to our many families; we need to begin to develop as a town. By funding a Vail-area community center with playing fields and recreational facilities, including a community swimming pool and sports fields, as well as, a Vail-area government complex, including a library and law enforcement substation it would be the next logical step in the progression of Vail. With the vast amount of residential development that is taking place here in Vail, we need to have these community keystones to enhance our sense that as neighborhood we have our own recreation center and government focal point.

Please support these proposals for the future of our community.

Sincerely,

~~Michael and Dolores Campos~~

**To:** Nicole Fyffe  
**Subject:** Bond Proceeds

I support both the community center and government complex in Vail. The community has grown exponentially in the past 2 years and will continue to grow at a rapid pace. Do not allow the community to outgrow it's services and then have to pay three to five times more to provide these services at a later date like the freeway loop that Tucson opposed for years which has now become ridiculously expensive, but is necessary.

Please take a proactive approach to these issues and do not be reactionary. Moreover, the availability of these services will provide area youth with a much needed outlet through which to channel their energy and socialization and limit undesirable activities in which youth might engage to occupy their idle ime.

Such additions to the community will also serve to increase property values.

Jim Fry

**Sent:** Thursday, November 16, 2006 3:42 PM  
**To:** Nicole Fyffe  
**Subject:** 2008 bond election

To whom it may concern,

I support the proposed recommendations for the 2008 bond election.

1. Vail area community center
2. Vail area government complex

The Vail community is in desperate need of a community center where our children can interact with other kids. The kids need a place where they can go to afterschool and on the weekends. The nearest community center available to the Vail community is several miles away. Since there is no bus transportation available we need a local community center which is within walking distance.

We also need a government complex which will provide us with access to libraries and law enforcement agencies.

Thank You

Robert Tovar

**Subject:** Expanding the Vail Community

- 1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.**
- 2. A Vail-area government complex, including a library and law enforcement substation.**

**With the amount of growth that has exploded in Vail in the past few years, it would seem as though these two things would naturally need to be included in the immediate Vail area. It seems absurd for my children to have to play in a park that is 20 miles from their house or that we have to wait for hours to get any sort of assistance from a law enforcement agency. The population that calls Vail home should be entitled to these two projects. I think the community would benefit greatly and appreciate and support what it would take to complete these two projects. Any type of improvement in the area has always been well received and appreciated, from the Quick Mart to the new business complex that was recently built in the area. If you need to discuss the support for these two projects any further, please don't hesitate to call me or email me.**

Subject: ~~Priorities for bond~~

Dear Sirs,

I would like to register my strong support for the following 2 items to be given priority for the bond election. I feel both would be a great benefit for the Vail community.

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sport fields.
2. A Vail-area government complex, including a library and law enforcement substation.

Regards

~~Lynda Kresin~~

To Whom it May Concern:

My name is Deanna Merrill. My address is 480 S. Sterling Vistas Way. My phone number is 520-575-5753 and my email address is dmerrill10@cox.net.

Just a note of support to the following two ways for the bond monies to be used. I would support seeing a library and a recreational facility. However, living in Corona de Tucson, I would like to see that any facilities dedicated to the Vail area would be centrally located so that my children may participate in activities held there. If it is to serve the people in the Vail area, then it should serve all the people in the Vail area. If I have to drive more than 15 mins to get there, then it would really not benefit us. I realize that the majority of Vail is comprised of Del Lago and surrounding areas, but it is not in the too far distant future that this area will be as densely populated as well.

Thank you for your time

Sincerely,

Deanna Merrill

**Subject:** vail improvements

1. We need a Vail community center for our children to play in. Preferably located so that the south side residents don't have to drive 30 minutes to get to like all other current options. This would help develop "family time" which helps develop our young people into responsible individuals. It would be nice to have:

Baseball field maybe with attached batting cage

Soccer field

Tennis

Volleyball

Basketball

2. There is a need for more childcare in Vail. Maybe there could be a center for child care where Vail children could get bused to: There are approximately 75 children on waiting list alone for Sycamore's after care. I don't even know the figures for Acacia. This makes it difficult for parents to work when they can't find after-school care. Some parents leave children alone which is dangerous.

These are the immediate needs that should be addressed in this community. I would want these needs taken care of before we spend money to erect a library. I can see adding some law enforcement but we don't need a Vail-area government complex when the needs of our children still aren't being met.

Sincerely,

~~Sophie Lemieux~~

**Subject:** FW: From Vail School District-2008 County Bond Election

Dear Pima County Board of Supervisors,

I would like to you please consider the following projects for funding through the County's 2008 bond election:

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

As the Southeast Tucson and Vail communities continue to grow significantly, the need for additional community services is becoming even more crucial. Parents and coaches are forced to drive several miles one way to practice and games in order to keep their kids involved in sports clubs because our area is extremely limited in playing fields and facilities. Only one park exists in Rita Ranch, otherwise the people in these communities use school grounds for their activities and entertainment. Other than schools, there are NO recreational facilities in our community at all. I personally enjoy playing tennis, but there are NO tennis courts in our area to enjoy whatsoever. There is no year round pool for the kids to enjoy, and no adult sports leagues such as volleyball or softball to speak of.

As the number of people in our area increases, so do the instances of crime. This is a given statistic that is difficult to dispute. Our closest public library is at Golflinks & Harrison, at least five to seven miles from the closet resident in our area. Therefore, in order to help my kids with their science fair and other research projects, we have to drive fifteen minutes just to reach the library, and I live in Rita Ranch. Vail residents spend 2 and 3 times that just driving. I don't think I have to tell you what a huge inconvenience that is for our families, not to mention added costs to our pocket books and to our environment.

It's not difficult to imagine why these projects would greatly benefit our community. I appreciate your consideration for these projects during your bond election process.

Sincerely,

Dear Parent,

**It is time to take a proactive stance affecting the future of our community!**

The Pima County Board of Supervisors is compiling a list of items to be funded by a proposed 2008 County Bond Election. You can have an impact on how the Board of Supervisors prioritizes the projects potentially funded through the Bond election. The Vail School District Community Action Board is proposing you actively support two crucial areas to be funded through the County's 2008 bond election:

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

At this point no locations have been identified for the above.

**Please let your voice be heard!** It's easy to do. Just send your comments regarding the 2008 bond election to [Bondinfo@pima.gov](mailto:Bondinfo@pima.gov)

Include in the e-mail the projects you support (hopefully, those above), your name, complete address, phone number and e-mail address, along with your comments.

**Subject:** Vail Area Left Out?

Hello. I was viewing the detailed list of park projects in Pima County as part of the 2008 bond package. Over 100 projects on the draft but not a single one in my community. I'm a little concerned.

I live in the rapid growing Vail/Rita Ranch area and serve on a School Site Council. The nearest police station and library is about seven miles from my home. We have no recreation centers in the area, and the outdoor playing fields for kids are utilized every night of the week forcing some kids to travel ten miles ore more to go to soccer practice. Not good for strong communities, homework time, or sleep time for the youngsters.

Ideally, I would like to see a recreation area, similar to Udall or Clements Center in the area, a library builds strong minds and should be near every home. Outdoor fields encourage kids to engage in physical fitness and brings a community together.

Vail School district is planning its 4th high school and still does not have a pool for competitive high school competition, I understand Empire High School, which has been receiving national attention for its laptop program, has space on their campus for such a facility. Speaking of high school sports, the Vail area is also lacking tennis courts like those found at Palo Verde and Gollab parks on the East side of Tucson.

It seems to me that having sports field near the Pima County Fair Grounds would be a half way point for Vail and Sahuarita residents. Not a bad way to kill two birds with one stone.

If you have any questions about this letter or require further input please call or e-mail anytime.

I strongly urge you to include the Vail community as part of the Pima County Bond package.

**Sent:** Tuesday, November 14, 2006 8:16 AM  
**To:** Nicole Fyffe  
**Subject:** 2008 BOND PROPOSAL

To Whom It May Concern!

I recently reviewed information pertaining to the proposed Pima County Bond 2008 Election and was surprised at the lack of items listed for the Vail area.

As one of the fastest growing areas in Pima County --- the Vail School District experienced an 18% growth rate last year --- we are desperately in need of services.

I support the addition of a community center/performing arts center with a competitive swimming pool, tennis courts and playing fields.

Presently competitive swim teams must go out of the Vail area for practices as there is no competitive pool. There are no tennis courts in the Vail area. The playing fields at the schools are used to the point that the grass has no time to breath and therefore the fields become hard. Many teams are now having to go outside the Vail area in order to have games and to practice for a lack of facilities.

A community center or performing arts center would provide badly needed facilities. There are no such facilities in the Vail area with the exception of schools. All 11 of the District's traditional schools are open to public use. All 11 have Sunday religious organizations holding services at them.

Thank you for your consideration.

**To:** Nicole Fyffe  
**Subject:** Vail Area

To whom it may concern:

As a Pima County citizen living in the Rincon Valley, I would like to see the County's 2008 bond election support our area.

1. Ball Fields are desperately needed in the area. I have three children playing soccer, one of which I coach. It is extremely hard to find a field with an open time to practice on. I spend much of my time driving into Tucson to go to soccer practices.
2. A public library would benefit the community of Vail. The Vail area is growing rapidly. Right now the closest library is at Golf Links and 22nd Street. Quite a drive for many of us. I am also sure it is a strain on that library. I'm sure it would be a help to the Vail School District to have a public library that was readily available to their students.

Thank you for considering the people of the Rincon Valley,

Sincerely,

**Sent:** Tuesday, November 14, 2006 9:34 AM  
**To:** Nicole Fyffe  
**Subject:** Proposed Bond Election 2008

Hello I am writing to ask that you consider the following items to be funded by the proposed 2008 Bond Election.

- 1 A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sport fields.
2. A Vail-area government complex, including a library and law enforcement substation.

I have been a resident of Vail for 8 years and in that time we have seen incredible growth. My children have been participating in team activities for at least 5-6 years of that time and it has always been an issue of where they could all meet. At times we were allowed to use the school fields, but now there are so many activities going on that even that has become very limited and offered on a first come first serve basis. It is past due to have a place where our children can play safely without having to drive 15 or 20 miles to the closest park, thus the need for a Vail area community center with a pool and sports fields. With that in mind, it is also necessary at this time to have a Vail area government complex which would include a library and law enforcement substation.

Please take these things into consideration when making plans for the future, as our children are our future.

Thank you,

~~Gloria~~ Klinicki

I am a resident of Pima county and live in the Corona de Tucson area. I have some would like my tax money to go some services in my area of the county.

- 1) A Vail-area community center with playing fields and recreational facilities, including **community swimming pool** (heated for full year use and school team use) and **sport fields**.
- 2) A Vail-area government complex, including a **library** and **law enforcement substation**

I currently drive 20 plus miles to take my children to swim or the library.  
Please support the Vail/Corona area!

Thank you

**Subject:** 2008 Bond Election

In the 2008 Bond Election, two areas that I feel should be given the highest priority are:

1. **A Vail-area community center.** There is currently no recreational facility for the residents in the Vail area. This poses a huge problem especially when the students in the District are out of school. Local businesses are affected by increased vandalism, loitering, etc. The housing development is rapid...however, it appears that little thought has been given to other community amenities.
2. **A Vail-area government complex housing a law enforcement substation.** The Vail area would greatly benefit from having a Pima County Sheriff Dept. substation which would provide a quicker response time, more visibility and law enforcement presence.

To whom it may concern:

I just wanted to take a minute and express my desire to the County's 2008 bond election for a Vail area community recreation center as well as a Vail area government complex. As a husband, father, and active member of the community, I am concerned about the lack of a park, sports fields, library and police substation. The number of families that have moved into the area in the last couple of years have been met with new roads, city sewer systems, commercial interests, new schools; but no places for our children to play and no advances for our families safety.

Please remember to use bond money to help the children and families of Vail!

Ladies and Gentlemen,

For the 2008 Pima County Bond Election, my family and I would like for you to consider a Vail Community Center with a Olympic size swimming pool; a Ramada or similar structure to conduct dances; and tennis courts - as a minimum.

Do note that the facilities will be used primarily by the students of three (3) existing high schools and three (3) middle schools.

Thank you very much in advance,

Pete Inks

The vail district is hoping that the monies would be used towards a sports facility and government office building. I would also hope for a boys/girls club that would help to keep the kids busy. (everything is so far away and most are too young to drive) We could use a bowling alley or something of the sort. Our community is getting larger as we speak. We need to plan ahead (like widening the roads now) rather than fall behind later. The area is beautiful and most would enjoy keeping it that way. Thank you for your time. Debbie Carter

**Subject:** Community Center, Library and Police subsation

With our increased growth in the Vail/Rita Ranch area we are lacking enough community centers, etc. for children and other organizations. Our youth do not have anywhere to go for activities other than Purple Heart Park, which is usually full with organized sports. The school district does a great job in providing services, but we with our continued growth they can not keep up. A YMCA in this area would be excellent or some other sort of community center. Our school libraries are limited to providing books for there schools. We need a local library that everyone can use. Any assistance we can receive to help ease our growing pains is greatly appreciated.

Dear Board of Supervisors,

I am currently one of the Physical Education Teachers and the Athletic Director of Cienega High School. With in the four years that I have been here the district has doubled in size and with that so has the use of our facilities. It has reached a point in which we can no longer accommodate new programs that would like to use our facilities. The turning away of new programs and ways in which we can involve students, parents and community is very disheartening. The Vail community is now in need of a community center with recreational facilities and playing fields. The growth of Vail continues and the schools can not keep up with the demands of facilities requests, so the building of a Community Center, with all the amenities, can help us provide new programs and way to involve students, parents and community. I appreciate all the work that the board does for Pima county and I hope that there is a way Vail can receive the funding for a Community Center.

**Subject:** Vail School District-2008 County Bond Election

Hello from a Vail area resident,

To actively support two crucial areas to be funded through the County's 2008 bond election I forward this email:

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

With the growth and supporting taxes of this area please consider the above with planning. Save many ... many expenditures with fuel and keep road burden / air pollution down to boot. Outlet for kids to burn their energy opposed to sitting in front of the television as well, naturally.

Thanks.

**To:** bondinfo

The items indicated below are definitely needed in our area.

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.

Our community is growing rapidly and our families would definitely benefit from a community center and government complex. At the present time many of our families spend a lot of time traveling into town to use the community centers available there. Having such facilities here in Vail would allow us to create a more cohesive community in which families get to know each other. Our children/community members would also be able to spend more time taking advantage of the resources a local library would have to offer rather than using valuable time on traveling to Tucson libraries.

**Subject:** bond proposal

I am writing concerning my thoughts on the wish list for projects for an upcoming bond election.

I strongly am in favor of the regional sports facility/parks and community center for the Rita Ranch/Vail area. We do not have any sports complexes or community type centers to support the huge population in the area. We have a newly split off Little League (Rincon LL) that doesn't even have fields to play on. They must share with another league on Golf Links. A Vail Community Center would provide much needed facilities to support the families/children of this area.

I also support the substation for the Sheriff's dept. and a library. I am not so much in favor of the Pima Air and Space Museum improvements, just because we are in such need of other things for our community.

Thank you for listening to the community and taking needs into consideration!

The Vail School District recently asked parents to complete a survey on community needs.

The results are attached.

As indicated by the survey, recreational activities and after school programs are clearly the most important issues for parents in the Southeast.

The bond package should respond to this critical need.

Thank you for the opportunity for input.

~~Calvin Baker~~  
~~Superintendent~~  
~~Vail School District~~

**Parent Survey 2006  
Preliminary Analysis—Community Issues**

About 800 surveys were submitted by Vail Unified School District (VUSD) parents during August and September 2006. Parents were asked about their perceptions on a variety of topics including: demographics; school climate, school safety; attitudes about substance use; involvement in child’s education; school communication; sense of community; and community issues.

In an effort to assess VUSD community needs, parents were provided with a list of community issues and asked to select the top three most important issues and then rate them in order of importance that they should be addressed in the VUSD communities. Overall, most respondents answered as directed but a good minority also selected more than three issues and rated each one.

Table 1.a displays the community issues cited by those who rated three or fewer issues. (Note: Mean of 3 = 1<sup>st</sup> most importance, 2 = 2<sup>nd</sup> most important, and 1 = 3<sup>rd</sup> most important). Table 1.b also presents the count and mean for each issue for respondents who rated more than three issues.

**Table 1.a Community Issues (Data from respondents who rated three or fewer issues)**

Community Issues	Count	Mean	Std. Deviation
Opportunities for youth recreational activities	343	2.096	0.772
After school programs	284	<b>2.137</b>	0.806
Growth Management	<b>229</b>	<b>2.236</b>	0.831
Drug use	<b>201</b>	<b>2.179</b>	0.786
Bullying	177	2.090	0.848
Opportunities for community involvement	143	1.566	0.737
Violence/Crime	133	1.940	0.786
Gang Activity	132	2.061	0.798
Alcohol	99	1.848	0.837
Schools as a resource	95	1.832	0.794
Child care	63	1.984	0.793
Other issue(s) not listed above	61	1.934	0.910
Vandalism	55	1.673	0.747
Mental Health Services	54	1.796	0.833
School Truancy/Dropout	42	1.667	0.754
Tobacco	33	1.727	0.674

- The most cited community issues were:
  - Opportunities for youth recreational activities
  - After school programs
  - Growth management
  - Drug use
  
- The top rated most important community issues (by mean score) were:
  - Growth Management
  - Drug use
  - After school programs

I have lived in Vail for two years in a new home. For the past three years, there has been an enormous number of homes built, sold and occupied. I would estimate that property taxes average about \$3000 - \$5000. per year, yet not one infrastructure improvement has been made since I started looking three years ago. So, why do we need bonds? Where has our money gone? It should be a staggering amount by now if someone has not diverted it or wasted it.

**Sent:** Tuesday, January 02, 2007 12:15 PM  
**To:** bondinfo  
**Subject:** Vail, AZ

Board of Supervisors,

As a member of the Vail Community Action Board I would like to support the following items for consideration under the bond proposal:

1. A Vail-area community center with playing fields and recreational facilities, including community swimming pool and sports fields.
2. A Vail-area government complex, including a library and law enforcement substation.
3. Preservation of Historical Buildings in Vail:
  - a. The old building in Vail (across the street from the Church on the Vail Feed Store property) is on the bond list as a priority "B." This old building is key in depicting "Vail" as an area that once served the ranching community as a center. It is a great small building that would not take much funding to maintain and preserve for future generations. Let's not lose all the old buildings in favor of new ones that have no character or community purpose. I would recommend a change for this building to a priority "A."
  - b. Esmond Station. The old, historical train station adjacent to the north side of Empire High School was supposed to be the keystone of a regional park that would become part of an entire public complex (one of the reasons we selected that site for Empire High). In order to purchase the Empire Site, the District had to pay for the historical site to be surrounded with a high chain link fence to protect it from vandalism. The restoration of the Esmond Station isn't on any list. I think it should be and I would like to request that it be added to the list of historical restoration projects.
  - c. Railroad Superintendent's Houses. Every old train station, including Vail and Esmond, had a uniquely designed house for the superintendent of the station. Three of these houses still exist just Southeast of Kolb and I-10. They are in bad shape. However, there is still an opportunity to move one to Vail and Esmond Station -- make them an important part of an historical restoration project.

Vail is a growing community that needs facilities to ensure opportunities for adequate living conditions for its community members and would benefit from preserving historical buildings.

Efforts from the school district alone are not enough to provide for the many families in this area. Transportation energy costs alone, if services were available in the area, would result in substantial savings for the Tucson area not to mention increased quality of life for residents. Historical features could ultimately draw business and tourists to the area.

Thank you for your consideration of this matter,

Cynthia Comé  
Resident of Vail since 1983.

**Sent:** Monday, December 18, 2006 1:47 PM  
**To:** bondinfo  
**Subject:** 2008 Vail Bond Monies

I am writing to ask that you consider using the 2008 bond monies for a Vail community center, YMCA and also a government substation to include a library. The Vail community is growing very rapidly and these resources are lacking significantly. The Vail school district is growing quicker than they can build the schools, yet we have no resources for extracurricular activities for our children. Many times we drive 15-20 miles into town to take our children to the library, pool or YMCA. This is very tiring for a family of six with two working parents. It would be wonderful if these resources were located closer to our house. It would also be good for all of the children from families with limited incomes. Perhaps it would give them something constructive to do with their time instead of committing crimes.

Thank you for your consideration.

Lori and Robert Lopez

As you consider how best to prioritize the bond monies for the county, I would encourage you to remember the many needs of the folks in southern Pima County. There are several youth leagues that utilize Sahuarita Park, the Sahaurita Schools, Town of Sahuaritas Anamax Park and Continental School. However these combined are not large enough to host youth soccer, Little League, ASA softball, football, Baja Men Softball and other activities which overlap. Please consider the immediate need for facilities in the Green Valley area which includes lighted facilities and fields. (Especially girls softball fields).

Good Luck and Thanks for your efforts,

Kevin McNichols

Letter in regard to 2008 Bond Projects Wish List:

To whom it may concern:

I am writing this letter as a parent, resident and taxpayer of Vail, AZ. I would like to see the following items as a priority on the 2008 Bond Projects Wish List.

1. Historic Preservation is vital to the development of civic pride<sup>and</sup> of economic redevelopment. Please change the priority of the Old Vail Post Office Preservation Easement to Priority A. (HP 23 District 4)
2. A Vail area government complex to include a sheriff's substation and a library. It is imperative that this complex is on the Colossal Cave/Wentworth side of Vail as it is severely underserved. The County Fairgrounds is closer to Sahuarita which is slated to receive its own library than most of Vail proper. (FM 25 District 4) and (FM 42 District 4)
3. A minimum of 2 million more added to the Southeast Regional Park Development request from the City of Tucson Parks to ensure that the Esmond Station site is restored as part of the City Park's development plan. (PR 13 District 4). Additionally, as Vail currently has no city fields aside from Purple Heart Park which is constrained by geographical location, the Southeast Regional Park Development should take priority over any upgrades or improvements on the wish list.
4. **Please upgrade the priority of the YMCA Vail Community Center (PR 89) to Priority A, and add \$10,000,00 to the request.** Additionally, as stated above, it is imperative that the community center is on the Colossal Cave/Wentworth side of Vail. There are currently ZERO facilities on this side of Vail, aside from the oldest schools in the district, Old Vail Middle School and Acacia Elementary. This area and east to J-6/Mescal and south to Hilton Ranch is in dire need of services. Until this part of the county receives a community center, development should take priority over any upgrades or improvements on the wish list.

Please feel free to contact me with any questions,

Respectfully,  
Elizabeth Buchroeder-Webb  
(520)762-0000 Work  
(520)247-3838 Cell

November 16, 2006  
Letter in regard to Projects Locations Libraries  
Southeast Branch Houghton/Rita Ranch/Vail Library

I am writing this letter first as a parent in the Vail School District and second as a resident and business owner in the Vail Community.

My children (teenagers) attend Cienega High School in the Vail School District. My husband and I moved out here as many parents do for the quality of education offered by the district and expected to give up some of the amenities offered by living "In Town" for that choice.

After a few years of living out here we began to realize that just because we lived in the "boonies" it did not mean we should give up our rights as taxpayers.

After attending a few of the County Open House for the 2008 Bonds Projects Wish Lists it has come to our attention that there is quite a disparity in how project funds are distributed for different school districts especially in relationship to the library projects (although I do realize libraries were just taken over from the city by the county).

We, my husband and I, strongly recommend that you reconsider the prospective placement of any library for the Vail, Rita Ranch, and Houghton area. The County Fairgrounds is on the most southwestern edge of the district and closest to the area served by a library in Green Valley (which is slated for expansion according to the 2008 bonds wish list) and for a projected Sahuarita Branch Library. The Rita Ranch/Civano area is not geographically far from the Golf Links and Harrison branch.

Traditionally, those living east of Colossal Cave Rd and Wentworth are highly underserved by the county and more economically depressed. There are students who attend Old Vail Middle School who have only one pair of jeans to wear a week and one pair of shoes to last the school year. Some families do not have cars. By placing a library at the fairgrounds you might as well place it at the moon. Having a library closer to Old Vail Middle School or Acacia Elementary might provide more access to information.

Please consider incorporating a library into a multi use public center with the proposed Vail Community Center –YMCA under Pima County Parks PR 89 and Vail Sheriff's Substation under Public Safety and Justice Facilities FM 25.

Respectfully,  
Elizabeth Buchroeder-Webb and James Webb-Parents

**To:** 'Robert Samuelsen'  
**Subject:** RE: Vail area

Thanks for your comments. They will be forwarded to the Bond Advisory Committee and the Board of Supervisors for their consideration. A sub committee of the Bond Advisory Committee that is considering library project requests will meet on April 10, 2007 on the 4th floor of the main library downtown. You are welcome to attend that public meeting. A government complex that could include park facilities, a Sheriff sub station, and library will be considered by this same sub committee at a later date not yet determined. Please contact the coordinator, Laura Galavez 791-4391 ext 320 who can place you on a mailing list if you would like to be notified of additional meeting dates and topics.

**Subject:** Vail area

Dear County Bonder,

Please consider some additional infrastructure for the Vail area. A ball park, pool, exercise facility complex would be well used by area residents. Also the Vail area could use a library branch.

I don't know if Colossal Cave park is included or not but there are improvements that need to be made in the park including the roads to the primitive campground (washed out) and the road to the ranch need to be upgraded.

Regards,

Robert Samuelsen  
Vail area resident and President of Wingview at Del Lago HOA
